

### *Notario Publico Disclaimer*

**Act 66 of 2005** requires all notaries public that choose to advertise their notary services in Spanish to also include the following disclaimer, in both English and Spanish, in their advertisements:

“I am not a licensed attorney and cannot engage in the practice of law. I am not a representative of any governmental agency with authority over immigration or citizenship, and I cannot offer legal advice or other assistance regarding immigration.”

The following is a Spanish translation of that disclaimer:

“Yo no soy un abogado matriculado y no puedo ejercer en la práctica de leyes. Yo no soy un representante de ninguna agencia gubernamental con autoridad sobre inmigración o ciudadanía norteamericana y no puedo proveer consejos legales u otra asistencia con respecto a inmigración.”
