Election Day Polls Are Open from 7:30 a.m. to 7:30 p.m.

YOU MAY VOTE IF:

You are a registered voter in Arkansas. New voters must register in their county at least 30 days before the election. If you are moving from one county to another within the state, your updated registration must be in the county clerk's office by the fourth day before the election.

Other Qualifications

- A U.S. citizen;
- An Arkansas resident;
- Age 18 or you will be 18 before the next election;
- Not a convicted felon who has not been discharged or pardoned;
- Not presently adjudged as mentally incompetent as to your ability to vote by a court of competent jurisdiction; and
- Not claiming the right to vote elsewhere – in another county in Arkansas or another state.

ID REQUIREMENTS FOR FIRST-TIME VOTERS WHO REGISTERED BY MAIL

If you registered to vote by mail after January 1, 2003, did not submit a copy of the required identification with the application, and are voting in an election for federal office for the first time in the state,

You Are Required To:

Present a valid Arkansas Driver's License or photo identification, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows your name and address to the election officials before being permitted to vote.

If you do not present a required form of identification and you registered to vote by mail after January 1, 2003 and failed to provide identification when registering, you may vote a Provisional Ballot.

FAIL SAFE VOTING

When your current address differs from what appears on the Precinct Voter Registration List:

- A poll worker must contact the county clerk; and
- The county clerk must verify that your address is within the precinct.

When your new address is within the current voting precinct:

- You must complete the change of address portion of a voter registration application form to update county voter registration records.

When your new address is not within the current voting precinct:

- You must first verify with the county clerk your correct voting precinct. Then, you must visit the new polling site and complete the change of address portion of a voter registration application. This procedure will update the county voter registration records and allow you to vote.

When your name is NOT on the Precinct Voter Registration List:

- You must identify yourself by name and date of birth, and must be verified by the county clerk as a registered voter within the county;
- You must give and affirm your current address, and the election official must verify with the county clerk that the residence is within the voting precinct;
- You must complete an updated voter registration application; and
- You must sign the Precinct Voter Registration List.

When your name differs from the Precinct Voter Registration List:

- You must complete a voter registration application form to update county voter registration records.

CASTING A PROVISIONAL BALLOT

There are several reasons why you may be asked to vote a Provisional Ballot including:

- Your name does not appear on the precinct voter registration list;
- You are unable to comply with identification requirements for mail-in registrants who failed to provide the necessary identification when registering to vote;
- You failed to provide a photo ID;
- The precinct voter registration list indicates that you requested an absentee ballot or voted during early voting; or
- Your vote is challenged by a poll watcher.

The challenge must be made before you sign the Precinct Voter Registration List, and if applicable, the person making the challenge must complete a Challenged Ballot Form. If your vote is challenged, you must be given the opportunity to cast a Provisional Ballot.

Procedures for Casting a Provisional Ballot:

1. An election official will inform the voter.
2. If applicable, the poll watcher will complete a Challenged Ballot Form.
3. The election official will write the voter's name and address on the list of provisional voters.
4. The voter will complete a Voter Affirmation form on which the voter affirms that he or she is registered in the precinct and is eligible to vote in the election.
5. The election official will give the voter the proper ballot after removing the stub and placing it in the ballot stub box.
6. The voter will mark the ballot, then place it in the Provisional Ballot Envelope and seal it.
7. The sealed Provisional Ballot Envelope should be placed in the Provisional Voter Envelope, along with the Challenged Ballot Form (if applicable) and the Voter Affirmation. It is likely that the Challenged Ballot Form and the Voter Affirmation will be printed on the outside of the Provisional Voter Envelope.
8. The poll workers will set the Provisional Voter Envelope aside, separated from the regular ballots, until the county board of election commissioners determines whether the votes may be counted.
9. The election official will provide the voter with written instructions on how to determine whether the provisional vote was counted, and, if not, the reason the vote was not counted. (In most cases, the election commission will mail a notice to the voter.)
10. Before the results of the election are certified, the election commission must determine whether the Provisional ballots are valid and should be counted.
