

Emergency Rule

3.9.1E RENEWAL OF ANNUAL LICENSE FOR 2002-2003. Any license holder failing to have the continuing education credits required by Rule 3.9 for the 2002-2003 license period shall have until November 25, 2002 to obtain the required continuing education credit for the 2002-2003 period. Any credit used to meet the 2002-2003 licensing requirement cannot be used to meet the 2003-2004 or subsequent year licensing requirement. Failure to complete the requirement by November 25, 2002 will result in forfeiture of license. Any renewal or other fee paid will not be refunded if license is forfeited.

Statement of Emergency

The Commission finds and determines that failure to extend the time period for licensee to obtain the required continuing education credits would be a hardship on the citizens of the State of Arkansas by depriving the citizens of the ability to obtain the services of licensed contractors to construct and maintain water wells. Therefore, an emergency is declared to exist and this rule being necessary for the immediate preservation of the public peace, health and safety shall be in full force and effect from July 29, 2002 until November 25, 2002.
