OVERVIEW

A. Background

Arkansas Department of Health and Human Services, Division of County Operations, Office of Community Services (DHHS) will administer the Low-Income Weatherization Assistance Program in compliance with Title IV, Energy Conservation and Production Act, as amended. DHHS will administer the weatherization program in compliance with the applicable law, including regulations contained in 10 CFR Part 440 (issued February 1, 2002), and other procedures applicable to this regulation as the United States Department of Energy may prescribe for the administration of financial assistance.

DHHS will monitor subgrantee performance in an effort to increase production of weatherized units. Quarterly production reports and leveraging reports will be submitted to DOE on time.

All units weatherized using funds from DOE will comply with all requirements for a completed unit and will be reported to DOE.

The primary purpose of the weatherization program is to conserve energy. The only health and safety measures installed with DOE funds will be "energy-related" health and safety measures. The state ensures that it will comply with the DOE "prudent use" policy for health and safety funds.

B. General Funding

The federally appropriated DOE funds and the LIHEAP funds are included in the plan for DOE approval. The DOE allocation is \$2,202,800 and the HEAP allocation is \$400,000.

C. Adjusted Average

The adjusted average of \$2,885 will be in use for program year 2007.

D. Funds for Administrative Purposes

The state uses 5% for administration. The subgrantees receiving less than \$350,000 will be allowed to use 10% for administration.

E. Leveraged Resources

The state does not use DOE funds to leverage. The state does not use DOE funds to administer leveraged resources.

F. Training and Technical Assistance

The state will use the DOE T/TA funds to provide training and technical assistance to subgrantees and to monitor subgrantees.

G. Application Package

The state will comply with E-Gov requirements as prescribed by DOE.

The Master file has been eliminated from the plan. The state, however, will keep relevant information on file.

The state does not use funds for Low-Cost/No-Cost. The state will use the MHEA and NEAT energy audits. These plans are kept on file but are not included in this plan.

The state will revise the budget to include carryover prior to June 30.

The source of labor is no longer required to be reported.

The Congressional Districts served by the various subgrantees are included in this plan. However, a breakdown of the percentage of funds going to the various districts is no longer required.

The production, as required by DOE, is included in this plan. There are no downsizing efforts this program year.

The potential energy savings is included in this plan.

The Training and Technical Assistance Plan and the Monitoring Plan are combined into one plan. A house may be reweatherized if it was previously weatherized prior to September 30, 1993.

The annual application includes both DOE and LIHEAP funds. The weatherization program is exempt from the Davis-Bacon Act (wage rate requirements).

Subgrantees do not use DOE funds for leveraging purposes. Electric base load measures are included in the NEAT/MHEA Audits.

A list of PAC members is included in this plan.

A transcript is included in this plan. The state requires subgrantees and contractors to maintain adequate liability insurance and pollution occurrence insurance.

H. Public Hearing

The state conducts a public hearing in compliance with DOE requirements.

I. Training and Technical Assistance Plan

The Training and Technical Assistance Plan is combined with the Monitoring Plan.

J. Client Education

The state provides client information and material at the time of weatherization.

K. Program Evaluation

DOE published a national evaluation of weatherization in 1993. DOE has initiated a new evaluation of the program.

L. Grantee Program Oversight

The state will monitor each subgrantee at least one time annually and monitor at least 5% of the units and files. In most instances, the state will monitor twice annually and monitor 10% of the files and units.

M. Energy Audit Criteria

The state will use the MHEA and the NEAT energy audits.

N. Health and Safety

The Health and Safety Plan is included in the Master File and is not included in this Annual File. The plan has been amended to include DOE requirements regarding mold and mildew.

O. Vehicle Purchases

The state will allow vehicle purchases with an acquisition price of \$5,000 or more to be spread over the entire life of the vehicle and the number of homes served during that period.

P. Policy Advisory Council

The state will maintain the Policy Advisory Council instead of using a State Council.

Q. Reporting Requirements

The state will comply with the financial and program reporting requirements of DOE.

R. Reporting DOE Completed Units

The state will report all units to DOE that contain DOE funds. All units weatherized with DOE funds will comply with the DOE definition of a completed unit.

S. Financial Audits

Subgrantees may budget financial audit cost as a separate budget category.

T. Newly Legalized Aliens

The Immigration and Nationality Act made certain aliens legalized under the Immigration and Control Act of 1986 temporarily ineligible for weatherization assistance. The provisions of this law have expired. The

only potential implications are those cases that were open while this law was in effect. Local agencies that are charitable and nonprofit are exempt from implementing new status verification requirements for nonqualified aliens. However, local government agencies must conduct status verification when serving nonqualified aliens.

U. Multi-Family Eligibility

A multifamily building may be weatherized if two-thirds of the units are eligible. Certain multifamily buildings with significant energy efficiency improvements or leverage resources require only one-half of the units to be eligible. A building containing two or four units may be weatherized if one-half of the units are eligible. A nonqualified alien could be the recipient of weatherization services as part of the two-thirds or one-half rule.

V. Recovered Materials

Each subgrantee has a policy and procedure for using insulation composed of the highest percentage of recovered materials practical.

W. Rental Requirements

There are no changes in rental procedures.

X. Energy Crisis Relief

The state has reserved \$10,000 from HEAP weatherization funds to address energy crisis relief. The procedures are contained in the Master Plan.

Y. Income Eligibility

The state will use 125 percent of poverty as the income eligibility level.

Z. Fuel Switching

DOE does not permit the general practice of fuel switching when replacing furnace and appliances.

BUDGET EXPLANATION FOR FORMULA GRANTS

Provide detailed information to support each Cost Category using this form. Cost breakdown estimates may be entered on this form or attach a breakdown of costs using your own format as Attachment A.

1. PERSONNEL - Prime Applicant only (all other participant costs must be listed on 6. below and form DOE F 4600.4, Section B. Line 6.f. Contracts and Sub Grants.

- a. Identify, by title, each position to be supported under the proposed award.

Weatherization Program Administrator
Weatherization Training Coordinator
Grants Coordinator

- b. Briefly specify the duties of professionals to be compensated under this project.

Weatherization Program Administrator supervisors staff, develops annual grant, develops grant guidance, provides technical assistance to subgrantees, reviews subgrantee contracts.

Weatherization Training Coordinator develops training packages, provides hands-on training, develops training plan, reviews subgrantees for compliance with policies/procedures.

Grants Coordinator monitors performance of weatherization subgrantees.

2. FRINGE BENEFITS -

- a. Are the fringe cost rates approved by a Federal Agency? If so, identify the agency and date of latest rate agreement or audit below, and include a copy of the rate agreement.
No
- b. If above does not apply, indicate the basis for computation of rates, including the types of benefits to be provided, the rate(s) used, and the cost base for each rate. You may provide the information below or provide the calculations as an attachment.

3. TRAVEL - Identify total Foreign and Domestic Travel as separate items.

- a. Indicate the purpose(s) of proposed travel.
- (1) One trip to the National Weatherization Conference for five people.
 - (2) Two trips to the Regional Lab for two people.
 - (3) At least one trip to each of 15 subgrantees for the purpose of monitoring and providing technical assistance.
 - (4) One trip to a National Conference for one person.
- b. Specify the basis for computation of travel expenses (e.g., current airline ticket quotes, past trips of a similar nature, federal government or organization travel policy, etc.).
- (1) Admin. - \$ 7,000 - National Weatherization Conference
 - (2) T/TA - \$ 6,000 - Regional Lab
 - (3) T/TA - \$16,000 - In-State Travel
 - (4) Admin. - \$ 1,400 - NASCSP Conference

4. EQUIPMENT - as defined in 10 CFR 600.202. Definitions can be found at http://www.access.gpo.gov/nara/cfr/waisidx_00/10cfr600_00.html.

- a. Provide the basis for the equipment cost estimates (e.g., vendor quotes, prior purchases of similar or like items, etc.).
- Prior purchases \$1,223 x 2 = \$2,446
- b. Briefly justify the need for items of equipment to be purchased.
- Weatherization staff needs new computers.

5. MATERIALS AND SUPPLIES - as defined in 10 CFR 600.202. Definitions at http://www.access.gpo.gov/nara/cfr/waisidx_00/10cfr600_00.html.

- a. Provide the basis for the materials and supplies cost estimates (e.g., vendor quotes, prior purchases of similar or like items, etc.).
- Prior purchases of similar or like items.
- b. Briefly justify the need for items of material to be purchased.

T & TA - \$7,750 for office purchases for stationary and other office supplies

Admin - \$4,200 for office purchases for stationary and other office supplies

6. CONTRACTS AND SUBGRANTS - All other participant costs including subcontractor, sub-grants, and consultants.

Provide the information below for new proposed sub recipients and subcontractors. For ongoing subcontractors and sub recipients, if this information is provided elsewhere in the application, it does not have to be restated here, but please indicate the document and page numbers where it can be found.

Energy Savings

An estimate of the amount of energy to be conserved.

The fuel analysis is representative of the typical unit weatherized by each of the subgrantees. The analysis provides the data regarding energy conservation.

Monitoring Activities

1. An analysis of the existence and effectiveness of any weatherization project being carried out by a subgrantee.

The Arkansas Weatherization Office analyzes the effectiveness of the State's Weatherization projects through its ongoing monitoring activities.

The monitoring activities of the Arkansas Weatherization Office serve three principle purposes:

- To disclose areas of non-compliance with contract and programmatic regulations.
- To identify technical assistance needs among program personnel, provide training to correct deficiencies, identify and resolve questions about program operations.
- To assure quality workmanship on homes weatherized.

Monthly monitoring activities occur in OCS as staff reviews the monthly reports from the subgrantees. The monitoring lends itself to in-office or desktop review since the fiscal records are readily accessible and financial staff is usually available for consultation.

Before making a monitoring visit, the monitor reviews all reports and requests, and pertinent correspondence from the agency to be visited to get an idea of the agency's performance over a period of several months. The audit for the last contract period and the monitoring reports made previously are also reviewed. Year-to-date statistical data is compiled monthly.

The monitor also reviews the production schedule for each agency based on the Arkansas weatherization allocation formula and compares it to projections and expenditures.

Each subgrantee is monitored a minimum of one time annually, but monitoring may be required more often if requested by the agency or is deemed necessary by the State Weatherization Office.

Monitoring and evaluation activities include:

- a. Review of the office procedures to determine if all systems are functioning according to written procedures,
- b. Review the client intake procedures, i.e., income guidelines and point system,
- c. Review the client files for accuracy and completeness,
- d. Review staffing levels and identify labor problems,
- e. Review material management controls, check warehouse inventory/tools and equipment,

- f. Review Financial Management System,
- g. Review safety issues,
- h. Make at least one home inspection of completions and/or units in progress per crew, and
- i. Hold an exit interview with the Program Director and Executive Director, and plan follow-up visits. Following the visit, the monitor files a written report with the Arkansas Weatherization Director and summarizes the findings along with suggested corrective action and comments.
 - 1) Two full-time monitors will be involved in regularly monitoring the program. The services of the Division of Finance will be utilized on an as needed basis.
 - 2) Each subgrantee will be monitored a minimum of one time during the year. At least ten percent of the homes weatherized will be inspected by state staff to insure quality control and accountability.
 - 3) Monthly reports, statistical review and monitoring and evaluation instruments are part of the weatherization manual.
 - 4) In addition to the system for resolving problems described, reference the T/TA portion of the state plan which will detail training designed to eliminate problems.
 - 5) Subgrantee performance is evaluated through the monitoring process. Subgrantee performance standards are contained in the manual and the subgrantees are evaluated as to whether they are meeting those standards. Two substandard performance ratings by a subgrantee could result in a public hearing process to determine the adequacy of that subgrantee.

MONITORINGMilestones

1. Fifteen subgrantees will be monitored at least once during the program year.
2. At least 10% of the units weatherized will be inspected during the program year.
3. At least 10% of the client files will be inspected for compliance with state and federal regulations.
4. Fiscal and production desk reviews will be conducted monthly.

Arkansas Policy Advisory Council Meetings

The PAC will meet on January 26, 2007 for the purpose of holding a public hearing on the 2007 State Weatherization Plan. Other items on the agenda will include the approval of minutes, planned 2007 training and a report on Weatherization Day.

The PAC members are involved in weatherization activities such as training and Weatherization day activities and leveraging funds. Entergy is represented on the PAC and funds some weatherization activities of subgrantees each year. The State Energy Office is represented on the PAC and provides client education material for weatherization clients. Rural Development is represented on the PAC and provides funding to some weatherization subgrantees for housing rehabilitation.

BY-LAWS

ARTICLE I THE COUNCIL

Section 1 - Name

The name of the Council shall be the Arkansas Weatherization Policy Advisory Council (PAC).

Section 2 - Purpose

The purpose of the PAC shall be to promote the full development and utilization of the State's weatherization resources.

Section 3 - Membership

The PAC shall be appointed by the Office of Community Services' Assistant Director in consultation with the State Weatherization Directors and PAC, consistent with federal regulations. Membership shall consist of no more than fifteen members representing the following groups or organizations:

- a. Office of Community Services (ex-officio)
- b. Elderly and Handicapped
- c. Weatherization Subgrantees
 - CAA Executive Director
 - Weatherization Directors (2)
- d. Local Government
- e. Civic Group
- f. Public Utilities (2)
- g. At-large Positions (4)
 - Choose from the following:
 - Financial Institutions
 - Liquid Petroleum Gas Board
 - Health Department Plumbing Inspector
 - Fire Marshall
 - Other
- h. Public Service Commission
- i. Housing (2)

The term of office of PAC members shall be for three years and may be appointed to serve consecutive terms. Appointments shall be made during the regular meeting of the first quarter of the calendar year.

Members missing three consecutive regular meetings without
 cause, as determined by the total PAC membership, will
 be replaced at the next regular meeting of the PAC.

Section 4 - Authority

The PAC shall serve in an advisory capacity and will
 function as follows:

- a. approve the state plan;
- b. serve as a resource to secure additional funds for the
 State's Weatherization Assistance Program;
- c. make recommendations on the appropriate use of funds
 obtained from sources other than the Department of
 Energy;
- d. make policy recommendations;
- e. conduct the Public Hearings on the state plan; and
- f. network with other Weatherization PACs in the country.

ARTICLE II

OFFICERS

Section 1 - Officers

The officers of the PAC shall be the Chairperson and Vice
 Chairperson.

Section 2 - Nomination of Officers

The Nominating Committee shall present a slate of officers
 in advance of the voting meeting. Additional nominations
 may be made from the floor. From this slate, the nominee
 receiving the majority vote shall be the officer.

Section 3 - Election and Term of Office

- A. The officers shall be elected at the first regular
 meeting of the calendar year and assume their duties at
 the next meeting. They shall serve for one year or
 until their successors are elected.
- B. Voting for officers shall be by written ballot unless
 the candidate has no opposition and then it may be by
 unanimous motion.

Section 4 - Duties

Chairperson: The Chairperson shall preside at all meetings
 of the PAC and perform all such services as are usually
 performed by the Chairperson of an organization and shall
 perform such duties as may be requested by the PAC and shall
 be ex-officio member of all committees except the Nominating
 Committee.

Vice Chairperson: The Vice Chairperson shall discharge the
 duties of the Chairperson in the absence of the Chairperson
 or in the event of his inability to act.

ARTICLE III PAC MEETINGS

Section 1 - Regular Meetings

The PAC shall meet on the fourth Tuesday of the third month of each quarter or at other times as specified by the Chairperson.

Section 2 - Special or Called Meeting

The Chairperson may call special meetings of the PAC as required. Upon receipt of written request from a majority of members of the PAC, the Chairperson shall call a special meeting of the PAC to convene within ten days.

Section 3 - Quorum

Five members of the PAC shall constitute a quorum for the transaction of business.

Section 4 - Voting

All actions of the PAC shall be determined by a majority vote of the members present and voting, except the adoption and amendment of the By-laws which shall be by a two-thirds vote of the members present. Proxy voting shall be allowed by persons authorized to attend and represent a member of the PAC.

Section 5 - Order of Business

The Chairperson and the Assistant Director of the Office of Community Services or designee shall be responsible for ordering the business of the PAC.

Section 6 - Rules

Robert Rules of Order shall govern the procedures of the PAC.

P R O C E E D I N G S

CHAIRMAN WHITMER: Let's call the meeting to order. I want to welcome everyone to the 2007/2008 Public Hearing on the Arkansas Weatherization Assistance Program. As we always do, we have a public hearing up-front, a short break, and then go into the PAC meeting. I would like to ask everyone if you would put your cell phones and pagers on vibrate or turn them off. And if you have any questions during the public hearing portion, just stand up, state your name, give your address or the agency you represent. That way the Reporter can have it for a public record. With that, I'm going to turn it over to Mae Bishop.

MS. BISHOP: Good morning. As stated, my name is Mae Bishop. I am the Weatherization Program Manager at the Arkansas Office of Community Service at the Department of Health and Human Services. My purpose here today is to conduct a public hearing on the 2007 Weatherization Assistance Program State Plan.

The Department has proposed an allocation of \$2,202,800 from the United State Department of Energy and \$400,000 from the Home Energy Assistance Program. No carryover is estimated this program year.

Grantees are expected to achieve a rate of production and expenditures that will result in all weatherization funds being spent by the end of the year. The guidelines require the State to submit an application consisting of an annual file and a master file. The master file is updated as appropriate. There possibly may be some changes in reporting requirements if there

are changes required by the Department of Energy.

Training and technical assistance will be provided in the following areas as needed: Management and Administration, Basic Skills, Contract Training, Consumer Education, Leveraging, Rules and Regulations, National Energy Audit, Mobile Home Energy Audit, and Management Information System.

The following trainings have tentatively been scheduled: Grant Guidance, March 23, 2007; Annual Training Conference, July 19-20, 2007; Skills Training, October 4-5, 2007.

Training needs are determined as a result of monitoring visits and monthly reports. Attendance of appropriate subgrantee personnel is encouraged at all trainings. The effectiveness of training will be evaluated annually.

The State compares productivity by use of monthly reports. These reports are compiled and shared with subgrantees annually. It is estimated that 66 percent of training and technical assistance funds will be used for monitoring activities. Other funds will also be used for monitoring activities.

Weatherization services will be provided in all 75 counties in Arkansas by 15 subgrantees.

Funds for Indian tribes are taken from State allocations. However, Arkansas has no Indian tribes at this time.

Approximately 578 units will be weatherized with Department of Energy funds, and approximately 126 units will be weatherized with Home Energy Assistance Program funds. The State is requiring a minimum of a 30 percent average to be used for materials.

The State is requiring use of the blower door on all units weatherized. Subgrantees receiving less than \$350,000 will receive 10 percent of United States Department of Energy funds for administration. Home Energy Assistance Program funds are limited to five percent for administration.

The State proposes using up to \$63,000 for leveraging; up to \$10,000 for crisis relief; and up to \$40,000 for Pollution Control Insurance from the Home Energy Assistance Program. Funds will be used to weatherize houses if not expended for leveraging, crisis relief, and pollution control insurance.

Children are included in the priority system. Children are defined as dependants under the age of 18 who are full-time students in a secondary school or equivalent technical or vocational training who may be reasonably expected to complete the program before reaching the age of 19.

The financial budget, liability insurance, and health and safety will continue to be separate budget categories.

Program income is defined as any funds earned from non-federal sources during the course of performing weatherization work. The income generated must be used to complete additional houses in accordance with program rules. Each subgrantee is required to have a policy on procurement of building insulation products and materials containing recovered materials in compliance with federal and state requirements.

All low-income Weatherization Assistance Program subgrantees completing renovation work on pre-1978 housing are subject to the provisions of a federal regulation that requires them to give a

notification to the occupants of the housing about the potential hazards of lead paint and lead paint dust. This notification applies to all entities who do renovation work and is required when more than two square feet of lead surfaces will be disturbed on the outside of the house during weatherization work. The renovators are required to give occupants a copy of the Environment Protection Agency booklet "Protect Your Family From Lead in Your Home" at least seven days prior to the start of work. This requirement applies only to those homes covered by the Environmental Protection Agency rule.

A house may be reweatherized if it was previously weatherized prior to September 30, 1993.

The State will continue to have a Policy Advisory Council as opposed to having a commission as authorized.

The Department of Energy has authorized replacement of refrigerators and electric water heaters under certain conditions. The maximum average per unit for 2007 will be \$2,885. The Health and Safety plan includes mold and mildew. This includes a training plan, client certification, walk-away policy, and checklist.

The Arkansas Department of Health and Human Services is in compliance with Titles VI and VII of the Civil Rights Act and operates, manages and delivers services without regard to age, religion, disability, political affiliation, veteran status, sex, race, color, or national origin. If you need your state plan material in a different format, such as large print, contact our Americans with Disabilities Act coordinator at (501) 682-8922 or

(501) 682-8933 TDD.

Written comments may be submitted by 4:30 p.m. on March 15 to: Thomas E. Green, Assistant Director, Office of Community Services, P.O. Box 1437, Slot S330, Little Rock, Arkansas 72203-1347.

This ends the public hearing. Are there any public comments regarding?

CHAIRMAN WHITMER: Do we have any comments? I've got one comment to make. I'm Mark Whitmer, CSCDC. If you could go back and look where you were talking about the lead paint, I really thought you said a "two square foot house" size. I could be wrong.

MS. BISHOP: Okay. I did say "two."

MS. WRIGHT: Ms. Mae, I believe you said 1337 is our P.O. It's 14.

MS. BISHOP: Our address is P.O. Box 1437, Slot S330. Right. And it's 20 square feet.

MS. WRIGHT: Right.

MS. BISHOP: Thank you. Are there any more comments?

CHAIRMAN WHITMER: If there's no more comments, we're going to close the public hearing. Let's take about a 15-minute break and reconvene at 10:30 and we'll go into the PAC meeting at that time.

(THE PUBLIC HEARING WAS CONCLUDED AT 10:15 A.M.)
