LONG TERM CARE MEDICAID APPLICATION

Medicaid Assistance for Individuals

- PACE
- DDS Waiver
- Elder Choices
- Assisted Living
- Nursing Facilities
- Alternatives for Adults with Physical Disabilities

A growing number of Home and Community based programs are available as alternatives to Nursing Homes. While a Nursing Home is the right option for some people, others may find help is available to keep them at home. If you would like to talk to a counselor about your options, call toll free 1-866-801-3435.

A brief description of each of these programs and their eligibility criteria, as well as the Medicaid application, can be found on the inside of this packet. If you are interested in one of these programs, please complete the attached application and return it to your local DHS county office or call for more information. The DHS county office will determine your eligibility and provide additional information on available assistance.
The following programs are available for facility and non-facility care for individuals with long-term medical needs. These programs have common income and resource requirements.

**Income Limit**
The income limit for all of the following programs is three times the current SSI Standard Payment Amount (SPA) for an individual. The income limit for 2007 is $1,869. The income limit increases at the first of each calendar year. Only the income of the applicant is counted toward this limit. In some categories, if there is a non-institutionalized spouse, the spouse may be eligible to keep all or a portion of the institutionalized individual’s income.

**Resource Limit**
The resource limit for the covered individual is $2,000. In some programs, if the covered individual has a spouse, the spouse may be eligible to keep all or a portion of the total spousal resources. See Resource Rule.*

**Nursing Facilities**
Institutions that provide medically necessary care 24 hours per day for residents who require skilled nursing care, rehabilitation services or health-related care and services above the level of room and board and not primarily for the care and treatment of mental diseases. Recipients receive the full range of Medicaid benefits. Medicaid also pays all or a portion of monthly facility vendor payment depending on the monthly income to be considered.

Individuals in Nursing Facilities with income over the current limit may become eligible for Medicaid by establishing an Income Trust. The DHS caseworkers have information about Income Trusts.

Non-institutionalized spouses of Nursing Facility recipients are eligible for the division of spousal resources and income.

In addition to being income and resource eligible, the Nursing Facility resident must be aged, blind or disabled and require medical care of a certain level, determined by the Office of Long Term Care.

**Assisted Living Facilities Level II**
Facilities that provide assistance with activities of daily living to individuals in a residential setting. Living units and common space are provided to address all activities of daily living on a 24-hour basis. Individuals in Level II Assisted Living Facilities are eligible for the full range of Medicaid benefits. Room and board cost are not included in the waiver coverage.

Individuals with income over the current limit may become Medicaid eligible by establishing an Income Trust. Non-institutionalized spouses of Assisted Living Facility recipients are eligible for the division of spousal income and resources.

Assisted Living Facilities Medicaid requires an Intermediate Level of Care as determined by the Office of Long Term Care. Individuals requiring Skilled Care are not eligible for this program.
