PARK DIRECTIVE 1191

SMOKING / TOBACCO / ELECTRONIC CIGARETTE POLICY

For public health, safety, preservation and the prevention of triggering of smoke/fire alarm/vapor sensitive systems, the use of the following “products” are prohibited within twenty-five (25) feet of any enclosed Arkansas State Park building or structure:

- Smoking of tobacco
- Use of tobacco
- Use of non-FDA Center for Tobacco Products (CTP) regulated nicotine products in any form
- Electronic cigarette (e-cig or e-cigarette)
- Personal vaporizer (PV)
- Electronic nicotine delivery system (ENDS)

An exception to the above is the use of legal products at:

- Open picnic pavilions
- Outside of cabins, to include screened and open porches and decks

Smoking continues to be prohibited inside all park / museum buildings. Park Superintendents may establish designated employee legal product use areas outside of buildings that are away from (at least twenty-five (25) feet) any building entrance and out of public view.

Replaces PD 1191 dated August 9, 2005

APPROVED BY:

GRADY SPANN, DIRECTOR
Arkansas State Parks
