RE: Can public meetings (specifically the Benton/Washington Regional Public Water Authority, which meets at the water treatment facility site) be held behind locked gates? Q2) Must a citizen verbally identify himself to a guard to gain entrance to a public meeting? Q3) Must a citizen show proof of identification to attend a public meeting? Q4) Must a citizen have their picture taken to attend a public meeting? Q5) Is a citizen required to ‘sign in’ when attending a public meeting? RESPONSE: 1) No
2) Not if the locked gates prevent reasonable access to the public meeting, 2) This requirement violates the FOIA. No. 3) No. 4) No. 5) No.

RE: In light of the fact that ACA 24-7-401(c)(1)(C) states that “the employer contribution rate shall be such that the amortization period for all unfunded liability shall not exceed thirty (30) years” and ACA 24-2-701 states that the employer contribution rates to the Teacher Retirement System is 12%, the Board of Trustees has asked what action, if any, can they take to follow the law since the most recent actuarial valuation states that a one-half of one percent increase in the employer contribution rate would be needed to reduce the period to pay off all unfunded liabilities to 30 years? ANSWER: The Board makes a recommendation based upon the actuarial valuation made by its actuary. But the General Assembly sets the rate. See ACA 24-7-401(c)(1)(B). The rate at this time is 12%, and the Board has no authority to change the rate. This is gleaned from the legislative history of these provisions (including former ACA 24-3-103).

RE: Q1a) If a city purchased a metal building for $17,500 and then agreed to pay a contractor $14,200 in labor costs to erect the building with all materials furnished by the city, would the labor contract need to be bid? Q1b) Would the contractor erecting the building need a commercial contractors license? Q2a) If a city of the first class were acting as general contractor on a municipal building being built or remodeled and hired a subcontractor to provide labor to install electrical devices ($15,000) with all materials being purchased and furnished by the city ($18,000), would the city need to bid either the material or the labor? Q2b) Would the contractor doing the labor need to be a state licensed commercial contractor? Q3a) If a city of the first class were acting as general contractor on a municipal building being built or remodeled, furnished all the materials, and then subcontracted the labor on three separate phases of the construction to the same entity (labor contracts totaling $15,000; materials $20,700), would the contracts need to be bid? Q3b) Would the contractor need a state contractors commercial license? Q4a) Is it reasonable for the city to enact an ordinance that imposes a $20 reconnect fee on water bills unpaid by 2 p.m. on the 24th of the month even if the city has not actually disconnected the water? Q4b) Is there a state statute that addresses the charging of this type of fee by cities of the first class? RESPONSE: Q1a) Yes, unless the city has provided by ordinance for the waiver of bidding under ACA 14-58-303(b)(2)(B). Q1b) Yes. See ACA 17-25-101, 103. Q2a) Both the labor and the materials must be bid. Q2b) Yes. See discussion under Q1b. Q3a) The labor contracts must be bid. Three contracts must be considered together. See ACA 14-58-303. Q3b) Yes. See ACA 14-58-303. Q4b) State law does not address this type of fee, other than to authorize cities to establish water rates. Therefore cannot opine on the reasonableness of the ordinance. Q4b) No.

RE: Are public water authorities established under Act 115 of 2001 exempt from payment of sales taxes in connection with their acquisition and purchase of meters, pumps, tanks, pipes and other related equipment and appurtenances associated with the expansion of water lines or otherwise associated with the day-to-day obligations of the public water authority? Q2) Do employees of public water authorities qualify for participation in the Arkansas Public Employees Retirement System as established pursuant to ACA 24-4-101 et seq.? RESPONSE: Q1) No. Nothing in the Code exempts water authorities from sales and use taxation. Q2) Although the statutory scheme considered in isolation would appear to support declaring water authority employees eligible for participation in APERS, I believe such participation might invite constitutional attack if, notwithstanding their designation as “public,” the water authorities’ activities retain a distinctly “private” character. Moreover, the APERS board has extremely wide discretion under A.C.A. § 24-4-746 to deny eligibility based on its determination that participation would be “detrimental to the system.”

RE: Do provisions of ACA 14-42-107(b)(1) apply to an elected mayor of a first class city with the mayor-council form of government? Q2) If not, are there any constitutional or statutory restrictions on or procedures for the mayor, or any entity in which the mayor has a financial interest, contracting with the city to perform services? RESPONSE: 1) Yes. See Thompson v. Roberts, 333 Ark. 544, 970 S.W.2d 239 (1998). 2) Unnecessary to answer.

RE: Please reconcile the language in Hunt v. State of Arkansas decree where it states that a judge running for a position in a judicial sub-district is not required to reside in that judicial sub-district, with the new Amendment 80 (Ark. Const. art. 7, Secs. 16(D) and 17(A)). RESPONSE: The Hunt Decree still controls. Pursuant to the Hunt Decree, judicial candidates running in the specially created election subdistricts are not required to reside in the sub-district, but only in the larger judicial district. Nothing in Amendment 80 changes this fact.

RE: May an alcohol beverage control agent, who is also a certified law enforcement officer, in the course of making an arrest for alcohol sales to a minor, seize a retail store closed circuit video tape recorder and tape as evidence of the sale of alcohol to the minor when the store owner refuses to turn over the video tape to the agent? RESPONSE: Under the Fourth Amendment, assuming he had probable cause to make the arrest, an ABC agent would in all likelihood be justified in confiscating the tape as corroborating evidence. However, absent some factual predicate not apparent in your request as posed, it is more questionable whether an officer would be justified in also seizing the videotape recorder.

RE: If an individual is declare the winner of a mayoral election by the courts in March, and that individual did not serve as mayor in the months of January and February, may a city council approve, and may the individual receive, compensation and expense allowances for the January and February he did not occupy the office of mayor? Q2) If the individual is not entitled to compensation for the months of January and February, should these funds be repaid to the city? RESPONSE: Q1) I am unable to answer this question, which raises an issue of first impression in Arkansas. Other jurisdictions are split on this question, with the majority holding that a municipality need not pay back salary and emoluments to a rightful officeholder (a “de jure” officer) when it has already paid an officer holding under color of right (a “de facto” office). However, the Arkansas Supreme Court has characterized salary as an incident of office, suggesting that a de jure officer who prevails in an election contest is entitled to recover back salary from some source. The court has not expressly subscribed to this position, nor has it indicated whether, if back compensation is warranted, the source of payment should be the city or the de facto officer who held office under color of right. Q2) Assuming, as your question implies, that the de jure mayor was not entitled to compensation during the period at issue, I believe he should clearly return the money. However, as reflected in my response to your first question, given the absence of controlling case law, I cannot render an opinion on his entitlement to back salary and emoluments. Judicial or legislative clarification appears warranted.

RE: To what extent, if any, may a city council set working hours for the mayor? ANSWER: It is my opinion as a general matter that the council may establish the hours during which the office of mayor must be open. However, I doubt that the council could dictate the hours that the mayor must be physically present in the office. See generally A.C.A. 14-43-504 (b)(3) (council can prescribe other duties), 14-43-502 (city council’s local legislative authority), 14-43-401(a)(2) (mayor to keep an office to be provided by the city council), and Op. 96-328.

RE: Since the Scott County Election Commission has set new quorum court districts resulting in four current JPs running against each other and the court believes it is possible to draw the districts without pitting incumbents against one another, can the Scott County Quorum Court bring suit against the Scott County Election Commission or would individual JPs have to challenge the district? Q2) Can Scott County pay for both attorneys? RESPONSE: I cannot answer these questions. Whatever course the interested parties pursue, any court entertaining the described litigation will in all likelihood be obliged to assess its jurisdictional and procedural propriety. In order to avoid encroaching upon exclusively judicial prerogatives, it has long been the policy of this executive-branch office to avoid rendering opinions on matters that are either pending or appear inevitably bound to be submitted to the courts for resolution. Moreover, insofar as the dispute you describe implicates the private interests of individual aldermen, I am expressly prohibited from rendering an opinion pursuant to A.C.A. § 25-16-701, which prohibits me from engaging in the private practice of law.

RE: When would the election for the additional judgeship created by Act 816 of 2001 be held? RESPONSE: The election should be held in accordance with Act 1789 of 2001 (passed later in time than Act 816), which directs that elections for non-partisan judgeships be held at the same time as the preferential primary. The date for such primaries is May 21, 2002. See ACA 7-10-102 and 7-7-203.

RE: Can it be authentically documented that public officials and/or judges of the various courts — municipal (aka District), circuit, etc. — are authorized by law to disregard International Law (TIAS 10072), FRCP/ARCP Rule 44(a)(2), FRCrP Rule 27, Fed.R.Evid./ARE 902(3), ACA 25-16-403(e)(2), ACA 25-19-101 through -109, ACA 14-54-1410 and public documents received per ACA 25-19-105(h), and if so, please document? RESPONSE: I am uncertain as to the exact focus of the inquiry, but can state that the fact that a document is properly authenticated for purposes of a court proceeding is not tantamount to a legal right to its admission into evidence. The judge retains some discretion as to whether documents are admitted.

RE: Are members of a county advisory board immune from liability for claims arising out of nursing home patient care provided by Beverly Enterprises on property owned by the county? RESPONSE: The relationship between the county and Beverly is unclear, and as described does not appear to be one in which liability normally could be imputed. Assuming hypothetically, however, that liability could be imputed, limited statutory immunity may be available to the advisory board members under certain circumstances. RE: Do charter school board members have to be sworn in by the county clerk? ANSWER: No. There is no statutory requirement under the Charter Schools Act, nor does Ark. Const. article 19, section 20 (the constitutional oath requirement for "civil officers") apply because state law establishes no such office as "charter school board member." This is presumably asked with regard to the governing body of an open-enrollment charter school, whose governing structure is described by its charter. State law does not prescribe the structure or otherwise establish any oath requirement in connection with therewith.

If so, may their rights be assigned after the property has been sold at the tax sale? Q2) If a property is foreclosed by a tax exempt homeowners association, however the association does not pay the back taxes that the former owner neglected to pay and the property is eventually sold at a tax sale, would the winning bidder have merely a lien on the property since the current owner was "tax exempt" at the time of the sale or would the tax deed actually transfer title to the winning bidder at the tax sale? RE: Can an individual who has served by appointment on a county quorum court run for a seat on the same court once their term has expired? This is asked "because of redistricting." ANSWER: The answer will turn on whether the appointee would be succeeding himself, contrary to Ark. Const. Amendment 29. This will depend upon the extent to which the district is a new district or in reality the one
to which he was appointed with only minor variations. This is a fact question. See Ops. 2001-387, 91-447, 91-379. If there has been no material change in representation, Amendment 29 may prevent the candidacy.

RE: Q1) In light of the opinion rendered in Op. Att’y Gen. 2001-204, is the authority to charge occupation taxes/licenses on vending machines implied from the language of ACA 14-54-103(10)? Q2) Does ACA 14-54-1411 prohibit a mayor from issuing an administrative directive or executive order that no employee of a city except uniformed police officers or a fire marshal may carry handguns while on duty with the city or while using city property, i.e., city vehicles? RESPONSE: Q1) Yes, if the vending machine in question falls within the language of ACA 14-54-103(10). Q2) The answer will depend upon the language of the mayor’s directive or order. It must be consistent with state and federal law. If it is, it is permissible. However, such a directive or order may conflict with such laws as the concealed weapon law (ACA 5-73-301 et seq.).

RE: Under current state law, can the private contractor constructing the Panda Power Plant conduct random, post-accident and reasonable cause breath alcohol tests at the job site? RESPONSE: Subject to the foregoing proviso, I believe that a private employer that has not entered into a contract expressly barring on-site alcohol testing might legally adopt a policy of the sort referenced in your request. However, if the employer wishes to realize the workers’ compensation insurance rate benefits referenced at A.C.A. § 11-14-112 (Supp. 2001), I believe it must observe the restrictions on testing set forth at A.C.A. § 11-14-101 et seq. (Supp. 2001) and in Workers’ Compensation Commission Rule 36, including the proscription against a covered employer’s randomly testing for alcohol, as opposed to drug, use unless the randomly tested employee occupies a “safety-sensitive” position. With respect to the issue of on-site testing, the applicable federal regulations expressly authorize the employer to designate a qualified breath alcohol technician (“BAT”) or screening test technician (“STT”) to conduct testing
ATTORNEY GENERAL OPINIONS

at a suitable "alcohol-testing site." 49 C.F.R. § 40.3. The regulations further authorize a BAT to conduct both screening and confirmation tests. 49 C.F.R. § 40.211. In my opinion, so long as an on-site facility meets the conditions to qualify as an alcohol testing site, see 49 C.F.R. §§ 40.221 and 40.223, and the person conducting the test in fact qualifies as either a BAT or an SST, see 49 C.F.R. § 40.213, a covered employer may always conduct such tests on-site following an accident or for reasonable cause. Given these same assumptions, I further believe a covered employer may randomly conduct on-site testing of employees holding safety-sensitive positions. Finally, I intend nothing in the foregoing to suggest that a private contractor retaining at-will employees is prohibited by law from randomly testing its workers for alcohol, whether on-site or not. The Act does not more than establish that an employer conducting such tests will be ineligible to receive the premium discount authorized by A.C.A. § 11-14-112.

RE: Since Russellville declined to pass a resolution requesting party primaries for municipal offices for the year 2002, as authorized by provisions ofACA 14-42-206, is Russellville City Ordinance 1242 (passed in 1987 under authority of Act 545 of 1985) still valid? Q2) If Ord. 1242 is valid, is it applicable when a city declines to use preferential primary elections? Q2b) How can Ord. 1242 determine the proper filing time for a municipal candidate when it requires candidates to file their petition no later than noon on the day before the preferential primary election? Q3) If Ord. 1242 is valid, should a candidate file his/her petition with the county board of election commissioners as contemplated by Ord. 1242, or with the county clerk as indicated by ACA 14-42-206(e)(1)? Q4) If the Russellville City Council decides to repeal Ord. 1242 so that it will have no application to the 2002 elections, what is the latest date the City Council
ATTORNEY GENERAL OPINIONS

could act? ANSWER: Q1&2: The Ordinance is likely valid, but it does not apply if the election of municipal officials is to be nonpartisan. The Ordinance applies to "independent candidates" who run without party affiliation when the political parties conduct primary elections. The remaining questions are thus moot. This conclusion follows from the legislative history of Act 545 of 1985 (former A.C.A. 7-1-107), well as 14-42-206. See also former Opinions regarding these provisions. RE: Would a contract such as that proposed by the Maumelle Suburban Improvement District No. 500 for the purchase and installation of "Radio Read" water meters constitute a contract governed by ACA 22-9-203, or would it constitute a contract governed by the Arkansas Procurement Law codified as ACA 19-11-201 et seq.? Q2) If the contract proposed by the District is not governed by either of the foregoing statutes, is the District free to enter into such a contract without the solicitation and taking of competitive bids? RESPONSE: 1) A court would in all likelihood conclude that the proposed contract would be subject to the competitive bidding requirement referenced in A.C.A. § 22-9-203 (Repl. 1996 & Supp. 2001), not to the alternative competitive bidding requirement set forth in the Arkansas Procurement Law, A.C.A. § 19-11-201 et seq. RE: Is the decision of the custodian of records to release all records relating to applicants for the position of operator or manager for the Benton County Rural Development Authority (BCRDA) consistent with provisions of the Freedom of Information Act (FOIA)? Q2) Since the applicants are neither successful nor unsuccessful at this point, should the BCRDA treat the documents as "personnel records" or simple public records for the purpose of applying the proper privacy tests? Q3) Under whichever test is applicable, does the person whose information is being disclosed have a sufficient privacy interest to require the BCRDA to redact the applicant’s name if the applicant so requests? RESPONSE: Q1) Subject to certain conditions, “yes.” Q2) I believe the pending applications are “simple public records,” not “personnel records.” However, the courts are split on this question and appellate court clarification appears warranted. Q3) Barring extraordinary circumstances, I believe the answer to this question is “no.”

RE: Pursuant to provisions of ACA 26-37-205, may a “former owner” assign their rights to excess funds to a second party, thus allowing the second party to claim and collect the excess funds? Q2) What constitutes proof that land sold at a tax sale is “nonexistent”? Q3) If land is purchased at a tax sale and is occupied by a tenant of the former owner, what means may the new owner use to evict the tenant of the former owner? Q4) What legal rights does the tenant have in the property? Q5) If land is purchased at a tax sale and is occupied by the former owner, what means may the new owner use to eject the former owner? RESPONSE: Have your constituent hire a lawyer.
