I. GENERAL PROVISIONS AND DIVISION OVERVIEW

POLICY (I-A): PHILOSOPHY AND MISSION STATEMENT FOR THE DIVISION OF CHILDREN AND FAMILY SERVICES

The Division of Children and Family Services (DCFS) is committed to child protection and family preservation. Every child is entitled to grow up in a permanent family. The primary and preferred way of achieving this goal is to provide families experiencing turmoil with services to prevent the need to place children outside their homes. The Division recognizes that there are a limited number of situations when children can not safely remain at home and must be separated from their family. The Division strives to preserve and strengthen the child's family ties when it is in the best interest of the child, and to protect the child by considering the child's health and safety as the paramount concern in determining whether or not to remove the child from the home. When a child must be separated from the family, DCFS will provide a healthy and safe environment and will make appropriate and timely efforts to provide services to reunite the family. DCFS will provide appropriate homes for children who can not be reunited with their families.

Our mission is to:

- protect children;
- maintain families, if this is appropriate, with the child's health and safety always considered paramount;
- provide quality services within available resources which enable families to maximize their potential and increase their abilities;
- preserve and enhance human dignity and worth;
- prevent or reduce the need for services.

POLICY (I-B): FAMILY SERVICE DELIVERY SYSTEM

The Division of Children and Family Services is in compliance with Titles VI and VII of the Civil Rights Act and operates, manages and delivers services without regard to race, color, religion, sex, age, national origin, mental or physical disability, veteran status, political affiliation or belief. DCFS is the designated state agency to administer and supervise all Child Welfare Services (Titles IV-B and IV-E of the Social Security Act).

The Division purchases services from private and public agencies, universities and individuals, using state and federal funds. Programs and services of other Divisions within the Department of Health & Human Services (DHHS) are also available to clients of DCFS. Delivery of services is coordinated with other Divisions administering TEA/TANF Medicaid, Food Stamps, Social Services Block Grant and other federal entitlement programs.

The services are authorized and funded in conjunction with various state and federal laws which govern the operation of the Division. The major federal laws governing service delivery, as amended, are:

Civil Rights Act: Titles 6, 7, 9

Rehabilitation Act: Sections 503, 504

Americans With Disabilities Act: Title II

Social Security Act Titles:

IV-A Temporary Assistance for Needy Families (TANF)

IV-B Child Welfare Services

IV-E Foster Care and Adoptions Assistance

XIX Medical Services

XX Social Services Block Grant

Public Laws: 93-207 Child Abuse and Neglect

94-142 Handicapped Children's Act

96-272 Adoption Assistance and Child Welfare Act of 1980

105-89 Adoption and Safe Families Act of 1997

POLICY (I-C): DIVISION'S ORGANIZATIONAL STRUCTURE

The Director of DCFS has management and administrative responsibilities for the Division and has an interactive role with the Child Welfare Agency Review Board and the Child Placement Advisory Committee. The Division has four major offices, each with an Assistant Director: Office of Community Services, Office of Community Support, Office of Finance and Administrative Support, and Office of Legislative Analysis, Research and Planning.

Office of Community Services

Each area has an Area Manager and county-based staff. Minimum county office staffing includes at least one Family Service Worker, a supervisor and an aide.

The Office of Community Services includes the following units: Area Managers and County Office Operations.

Office of Community Support

The Office of Community Support is responsible for the provision of administrative and programmatic support for the state's network of children and family services and is administered by the Assistant Director, Office of Community Support.

The Office of Community Support is comprised of two sections: Program Support In-Home Services (Intensive Family Services (IFS), Family Support, Central Registry, and Interstate Compact), and Program Support Out-of-Home Services (Foster Care, Adoptions, Independent Living, Behavioral Treatment Unit, and Promoting Safe and Stable Families Services).

Office of Finance and Administrative Support

The Office of Finance and Administrative Support provides administrative and management support to DCFS through personnel administration, budget monitoring, resource control, and contract administration.

The Office of Finance and Administrative Support includes the following units: Personnel, Contracts, and Financial Resources. In addition, the Foster Care/Medicaid Eligibility Unit determines the eligibility for federal funding under Title IV-E (Foster Care and Adoption) and Title XIX (Medicaid) of all children in the care of the Department who are placed in Out-of-Home Placement or subsidized adoption.

Office of Legislative Analysis, Research and Planning

The Office of Legislative Analysis, Research and Planning is responsible for statewide DCFS policy development, comprehensive short-term and long-term planning initiatives for the delivery of child welfare services, professional development, child welfare agency licensing, and quality assurance monitoring.

The Office of Legislative Analysis, Research and Planning consists of the following units: Policy, Planning, Professional Development, Child Welfare Agency Licensing, and Quality Assurance.

POLICY (I-D): OFFICIAL RECORD KEEPING

The official record of child welfare information for DCFS is maintained through the Children's Reporting Information System (CHRIS). The CHRIS Unit is a part of the Division of Administrative Services, Office of Technology, which is responsible for the enhancement of the CHRIS Application, data monitoring, Help Desk function and some specialized training. CHRIS is fully automated and is a worker based child-welfare information system. The Family Services Policy and Procedure Manual (FSPP) includes the data input instructions for the CHRIS Application.

A hard copy file of case information will be maintained for data not in CHRIS. Hard copy files will be created, if necessary for case review.

POLICY (I-E): COMPLIANCE WITH THE MULTIETHNIC PLACEMENT ACT (MEPA)

The Division must comply with the Multiethnic Placement Act (MEPA) in making foster care and adoptive placements. The act provides for assessment of individual liability to staff for knowingly violating MEPA requirements.

The Multiethnic Placement Act prohibits delaying or denying the placement of a child for adoption or foster care on the basis of race, color or national origin of the adoptive or foster parent or the child involved; and prohibits denying any individual the opportunity to become a foster or adoptive parent on the basis of the prospective parent's or the child's race, color, or national origin.

In addition, it requires that, to remain eligible for federal assistance for their child welfare programs, states must diligently recruit foster and adoptive parents who reflect the racial and ethnic diversity of the children in the state who need foster and adoptive homes.

Consideration of race, color, or national origin is permissible only when an individual determination is made that the facts and circumstances of a particular case require the consideration of race, color, or national origin in order to advance the best interests of the child in need of placement. The Division's compliance with the Indian Child Welfare Act of 1978 (P.L. 95-608) does not violate MEPA.

POLICY (I-F): CONFIDENTIALITY

The purpose of this policy is to assist employees in determining what information is confidential, to whom confidential information can be released, and the consequences of wrongful release of the information.

The Division of Children and Family Services is committed to best practice in relation to respecting client confidentiality. All employees of the Division shall maintain the confidentiality of children and families served by DCFS. Confidentiality applies to verbal, written and/or electronic transmittal of information.

Reports, correspondence, memoranda, case histories, or other materials compiled or received by a licensee or a state agency engaged in placing a child, including both foster care and protective services records, shall be confidential and shall not be released or otherwise made available, except to the extent permitted by federal law and only:

- A) To the director as required by regulation;
- B) For adoptive placements, as provided by the Revised Uniform Adoption Act, § [9-9-201](#) et seq.;
- C) To multidisciplinary teams under § [12-12-502\(b\)](#);
- D) To the child's custodial/non-custodial parent(s) parent, guardian, or custodian.

FOSTER CHILD CONFIDENTIALITY

When a release of information regarding a child is requested, the FSW shall take the necessary steps to guard the confidentiality of personal information. The steps include: (1) assuring that no identifying or potentially harmful information on a child is released, and (2) the consent shall be reviewed and approved by OCC. Court orders that direct the release of specific information to specified offices, agencies or people shall be construed as proper consent for release of information. No other consent is necessary. However, OCC should be informed whenever such a release of information is being made.

Requests for media releases includes requesting permission to release photographs, voice reproductions, slides, video tapes, movie films, promotional pamphlets, news releases, etc. The FSW shall review the contents of such release along with OCC and make any necessary modifications. Consideration should be given to the protection of the child's identity and assurances that the contents of the material released will present the child in a light that would not be distasteful or negative to the child. The Director of the Division of Children and Family Services or designee shall be consulted in matters that may reflect on the Division. In cases of consents for coverage by news media, consultation should also be sought from the Director of Communications. This consent must be signed by the Assistant Director of Community Support. The foster parents shall be informed of these policies.

The Adoption Specialist must receive documented consent from a child ten (10) years of age or older, to show photographs for recruitment of an adoptive family.

CONFIDENTIALITY OF ADOPTION RECORDS

Non-identifying information from finalized records can only be released by the Arkansas Mutual Consent Voluntary Adoption Registry. Identifying information from a finalized record can only be released by court order.

INVESTIGATIVE REPORTS

Child maltreatment investigative reports are confidential. There are two types of child maltreatment investigative determinations: Unsubstantiated and Substantiated.

Unsubstantiated child maltreatment reports can only be released to:

- The SUBJECT of the report;
- The Prosecutor for the purpose of prosecuting false reports; and
- The Court if it is necessary for determination of an issue before the Court.

Substantiated or True child maltreatment reports can only be released to:

- The SUBJECT of the report; and
- The appropriate law enforcement agency and prosecuting attorney in cases of severe maltreatment.
- See A.C.A. 12-12-512; A.C.A. 12-12-514.

The Department may disclose the investigative determination of any offender when the offender is engaged in child-related activities or employment, and the Department has determined that children under the care of the offender are at risk of maltreatment by the offender.

A Court Appointed Special Advocate (CASA) and Attorney Ad Litem (AAL) can obtain a copy of a true report from the Central Registry on a child they are representing.

Information contained in the Central Registry is confidential. It can only be released to:

- **The administration of the adoption, foster care, children's protective services programs, or child care licensing programs OF ANY STATE;**
- **Federal, state, or local government entities, or any agent of such entities, that needs to know the information to carry out its responsibilities to protect children from abuse or neglect;**
- **The SUBJECT of a true of report. The subject of a report includes: the offender, the victim child and the custodial/non-custodial parent(s), guardians or legal custodians of the victim child. A non-custodial parent is still a parent and gets the report;**
- **A civil court or administrative proceeding when it is necessary to determine an issue before the court or administrative agency;**
- **The administration of a federally assisted program which provides assistance to individuals on the basis of need;**
- **An audit by a governmental agency authorized by law to conduct the audit;**
- **A bona fide research project but without identifying information, such as names. You will know if it is a bona fide research project because the Director of the Department must give written approval;**
- **A multi-disciplinary team;**
- **The Division of Child Care and Early Childhood Education and the child care facility owner or operator for the limited purpose of providing a Central Registry background check on employees and shall include a true finding only;**
- **Child abuse citizen panels;**
- **Child fatality review panels;**
- **The general public, the findings about the case of child abuse which has resulted in a child fatality or near fatality; but the Central Registry may redact any information concerning siblings, attorney-client communications and other confidential communications.**
- **A grand jury or court when it is necessary to determine an issue;**
- **The CURRENT foster parents of a child who is the subject of a report;**
- **The prosecuting attorney or law enforcement officers on request; and**
- **The employer of any offender when the offender is engaged in child related activities.**
- **See A.C.A. §12-12-506.**

- True reports may be disclosed to individual federal and state senators and representatives who agree not to allow any redisclosure of information, provided that no disclosure shall be made to any committee or legislative body of any information which identifies any recipient of services by name or address.
- True reports that have been administratively appealed pursuant to the Child Maltreatment Act and which have been stayed because of criminal proceedings shall not be disclosed other than for administration of adoption, foster care, or children's protective services programs.
- A relative or friend of the subject of the report can not get the information. This is true even if the relative or friend is calling on behalf of the subject of the report. The stepparent does not get the information unless the stepparent is the subject of the report. See A.C.A. §12-12-506. When the non-custodial parent has a child in the custodial parent's home, but that child is not the subject of the report, the non-custodial parent does not get the report.

If you wrongfully disclose confidential information, you are guilty of a Class C or Class A misdemeanor and you can lose your job. For a Class C misdemeanor, the sentence shall not exceed 30 days in the county jail and a \$100 fine. For a Class A misdemeanor, the sentence shall not exceed one year in the county jail and a \$1,000 fine. The difference in the two sentences depends on which statute is used. See A.C.A. 12-12-504 or A.C.A. §12-12-506.

PROVISIONAL INFORMATION

The following receive child maltreatment reports determined to be substantiated or unsubstantiated and the services offered and provided:

- A mandated reporter;
- The school counselor; and
- A person or agency that is providing professional services to the victim child. See A.C.A. §12-12-515.

THE NAME AND ANY IDENTIFYING INFORMATION OF THE REPORTER IS ALWAYS CONFIDENTIAL. The Court may order you to reveal the name of the reporter. Then, and only then, may you reveal the name. A.C.A. §12-12-506.

FREEDOM OF INFORMATION ACT

The general public can discover some information about you. Your personnel record can be disclosed, unless to do so would clearly be an unwarranted invasion of privacy. Therefore, the Department can not release your Social Security Number, your school transcripts, your PPES information unless you are suspended or terminated as a result of your PPES score, or any grievance information. Grievance information becomes public record after the grievance process is completed if a grievance is appealed to the State Grievance Review Committee. If the grievance is not appealed to the state level, the discipline does not become public record. See A.C.A §25-19-105.

See these policy sections for more information on confidentiality: Policy (II-D): Child Maltreatment Central Registry; Procedure (II-D1): Requests for Central Registry Information; Procedure (II-D2) Requests for Information from Agencies Providing Protective Services; Policy (VII-B): Providing Information to Foster Parents; Procedure (VII-B1): Providing Information to Foster Parents.

II. SERVICES TO ASSESS FAMILY STRENGTHS AND NEEDS

POLICY (II-A): COMMUNITY AND SELF REFERRALS FOR SERVICES

The Division shall accept referrals for services for children and families who need assistance in a wide range of problems based on family need. Families who need assistance may accept services on a voluntary basis.

Services are intended to protect children, to help parents in their child-rearing role, to strengthen family functioning, and to promote the healthy development and social functioning of children. Services may be provided directly by DCFS staff or in combination with purchased services, or by referral to another appropriate agency.

PROCEDURE (II-A1): Community and Self Referrals for Services

The **Family Service Worker** will:

- Accept referrals from families, community agencies, or other DHHS Divisions via the “Information and Referral” form, (DHHS-3300).
- Begin an assessment of the family’s strengths and needs.
- Refer to other divisions/agencies as appropriate via the (DHHS-3300).

POLICY (II-B): ASSESSING FAMILIES IN RELATION TO STRENGTHS AND NEEDS

The assessment of the family's strengths, needs, and resources is the basis for developing individualized goals and service delivery to meet the family's unique goals. The family shall be the primary source of information for the assessment with emphasis on the partnership with the family and a holistic view of their circumstances. The Family Strengths and Needs Assessment (CFS-6009) will be completed to document the assessment. (See procedure V-A for instructions).

In assessing the family's strengths and needs, a structured decision-making process will be utilized. A series of assessment tools will be employed to make assessments and structure the agency's response to assessment results. These tools are the Health and Safety Assessment and the Risk Assessment. The Health and Safety Assessment will be utilized to assess issues posing an immediate danger to a child. The Risk Assessment will be utilized to determine the likelihood of future abuse to a child. The Health and Safety Assessment and the Risk Assessment are considered as tools in a structured decision-making process and their use does not replace professional judgement. The Family Strengths and Needs Assessment will be used for all cases. The Health and Safety Assessment and the Risk Assessment will not be used in voluntary supportive services cases.

PROCEDURE (II-B1): Assessing Families in Relation to Strengths and Needs

The Family Service Worker will:

- Open a Protective Services or Supportive Services case, as appropriate, with procedures given in "Services Case Opening", Procedures (III-A1) and (III-A2).

Open a protective services case if there is a true report of child maltreatment or if there is a court order for protective services. Open a supportive services case if the family is in need of services offered by the Division and the family is willing to accept the services voluntarily. Neither service is time-limited, and clients in either category should have access to the full array of available, appropriate services.

The Child Maltreatment Assessment is not necessary for a supportive services case.

- Begin to collect and assess information about the strengths and needs of the family.
- Complete the "Case Connect" screen in "Referral/Investigation" section, if an investigation is connected to a new or existing case number. Go to "Workload", "Case" in CHRIS and complete the automated "Family Strengths and Needs Assessment" found within the "Case Plan", "Assessment", section of CHRIS on the "Family" and "Child" screens. Take this action within thirty (30) days from the "Open Date" established by the Case Connection. This report will be printed from CHRIS and may be the result of several family sessions.

POLICY(II-C): CHILD ABUSE HOTLINE FOR CHILD MALTREATMENT REPORTS

Pursuant to Act 1240 of 1997, the Department of Health & Human Services and the Arkansas State Police (ASP) entered into an agreement for the Arkansas State Police Crimes Against Children Division to assume responsibility for the administration of the Child Abuse Hotline and the assumption of investigative responsibility as identified in Procedure (II-E11). The Crimes Against Children Division (CACD) is composed of three sections: 1) the Child Abuse Hotline, 2) civilian employees who assess child maltreatment reports, and 3) a law enforcement unit which conducts criminal child maltreatment investigations.

All child maltreatment allegations are to be reported to the Child Abuse Hotline. No privilege, or contract, shall prevent anyone from reporting child maltreatment when the person is a mandated reporter. (See Glossary.)

No privilege shall prevent anyone, except between a client and his lawyer or minister or Christian Scientist practitioner, and any person confessing to or being counseled by the minister, from testifying concerning child maltreatment.

The Arkansas Child Maltreatment Hotline must accept reports of alleged maltreatment when either the child or his family is present in Arkansas or the incident occurred in Arkansas.

If the alleged maltreatment occurred in another state, the Hotline shall: (1) screen out the report, (2) forward it to the other state's hotline for investigation and (3) send a copy of the report to the appropriate investigating agency in Arkansas to initiate courtesy interviews. The Arkansas agency should contact the other state and advise them of our willingness to assist their investigation (e.g. courtesy interviews).

If the alleged maltreatment occurred in another state, but the alleged offender is a resident of Arkansas AND the report of child maltreatment in the other state or country would also be child maltreatment in Arkansas at the time the incident occurred, the Hotline shall refer the report to DCFS or the Crimes Against Children Division (CACD) of the Arkansas State Police, as appropriate. Arkansas DCFS or CACD can investigate alone or together with the investigative agency from the other state or country. Arkansas DCFS or CACD shall investigate AND shall notify the alleged offender that if the allegation is determined to be true, the offender's name will be placed in the Arkansas Central Registry. The other state may also conduct an investigation in Arkansas that results in the offender being named in a true report in that state and placed in that state's Central Registry. If the alleged maltreatment occurred in Arkansas, but the victim, his parents and/or the alleged offender no longer reside here, the Hotline will accept the report. The Arkansas investigating agency (DCFS or CACD) will contact the other state and request courtesy interviews with the out-of-state subjects of the report.

If the Hotline is notified of alleged child maltreatment of a client or resident in any facility licensed or registered by the State of Arkansas, the investigating agency (CACD or DCFS) will immediately notify the facility's licensing or registering authority of the suspected maltreatment.

The Crimes Against Children Division maintains an around the clock statewide intake process (the Child Abuse Hotline) for accepting reports of alleged child maltreatment. A uniform protocol is used for screening and prioritizing all allegations of child maltreatment. The investigating agency shall notify local law enforcement immediately of all reports of severe maltreatment. The investigating agency will initiate an investigation in cooperation with law enforcement and the prosecuting attorney within 24 hours.

PROCEDURE (II-C1): Child Abuse Hotline

The **Child Abuse Hotline Worker** will:

- Receive and record all child maltreatment allegations.
- Attempt to secure all information requested in each screen within the Referral Section of CHRIS. Also, elicit all information requested on the “Referral” and “Narrative” screens, such as the following:
 - reasons the reporter suspects child maltreatment and how the reporter acquired the information,
 - current risk of harm to the child,
 - mental and physical condition of alleged offender,
 - potential danger to staff assessing the report,
 - identity and location of possible witnesses or persons knowledgeable about the alleged child maltreatment, and
- Take a snapshot of the report using the Referral “Snapshot” icon on the CHRIS toolbar. Prioritize the report by keying the “Ref. Accept” screen. (Note: Central Registry Search results is a mandatory field on this screen.) Use the Child Maltreatment Assessment Protocol (PUB-357) as a guide.
- Inform the caller if the report does not constitute a report of child maltreatment and make appropriate referrals.
- Prioritize the report according to the protocol and transmit to the County Office, or Crimes Against Children Division (CACD) for assessment along with any pertinent Central Registry information.
- Telephone County Office, on-call Family Service Worker or CACD Worker immediately to tell of the need for Priority I handling.

The **Child Abuse Hotline Supervisor** will:

- Ensure that each Child Abuse Hotline worker has access to a comprehensive and current listing of on-call Family Service Workers.

PROCEDURE (II-C2): County Office Interaction with Child Abuse Hotline

The **County Supervisor** or designee will:

- Take the information on child maltreatment as directed in Procedure II-C1 if a reporter contacts the county office and refuses to call or has been unable to contact the Child Abuse Hotline.
- Determine whether the report is a valid report of maltreatment by using the Child Maltreatment Assessment Protocol (PUB-357).
- Tell the reporter if the report is not an allegation of child maltreatment.
- Call the CHILD ABUSE HOTLINE if the report is accepted. The CHILD ABUSE HOTLINE will prioritize the report and refer for assessment by entering the report into the “Referral” section of CHRIS.

Once a report is entered in CHRIS, workers with proper security, will have access to referral, investigative and case information.

NOTE: County Office staff are strictly prohibited from entering reports into CHRIS. Any unauthorized use or altering of this information is also strictly prohibited. Please see DHHS Policy 1085, “Minimum Conduct Standards” No. 5 on information related offenses.

- Check the computer at least once in the A.M. and once in the P.M. for child maltreatment report transmissions.
- Acknowledge receipt of Priority I transmissions within two (2) working hours, and Receipt of Priority II transmissions within three (3) working hours.
- Advise the Child Abuse Hotline promptly of after-hours on-call Family Service Workers’ names by entering information into the “Organization” screens in CHRIS.
- Establish procedures to ensure the security and confidentiality of reports at the local level and the Child Maltreatment Assessment files when not in use.
- Notify Prosecuting Attorney by letter of any failure by a mandated reporter to report suspected child maltreatment.
- Notify Prosecuting Attorney by letter when a reporter makes a report without good cause.

PROCEDURE (II-C3): County Office Request for Clearance of a Report

The **County Supervisor** will:

- Contact a CHILD ABUSE HOTLINE Supervisor if there is reason to believe a registered report is inappropriate for assessment before the report is initiated.
- Cite at least one of the following reasons:
 - the allegations would not constitute child maltreatment as defined in “The Child Maltreatment Reporting Act”, or
 - the same incident involving identical alleged offenders and victims has already been assessed.

The **Child Abuse Hotline Supervisor** and appropriate Hotline Staff will:

- Determine whether to screen out the report.
- Notify the Manager and County Supervisor if the report is screened out.

POLICY (II-D): CHILD MALTREATMENT CENTRAL REGISTRY

The Division of Children and Family Services maintains a statewide Central Registry for the collection of child maltreatment investigative reports. Reports made to the Department are confidential and may be disclosed only as provided by Ark. Code Ann. § 12-12-505-506. True reports shall be retained. Information included in the automated data system shall be retained indefinitely to assist the Department in assessing future risk and safety. Hard copy records of unsubstantiated reports are not part of the Central Registry. They will be destroyed by the investigating agency at the end of the month in which the determination is made.

There can be no disclosure of unsubstantiated reports except for release to the prosecutor, to a subject of the report, and to the court if the information in the record is necessary for a determination of an issue before the court, to individual federal and state senators and representatives and their staff members (no disclosure may be made to any committee or legislative body), to law enforcement agencies and to any appropriate licensing or registering authority. Any person or agency to whom disclosure is made shall not further disclose the information to any other person. Any records of screened-out reports of child maltreatment shall not be disclosed and may only be used within the Department for purposes of administration of the program.

True reports may be disclosed to individual federal and state senators and representatives who agree not to allow any re-disclosure of information, provided that no disclosure shall be made to any committee or legislative body of any information which identifies any recipient of services by name or address.

True reports that have been administratively appealed pursuant to the Child Maltreatment Act and which have been stayed because of criminal proceedings shall not be disclosed other than for administration of adoption, foster care, or children's protective services programs.

The Department shall identify the types of child maltreatment for which the offender is eligible for automatic removal of his name from the Central Registry under certain conditions. Types of child maltreatment are defined in Pub-357 (Child Maltreatment Assessment Protocol). (See Policy IX-D Removal of An Offender's Name from Central Registry.)

If a person's name has been entered into the Central Registry as an offender for these named types of child maltreatment, the offender's name shall be removed when the offender has not had a subsequent true report of this type for one (1) year, and more than one (1) year has lapsed since the closure of any protective services or foster care case opened as a result of this report.

The Department will also identify types of child maltreatment for which an offender can request the Department to remove his name from the Central Registry if there has not been a subsequent true report for this type for five (5) years, and more than five (5) years have lapsed since the closure of any protective services or foster care case opened as a result of this report. (See Policy IX-D [Removal of An Offenders Name from Central Registry].)

If an offender is criminally convicted of a crime, an element of which is child maltreatment, as defined by Arkansas law, the offender's name shall always remain in the Central Registry.

PROCEDURE (II-D1): Requests for Central Registry Information

The Family Service Worker or DCFS Supervisor will

- Refer immediately by telephone or fax to Central Registry all requests.
- Send requested information to the Central Registry.

PROCEDURE (II-D2): Requests for Information from Agencies Providing Protective Services

The **County Supervisor** or designee will:

- Verify inquirer's identity and authorization to receive Central Registry information.
- Search county office Referral log in CHRIS for requested information.
- Release only true child maltreatment assessment determinations to professionals offering services or providing treatment for the victim.
- Call the OCC attorney if there are any questions.

PROCEDURE (II-D3) Central Registry Fees

The Department of Health & Human Services may charge a reasonable fee, not to exceed ten dollars (\$10.00), for research, copying and mailing records of the investigative files of child maltreatment cases and Central Registry information. DHHS may also charge a reasonable fee for reproducing copies of tapes and photographs.

No fee will be charged to a:

- Nonprofit or volunteer agency that requests searches of the investigative files;
- Person who is indigent.

PROCEDURE (II-D4) Requests for Information from Employers who Work with Children

Employers or volunteer agencies that want to screen employees, applicants or volunteers who are, or will be, engaged in employment or activity with children may request information from the Central Registry. The employer or volunteer agency must submit a signed, notarized release from the employee, applicant or volunteer.

The Central Registry may release only the following information on true reports to the employer or agency:

- There is a true report on the employee, applicant or volunteer;
- The date the investigation was completed, and
- The type of true report.

PROCEDURE (II-D5) Information Disclosure on Pending Investigations

Information on pending investigations is confidential and may be disclosed only in accordance with the specific guidelines provided below.

Information on pending investigations shall be released upon request to:

- The Department of Health & Human Services;
- Law enforcement;
- The prosecuting attorney's office;
- Multidisciplinary Teams ;
- Any licensing or registering authority (only to the extent necessary to carry out the authority's official responsibilities);
- Individual federal and state senators, representatives, and their staff members, who agree not to allow any redisclosure of the information. (No disclosure may be made to any committee or legislative body.)

NOTE: THE DISCLOSED INFORMATION SHALL BE MAINTAINED AS CONFIDENTIAL.

Information on pending investigations may be released to, or disclosed in, a circuit court, custody case or similar case if:

- No seventy-two (72) hour hold has been exercised under the Child Maltreatment Act §12-12-501, or pleadings filed pursuant to the Arkansas Juvenile Code of 1989 § 9-27-301, et seq.;
- Written notice of intent to request to release, or disclose, is provided to the investigating agency at least five (5) days before the date for release or disclosure;
- The investigating agency has the opportunity to appear before the court and be heard on the issue of release or disclosure;
- The information gathered thus far by the investigative agency is necessary for the determination of an issue before the court;
- Waiting until the completion of the investigation will jeopardize the health or safety of the child in the custody case;
- A protective order is issued to prevent redisclosure of the information provided by the investigating agency, or the information is only released or disclosed to the court in camera; and
- Release or disclosure of the information will not compromise a criminal investigation.

Information on pending investigations may be released or disclosed in the Juvenile Division of the Circuit Court if the victim or offender has an open dependency-neglect or Family In Need of Services (FINS) case before the Juvenile Division of the Circuit Court in the following circumstances:

- A petition for dependency-neglect has been filed and the pending investigation is the basis in whole, or in part, for the petition of dependency neglect;
- The Department identifies the pending investigation in a court report that is provided to all of the parties before the hearing; or

- A party provides written notice of intent to request release or disclosure to all other parties in the matter and to the investigating agency at least five (5) days before the date for release or disclosure.

The Juvenile Division of the Circuit Court shall order release or disclosure only after;

- Providing all parties and the investigating agency, if not a party, the opportunity to appear before the court and be heard on the issue;
- Determining that the information gathered thus far by the investigative agency is necessary for the determination of an issue before the court;
- Determining that waiting until the completion of the investigation will jeopardize the health and safety of the child in the dependency-neglect, or family in need of services, case;
- Entering a protective order to prevent redisclosure of the information provided by the investigative agency, or limiting the release or disclosure of the information to only the court in camera; and
- Determining that releasing or disclosing the information will not compromise a criminal investigation.

Nothing in the law limits discovery by a party if a petition for dependency-neglect has been filed, but not yet adjudicated.

POLICY (II-E): COUNTY OFFICE ASSESSMENT OF CHILD MALTREATMENT REPORTS

The Arkansas State Police Crimes Against Children Division (CACD) has the responsibility to assess most Priority I allegations of child maltreatment. DCFS is responsible for ensuring the health and safety of the children even if the primary responsibility for the investigation belongs to CACD. DCFS will assess all situations of voluntary delivery of a child, as well as many Priority II and the following Priority I cases:

- Abandonment
- Failure to protect
- Medical neglect of disabled infants
- Failure to thrive
- Malnutrition
- Underaged Juvenile Aggressor
- Threat of Harm

During the investigation of an allegation of child maltreatment, and if the alleged offender is a family member, or lives in the home of the alleged victim, DCFS staff in the county office shall seek to ascertain the existence, cause, nature and extent of child maltreatment, the existence and extent of previous injuries, and the names and conditions of other children in the home. The assessment also seeks to ascertain the identity of the person responsible for the maltreatment, the relationship of the children with the parents or caretakers and their circumstances, the child's environment and all other pertinent data. The assessment shall begin within the time frame prescribed by law.

If the alleged offender is not a family member nor lives in the home of the alleged victim, the investigation shall seek to ascertain the existence, cause, nature and extent of child maltreatment, the identity of the person responsible for the maltreatment, and the existence and extent of previous maltreatment perpetrated by the alleged offender. If the report is determined to be true, the names and conditions of any minor children of the alleged offender, and whether these children have been maltreated, or are at risk of maltreatment, will be determined. If the report is determined to be true, and is a report of sexual intercourse, deviate sexual activity, or sexual contact, an assessment of any other children previously or currently under care of the alleged offender, to the extent practical, and whether these children have been maltreated, or are at risk of maltreatment, will be determined. The investigation shall also seek to ascertain all other pertinent and relevant data.

The Division will ensure reasonable efforts are made to preserve the family and to prevent the need to remove the child from the home; with the health and safety of the child being of paramount concern. Reasonable efforts to reunify the family shall not be required in all cases. See Policy VI-A for exceptions.

The Family Service Worker conducting the child maltreatment investigation shall have the right to enter into the home, school, or other place for the purpose of conducting an interview or completing the assessment. No publicly supported school, facility, or institution may deny access to any person conducting a child maltreatment investigation. The Department, CACD and law enforcement shall be allowed access to the child's public and private school records during the course of the child maltreatment investigation. The worker will have the discretion, in the child's best interest, to limit the persons allowed to be present when a child is being interviewed concerning an allegation of child maltreatment. The worker will determine when a child or any other children residing in the home should be referred to a physician, psychologist, or psychiatrist for a medical or psychological examination.

This fact-finding phase of the child maltreatment investigation allows the Family Service Worker to determine:

- **If services are necessary to assist the family and allow the child to remain safely at home,**
- **If separation of the child from the family is necessary to protect the health and safety of the child, and**
- **Whether there is a preponderance of the evidence (see glossary) to support the report.**

In cases where domestic abuse is involved (see glossary for definition of domestic abuse) any adult family/household member may file a petition for an order of protection on behalf of another family or household member, including a married minor. An employee or volunteer of a domestic violence shelter or program may file a petition on behalf of a minor, including a married minor. If a minor child's safety is a concern and the parent does not file an order of protection, the Family Service Worker should contact OCC to determine appropriate legal action. (One legal option is to petition the court for an order of less than custody.) The worker should thoroughly review the Health and Safety Assessment and the Risk Assessment and ensure that a safety plan is in place for a child before leaving a child in a home when an order for protection is filed.

An order of protection issued by a court of competent jurisdiction in any county of this state is enforceable in every county of this state by any court or law enforcement officer. An order of protection issued by a court of another state, federally recognized Indian tribe, or a territory shall be afforded full faith and credit by the courts of Arkansas and shall be enforced by law enforcement as if it were issued in Arkansas. DCFS will fully cooperate and participate in multi-disciplinary child maltreatment response teams. All information except the name of the reporter may be disclosed to the teams.

PROCEDURE (II-E1): County Office Response to the Child Abuse Hotline For Those Assessments That Remain The Responsibility Of The Department

The **County Supervisor** or designee will:

- Assign the report to a Family Service Worker(s) or a Unit Group who will conduct the assessment when a report is received in the CHRIS county in-box.
- Make entries on the "Inv. Notes" as the assessment is conducted.
- Consult with and advise the Family Service Worker as the assessment is conducted.

The **Family Service Worker** will:

- Begin Child Maltreatment Assessment immediately but no later than 24 hours after receipt of report by the Hotline, if severe maltreatment (**Priority I**) is indicated.
- Begin all other Child Maltreatment Assessments within 72 hours of the report (**Priority II reports**).
- Make immediate telephone notification to the Prosecuting Attorney and law enforcement on Priority I reports, unless the prosecuting attorney has provided written notice to the Department, that the Department need not send notification of the initial maltreatment report to the prosecuting attorney's office.
- Consider the assessment initiated by interviewing or observing, when appropriate, the victim child outside the presence of the alleged offender. If the worker is unable to interview or examine the child, the assessment will be considered initiated after the Family Service Worker has made and documented all reasonable diligence to obtain an interview or examination.

Examples of reasonable diligence should include all of the following actions:

- Making an unannounced visit to the child's home at least three times at different times of the day or on different days in an attempt to interview the child.
- Contacting the reporter again if the reporter is known, if attempts to locate the child have failed.
- Visiting the child's school or day care or all other places where the child is said to be located.
- Sending a certified letter to the location given by the reporter, if attempts to locate the child have failed.
- Contacting appropriate local Division of County Operations staff and requesting research of the ACES and ANSWER systems and other files to ascertain another address, if attempts to locate the child have failed.

After all these efforts have been made, the worker shall submit the record to the supervisor for approval of reasonable diligence to locate and interview the child.

- Complete, print, and route the “Notice of Child Maltreatment Allegation” (CFS-310) to the Prosecuting Attorney and law enforcement, as appropriate, and the Attorney Ad-litem, parents and the alleged offender on Priority I and Priority II reports then document this action on the “Document Tracking” screen of CHRIS. If the alleged maltreatment concerns a foster child see Procedure VII-C1.
- Begin keying “Child Maltreatment Assessment” into the “Investigation” section of CHRIS.
- Send a confirmation letter, “Referral for Investigation” (CFS-321), to law enforcement when law enforcement accepts responsibility for investigating the report. Key “Document Tracking” screen in CHRIS.

PROCEDURE (II-E2): Child Maltreatment Report Assessment Interviews

The **Family Service Worker** will:

- Observe, if not age appropriate for interview, or interview all children outside the presence of the alleged offender or the offender’s attorney. (Exceptions must be approved by a supervisor. See NOTE below.)

NOTE: In conducting investigations where the offender is out of the home, it is not necessary to interview siblings of victims in these cases, unless they may have collateral information or have been within the access of the offender. Children residing in the home of the offender must be interviewed.

- Physically inspect children as appropriate.
- Complete “Physical Documentation--Body Diagram” (CFS-327a) when applicable.
- Photograph visible injuries; label and date photos.
- Interview the custodial and non-custodial parent of the victim child, and inform them of DCFS responsibility to assess.
- Exercise reasonable diligence in locating the non-custodial parent of the victim child. Examples of reasonable diligence include, but are not limited to, seeking information from relatives or using information from the victim child’s birth certificate to identify and locate the non-custodial parent.
- Document all efforts at reasonable diligence, if unable to locate the non-custodial parent to ensure completion of the investigation within 30 days.
- Conduct a separate interview with the victim.
- Give the family “Child Protective Services: A Caretaker’s Guide” (PUB-052) during the first contact and explain, as appropriate, to help the family understand its contents.
- Interview alleged offender. Give PUB-052 and discuss contents then document on the “Document Tracking” screen in CHRIS.
- Make a home visit to assess the environment where the child resides and determine the names and conditions of other children in the home.

- Check with collateral sources, as appropriate, including teachers, neighbors, witnesses and the person making the report.
- Contact the DHHS attorney to petition the court for an ex parte order of investigation to allow access if the parents, caretakers, or others deny access to any place where the child may be.
- Coordinate the conducting of interviews when primary (where the child resides) and secondary counties are involved.
- Reinitiate the investigation in the second county within 24-72 hours, according to the Child Maltreatment Assessment Protocol (PUB-357) when an investigation is transferred from one county to another and the victim or any other children believed to reside in the home where the report originated have not been seen.

If any parties required to be interviewed (parents, children, victim child, or alleged perpetrator) cannot be located or is unable to communicate, the FSW will, after exercising reasonable diligence, document efforts to locate or communicate with required parties and proceed with the child maltreatment assessment.

The **Primary County Supervisor** will:

- Take the lead in coordinating the interview process when multiple counties are involved, and
- Ensure that counties communicate and complete the investigation within 30 days.

PROCEDURE (II-E3): Health and Safety Assessment

The Health and Safety Assessment (CFS-6025) will be completed in conjunction with the child maltreatment assessment, and is designed:

- To identify factors in the home which affect the child's immediate safety.
- To guide the Family Service Worker in determining whether or not to leave the child in the home.
- For use as a structured decision-making tool. For example, information collected on the Health and Safety Assessment can be used to document reasonable efforts or aggravated circumstances. It can also be used to assist in completing the court report, and at important case decision points, or when there are major changes in case circumstances.
- To assess the child's health and safety at placement changes.

Information to complete the Health and Safety Assessment Checklist (CFS-6025) will be gathered during the child maltreatment interviews.

The **Family Service Worker** will:

- Complete the "Health and Safety Checklist" screen in CHRIS.
- Complete the Health and Safety Assessment for each child in the family. Children ages 0-6, developmentally disabled or those repeatedly victimized shall be considered especially vulnerable.
- Identify the presence or absence of any safety factors by checking "yes" or "no", respectively, on the "Health and Safety Checklist" screen (CFS-6025).
- Provide narrative documentation on the "Health and Safety Checklist" for each safety factor identified.

- Complete the “Safety Response” screen (CFS-6027) if any safety factors have been identified. Documentation of the safety response should match the safety issue.
- Protecting interventions may be necessary before completion of the assessment.
- Document protecting interventions considered or acted upon, for all safety factors with a “yes” response, in the “Safety Response” screen. A protecting intervention service is any action taken by the FSW to ensure a child’s health and safety. Documentation describing the actual use or consideration of using protecting interventions establishes reasonable efforts to prevent removal of the child from the home.
- Make a Safety Decision based on the presence or absence of factors, and the protecting interventions used, if a safety factor was identified. The Safety Decision on the “Safety Response” screen will be:
 - “Safe”- There are no children likely to be in immediate danger of serious harm. (Note – This is the default decision on the Safety Response screen when all statements on the Health and Safety Checklist screen are selected “No”, therefore, the FSW will not have to complete the Safety Response screen).
 - “Conditionally Safe” – Protecting Safety Interventions have been received, and those interventions have resolved the unsafe situation for the present time. (Note – After completing the Safety Response, this selection will be available).
 - Documentation of follow-up services must be provided.
 - The Supervisor must approve if no follow-up services are needed.
 - “Unsafe” –Removal is the only protecting intervention for the child(ren). Without it, the child(ren) is likely to be in danger of immediate or serious harm. (Note – After completing the Safety Response, this selection will be available).
- Seek supervisory approval if the report is unsubstantiated, but there is a “yes” on one of the Safety Assessment factors; and offer supportive services if appropriate. Supervisory approval will be obtained before completing all assessments.
- Make the appropriate child protecting decisions if the child’s immediate safety is in danger.
- Identify the injury suffered by any child in the case, and check and document the appropriate section of the “Health and Safety Checklist” screen.
- Complete the Health and Safety Assessment within 30 days of the receipt of the child maltreatment report. The child maltreatment assessment cannot be closed until the Health and Safety Assessment is completed.
- The Family Service Worker will complete the “Safety Response” screen if the Crimes Against Children Division (CACD) is conducting the investigation.

The **Crimes Against Children Division (CACD)** will:

- Identify any safety factors that may contribute to immediate or threatened harm or re-injury to the child.
- Contact the Family Service Worker immediately if the child’s immediate safety is in question.
- Coordinate case management with the FSW for completion of the “Safety Response” screen.
- Complete the “Health and Safety Assessment Checklist” screen in CHRIS within 30 days of the receipt of the child maltreatment report. The child maltreatment assessment cannot be closed until the Health and Safety Assessment is completed.

PROCEDURE (II-E4): Medical/Psychological Evaluation Required During Assessment

The **Family Service Worker** will:

- Confer with the County Supervisor/Assessment Team Coordinator concerning a complete examination/evaluation by a mental health professional if a child has one of the following:
 - Impairment of the intellectual, emotional or psychological development as evidenced by observable and substantial reduction in the child's ability to function within a normal range of performance and behavior.
 - Suffered a substantial impairment in the ability to function as a result of a specific, non-accidental action or interaction committed by a parent or caretaker.
- Refer for a medical examination or consultation with a physician in the following cases unless the Area Manager allows an exception:
 - burns, fractures or dislocations in children under three years of age;
 - burns, fractures or dislocations in children of any age if unexplained or implausibly explained;
 - burns, bruises, or fractures in non-ambulatory children;
 - reasonable suspicion that vaginal or oral penetration has occurred;
 - cases involving sexually transmitted diseases in prepubescent children;
 - cases of malnutrition and failure to thrive;
 - cases of serious medical neglect;
 - cases of alleged head and abdominal injuries;
 - reports in which the child has an observable injury, the caretaker admits responsibility for the injury and there is reason to believe that there are internal injuries or other injuries which have occurred in the past.
- Conduct a cursory physical examination of a child. If the child is under the age of five, conduct the exam with the assistance of the parent/caretaker.

NOTE: A cursory physical examination is the observation of a child's external, physical condition which may require that the child's clothing be removed or rearranged.
- Involve the parent, legal guardian or legal custodian of the child whenever possible, if during the protective assessment, a medical examination is needed to determine the existence of abuse or neglect.
- Verify that the parent, legal guardian or legal custodian has exhausted all other resources before requesting DHHS funds for payment.
- Consider the following in all cases in which a medical examination is required:
 - The first choice is to have the child examined by the child's Primary Care Physician (PCP).
 - The second choice is a pediatrician if the PCP is unavailable. The protective services worker must advise the pediatrician whether the PCP, although not physically available, is available by telephone for consultation.
 - The third choice is to take the child to the emergency room of the nearest hospital.

The physical examination of children alleged to be sexually abused must be conducted by a physician or other medical personnel, not the Protective Service Worker.

PROCEDURE (II-E5): Other Child Maltreatment Assessment Actions

The **Family Service Worker** will:

- Obtain X-rays, photographs, radiology procedures, medical records, other pertinent records, e.g., school records, or videos from mandated reporters.
- Ensure that all the information gathered during the investigation is contained within the DCFS file; whether or not the information supports the investigative determination.
- Make a child maltreatment investigative determination (true, unsubstantiated, exempted from finding or inactive) within thirty (30) days in conference with the supervisor. (See Procedure II-E6.)
- Key all screens in the “Investigate” section of CHRIS including screens listed under the “Interview” and “Client” sections. Skip screens only when the information for that screen is unavailable.
- Document the investigative determination on the “Investigation Findings” screen in CHRIS. Individual findings for each victim are also documented on the “Investigation Finding” screen. CHRIS will automatically populate the Overall Finding (true, unsubstantiated, exempted from finding due to religious exemption or exempted from finding underaged juvenile aggressor) based on the individual findings.
- Document any additional information deemed necessary pertaining to the investigation on the “Investigation Closure” screen, and request supervisory approval of the determination. The request for approval will automatically go to the worker’s supervisor’s box for approval.
- Complete and print “Report to Prosecuting Attorney” (CFS-6003) within thirty (30) days of the initial report of severe maltreatment (Priority I reports) and send to Prosecuting Attorney and law enforcement.
- Open a Protective Services case on all true reports of sexual abuse or exploitation unless a written exception is approved by the Area Manager.
- Open an appropriate service case or make referrals for all other true reports and for unsubstantiated reports if the family needs and agrees to services.
- Release all information as requested on true reports, except the name of the reporter, to multi-disciplinary teams.

The **Family Service Worker Supervisor** will:

- Review the investigative determination and other pertinent screens in CHRIS.
- Approve the investigation closure on the “Investigation Closure” screen.

PROCEDURE (II-E6): Child Maltreatment Investigative Determination

A Child Maltreatment Investigation will be determined to be true, unsubstantiated, exempted from finding due to religious exemption, exempted from finding underaged juvenile aggressor, or inactive based on the criteria in the “Child Maltreatment Assessment Protocol” (PUB-357).

A Child Maltreatment Investigation will be determined **TRUE** in the event of:

- An admission of the fact of maltreatment by persons responsible;
- An adjudication of dependency-neglect;
- A determination of the existence of maltreatment by Division staff, based on a preponderance of the evidence;
- A medical diagnosis of failure to thrive. The Family Service Worker should, however, complete the Child Maltreatment Investigation in accordance with the procedures included to determine the identity of the caretaker and to conduct an assessment of the family for the purposes of determining appropriate service delivery;
- Any other medical or legal form of confirmation deemed valid by the Division.

A Child Maltreatment Investigation will be determined **UNSUBSTANTIATED** in the event that:

- The allegation of child maltreatment is not supported by a preponderance of the evidence following an assessment by Division staff.
- The assessment concludes the injuries were the result of reasonable and moderate physical discipline inflicted by a parent or guardian for the purpose of restraining or correcting the child.

A Child Maltreatment Investigation will be determined to be **EXEMPTED FROM FINDING DUE TO RELIGIOUS EXEMPTION** in the event that:

- The Family Service Worker determines that the parent’s decision to withhold medical treatment was based solely upon a religious belief, choosing instead to furnish the child with prayer and spiritual treatment in accordance with a recognized religious method of healing by an accredited practitioner.

NOTE: A Family Service Worker will take a child, who is in immediate danger of severe maltreatment, into DHHS custody regardless of the beliefs of the parent(s). The religious exemption does not preclude the Family Service Worker’s right and responsibility to take appropriate action, including petitions to the court, to obtain necessary medical services.

A Child Maltreatment Investigation will have an individual finding of **EXEMPTED FROM FINDING (UNDERAGED JUVENILE AGGRESSOR)** if there is an overall true finding of sexual abuse by a child under the age of ten (10) to another child.

- Select the “Alleged Juvenile Aggressor–Under Age Ten” in the Role in Referral Select box on the Abuse/Neglect Screen in Referral or Investigation in CHRIS.
- Select “Exempted From Finding (Underaged Juvenile Aggressor)” as the individual finding in the Investigation Findings screen in CHRIS.
- When “Exempted From Finding (Underaged Juvenile Aggressor)” appears in the individual finding, the overall finding for the investigation will be True.

Regardless of whether the child maltreatment investigation is conducted by DCFS, CACD or local law enforcement, the investigative determination shall be made within thirty (30) days.

A Child Maltreatment Investigation will be determined **INACTIVE** in the event that the investigation cannot be completed. A case may go into an inactive status if a family was located initially but later moved and may be located later; or, the investigation was started but enough information was not gathered to finish it, etc. Failure to complete the investigation within the required 30 days is NOT a reason to place a case on inactive status. The report **MUST** document why the investigation could not be completed. A case will remain on inactive status for one (1) year, at which time it will be expunged

PROCEDURE (II-E7): Risk Assessment

The **Risk Assessment (CFS-6026)** is designed:

- To identify the factors and circumstances that indicate the child may be at risk of future abuse or neglect.
- To indicate the necessary level of involvement to assure the child's well being.
- As a structured decision-making tool in case planning. For example, the Risk Assessment may be used to assist the Family Service Worker in determining whether or not to open a case.

The Risk Assessment (CFS-6026) will be completed on all cases with a child maltreatment determination of "True", unless it is an out-of-home abuse case, in which case, a waiver may be granted at the supervisor's discretion. For example, if a child is abused in a day care center and is removed by the parents. The Risk Assessment may be used with the non-custodial parent, if services will be recommended or provided by the agency. (Note – The Risk Assessment can not be completed, if the Health and Safety Assessment has not been completed in CHRIS

Overrides to Risk Levels have been established to assist the Family Service Worker in ensuring that the level of risk for a case accurately reflects the risk level for the children. A supervisor is allowed to make discretionary policy overrides when unique circumstances warrant a higher risk level than assigned by the risk level chart.

The discretionary policy override options are listed below and require the supervisor to upgrade the risk level to Intensive at the initial assessment, regardless of the risk scale score.

- Sexual abuse cases where the perpetrator is likely to have access to the victim child.
- Cases with non-accidental physical injury to an infant.
- Serious non-accidental physical injury requiring hospital or medical treatment.
- Death (previous or current) of a sibling as a result of abuse or neglect.

Policy overrides must be reassessed when the Case Plan is updated.

The **Family Service Worker** will:

- Complete both the abuse and neglect scale of the "Risk Assessment" screen in CHRIS for all "True" child maltreatment findings; regardless of whether a case is subsequently opened or not.
- Consult with supervisor for an out-of-home abuse case with a "true" finding, (The supervisor will determine if the Risk Assessment must be completed or if a waiver is warranted. If the waiver is granted, it must be documented in the "Case Review" screen in CHRIS.)
- Establish the level of risk. Levels of risk are classified as intensive, high, moderate, and low. The higher the score, the higher the risk of future harm.

- Complete the Family Needs Assessment, according to Procedure V-AI, and provide necessary services.
- Make face-to-face contact with the family based on the established risk level.

Low family risk level:

- Visits to the child and family shall be no less than weekly.
- At a minimum, one face-to-face contact by the FSW per month, if a contact waiver is granted (see Policy V-B), and
- Open Protective Services case, if appropriate.
- Use Risk Assessment results to help develop case plan objectives and tasks.
- Conduct a staffing at 60 days of Protective Services case opening to assess if case should be closed. All staffings shall be held to comply with Procedure IV-B1.

Moderate family risk level:

- Visits to the child and family shall be no less than weekly.
- At a minimum, two face-to-face contacts by the FSW per month, if a contact waiver is granted (see Policy V-B), and
- Use Risk Assessment results to help develop case plan objectives and tasks.
- Conduct a staffing at 60 days of Protective Services case opening to assess if case should be closed. All staffings shall be held to comply with Procedure IV-B1.

High family risk level:

- Visits to the child and family shall be no less than weekly.
- Four face-to-face contacts by the FSW per month. (No contact waiver granted), and
- Use Risk Assessment results to help develop case plan objectives and tasks.
- Use results of the Risk Assessment to develop resources to address the family's needs if the child is placed out-of-home,
- Staff case with OCC and the Area Manager if there is no court involvement.
- Re-assess family for risk at a minimum of every six months.

Intensive family risk level:

- Visits to the child and family shall be no less than weekly.
- Four face-to-face contacts by the FSW per month. (No contact waiver granted), and
- Staff case with OCC and the Area Manager if there is no court involvement.
- Use Risk Assessment results to help develop case plan objectives and tasks.
- Use the results of the Risk Assessment to develop resources to address the family's needs if the child is placed out-of-home.
- Re-assess family for risk at a minimum of every six months.

- Complete the Risk Assessment (CFS-6026) in CHRIS within 30 days of case opening and prior to case closure.
- Complete the Risk Assessment before there is a major change in the case plan, placement or any change in case circumstances.
- Complete the Risk Assessment in conjunction with the “Strengths and Needs Assessment” (CFS-6009) to provide necessary services to the family and child.

PROCEDURE (II-E8): Follow-up with Mandated and Other Reporters

The **Family Service Worker** will:

- Complete, print and route “Follow-up with Child Maltreatment Reporter” (CFS-307) within ten (10) working days of determination.
- Complete, print and route “Child Maltreatment Determination Notification” (CFS-312A or B) within ten (10) working days after supervisor signs off on the “Report to Prosecuting Attorney” (CFS-6003). Send separate copies to the following people:
 - The alleged offender.
 - The victim child’s custodial/non-custodial parent(s).
 - The victim child if age ten (10) years or older.
 - If the offender is a juvenile, the juvenile offender’s parent(s).
 - If the juvenile offender is in foster care, the juvenile offender’s Attorney Ad Litem.
 - The Public Defender, if one is appointed.
 - The Juvenile Division of the Circuit Court if there is a true finding of sexual abuse perpetrated by a child under the jurisdiction of the court.
 - Any appropriate licensing or registering authority.
 - If the allegation is true, ensure the CFS-312A or B is delivered by either a process server or certified mail with restricted delivery. This applies to each separate recipient.
- Provide information to the following individuals regarding the investigative determination and the services that were offered or provided via the (CFS-307):
 - The mandated reporter who provided the initial report of suspected child abuse.
 - The school counselor where the maltreated child attends school.
 - The people and agencies that provide services, upon their request.
- Complete, print and route “Notice to Local Education Agency (LEA) of Child Maltreatment” (CFS-311) if the determination is true on a school-aged child. Do not send the CFS-311 to the LEA on underaged juvenile aggressors exempted from a true finding. The notice to the school on all true reports of child maltreatment shall identify the name and relationship of the offender to the victim. DHHS shall also provide the local school counselor a report indicating all true reports on juveniles aged ten (10) or older named as offenders, and the services offered or provided by the Department to the juvenile. Information provided to LEA, on a true report, shall be treated as confidential and included as part of the child’s permanent educational record. The information shall be treated in the same manner as educational records are treated under the Family Educational Rights and Privacy Act, 20 U.S.C. §1232g.

- If the investigative determination is true and the victim or offender is in foster care, notification (via the CFS-312 A or B) of the determination shall be provided to:
 - The Juvenile Division of the Circuit Court judge;
 - The Juvenile Division court-appointed attorneys ad litem of the victim and offender;
 - Court Appointed Special Advocates if appointed in an open dependency-neglect case; and
 - The custodial/non-custodial parent(s) of the victim or offender who is in foster care.

PROCEDURE (II-E9): Situations Involving Non-Caretaker, Domestic Violence, Family Moving, Multi-County Assessments, and Unlicensed Baby-sitters

The **County Supervisor** will:

- Inform the non-offending caretaker of the right to file a petition in accordance with the “Domestic Abuse Act,” Ark. Code Ann. § 9-15-101 et seq. in Circuit Court to have the offender removed from the home.
- Notify other state or county Child Protective Services if the family moves before the assessment is complete.
- Notify Division of Child Care and Early Childhood Education if the alleged offender is an unlicensed baby-sitter who is keeping more than five children, including the baby-sitter’s own pre-school children.

When more than one county assesses a report:

- The Family Service Worker of the primary county (where the child resides) will interview and complete the “Investigation” portion of CHRIS.

PROCEDURE (II-E10): Protective Custody of Child in Immediate Danger

The **Family Service Worker** will:

- Take the child into Protective Custody for up to 72 hours if the circumstances of the child present an immediate danger of severe maltreatment. The child’s health and safety will be of paramount concern.

A 72 hour hold can be exercised on any child who is dependent as defined by the Arkansas Juvenile Code of 1989, § 9-27-301 et. Seq. (See Glossary for definition of “Dependent”).

In cases where domestic abuse is involved (see glossary for definition of Domestic Abuse) any adult family/household member may file a petition for an order of protection on behalf of another family or household member, including a married minor. If a minor child’s safety is a concern and the parent does not file an order of protection, the Family Service Worker should contact OCC to determine appropriate legal action. (One legal option is to petition the court for an order of less than custody.) The worker should thoroughly review the Health and Safety Assessment and Risk Assessment and ensure that a safety plan is in place for a child before leaving a child in a home when an order for protection is filed.

An order of protection issued by a court of competent jurisdiction in any county of this state is enforceable in every county of this state by any court or law enforcement officer. An order of protection issued by a court of another state, federally recognized Indian tribe, or a territory shall be afforded full faith and credit by the courts of Arkansas and shall be enforced by law enforcement as if it were issued in Arkansas.

- Notify the OCC attorney immediately that Protective Custody was exercised and request an ex parte emergency order from the court.
- Make a determination whether to recommend to the court that reunification services should not be provided to reunite the child with his family (see Policy VI-A). If the court determines that reunification services shall not be provided, a permanency planning hearing will be held within thirty (30) days after the determination. It is not required that a permanency planning hearing be held as a prerequisite to the filing of a petition to terminate parental rights, or as a prerequisite to the court considering a petition to terminate parental rights.
- Determine whether the grandparents have the right to notice and an opportunity to be heard. In a child custody or dependency-neglect case, grandparents have this right if all the following conditions are present:
 - The grandchild resided with the grandparent for at least 6 consecutive months prior to the child's first birthday or lived with the grandparent for at least one continuous year regardless of age;
 - The grandparent was the primary financial caregiver during the time the child resided with the grandparent; and
 - The continuous custody occurred within one year of the initiation of the custody proceeding.

Note: "Grandparent" does not mean a parent of a putative father of a child for the purpose of this determination.

- Provide the OCC attorney with the name and address of any grandparent who is entitled to notice based on the above conditions.
- Prepare an affidavit immediately and give it to the OCC attorney.
- Have the child thoroughly examined by a physician within 24 hours of removal. The Family Service Worker may consent for medical and dental services during Protective Custody.
- Place the child in an appropriate licensed or approved placement. Place a child in a Provisional Relative Foster Home if a relative is identified and it is in the best interest of the child. A child may be placed in the home of a relative on a provisional basis for up to six (6) months pending the relative's home being opened as a regular foster home. If the relative opts to have his or her home opened as a Provisional Foster Home, the relative shall not be paid a board payment until the relative meets all of the foster home requirements and is opened as a regular foster home. See Policy VI-A, Procedure VI-A1 "Out-Of-Home Placement Criteria", VI-J and VI-J1 Out-Of – Home Placement Non-Custody Relative Placement.

NOTE: The child is in the custody of the department, therefore, the child shall remain in an approved foster home or licensed shelter or facility, until the relative's home is opened as a provisional home. It is permissible for a child to be placed on a 72 hour hold in an approved Provisional Relative Foster Home.

- Conduct a review of the home that will include a visual inspection of the home, an expedited Central Registry Check, and expedited criminal and local background check and a vehicle safety check. All criminal background checks for Provisional Relative Foster Homes must be submitted to the DCFS Foster Care Unit by completing the CFS 342A (Foster Care Criminal Record Check). To receive expedited results the CFS-342A can be faxed to the Foster Care Unit, however, the fax must be accompanied by an email to the Foster Care Unit verifying that there is an original notarized copy of the CFS-342A in the possession of the Division. There is no fee for criminal

background checks for Provisional Relative Foster Homes. The CFS-474 "Provisional Foster Home Orientation Checklist" must be completed and signed when a child is placed in a Provisional: Relative Foster Family Home. When a child is placed in a provisional relative foster home for a 72 hour hold the family must acknowledge that they will not allow the alleged perpetrator access not supervised by the Division until the investigation is completed and will not allow any contact with the alleged offender that is not approved or authorized by the Division or the court after the investigation is completed (if found true).

The child(ren), if age appropriate, should also be interviewed about the placement with the relative to determine how the child feels about the placement.

- Non-relative placements, other than approved foster homes or residential care facilities, are not permissible until opened as a regular approved foster home or unless the court gives custody after a written home evaluation is completed. (See Procedure VI-A1 "Out-of-Home Placement Criteria" and Policy VII-A "Foster Parent Training, Approval and Re-evaluation.")
- Notify the Intake Officer of the Juvenile Division of Circuit Court.
- Complete and route "Protective Custody/Parental Notification" (CFS-323).
- Open an Out-of-Home Placement case.
- Return the child to the legal custodian if the emergency necessitating Protective Custody passes or if the judge does not grant custody to the Department. Protective Custody cannot be extended. Complete the "Expiration of Protective Custody/Parental Notification" (CFS-336) and provide to the parent. If the parent refuses to accept custody of the child, an emergency petition should be filed.
- Notify the OCC attorney immediately if the child returns home.
- Close the Out-of-Home Placement case.
- Determine whether to open a non-court involved Protective Services case or initiate a petition for dependency/neglect.

All hearings involving allegations and reports of child maltreatment, and all hearings involving cases of children in Out-of-Home placements shall be closed.

PROCEDURE (II-E11): Crimes Against Children Division (CACD) Investigations of Child Maltreatment Reports

The Arkansas State Police Crimes Against Children Division will conduct Child Maltreatment Investigations for the following:

- Any placement managed, approved or licensed by DHHS for the care of children including:
 - Day care homes,
 - DHHS foster homes,
 - Residential facilities, and
 - Pre-Adoptive homes.
- Allegations of maltreatment involving DHHS employees
- Allegations of child maltreatment in school settings
- Allegations of child maltreatment in placement resources

NOTE: In accordance with Act 758 of 2003, on request by the investigating agency, any school, day care center, child care facility, residential facility, residential treatment facility, or similar institution shall provide the investigator with the name, date of birth, social security number, and last known address and phone number of any alleged offender if the alleged maltreatment occurred at that school, center, or facility.

NOTE: In conducting investigations where the offender is out of the home, it is not necessary to interview siblings of victims in these cases, unless they may have collateral information or have been within the access of the offender. Children residing in the home of the offender must be interviewed.

- Child maltreatment allegations on the following Priority I reports:
 - Abuse with a deadly weapon,
 - Bone fractures,
 - Brain damage/skull fracture,
 - Burns, scalding,
 - Cuts/bruises/welts if the victim is under age three (3) and the report comes from the medical community or law enforcement,
 - Death,
 - Failure to protect, only if it is the initial investigation of a new allegation that the offender failed to protect the child from sexual abuse,

The Crimes Against Children Division will complete the Health and Safety Assessment (CFS-6025) in accordance with Procedure II-E3. The agreement between DHHS and the Arkansas State Police requires that the Crimes Against Children Division (CACD) must comply with all applicable state and federal laws.

PROCEDURE (II-E12): DCFS and Law Enforcement Interfaces and Responses

When a custodian is arrested and can no longer care for his/her child(ren), law enforcement often contacts DCFS, which usually places the child(ren) in a foster home or licensed facility. However, if the arrest is NOT related to child maltreatment, DCFS has alternative response options. Some situations and appropriate DCFS responses include the following:

- When law enforcement arrests a custodian on a **CHILD MALTREATMENT RELATED** charge, (e.g. driving drunk with the child) the Family Service Worker will:
 - Take a 72-hour hold and place the child(ren) in a foster home or approved facility.
 - Initiate a dependency-neglect action by completing the affidavit and notifying the Office of Chief Counsel (OCC).
 - Determine if there is a non-custodial parent or other appropriate relative, who is NOT involved in the arrest and is willing and able to care of the child(ren). If so:
 - Do an emergency home study and background check of the non-custodial parent or other relative, and
 - Submit the written home study to the court with a recommendation that it give custody to that parent or other relative, if appropriate, based on the home study and background check.
 - The child(ren) must remain in approved out-of-home care until the court grants custody to the non-custodial parent or relative.
- When law enforcement arrests a custodian for reasons **NOT RELATED TO CHILD MALTREATMENT** (e.g. writing bad checks) the Family Service Worker will:
 - Determine if there is another custodian, who is willing and able to care for the child(ren).
 - If there is a custodian with equal or joint custody, allow the child(ren) to remain with that custodial parent.

NOTE: A divorced custodian must show proof of equal or joint Custody.

- If there is no other custodian AND the child has been or is about to be placed with the custodial parent's approval with a non-custodial parent, relative or other person with whom the family has a relationship, the Family Service Worker will:
 - Allow placement to be made or to continue, only with the parent's approval and ONLY if there is no reason to believe that the placement is inappropriate.

NOTE: If there is any reason to believe that the placement may be inappropriate, the FSW will take custody and place the child(ren) in an approved foster home or licensed facility.

Follow-up within 72 business hours by doing a:

- Criminal background check
- Central Registry check
- Individual interviews with each child and
- A visual inspection of the home

PROCEDURE (II-E13): Child Residency Following Alleged Child Maltreatment

At the beginning of every DCFS child maltreatment investigation and in investigations in which CACD has identified a health or safety problem, the FSW will conduct a complete Health and Safety Assessment, to include the Health and Safety Checklist (CFS-6025), to determine whether or not the child(ren) is safe remaining in the family residence. (Refer to Procedure (II-E3).

- If it is determined that the child's health or safety is at RISK, the following options are available:
 - DCFS takes custody and places the child(ren) in an approved foster home or licensed facility.
 - The child(ren) may remain in the residence with a non-offending custodian if:
 - The alleged offender is legally restricted from contact with the child(ren) by:
 - An "Order of Less Than Custody" (see Glossary) obtained by DCFS, or
 - A "Restraining Order of Protection" obtained by the non-offending custodian.

NOTE: The order must be served on the alleged offender before the child will be allowed to remain in the residence.
 - AND there is no reason to suspect that the non-offending custodian will allow the alleged offender access to the child(ren).
 - The non-offending custodian and child(ren) may enter a shelter or other setting (e.g. grandparents) to which the alleged offender has no access if there is no reason to suspect that the non-offending custodian will allow the alleged offender access to the child(ren).
- If it is determined that the child's health and safety are NOT at risk, the following options are available:
 - The child(ren) may remain in the family residence, OR
 - The child(ren) may be placed with another caretaker of the non-offending custodian's choosing.

POLICY (II-F): MEDICAL NEGLECT OF A DISABLED INFANT

The Division of Children and Family Services shall maintain sufficient contact with health care facilities to facilitate communication between those facilities and the Division in order to enable the health care facilities to report suspected medical neglect of a disabled infant.

PROCEDURE (II-F1): Medical Neglect of a Disabled Infant

The **Family Service Worker** will:

- Make telephone inquiry to the health care facility immediately upon receipt of an allegation of suspected medical neglect of a disabled infant to determine if:
 - the infant has a life threatening condition,
 - the parents have refused to consent to treatment,
 - the treating physician recommended treatment, and
 - the facility's infant care review committee has analyzed the child's health and family circumstances.
- Contact the Child Protective Services Field Assistance Unit immediately to arrange an assessment by the contracted physician.
- Contact OCC if a parent will not sign a release to allow DCFS to examine medical records or obtain an independent medical examination of the infant.

POLICY (II-G) RETENTION OF ASSESSMENT FILES

Central Registry will indefinitely retain all child maltreatment assessment files (true and unsubstantiated) included in the automated data system. DCFS county offices and the Crimes Against Children Division are to retain a hard copy of all true child maltreatment reports. The Department is permitted to keep information on unsubstantiated reports in its automated casework files for the purpose of ascertaining future risk and safety. Hard copy records of unsubstantiated reports are not part of Central Registry. They will be destroyed by the investigating agency at the end of the month in which the determination is made.

Information from unsubstantiated reports may not be disseminated outside of the Department, except for release to the prosecutor, to a subject of a report or to the court if the information in the record is necessary for a determination of an issue before the court. Screened out reports of child maltreatment will be treated as if they are unsubstantiated and will not be released to anyone external to DCFS.

PROCEDURE (II-G1): Retention of Assessment Files

The County Supervisor or Team Coordinator will:

- Ensure that all assessments with a true disposition will be securely stored in the county office.
- Verify and respond to all valid requests for information from a Prosecuting Attorney who is prosecuting a case of malicious reporting.

POLICY (II-H) COMMUNITY NOTIFICATION OF SEX OFFENDERS

Upon notification to DCFS by law enforcement of the presence of a sex offender, the Division is responsible to notify foster parents and families on whom the Division has active cases, if an offender moves into their neighborhood.

No child may be home schooled if any person residing in the home with the child is required to register as a sex offender. Upon petition to the sentencing court from the child's parent or guardian, the sentencing court may enter a written order specifically waiving this restriction. This restriction shall not apply if the child to be home schooled is the person registered as the offender.

PROCEDURE (II-H1): Notification of Sex Offenders

Upon notification, the **Family Service Worker** will:

- Notify foster parents or families on whom we have active cases that an offender has moved into their neighborhood.
- Document in the case record that notification has been provided either by giving the foster parent or family on whom we have an active case a copy of the flyer provided by law enforcement, or by verbally providing the information contained in the flyer that an offender has moved into their neighborhood.
- Make a report to the Child Abuse Hotline of substantial possibility of severe maltreatment if it is alleged that the offender is living in the home with children or otherwise being allowed unsupervised access. In such instances, confirmation must be obtained from law enforcement that this person is indeed a registered sexual offender against children before the report will be considered valid.

Lack of supervision reports will not be handled any differently due to the presence of an offender in the neighborhood.

- File a twenty (20) day petition to bring the matter to the attention of the court if it is confirmed that the offender is living in a home with children or otherwise has unsupervised access to them, unless the parent agrees to steps outlined by DCFS to protect the children, regardless of whether a disclosure of sexual abuse is obtained. Some examples of steps outlined to protect the children would be to remove the children from the home, request that the offender leave the home or cease allowing the sexual offender access to the children.
- Notify the offender's probation or parole officer that the offender is living in a home with children or has unsupervised access to them.
- Document in court-ordered and Interstate Compact home studies, the presence of a sex offender in the neighborhood, along with a statement that the family is aware of the offender's presence and is fully informed regarding any possible risks to children in the community.

POLICY(II-I): FAMILY IN NEED OF SERVICES (FINS)

A.C.A. §9-27-303 defines “Family In Need of Services” (FINS) as any family whose juvenile evidences behavior which includes, but is not limited to, the following:

- Being habitually and without justification absent from school while subject to compulsory school attendance;
- Being habitually disobedient to the reasonable and lawful commands of his parent, guardian, or custodian; or
- Having absented himself from the juvenile’s home without sufficient cause, permission, or justification.

Family services are provided in order to:

- Prevent a juvenile from being removed from a parent, guardian, or custodian;
- Reunite the juvenile with the parent, guardian, or custodian from whom the juvenile has been removed; or
- Implement a permanent plan or adoption, guardianship, or rehabilitation of the juvenile.

Family Services Provided to a Juvenile or the Family

Services should be designed to address the issues that resulted in the FINS case and may include, but are not limited to:

- Child Care
- Homemaker services
- Crisis counseling
- Cash assistance
- Transportation
- Family therapy
- Physical, psychiatric, or psychological evaluation
- Counseling
- Treatment.

Disposition-Family in Need of Services

If a family is found to be in need of services, the circuit court may enter an order making one of the following dispositions:

(1) Order family services:

- To rehabilitate the juvenile and his or her family. If the Department of Health & Human Services is the provider for family services, the family services shall be limited to those services available by the Department’s community-based providers or contractors, excluding the contractors with the Division of Children and Family Services of the Department of Health & Human Services, and Department services for which the family applies and is determined eligible; and
- To prevent removal when the Department is the provider for family services, the court shall make written findings outlining how each service is intended to prevent removal.

(2) If it is in the best interest of the juvenile and because of acts or omissions by the parent, guardian or custodian, removal is necessary to protect the juvenile’s health and safety, transfer custody to the Department. (This action may serve to reduce the number of foster care entries based solely of juveniles who are truant when acts or omissions of their parents is not a factor.)

At least five (5) working days prior to ordering DHHS, excluding community-based providers, to provide or pay for family services, the court shall fax a written notice of intent to the Director of the Department of Health & Human Services and to the attorney of the local Office of Chief Counsel of the Department of Health & Human Services.

The court shall not specify a particular provider for placement or family services, when DHHS is the payor or provider. In all cases in which family services are ordered, the court shall determine the parent's, guardian's, or custodian's ability to pay, in whole or in part, for these services. This determination and the evidence supporting it shall be made in writing in the court order ordering family services. If the court determines that the parent, guardian, or custodian is able to pay, in whole or part, for the services, the court shall enter a written order setting forth the amounts the parent, guardian, or custodian can pay for the family services ordered and ordering the parent, guardian, or custodian to pay the amount periodically to the provider from whom family services are received.

DCFS can ONLY be ordered to provide family services in a FINS case when the court finds that services are needed to prevent removal of the child from the home because of child maltreatment. The juvenile code grants the court the power to order family services without specifying the type of service, i.e., protective services or supportive services. The court will issue an order for family services, and DCFS is to provide those services. If there is not a finding of child maltreatment on the family, and the court determines that the family needs preventative services due to a risk of child maltreatment, open a supportive services case. If there is a true finding of child maltreatment open a protective services case.

Removal of Juvenile

Before a juvenile court may order any dependent-neglected juvenile or FINS juvenile removed from the custody of his or her parent, guardian, or custodian and placed with the Department of Health & Human Services or other licensed agency responsible for the care of juveniles or with a relative or other individual, the court shall order family services appropriate to prevent removal, unless the health and safety of the juvenile warrant immediate removal for the protection of the juvenile.

When the court orders a dependent-neglected or FINS juvenile removed from the custody of a parent, guardian, or custodian and placed in the custody of the Department or other licensed agency responsible for the care of juveniles or with a relative or other individual, the court shall make these specific findings in the order:

In the initial order of removal, the court must find:

- Whether it is contrary to the welfare of the juvenile to remain at home;
- Whether the removal of the juvenile is necessary to protect the health and safety of the juvenile, and the reasons for the removal; and
- Whether the removal is in the best interest of the juvenile.

Within sixty (60) days of removal, the court must find:

- Which family services were made available to the family before the removal of the juvenile;
- What efforts were made to provide those family services relevant to the needs of the family before the removal of the juvenile, taking into consideration whether or not the juvenile could safely remain at home while family services were provided;
- Why efforts made to provide the family services described did not prevent the removal of the juvenile; and
- Whether efforts made to prevent the removal of the juvenile were reasonable, based upon the needs of the family and the juvenile.

Where the state agency's first contact with the family has occurred during an emergency in which the juvenile could not safely remain at home, even with reasonable services being provided, DCFS shall be deemed to have made reasonable efforts to prevent or eliminate the need for removal.

Where the court finds the Department's preventive or reunification efforts have not been reasonable, but further preventive or reunification efforts could not permit the juvenile to remain safely at home, the court may authorize or continue the removal of the juvenile but shall note the failure by the Department in the record of the case.

In all instances of removal of a juvenile from the home of his parent, guardian, or custodian by a court, the court shall set forth in a written order:

- The evidence supporting the decision to remove;
- The facts regarding the need for removal; and
- The findings as mentioned above.

The written findings and order shall be filed by the court or by a party or party's attorney as designated by the court within thirty (30) days of the date of the hearing at which removal is ordered or prior to the next hearing, whichever is sooner.

The court may provide that any violation of its orders shall subject the parent, both parents, the juvenile, custodian or guardian to contempt sanctions.

Custody of a juvenile shall not be transferred to the Department when a delinquency petition or case is converted to a FINS petition or case.

PROCEDURE (II-I-1): Family in Need of Services

The **Family Services Worker** will:

- Be assigned to a FINS case by the County Supervisor. OCC will fax the County Supervisor the written notice of intent from the court. The court must fax written notice of intent five (5) working days prior to ordering the Department of Health & Human Services, excluding community-based providers, to provide or pay for family services.
- Determine the appropriate case that should be opened to provide services.
- Open the appropriate case for service (see Policy III-A Services Case Opening and Re-evaluation).
- Make a request for OCC to file a 20-day petition if the family is resistant.

III. SERVICES CASE OPENING

POLICY (III-A): SERVICES CASE OPENING AND RE-EVALUATION

The Division of Children and Family Services will open cases to ensure safety and promote the best interest of the child and to provide services to strengthen, reunify, and assist families. This will be accomplished through the delivery of Supportive, Protective, Adoptive (See Section VIII for Adoptive Services) or Out-of-Home Placement Services as deemed appropriate by assessment. The purpose of services shall be to provide the child with a continuous and stable living environment, promote family autonomy, strengthen family life where possible and promote the reunification of the child with the parent, guardian or custodian, when applicable.

Families have a right to appeal the decision of the Division regarding service delivery, eligibility for services, Protective Services, or Adoptive services.

The Division will ensure a determination of Title IV-E/ Medicaid eligibility is obtained for each child placed in an out-of-home setting or subsidized adoption. When a child is removed from his home, a judicial determination as to whether reasonable efforts were made or were not required to prevent removal must be made no later than sixty (60) days from the date the child is removed from the home. Eligibility for Title IV-E foster care maintenance payments will be based on the following requirements:

- (1) The child was removed from the home of a specified relative pursuant to judicial determination to the effect that:
 - Continuation in the residence in the home would be contrary to, or that the placement would be in the best interest, of the child. The contrary to the welfare determination will be made in the first court ruling that sanctions (even temporarily) the removal of a child from the home. If the determination regarding “contrary to the welfare” is not made in the first court ruling pertaining to removal from the home, the child will not be eligible for Title IV-E maintenance subsidy for the duration of that stay in foster care; and
 - A finding of or a deeming of reasonable efforts is required. The judicial determination must state that reasonable efforts to prevent a child’s removal from home or to reunify the child and family are not required.
- (2) The child’s placement and care in a foster family home or childcare institution is the responsibility of either DHHS or any other public agency with whom DHHS has an agreement. (Child care institution means a private child care institution, or a public child care institution which accommodates no more than 25 children, and is licensed by the State in which it is situated or has been approved by the agency of such State or tribal licensing authority (with respect to child care institutions on or near Indian reservations) responsible for licensing or approval of institutions of this type as meeting the standards established for such licensing. This definition must not include detention facilities, forestry camps, training schools, or any other facility operated primarily for the detention of children who are determined to be delinquent.) The licensing file must contain documentation that verifies that safety considerations with respect to the staff of the institution have been addressed, and,

- (3) The child received aid (for the purposes of the FSPP Manual “aid” is defined as AFDC program requirements in effect 7-16-1996) in or for the month in which court proceedings leading to the removal of the child from the home were initiated, or would have received aid in or for the month if application for such aid had been made, or had been living with a specified relative within six (6) months prior to the month in which court proceedings were initiated, and would have received aid in or for such month if the he/she had been living with such relative and an application had been made for aid under Title IV-A.

In any case where the child is an alien disqualified by the Immigration and Nationality Act from receiving aid in or for the month in which court proceedings leading to the removal of the child from the home were instituted, such child shall be considered to satisfy the requirements with respect to that month, if he or she would have satisfied such requirements but for such disqualification. The Office of Chief Counsel (OCC) will be consulted if the child’s immigration status must be addressed in any manner.

- (4) The child was living with a specified relative prior to removal from the home and was AFDC eligible (per AFDC requirements in effect 7-16-1996) for in that home in the month of the initiation of court proceedings. Or the child had been living with the parent or specified relative within (6) months of the month of the initiation of court and the child would have been AFDC eligible in that month if he or she had still been living in that home.

A child of a parent who is under the age of eighteen (18) years and is in DHHS custody is also considered a dependent juvenile and is eligible to receive foster care maintenance payments and is deemed to be a recipient of aid to families with dependent children. Titles XIX and XX services will be available to the child in the state in which the child resides.

The state of Arkansas is not a voluntary placement state nor does it implement constructive removals. The removal of a child from his home must occur pursuant to a judicial order placing custody of the child with the Department.

POLICY (III-B) COORDINATION WITH THE OFFICE OF CHILD SUPPORT ENFORCEMENT

The Division of Children and Family Services (DCFS) will coordinate with the Office of Child Support Enforcement (OCSE) to ensure that foster care cases are referred so that support can be paid to the Department of Health & Human Services (DHHS) while the child remains in DHHS custody. Foster care cases in which paternity is an issue will also be identified and referred. A referral for child support will be made for each parent involved in a foster care case meaning the parents the child was removed from, absent parents and putative fathers.

The IV-E/Medicaid Eligibility Unit will refer foster care cases to OCSE by sending copies of the CFS-408 (The Federal Parent Locator System Information) with family identifying information. In addition, the IV-E/Medicaid Eligibility Unit will submit all emergency and/or custody orders to OCSE upon receipt from the Office of Chief Counsel. The Family Service Worker will provide referral information as needed and coordinate with OCSE after an OCSE (IV-D) case is opened. Once an OCSE case is opened, OCSE has responsibility to coordinate with the support payer and for arranging and paying for paternity testing.

Child support monies will be paid to and managed by the Department of Health & Human Services. Child support monies collected will be used to reimburse the state for foster care board payments and other expenses as appropriate.

PROCEDURE (III-B1) DCFS Coordination with OSCE:

The **Family Service Worker** will:

- Fill out the CFS-408 (Federal Parent Locator System Information) and submit it to the IV-E/Medicaid Eligibility Unit to refer a foster care case to OCSE as early as possible.
- Be the contact person with authority to advise OCSE on the status of the family and case as casework progresses.
- Receive and act on notices, e.g. requests for information (CFS-408) sent by OCSE.
- Notify OCSE when parental rights have been terminated so the child support case can be closed.
- Advise OCSE when custody changes and the child leaves foster care.
- Provide OCSE with the following information when custody changes:
 - Where the child is placed.
 - Where child support payments are to be sent.

NOTE: Child support payers will remit their child support to DHHS P. O. Box 8181, Little Rock, AR 72203.

POLICY (III-C) CLIENT DRUG SCREENING

The Division of Children and Family Services (DCFS) will conduct drug screening of clients (e.g. parents, caretakers) to comply with court orders and when appropriate during a child maltreatment investigation or during the course of a protective service, foster care or adoption case.

A DCFS Case worker may have reasonable suspicion that the child's parent(s) or caretaker(s) are using an illegal substance. Then, the caseworker may request that the parent(s) or caretaker(s) submit to a drug-screening test. The parent(s) or caretaker(s) may decline the drug-screening test and their refusal **MUST** be documented in CHRIS. If they decline, the test may **NOT** be pursued further without a court order.

DCFS staff will only conduct urine specimen drug-screening tests. Hair samples, blood tests, or other tests that are court ordered will be handled on an individual basis under purchase order. Under **NO** circumstances, shall a DCFS worker request any test other than urine specimen testing for the purposes of identifying illegal substance use.

All data, information, and results related to client drug testing are confidential. Disclosure of information will only be to those individuals whose official business duties necessitate disclosure or as required by law. Breaches of confidentiality will constitute grounds for disciplinary action to include the possibility of job termination.

PROCEDURE (III-C1) Client Drug Screening

The **Family Service Worker, County Supervisor, Area Manager or court** will:

- Refer for drug testing;
- Clients who are court ordered for drug testing and clients who need drug testing based upon establishing reasonable suspicion using information gathered during the child maltreatment investigation, including from the Health and Safety Assessment (CFS-6025) and/or the Risk Assessment (CFS-6026) **OR** during the course of a protective service, foster care or adoption case.

Note: Workers may request random drug testing based on their assessment of the situation (reasonable suspicion).

The **Family Service Worker, County Supervisor, or Area Manager** will:

- Notify the tester that the client is in the office for drug testing.
- Report the results to the requesting party.
- If the result of the client's drug test is **positive** for illegal/controlled substances, refer the client to available substance abuse treatment services.

The **Tester** will:

- Schedule a client's test no more than 48 hours after receiving the referral. Exceptions must be approved by the Area Manager or above.
- Administer the drug test only according to procedures outlined in the American BioMedica Rapid Drug Screening information below, and the training provided by American BioMedica Corporation (ABMC). Refer to **Attachment 1**, (Rapid Drug Screen and Rapid One Instructions) and **Attachment 2**, (Chain of Custody Form) for additional information.

- Written testing instructions provided by ABMC shall be kept in a binder clearly identified as such in all county offices. The tester is responsible for maintaining all updates to the testing instructions. **In no instance shall an employee who has not completed drug-testing (ABMC) training be allowed to administer a drug test to a client.**

To administer the test, **the Tester will:**

1. Refer to **Attachment 3**, (Rapid Drug Screen Quick Reference Guide) and **Attachment 4**, (Rapid Check Quick Reference Guide) for test procedure, interpreting results and other testing information.
2. Put the client's purse/pouch and jacket away. Also, **ALL** of the client's pockets will be emptied. The tester will observe, but not touch, each the client's pockets to ensure that they are empty. The **ONLY** item the client may take into the restroom stall is the collection container.
3. Escort the client to the restroom. Directly observe the clients wash their hands **without** soap.
4. Give the client only the collection container. The client **must not** have access to the test Reader. Instruct the client to fill the cup to the marked line. The tester will observe the client enter the restroom stall, close the stall door to give privacy to the person being tested and remain immediately outside the stall. The tester will not directly observe the client in the process of urination.
5. If the client has difficulty giving a specimen, have the client drink at least 8 - 10 ounces of water and wait up to two (2) hours for the client to give a urine specimen. Do not attempt to do the drug test if a minimum of three (3) hours are not left in the workday.
6. Under normal circumstances, limit the entire testing process to not exceed thirty (30) minutes. (If the client has difficulty giving a specimen, refer to instruction 5. above or reschedule the drug test.)
7. After the cup has been returned to the tester, visually examine the specimen. Suspicion of adulteration and/or dilution should be verified by use of the appropriate test.
8. Air dry the specimen test strip, initial it, make photocopy, and insert the test strip into the Reader.
Note: Readers must be calibrated prior to each use. If the test is positive, follow instruction 10. If your office does not have a reader, put the test strip in the plastic bag and place it in locked file.
9. Complete **Attachment 5**, (Results of Controlled Substance Test) and sign the form. Also, have the client sign the form. Document the result of the test on **Attachment 5** (Results of Controlled Substance Test), and **Attachment 6**, (DCFS Drug Screening Log). If the specimen test results are positive and the client challenges the result, offer to retest.

The drug screening test kits used in the county offices are highly accurate.

DCFS will only pay for three (3) client challenges by any one client. If the client persists in challenging the results beyond the third test, advise the client that he/she will have to bear the cost of any additional tests.

If the test results are challenged 3 times, send **one** challenged specimen to the lab with the completed Chain of Custody form. (See instruction 14. below for additional information.) The court can order each screen to be verified.

Challenges do **NOT** have to be in consecutive order.

10. If the result of the client's drug test is positive for controlled substances and is challenged by the client, prepare the urine specimen for laboratory testing.
 - Notify the Office of Program Support, Program Coordinator, that the collection will be sent for further testing, by faxing a copy of the **Chain of Custody** to 501-683-2610, **prior** to the urine specimen being sent to the lab.
 - Check for leakage of the collection device prior to mailing/sending the specimen for confirmation testing; and
 - Use the supplied mailer envelopes to send the challenged, positive, urine specimens to:
Scientific Testing Laboratories
463 Southlake Boulevard
Richmond, VA 23236
 - If you need to contact the lab, use phone number: 1-800-977-9130

NOTE: The lab will **not** process urine specimens that are received without proper identification.

11. If the client does not challenge the results of the test, return the specimen cup to the client **after** the specimen has been tested and the results documented. The client will dispose of the contents in the toilet or urinal, flush, and discard the container in the designated trash container.

WARNING: Do **NOT** dispose of a urine specimen that needs to be sent to Scientific Testing Laboratories for further testing.

12. Give the client a copy of the completed **Attachment 5**, (Results of Controlled Substance Test) with the results documented.
13. Send the DCFS worker a copy of the completed **Attachment 5**, (Results of Controlled Substance Test) with the results documented within **24 hours**.
14. If contested, documentation of the chain of custody of urine specimens taken from test subjects shall be verified by affidavit of one (1) person witnessing the procedure or extraction, packaging, and mailing of the samples and by one (1) person signing for the samples at the location where the samples are subject to the testing procedure.

Submission of the affidavits, along with the submission of the test results, shall be competent evidence to establish the chain of custody of those urine specimens.

- For a court ordered test, a written report of the test results may be prepared by the person conducting the test, or by a person under whose supervision or direction the test and analysis have been performed.
- This report must be certified by an affidavit subscribed and sworn to before a notary public.
- This report may be introduced in evidence without calling the person as a witness, unless a motion challenging the test procedures or results has been filed within thirty- (30) days before the hearing and bond is posted in an amount sufficient to cover the costs of the person's appearance to testify.
- Whenever a court orders scientific testing for drug or alcohol abuse and one (1) of the parties refuses to submit to the testing, that refusal shall be disclosed to the court.

The Tester in each county office will:

- Maintain an adequate supply of testing materials, to include copies of all attachments identified in Procedure (III-C1). The supplies will be kept in the county office. Additional copies of attachments may be obtained by contacting the Program Support Office Coordinator, at phone number 501-682-8439.
- Monitor closely the specimen collection supplies. The supplies on hand should never fall below 15 kits. The expiration date should be clearly marked on each drug screening kit. Kits past their expiration dates will **NOT** be used. Notification of needed supplies and supply questions will be addressed to the Office of Program Support, Program Coordinator, 501-682-8439.
- Use new supplies only after current supplies are depleted. Contact the Program Coordinator if the county has several kits nearing expiration. Under no circumstances shall a kit be used past its expiration date.
- Store the drug-screening kits at room temperature.
- Maintain and have a DCFS Drug Screening Log (**Attachment 6**) and Reader available for inspection at all times.
- Address questions regarding equipment to American BioMedica Corporation at phone number 1-913-667-3930.

- Continuance in the home is contrary to the welfare of the child, or that placement would be in the best interest of the child, and
- Reasonable efforts to prevent a child's removal from home or to reunify the child and family are not required.
- If the child has been placed in foster care in a state outside the state in which the child's parent(s) are located, assure that the case worker of either state visits the foster home or institution no less frequently than every twelve (12) months and submits a report on the visit to the state agency of the state where the home of the child's parent(s) is located.

- Decide if the family is appropriate for a referral for IFS.

PROCEDURE (V-E2): Referral

The **Family Service Worker** will:

- Refer families to the IFS Practitioner on the “Intensive Family Services Referral Form” (CFS-345).
- Accompany the IFS Practitioner to a joint introductory session with the family.
- Provide the IFS Practitioner with a copy of the completed “Strengths and Needs Assessment” (CFS-6009) and other pertinent information about the family as appropriate.

The **IFS Practitioner** will:

- Within 24 hours of receipt of the referral, hold a joint introductory session with the family and the Family Service Worker.
- Within 72 hours of receipt of the referral complete an assessment of the family to determine if IFS is appropriate and the short-term crisis intervention services can be of benefit to the family.
- Within 72 hours of receipt of the referral, recommend to the County Supervisor if the family is appropriate for IFS on the “Intensive Family Services Referral Form” (CFS-345).

Assessment for IFS will focus on:

- The potential that the health and safety of the child and other family members can be assured by frequent home visits, counseling, and other support services.
- The potential that meeting the critical needs of the child will increase to an acceptable level.
- The potential that the parents or caregivers can recognize the needs of the child and their ability to nurture and protect the child.
- The parents or caregivers are present and are willing to accept help.

PROCEDURE (V-E3): Service Provision

If IFS is appropriate:

The **County Supervisor** will:

- Add IFS to the Service Log.
- Delete IFS from the Service Log after termination of IFS.

The **IFS Practitioner** will:

- Provide services in accordance with the IFS Program Description.
- Provide services on a frequent, often daily, basis within the family’s home.
- Be available to the family 24 hours a day, 7 days a week by beeper or telephone.
- Provide services at times convenient to the family.
- Provide services to only 2 to 4 families at a time.
- Provide a mixture of counseling and support services, as appropriate to the family’s needs.

- Provide IFS for a maximum of 6 to 12 weeks, as appropriate to the family's needs.
- Devote 75% of work time to direct contact with the family.
- Document the services provided to the family. Documentation includes:
 - A completed "Intensive Family Services Referral Form" (CFS-345) and assessment of the family within 72 hours of receipt of the referral from the County Supervisor;
 - A completed individualized Family Action Plan within 2 weeks of initiation of IFS;
 - Dated narratives on the types of services provided and the family's progress;
 - Completed "IFS Family Counselor's Time Record" (CFS-347);
 - A Transition Plan describing the family's continued needs after IFS and the linkages established to meet those needs 2 weeks prior to the termination of IFS;
 - A final report on the family's progress and continued needs within one week of termination of IFS;
 - Any additional reports requested by the Division.
 - Provide follow-up services once a month for three months after termination of IFS, and again at six months after termination of IFS; provide brief reports to the County Supervisor on the status of the family.
- Maintain confidentiality in accordance with the "Arkansas Child Maltreatment Act" (Ark. Code Ann. 12-12-501 et. seq.), and the specific privileged communications standard, i.e., the health and safety of the child shall be paramount. Any privileged communications between husband and wife or between any professional person, except lawyer/client and between a minister, including a Christian Science Practitioner, and any person confessing to or being counseled by a minister, shall not constitute grounds for excluding evidence at any proceeding regarding child abuse, sexual abuse, or neglect of a child.

No privilege, or contract, shall prevent anyone from reporting child maltreatment when the person is a mandated reporter. (See Glossary.)

No privilege shall prevent anyone, except between a client and his lawyer or minister or Christian Scientist Practitioner, from testifying concerning child maltreatment.

VI. SERVICES TO REUNIFY FAMILIES

POLICY (VI-A): OUT-OF-HOME PLACEMENT CRITERIA

The state of Arkansas is not a voluntary placement state. The removal of a child from his home must occur pursuant to a judicial order placing custody of the child with the Department. When a child is in the custody of the Department of Health & Human Services, DCFS shall ensure that the out-of-home placement is in the best interest of the child, is the least restrictive possible and is matched to the child's physical and therapeutic needs. A child of a parent who is under the age of eighteen (18) years, and is in DHHS custody, is also considered a dependent juvenile and is eligible to receive foster care maintenance payments and is deemed to be a recipient of aid to families with dependent children. Titles XIX and XX services will be available to the child in the state in which the child resides. No child shall be placed in the home of a foster parent where a records check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children (including child pornography), or a crime involving violence, including rape, sexual assault or homicide. No child shall be placed in the home of a foster parent if the record check reveals a criminal conviction for physical assault, battery, or a drug related offense, if the offense was committed within the past five years. The placement decision shall be based on an individual assessment of the child's needs. All efforts to place a child within Arkansas shall be thoroughly explored and documented before consideration is given to out-of-state placement. Relatives shall be considered for placement first.

After the Department removes the child or the court grants custody of the child to the Department, the child shall be placed in a licensed or approved foster home, shelter, or facility, or an exempt child welfare agency as defined at A.C.A. § 9-28-402. The court shall not specify a particular provider for placement of any foster child.

In an effort to preserve family connections, a child in foster care may be placed in a Provisional Relative Foster Home if a relative has been identified and is appropriate. A "Provisional Foster Home" means a foster home opened for no more than six (6) months by DCFS for a relative of a child in the custody of the division after the division conducts (a) A health and safety check, including a central registry check, a criminal and local background check on the relative and the appropriate people in the relative's home, a vehicle safety check and (b) A visual inspection of the home of the relative.

"Relative" means a person within the fifth degree of kinship by virtue of blood or adoption. See Policy VI-J and Procedure VI-J1 to discuss placement options with the relative.

The child is in the custody of the department, therefore, the child shall remain in a licensed or approved foster home, shelter or facility until the relative's home is opened as a provisional home, regular foster home or the court grants custody to the relative or person after a written approved home study is presented to the court.

If the relative opts to have his or her home opened as a Provisional Foster Home, the relative shall not be paid a board payment until the relative meets all of the licensing requirements and DCFS standards and is opened as a regular foster home. Until the relative's home is opened as a regular foster home, the relative may apply for and receive benefits for which the relative may be entitled due to the placement of the child in the home, such as benefits under the Temporary Employment Assistance (TEA) Program or food stamps.

If the relative's home is not fully licensed as a foster home after six (6) months of the placement of the child in the home (i.e. meet all requirements and is fully approved as a foster family home): (a) The department shall remove the child from the relative's home and close the relative's provisional foster home or (b) The court shall remove custody from the department and grant custody of the child to the relative.

The court shall not specify a particular provider for placement or family services, when DHHS is the payer or provider. In all cases in which family services are ordered, the court shall determine the parent's, guardian's, or custodian's ability to pay, in whole or in part, for these services. This determination and the evidence supporting it shall be made in writing in the court order ordering family services. If the court determines that the parent, guardian, or custodian is able to pay, in whole or in part, for the services, the court shall enter a written order setting forth the amounts the parent, guardian, or custodian can pay for the family services ordered and ordering the parent, guardian, or custodian to pay the amount periodically to the provider from whom family services are received.

When it is in the best interest of each of the children, the Department shall attempt to place siblings together while they are in a foster care and adoptive placement. When it is in the best interest of each of the children, the Department shall attempt to place together infants with minor mothers who are in foster care. Relatives of children placed in the custody of the Department shall be given preferential consideration for placement, if the relative caregiver meets all relevant child protection standards and it is in the child's best interest to be placed with the relative caregiver. In order to assist in placing the child with an appropriate relative, the court will order the parent(s) to provide the following information to the Department:

- The names, addresses, and phone numbers of any relatives who may be placement resources for the child;
- The names, addresses, and phone numbers and other identifying information on any putative father(s) of the child;
- Any information regarding possible membership or descent from an Indian tribe;
- Information necessary to determine financial eligibility for services or foster care.

Placement or custody of a child in the home of a relative shall not relieve the Department of its responsibility to actively implement the goal of the case. See Policy VI-J (Out-of-Home Non-DHHS Custody/Relative Placements).

If the relative meets all relevant child protection standards and it is in the child's best interest to be placed with the relative caregiver, the worker shall discuss with the relative the following two (2) options for placement of the child in the relative's home:

- (1) The relative becoming a DHHS relative foster home; or
- (2) The relative obtaining legal custody of the child.

The child shall remain in a licensed or approved foster home, shelter, or facility, or an exempt child welfare agency as defined at A.C.A. § 9-28-402(12), until the relative's home is opened as a Provisional Relative foster home or regular foster home or the court grants custody of the child to the relative after a written approved home study is presented to the court.

If the court grants custody of the child to the relative:

- (A) The child shall not be placed back in the custody of the Department while remaining in the home of the relative;
- (B) The relative shall not receive any financial assistance, including board payments, from the Department, except for financial assistance for which the relative has applied and for which the relative qualifies pursuant to the program guidelines, such as the Transitional Employment Assistance Program, Food Stamps, Medicaid, and federal adoption subsidy; and
- (C) The Department shall not be ordered to pay the equivalent of board payments or adoption subsidies to the relative as reasonable efforts to prevent removal of custody from the relative.

Children who are in the custody of the Department shall be allowed trial placements with parents, for a period not to exceed thirty (30) days. At the end of the thirty (30) days, the court shall either place custody of the child with the parent or the Department shall return the child to a licensed or approved foster home, shelter, or facility, or an exempt child welfare agency as defined in A.C.A. § 9-28-402.

When a child leaves the custody of the Department and the court grants custody to the parent or another person, the Department is no longer legal custodian of the child, even if the Juvenile Division of Circuit Court retains jurisdiction.

Placement shall be chosen:

- To ensure the health and safety of a child;
- To ensure that caretakers have the skills and training sufficient to deal with the child's special needs and any disabling condition; and
- To keep the child in close proximity to the family, if possible, to maintain enrollment in the school the child attended before placement.

The Department shall make reasonable efforts to:

- Maintain the family unit and prevent the unnecessary removal of a child from his home, as long as the child's safety is assured;
- Effect the safe reunification of the child and family (if temporary out-of-home placement is necessary to safety of the child); and
- Make and finalize alternate permanency plans in a timely manner when reunification is not appropriate or possible. In determining reasonable efforts to be made with respect to a child and in making such reasonable efforts, the child's health and safety is of paramount concern.

Within 30 days of a child being placed in DHHS custody, the Division will provide the parents with literature, verbal information, and referrals to programs for parenting, child abuse, substance abuse, sexual abuse and family planning.

After a child is placed out of the home, reasonable efforts will be made to reunify a family, to make it possible for the child to safely return home. A judicial determination pertaining to reasonable efforts to prevent removal must have been made within 60 days of the child's removal from the home, otherwise the child will not be eligible for Title IV-E foster care maintenance payments for the duration of his stay in foster care. Reasonable efforts to finalize an alternate permanency plan (i.e., place a child for adoption or with a legal guardian or permanent custodian) may be made concurrently with reasonable efforts to reunify a child with his family. Reasonable efforts shall also be made to obtain permanency for a child who has been in an out-of-home placement for more than twelve (12) months, or for fifteen (15) of the previous twenty-two (22) months.

Reasonable efforts to reunite a child with his parent(s) shall not be required in all cases. The court shall conduct and complete a hearing on a "no reunification services" request within fifty (50) days of the date of written notice to the defendants. However, upon good cause shown, the hearing may be continued for an additional twenty (20) days, and the court shall enter an order determining whether or not reunification services shall be provided. Reunification shall not be required if a court of competent jurisdiction, including the Juvenile Division of Circuit Court, has determined that the parent has:

- (1) Subjected the child to aggravated circumstances; (See Glossary for the definition of aggravated circumstances.)
- (2) Committed murder (which would have been an offense under section 1111(a) of Title 18, USC, if the offense had occurred in the special maritime or territorial jurisdiction of the United States) of any child;
- (3) Committed voluntary manslaughter (which would have been an offense under section 1112(a) of Title 18, USC, if the offense had occurred in the special maritime or territorial jurisdiction of the United States) of any child;
- (4) Aided or abetted, attempted, conspired, or solicited to commit such a murder or such a voluntary manslaughter;
- (5) Committed a felony, battery, or assault that results in serious bodily injury to any child; or
- (6) Had the parental rights involuntarily terminated as to a sibling of the child; or
- (7) Abandoned an infant (not the same as "Voluntary Delivery of an Infant", see Procedure VIII- E2).

If reasonable efforts to reunify are determined by a court to be unnecessary, a permanency hearing must be held within 30 days after the court's determination. If the court determines no reunification services will be provided due to aggravating circumstances or upon recommendation from the Division or Attorney Ad Litem at adjudication, the Family Service Worker will have case management responsibility until the child is placed in an adoptive home.

If the court recommends that reunification services should not be provided to reunite a child with his family, DHHS, the Attorney Ad Litem or the court shall provide written notice to the defendants. When DHHS is the agency requesting that no reunification services be provided, it will send the written notice to the defendants in coordination with OCC. The notice shall be provided to the parties at least fourteen (14) calendar days before the no-reunification hearing, and the notice shall identify in sufficient detail to put the family on notice, the grounds for recommending "no reunification services".

The burden of presenting the case shall be on the requesting party. The court shall conduct and complete a hearing on a “no reunification services” request within fifty (50) days of the date of written notice to the defendants. However, upon good cause shown, the hearing may be continued for an additional twenty (20) days.

PROCEDURE (VI-A1): Out-of-Home Placement Criteria

The Family Service Worker will:

- Consider placement with appropriate relatives in a Kinship Foster Home. (See Policy VII-A.)
- Place a child in a provisional relative foster home if a relative is identified and it is in the best interest of the child. A child may be placed in the home of a relative on a provisional basis for up to six (6) months pending the relative’s home being opened as a regular foster home. If the relative opts to have his or her home opened as a provisional foster home, the relative shall not be paid a board payment until the relative meets all of the requirements and is opened as a regular foster home. The child(ren), if age appropriate, should also be interviewed about the placement with the relative to determine how the child feels about the placement..
- NOTE: The child is in the custody of the department, therefore, the child shall remain in an approved foster home or licensed shelter or facility, until the relative’s home is opened as a provisional home.
- Conduct a review of the home that will include a visual inspection of the home, an expedited Central Registry Check, criminal and local background check and a vehicle safety check. All criminal background checks for Provisional Relative Foster Homes must be submitted to the DCFS Foster Care Unit by completing the CFS 342A (Foster Care Criminal Record Check) to receive expedited results. The CFS-342A can be faxed to the Foster Care Unit for expedited results, however, the fax must be accompanied by an email to the Foster Care Unit verifying that there is an original notarized copy of the CFS-342A in the possession of the Division. There is no fee for criminal background checks conducted for Provisional Relative Foster Homes.

The review of the home will also include the completion of the CFS-446 (In-Home Consultation Visit Report). The worker and supervisor will expeditiously review the background check results and the In-home consultation to determine if the home is a clean and safe environment for the child. The home will be approved as a Provisional Relative Foster Home if it is appropriate and in the child’s best interest. Place the child in the Provisional Relative Foster Home once the home is approved and the family has signed the CFS-474 (Provisional Foster Home Orientation Checklist). The worker and the family must complete any corrective actions necessary to bring the home into compliance with minimum licensing standards within six (6) months.

- Request an Alternative Compliance for a Provisional Relative foster home, if appropriate. However, there must be documentation that the Alternative Compliance will in no way jeopardize the health and safety of the child(ren) placed with the family. All Alternative Compliance requests must go up the chain of command and be reviewed by the County Supervisor, Area Manager, Program Administrator and Assistant Director of Community Services before being presented to the DCFS Director. The Alternative Compliance must be approved before the home can be approved and children placed in the home.
- Provide an orientation session with the family at the time of placing the child in the relative’s home. Complete the CFS- 474 “Provisional Foster Home Orientation Checklist” as part of the orientation. The relatives must sign the completed CFS-474 before the child is left in their home. Inform the family that they are eligible to receive reimbursement for Medicaid travel only.
- Provide an initial clothing order to the child if one is needed. When a child is first placed in foster care, an initial clothing order may be issued. The Family Service Worker will assess with the foster parent which clothing items are needed and issue the authorized amount of clothing allowance. Purchases will be made using the DHHS-1914 process. The FSW will accompany the foster parent to the store to approve the purchase.
- Complete all actions identified in Policy III-A “Services Case Opening and Re-Evaluation”. Complete the IV-E and Medicaid application as prescribed in Procedure III-A2.

- Complete all of the medical exam requirements for the child including the Comprehensive Health Assessment see Procedure VI-D1 "Comprehensive Health Assessment and Health Plan for Children Receiving Out-Of-Home Placement Services".
- Complete all case opening functions as outlined in Policy IV-A "Services Case Plan" and IV-B "Case Staffings."
- Visit the child in the relative's home as required in policy VII-C "Supervision of Children in Out-Of-Home Placement."
- Assist the relatives in applying for benefits. Until the relative's home is opened as a regular foster home, the relative may apply for and receive benefits for which the relative may be entitled due to the placement of the child in the home, such as benefits under the Temporary Employment Assistance Program or food stamps.
- Ensure that the family is completing the process for foster home approval. If the relative's home is not fully licensed as a foster home within six (6) months of the placement of the child in the home: (a) The department shall remove the child from the relative's home and close the relative's provisional foster home **or** (b) The court shall remove custody from the department and grant custody of the child to the relative.
- Assess the situation if the family does not come into compliance within six (6) months of the placement of the child in the home and recommend to OCC on how the case should proceed, i.e. remain in foster care or have a completed approved home study and recommend custody to the relative.

All Alternative Compliance requests must go up the chain of command and be reviewed by the County Supervisor, Area Manager, Program Administrator and Assistant Director of Community Services before being presented to the DCFS Director.

The Area Manager will:

- Review the request for alternative compliance
- Assure necessary documentation is included with the request.

If the request is appropriate, the Area Manager will:

- Prepare a cover memo to the Program Administrator
 - Place the words "Alternative Compliance Request" in the subject line along with the name of the foster or prospective adoptive parents and their county.
 - Summarize in the body of the memo (a) What action is being requested and the issues pertaining to the need for an alternative compliance request, e.g., age. (b) One or two statements why this request was supported by the Area Manager.
 - Include with the request:
 - (1) A copy of the current home study
 - (2) The date of the next court hearing
 - (3) Copies of the Central Registry Checks
 - (4) Copies of the State Police Checks
 - (5) A copy of the physical, if age is the issue
 - (6) Copy of the results of the FBI search, if residency is an issue
 - (7) If the issue is misdemeanor or felony activity, a written explanation by the prospective foster/adoptive parent explaining what the offense was, why the offense occurred and why the offense should not prevent the approval of the request.

The Program Administrator will:

- Review the request for appropriateness
- Forward the request to the Assistant Director of Community Services for review and submission to the DCFS Director.

The DCFS Director can approve an Alternative Compliance for a relative home on a case-by-case basis. Alternative compliances will only be approved in cases where there is clear documentation that the placement is in the best interest of the child. The DCFS Director may review and approve any requests for alternative compliance of DCFS Policy. The DCFS Director will review for appropriateness, requests for alternative compliance with CWAL standards, and will then forward the request to the Manager of the CWAL Unit, who will forward the request to the CWAL Board. Any requests for alternative compliance with CWAL regulations and standards can only be approved by the CWAL Review Board.

PROVISIONAL RELATIVE HOMES [Temporary Family Placement (No Board) Service in CHRIS]

The FSW caseworker must inform the Resource Worker of a relative who is interested in becoming a Provisional Relative Home for a child in foster care.

The Resource Worker must enter this family into CHRIS as a Provider opening two placement services: Temporary Family Placement (No Board) Service, and Foster Family Home Service. The Temporary Family Placement (No Board) Service must be quickly approved (once the necessary requirements are received), while the Foster Family Home Service has Applicant Status awaiting compliance (all required checks, certifications and training) for approval. In CHRIS, the family will have only one Provider Number showing two services provided by the family.

The Resource Worker will need to coordinate with the FSW to obtain demographic information on Family Members and enter the information into the CHRIS Provider screens.

In CHRIS:

[Note: Within the next six months, the family will be meeting all requirements to become a DCFS foster family, such as Training Hours, and other required checks to be in compliance (refer to the CHRIS procedures for Foster Family Approval).]

When the family has an approved Foster Family service, the Temporary Family Placement (No Board) service, needs to be stopped. In CHRIS, here are the steps:

- **Click General Information Button:**
 - **Services Tab** – enter the date in the Services End Date field, selecting the appropriate Reason for End Date and entering the explanation in the Comments for End Date text field.
- Utilize court-ordered relative information obtained from the parent to locate and contact potential relative resources.
- If the relative meets all relevant child protection standards, and it is in the child's best interest to be placed with the relative caregiver, discuss with the relative the following two (2) options for placement of the child in the relative's home:
 - (1) The relative becoming a DHHS relative foster home; or
 - (2) The relative obtaining legal custody of the child. See Policy VI-J "Out-of-Home Non-DHHS Custody/Relative Placements".
- Complete the CFS-452 (Relative Placement Kinship Care/Relative Foster Care Verification) stating that the family does/does not want to become a relative foster home.
- Select the Out-of-Home Placement that best fits the needs of the child. A child who has been identified as an Exempted From Finding Underaged Child Aggressor or Sexual Offender must not be placed in a foster home with other children, unless the child's therapist feels that the child is no longer a danger to other children. Proper documentation of this will be contained in the child's hard copy file. If the recommended placement is a facility, the facility must receive information regarding the allegations. This must be documented in the Recommend Placement screen.
- **Complete the CFS-462A (Foster Home Agreement Addendum) at the time of placement.**
- Document placement selection on the "Case Plan" (CFS-6010) by keying the "Plan Goals" and the "Needs/Svc" screens in the "Treatment" portion of the "Case Plan" section of CHRIS.
- Arrange at least one (1) pre-placement visit for the child before the initial placement and before any subsequent changes in placement if possible and appropriate. Contact the OCC Attorney immediately if child is being moved from one Out-of-Home Placement to another. See Procedure VII-D1.
- Contact the OCC Attorney immediately if there is any indication that the child is a member of an Indian tribe.
- Provide the child's parent(s) with a copy of PUB-11 (Your Child and Foster Care).

PROCEDURE (VI-A2): Concurrent Planning

The Division will ensure timely permanency for children entering Out-of-Home Placement. Concurrent planning includes working towards the goal of returning the child to the parents while concurrently working on alternative permanent placements. Concurrent planning will be done for all out-of-home placement cases except for those cases where the court determines no reasonable efforts to provide reunification services. The level and degree of concurrent planning will be on a case by case basis. The DCFS worker will immediately develop and implement a realistic concurrent plan.

The concurrent planning process will include:

1. The Family Service Worker informing the family of the concurrent planning process. The Family Service Worker must emphasize the importance of family involvement and partnerships in establishing permanency for children in out-of-home placements.
2. The Family Service Worker requesting parental input in identifying relatives and significant others who may be appropriate caregivers and initiate contact and Home Studies. The family will be required by court order to provide information identifying other relatives. The Family Service Worker will use this information to locate and contact named relatives to assist in the child's placement (see Policy VI-A). Information on the putative father or any absent parent should be obtained and submitted on the CFS-408 (Federal Parent Locator System Information) to the local OCC Attorney. In considering placements, foster parents should be viewed as a resource.
3. Initiating the completion of the Life Story Book for all children in out-of-home care.
4. The Family Service Worker will complete the initial Case Plan (CFS 6010) within 30 days and document all concurrent planning activities in the appropriate section of the case plan. (See Procedure IV-A1). The CFS-6010 should document tasks that support reunification as well as permanency activities.
5. The Family Service Worker will complete the "Birth Family Background Information" (CFS-456) within 60 days of case opening.
6. At the second staffing (90 days) the Family Service Worker will invite the Adoption Specialist if the court determines reunification services are not required, or the Division is recommending termination of parental rights. The CFS-6010 developed from this staffing should assign tasks and responsibilities to the Family Service Worker and Adoption Specialist.
7. The Adoption Specialist will be invited and participate in the sixth (6th) month, ninth (9th) month and eleventh (11th) month staffing if it appears likely that the child will not return home or if the goal for the child is adoption. The CFS-6010 will assign tasks and responsibilities to the Family Service Worker and Adoption Specialist.

PROCEDURE (VI-A3): Placement of Infants Born to Incarcerated Mothers

The Division of Children and Family Services will accept referrals from the Arkansas Department of Correction (ADC) social worker seeking to find appropriate placements for infants born to incarcerated mothers. If the infant has a legal father, DCFS will not take any action unless the legal father refuses to assume responsibility for the child. The ADC social worker will refer the case to DCFS if the female inmate is unable to identify anyone who meets specific ADC guidelines for the assumption of care for the infant.

After referral by the ADC social worker, the DCFS Family Service Worker will:

- Visit with the mother and discuss possible placements for the child. Options include placement with a family member, a non-family member, or custody placed with DHHS.

- If the mother wants to place the infant with a family member the Family Service Worker will discuss whether she wants (1) full custody given to the family member or (2) custody placed with DHHS, with the family opened as a relative foster home.
- If the mother wants to place the infant with a non-family member, the Family Service Worker will discuss whether she wants (1) full custody given to the non-family member or (2) custody placed with DHHS, with the family opened as a regular foster home.
- Conduct a home study on the requested placements where consideration for custody is with a family or non-family member, but not with DHHS.
 - If the home study is unfavorable, the Family Service Worker will work with the mother to identify other possible placements, or will petition for custody of the child upon birth.
 - If the home study is favorable, when the child is born, DCFS will petition the court for custody to be given to the relative or other person identified by the mother.
- Inform the mother of DCFS licensing requirements if placement consideration is with a family or non family member with custody placed with DHHS. Any placement with a family or non-family member, wherein DHHS is the custodian, must meet the same child welfare licensing requirements as a regular foster home prior to the child being placed in the home. (See PUB-022 Standards for Approval of Family Foster Homes).
 - When the child is born, DCFS will petition the court for custody to be given to DHHS for placement in the relative foster home or the person's regular foster home.

The court will assess each case individually and will have a range of options for disposition. One option is to place permanent custody with, or grant guardianship to, a relative or other person and close the case with no DHHS involvement. The other end of the spectrum would be for the court to grant custody to DHHS and recommend immediate termination of parental rights. If termination of parental rights is granted, the Family Service Worker will follow Policy VIII-C.

- Follow DCFS policy for case opening, placement, and provision of services to the child.
- Contact the ADC social worker to arrange visitation between the child placed in an out-of-home setting and his incarcerated mother as stated in Policy VI-B, unless such visitation is prohibited by the court, physician, etc.

POLICY (VI-B): MAINTAINING FAMILY TIES IN OUT-OF-HOME PLACEMENT

Families and children shall have reasonable opportunities for personal visits, communication by telephone, and involvement in life events such as teacher conferences, school and community events. A plan for visitation shall be developed between a child in out-of-home placement and the family and siblings, whether or not the siblings are in out-of-home placement. The preferred location for the visits is the parent's home or, if that is not possible, in the most homelike setting possible. Office visits are a last resort.

Siblings shall live together in the same foster home. When it is in the best interest of each of the children, the Department shall attempt to place siblings together while they are in a foster care and adoptive placement. Siblings may be placed separately only upon a written determination by the Administrator designated by the Director that placement of the siblings together would be detrimental to their best interests or is otherwise not possible at the time of initial placement. The Division shall ensure that the reasons for the separation of siblings, or infants with minor mothers, into different foster homes are regularly reassessed and targeted recruitment efforts continue to reunite the siblings.

Children in DHHS custody shall have an opportunity to visit with grandparents, or great grandparents, provided the grandparents, or great grandparents, have been granted visitation rights by the courts.

If it is in the child's best interest, visits between siblings and with relatives may continue after Termination of Parental Rights (TPR), if visitation was established prior to TPR. Visitation after TPR will continue until an adoption placement is made or the Out-of-Home placement case is closed.

PROCEDURE (VI-B1): Maintaining Family Ties in Out-of-Home Placement

The Family Service Worker will:

- Develop a plan for visitation within five (5) working days of placement.
- Arrange for parental visits to occur no less than weekly with the frequency increasing, as the family is prepared for reunification.
- Obtain approval from the County Supervisor for any deviations from required frequency of visitation.
- Request that deviations due to staff shortages be approved by the Area Manager.
- Place siblings together in the same foster home. Place infants with minor mothers in the same foster home. Separate siblings, or infants with minor mothers, by placement only upon written determination by a Mental Health Professional that placement of the siblings together would be detrimental to their best interest or is otherwise not possible at the time of initial placement.
- Arrange for sibling visitation to occur no less than every two weeks, when siblings are placed separately.
- Document efforts to reunify siblings, or infants with minor mothers, placed separately.

- Arrange visitation between the child and grandparent or great grandparent. Visitation between the child and grandparent, or great grandparent, must conform to the visitation requirements stated in the court order granting the grandparent, or great grandparent, visitation rights.
- Document sibling and relative visits that occur after TPR in CHRIS contacts screen.

The **Director's designated Administrator** will:

- Receive requests to place siblings, or infants with minor mothers separately.
Approve/disapprove requests.

POLICY (VI-C): INITIAL HEALTH SERVICES FOR CHILDREN RECEIVING OUT-OF-HOME PLACEMENT SERVICES

The Division of Children and Family Services shall ensure that all necessary medical services are provided to children receiving out-of-home placement services. Foster parents will play an integral role in meeting the child's health needs.

An initial health screening will be held. If the initial screening indicates that treatment or further evaluation is needed, DCFS shall ensure that such treatment or evaluation is promptly provided.

A Medical Passport will be completed for each child in an out-of-home placement. The Medical Passport is a brief, readable, and current summary of the child's health history and current health status for use by present and future caretakers of the child.

PROCEDURE (VI-C1): Initial Health Screening for Children Receiving Out-of-Home Placement Services

The **Family Service Worker** or **Health Services Specialist** will:

- Ensure that each child who enters the custody of DHHS shall receive an initial health screening, not more than 24 hours after removal from home, if the reason for removal is an allegation of severe child maltreatment under Ark. Code Ann. § 12-12-503 (10), or there is evidence of acute illness or injury.
- Ensure that all other children who enter the custody of DHHS receive an initial health screening no more than 72 hours after removal from home.
- Complete the "Medical Passport/Medi-Alert to Substitute Care Provider" (CFS-362) from information obtained from the child's parents.
- Use information obtained from the CFS-362 to complete the "Placement Plan-Placement Provider Information Report" (CFS-6007), by keying the "Gen.Info" screen in the "Client section" of CHRIS and all "Shots" screens in the "Medical" section of CHRIS.
- Complete the "Client Medical and Psychological Information Report" (CFS -6012) by keying all screens found in the "Medical" section of CHRIS from information obtained from the child's parents and the CFS-362.
- Schedule appointments as indicated by the initial screening.
- Ask the Medical Provider to complete the "Health Screening" (CFS-366).

PROCEDURE (VI-C2): Foster Parent Involvement in Health Care for Children Receiving Out-of-Home Placement Services

The **Foster Parents** will:

- Accompany the child to all medical appointments.
- Inform the Division of any scheduled medical visits or medical problems for the child.

The **Family Service Worker** or **Health Services Specialist** will:

- Provide necessary support services to enable foster parents to accompany the child to any medical appointment.

PROCEDURE (VI-C3): Gathering and Maintaining Health Records for Children Receiving Out-of-Home Placement Services

The **Family Service Worker** or **Health Services Specialist** will:

- Gather each child's health care history from health care providers who have evaluated or treated the child, the child's family, previous caretakers, and from school reports.
- Provide the child's health care history to the physician conducting the Comprehensive Health Assessment.
- Request medical records on the child and document requests on the "Requested Medical Records Log" (CFS-353).
- Record the date of each medical visit, the condition or problem addressed, the diagnosis and treatment (or periodic screening and the results of the screening), and the health care provider's name and telephone number in the "Medical Visits" screen in CHRIS.
- Place all information gathered as to the child's health history, and all records of health screening, assessment and treatment during placement, in the child's case record. This includes the "Medical, Dental, Vision, Hearing and Psychological Episodic" (CFS-352), "Requested Medical Records Log" (CFS-353), "Medical Passport/Medi-Alert to Substitute Provider" (CFS-362), "Health Screening" (CFS-366), "Child's Health Services Plan" (CFS-368), "Placement Plan-Placement Provider Information" (CFS-6007) and the "Client Medical and Psychological Information" (CFS-6012).

PROCEDURE (VI-C4): Medical Passport for Children Receiving Out-of-Home Placement Services

The **Family Service Worker** or **Health Services Specialist** will:

- Develop and maintain the Medical Passport. The Medical Passport will consist of the CFS-352, CFS-353, CFS-362, CFS-365, CFS-366, CFS-368, CFS-6007 and CFS-6012.
- Provide the CFS-365 (Receipt for Medical Passport of a Foster Child) to the out-of-home placement provider for completion to verify receipt of the medical passport.
- Provide a copy of the Medical Passport to:
 - The out-of-home placement provider and to the child's new caretaker if the child is moved.
 - The child (if the child is in an Independent Living Program).
 - The child when he or she reaches the age of majority.
 - The parents, if the child returns home.

POLICY (VI-D): COMPREHENSIVE HEALTH ASSESSMENT AND HEALTH PLAN FOR CHILDREN RECEIVING OUT-OF-HOME PLACEMENT SERVICES

A comprehensive health assessment of each child shall be completed. The assessment shall be conducted under the supervision of a physician and a qualified mental health practitioner. Whenever possible, the Family Service Worker, Health Services Specialist, family, and foster parents shall be involved in the assessment to ensure as much information about the child as possible is available to the examining professionals.

A written plan specifying any conditions requiring treatment, the recommended treatment, the schedule for treatment, the names of health care providers responsible for treatment, and the results of treatment as it occurs shall be completed and updated periodically. This plan shall be provided to the child's birth parents and foster parents. The birth parents shall be informed about any medical treatment scheduled for their child and shall be involved in and informed about their child's health care.

PROCEDURE (VI-D1): Comprehensive Health Assessment and Health Plan for Children Receiving Out-of-Home Placement Services

The **Family Service Worker** or **Health Services Specialist** will:

- Arrange to have the Comprehensive Health Assessment completed within sixty (60) calendar days of removal from home.
- Complete the "Client, Medical and Psychological Information Report" (CFS-6012) within seven (7) calendar days after completion of the Comprehensive Health Assessment.
- Schedule needed medical appointments for the child as indicated in the "Client, Medical and Psychological Information Report" (CFS-6012) after this form is received from University of Arkansas Medical Sciences.

- Complete the “Child’s Health Services Plan” (CFS-368) within fourteen (14) calendar days after completion of the Comprehensive Health Assessment.
- Inform parents of any medical treatment and involve them as appropriate.
- Update the CFS-368 at least every six (6) months.
- Provide copies of updates of the CFS-368 to the child’s parents and the out-of-home placement provider.
- Ask the Medical Provider to complete the “Health Screening” (CFS-366).

POLICY (VI-E): PERIODIC HEALTH REASSESSMENT OF CHILDREN RECEIVING OUT-OF-HOME PLACEMENT SERVICES

Following the initial screening and comprehensive health assessment, the Division shall ensure that periodic medical, dental, mental health, vision, and hearing evaluations are conducted by qualified providers, according to the periodicity schedules adopted by the Arkansas Department of Health.

PROCEDURE (VI-E1): Periodic Health Reassessment of Children Receiving Out-of-Home Placement Services

The **Family Service Worker** or **Health Services Specialist** will:

- Refer all children receiving Out-of-Home Placement Services for the Early and Periodic Screening, Diagnosis, and Treatment Program (EPSDT) via the EMS-694 “EPSDT” form to the Health Department, or other EPSDT providers after the initial screening and the Comprehensive Health Assessment.

NOTE: If it is the first time the child has seen a health care provider while in the out-of-home placement, a primary care provider must be selected.

- Make an appointment with the Health Department, or other EPSDT providers for the EPSDT screening.
- File a copy of the examination report upon receipt from provider.
- Schedule all subsequent screenings according to established periodicity schedules. (See Appendix III.)
- Ensure all essential treatment is provided and documented in CHRIS in a timely manner.
- Ask the Medical Provider to complete the “Medical, Dental, Vision, Hearing and Psychological Episodic” (CFS-352) at each subsequent examination.

POLICY (VI-F): CASE REVIEW JUDICIAL HEARINGS FOR CHILDREN IN OUT-OF-HOME PLACEMENT

Following a probable cause hearing, an adjudication hearing shall be held to determine whether the allegations in a petition are substantiated by a preponderance of the evidence. The dependency-neglect adjudication hearing shall be held within thirty (30) days after the probable cause hearing under A.C.A. § 9-27-315, but on motion of the court and parties for good cause shown it may be continued for no more than thirty (30) days following the first thirty (30) days. However, the adjudication hearing shall not be completed more than sixty (60) days after the probable cause hearing. In dependency-neglect cases, a written adjudication order shall be filed by the court within thirty (30) days of the date of the hearing or prior to the next hearing, whichever is sooner. The Office of Chief Counsel is responsible for drafting and filing court orders. The court can determine the case disposition at the adjudication or at a separate hearing. A disposition determines what actions the agency will take in the case. A judicial determination as to whether reasonable efforts were made or were not required to prevent removal must be made no later than sixty (60) days from the date the child is removed from the home.

The status of each child in out-of-home placement, including children placed out-of-state, shall be reviewed no less than every six months by a judicial review to: (1) determine the safety of the child, the continuing need for and appropriateness of the placement, (2) determine the extent of compliance with the case plan, (3) determine the extent of progress made toward alleviating or mitigating the causes necessitating the placement, and (4) project a likely date by which the child may be returned and safely maintained at home or placed for adoption or legal guardianship. Pertaining to Title IV-E eligibility requirements, the judicial review is conducted by court review, not an administrative review process. During each six-month review, the court shall make determinations based upon the best interest of the child. The best interest of the child shall be paramount at every stage of the judicial process.

Each child in an out-of-home placement, including children placed out-of-state, shall have a permanency planning hearing within 12 months of the date the child is considered to have entered foster care and not less frequently than every 12 months thereafter during the continuation of foster care. (A child will be considered to have entered foster care on the date the child enters an out-of-home placement.) When the court determines that reasonable efforts to return the child home are not required, the court shall hold a permanency hearing within thirty (30) days of the determination in order to enter a new disposition in the case to determine the child's future status. A permanency hearing shall also be held after a child has been in an out-of-home placement for fifteen (15) of the previous twenty-two (22) months, excluding the time spent while the child is on a trial home placement and runaway status. The Permanency Planning Hearing will be conducted by the court, not by an administrative body.

The Division must obtain a judicial determination that reasonable efforts were made to finalize the permanency plan for the child within 12 months of the date the child entered foster care. If a child remains in an out-of-home placement after the initial permanency planning hearing, an annual permanency planning hearing shall be held to reassess the permanency goal selected for the child. If a judicial determination regarding reasonable efforts to finalize a permanency plan is not made, the child will be ineligible under Title IV-E from the end of the 12th month following the date the child is considered to have entered foster care or the end of the 12th month following the month in which the most recent judicial determination of reasonable efforts to finalize a permanency plan was made, and remains ineligible until such a judicial determination is made.

The Permanency Planning Hearing shall determine the permanency goal for the child that includes, listed in order of preference:

- (1) Returning the child home at the permanency planning hearing if it is in the best interest of the child and the child's health and safety can be adequately safeguarded if returned home,
- (2) Termination of parental rights so the child can be adopted, unless:
 - The child is being cared for by a relative, including a minor foster child caring for his or her own child who is in foster care, and termination of parental rights is not in the best interest of the child;
 - The Division has documented in the case plan a compelling reason why filing a termination petition would not be in the best interest of the child and the court approves the compelling reason as documented in the case plan; or
 - The Division has not provided services, consistent with the case plan, necessary for the safe return of the child to his home.

At any time during the course of a case, DHHS, the Attorney Ad Litem or the court can request a hearing on whether or not reunification services should be terminated. The requesting party shall provide notice to the parties at least fourteen (14) calendar days before the hearing. The notice shall identify the grounds for recommending termination of reunification services in sufficient detail to put the family on notice. The court shall determine whether or not reunification services shall be terminated. The burden of presenting the case shall be on the requesting party. The court shall conduct and complete a hearing on a "no reunification services" request within fifty (50) days of the date of written notice to the defendants. However, upon good cause shown, the hearing may be continued for an additional twenty (20) days. The court shall enter an order determining whether or not reunification services shall be provided. If the court determines that reunification services shall be terminated, the court shall hold a permanency planning hearing within thirty (30) days after the determination. If the court determines the permanency goal to be termination of parental rights, the Department shall file a petition to terminate parental rights within thirty (30) days from the date of the entry of the order establishing such goal. The court shall conduct and complete a termination of parental rights hearing within ninety (90) days from the date the petition for termination of parental rights is filed, unless continued for good cause. After an order of termination of parental rights is filed, the court shall review the case at least every three (3) months when the goal is adoption, and in other cases, every six (6) months until permanency is achieved for the child. (Refer to Policy VIII-C.) The court reviews continue, even if a case is on appeal.

If it is in the child's best interest, visits between siblings and with relatives may continue after Termination of Parental Rights (TPR), if visitation was established prior to TPR. Visitation after TPR will continue until an adoption placement is made or the Out-of-Home placement case is closed.

- (3) Legal guardianship,
- (4) Permanent custody,

If the court grants legal guardianship or permanent custody no further services or periodic reviews are required.

- (5) Continue the goal of reunification only when the parent is complying with the established case plan, and orders of the court making significant measurable progress towards achieving the goals established in the case plan, and diligently working toward reunification. Reunification must be expected to occur within a time frame that is consistent with the child's developmental needs.
- (6) Independence (see definition of Independence in Glossary). In the case of a child who has attained age 16, the permanency planning hearing will determine the services needed to assist the child to make the transition from foster care to independent living.

Independence shall be selected only if the child cannot be reunited with the child's family; another permanent plan is not available; and a compelling reason exists why termination of parental rights is not in the child's best interest or the child is being cared for by a relative and termination of parental rights is not in the best interest of the child.

If DHHS concludes, after considering reunification, adoption, legal guardianship, or permanent placement with a fit and willing relative, that the most appropriate permanency plan for a child is placement in another planned permanent living arrangement, DHHS will document to the court the compelling reason for the alternate plan.

The Department may seek the services of the Federal Parent Locator Service to search for absent parents at any point in order to facilitate a permanency plan.

The Department shall provide the foster parent(s) of a child, and any pre-adoptive parent or relative providing care for the child with timely notice of, and an opportunity to be heard in, permanency hearings and six-month periodic reviews held with respect to the child during the time the child is in the care of such foster parent, pre-adoptive parent or relative caregiver. Notice of, and an opportunity to be heard, does not include the right to standing as a party to the case. The permanency hearing will also serve to address procedural safeguards as they apply with respect to parental rights pertaining to the removal of the child from the home of his or her parents, to a change in the child's placement, and to any determination affecting visitation privileges of parents.

Judicial determinations regarding "contrary to the welfare", reasonable efforts to prevent removal, and reasonable efforts to finalize the permanency plan in effect, including judicial determinations that reasonable efforts are not required, must be explicitly documented and made on a case-by-case basis and so stated in the court order.

If reasonable efforts and "contrary to the welfare" judicial determinations are not included as required in the court orders, a transcript of the court proceedings is the only other documentation acceptable to verify that the required determinations have been made.

Neither affidavits nor nunc pro tunc orders will be acceptable as verification documentation in support of reasonable efforts and "contrary to the welfare" judicial determinations.

Court orders that reference state law to substantiate judicial determinations are not acceptable, even if state law provides that removal must be based on a judicial determination that remaining in the home would be contrary to the child's welfare or that removal can only be ordered after reasonable efforts have been made.

At any hearing in which the Department of Health & Human Services is ordered by the court to provide services for a family, the court shall provide the Department with the opportunity to be heard. When DHHS is not a party to the case, failure by the court to provide at least five (5) working days' notice to DHHS renders any part of the order pertaining to DHHS void. Refer to Policy II-1 for information related to FINS cases.

PROCEDURE (VI-F1): Case Review Judicial Hearings for Children in Out-of-Home Placement

The **Family Service Worker** will:

- Receive the confirmed court date from the OCC attorney.
- Provide the OCC attorney with the name and address of any grandparent who is entitled to notice based on the conditions listed in Procedure (II-E10).
- Provide notice to the parties at least fourteen (14) calendar days before the hearing , if DHHS is the requesting party.
- Complete a court report for all review hearings.
- Submit the “Court Report” (CFS-6011) to the OCC Attorney within fifteen (15) working days prior to the hearing.
- Submit the “Permanency Planning Hearing Court Report” (CFS-6024) to OCC, CASA and all parties no later than seven (7) days before the scheduled Permanency Planning Hearing.
- Make a recommendation to the court to continue visits between siblings and with relatives who have established visitation prior to TPR, if this is in the child’s best interest. Document the recommendation in the “Permanency Planning Hearing Court Report” (CFS-6024).
- Invite the out-of-home placement provider to all hearings
- Attend all hearings and be prepared to provide testimony regarding services offered or provided, progress and recommendations to the court.
- Bring case files to all hearings.
- Discuss orders of the court with the family.

The court may order progress reports from the service provider whenever a child is placed out-of-home and in a setting other than a DHHS foster home.

The order shall set forth the schedule for the progress reports and shall identify the service provider responsible for submitting the progress report.

The service provider shall be provided a copy of the written court order by certified mail, restricted delivery or by process server.

Failure to follow the order of the court shall subject the service provider to contempt sanctions of the court.

The progress report shall include, but is not limited to:

- Reason for admission;
- Projected length of stay;

- Identified goals and objectives to be addressed during placement;
- Progress of the child in meeting goals and objectives;
- Barriers to progress;
- Significant behavioral disruptions and response of provider; and
- Recommendations upon the child's release.

The service provider shall immediately report any incidents concerning the juvenile's health or safety to the child's attorney or Attorney Ad Litem and the custodian of the child.

POLICY (VI-G): INTERSTATE COMPACT ON PLACEMENT OF CHILDREN (ICPC)

The Interstate Compact on the Placement of Children (ICPC) is used to move children in need of a foster or pre-adoptive placement, adoption across state lines or reunification with parent(s). A foster child is defined as a child who has been removed from the home of his parent, guardian or custodian by a court of competent jurisdiction and whose custody has been placed with a private or public agency.

When a child requires placement for foster care or a possible adoption outside the resident state, DCFS shall use the ICPC process. Unless authorized by the ICPC, all communications with other states regarding approval of placement, progress reports, disruption of placement, or termination of the ICPC case should process through the Arkansas ICPC Office, to the Family Service Worker.

The ICPC process ensures:

- Proper extensions of authority into the receiving state.
- The sending agency can obtain home studies for proposed placements, is identified as legally and financially responsible and does not lose jurisdiction once the child leaves the sending state.
- The receiving agency can determine the placement is not “contrary to the child’s interests” and that all applicable laws and policies have been followed.
- Supervision is maintained out-of-state and the sending agency receives progress reports.
- Maximum opportunity for each child to be suitably placed.
- Proper information to authorities in the receiving state.
- Effective utilization of cross-jurisdictional resources to facilitate timely foster, adoptive or permanent placements.

DCFS caseworkers should not directly contact the ICPC offices in other states, but should direct their communication to the DCFS ICPC Office. Interstate communication between field staff from the involved states is discouraged, except for the routine sharing of information, which is NOT related to case approval, progress reports, disruption or termination of placement.

The Juvenile Division of Circuit Court shall retain jurisdiction to issue orders of adoption, interlocutory or final, when a child is placed outside the state of Arkansas.

PROCEDURE (VI-G1): Types of Placement Covered by ICPC

Children placed out-of-state are to go through ICPC when one of the following placements occur:

- Foster care placements,
- Pre-adoption placements,
- Adoptive placements,
- Parent, other relative, or non-agency guardian placements.

NOTE: If in doubt, request clarification from the Arkansas Interstate Compact Unit, P.O. Box 1437, Slot S567 Little Rock, Arkansas, 72203-1437. Phone: (501) 682-8556.

PROCEDURE (VI-G2): Types of Placement Not Covered by ICPC

Types of placements that are not covered by ICPC include:

- Divorce or custody investigations involving home studies.
- Placement of a probationer, parolee or aftercare juvenile.

- Kidnapped children transported out-of-state.
- Visits that do not extend beyond 30 days and are not pre-placement visits.
- Placement outside the resident state when custody will be transferred to that person.

PROCEDURE (VI-G3): Responsibilities of the Sending State

The **sending party** will:

- Provide proper notice of the intent to place using the ICPC 100A (IC Placement Request) and receive authorization from the receiving state prior to the placement.
- Work with the receiving parties to arrange the placement details (i.e., childcare payment, type of monitoring, frequency of supervisory reports, and transportation) after approval is given.
- Provide additional information when requested by the receiving state to ensure the placement is not “contrary to the interests of the child”.
- Notify the receiving state of the placement date and any change in the child’s status by using the ICPC 100B (IC Report on Child’s Placement Status).
- Retain jurisdiction over the child sufficient to determine all matters of custody, supervision, care and disposition of the child until the child is adopted, reaches majority, becomes self-supporting, or is discharged with concurrence of the appropriate authority in the receiving state.
- Retain planning and financial responsibility for the duration of the placement.

NOTE: The one exception comes under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requiring that children under Title IV-E adoption assistance agreements and those receiving Title IV-E foster care payments will be granted Medicaid coverage in their current resident state. (See Medical Services Manual, Section 6600 to 6673.)

- Return the child to the sending state at the request of the receiving state.

PROCEDURE (VI-G4): Responsibilities of the Receiving State

The **receiving state** will:

- Assess and monitor the placement to ensure compliance with applicable laws and policies of the receiving state, and that the placement is “not contrary to the interests of the child”.
- Notify the sending state in writing whether or not the placement is appropriate and in the best interest of the child.
- After the child is placed and the ICPC 100B received, supervise the placement and provide or arrange for necessary services.
- Submit quarterly progress reports to the sending party. More frequent reports may be submitted on request.
- Honor and enforce lawful orders of the court of jurisdiction of the sending state unless it conflicts with Arkansas policies and/or laws.

PROCEDURE (VI-G5): Placing Arkansas Children in Another State and Requesting Out-of-State Home Studies

The following are procedures to use when requesting an out-of-state home study for an Arkansas child, including placement into residential treatment facilities. Always use the child’s name on the correspondence.

The **sending party** (county office, etc.) will compile an Interstate Compact Placement Packet consisting of:

 - Financial / Medical Plan – ICPC (CFS-592).
- Specify special needs of the child (medical, educational, etc.) and issues to be addressed.
- “Interstate Compact Placement Request” (ICPC-100A). (Retain one copy and include five copies with the packet.)
- Court order showing DHHS custody of or court jurisdiction over the child.
- “Case Plan” (CFS-6010),

 - other appropriate reports/documents.
- Send packet to Administrator, Interstate Compact on the Placement of Children Unit, P.O. Box 1437, Slot S567, Little Rock, Arkansas 72203-1437.

NOTE: Financial arrangements should be discussed with the prospective placement resource before the study is requested. If a board payment is needed, a foster home study must be requested

The **Arkansas ICPC Office** will:

- Review the packet to determine whether or not it is complete and ready to forward to the receiving state's ICPC office.
- Coordinate with the sending party if changes in the packet are needed.
- Send packet to receiving state's compact office.
- Notify sending party of disposition.
- Coordinate the travel plans with the Family Service Worker if placement is approved (placement must be made within 6 months of placement approval).

The **Family Service Worker/Area ICPC Liaison** will:

- Complete and route the "Interstate Compact Report on Placement Status of Child" (ICPC-100B) to the ICPC office if the out-of-state placement is approved and made. Show the date of the placement or of the withdrawal of the request.

- Code the "Application for Emergency Services" (CFS-6013) to show ICPC service using the child's name.
- Key the case type in CHRIS as "ICPC" for the child placed by the Division in another state.
- Notify the Adoption Services Unit of a proposed adoptive placement, if appropriate.

NOTE: Communication between states regarding approval of placements, progress reports, case closures and disruptions must go through the ICPC office.

PROCEDURE (VI-G6): Children Entering Arkansas for Placement

Services to children should not begin without placement approval (ICPC-100A) from the receiving state's ICPC office AND receipt of placement notification (ICPC-100B) from the sending state's ICPC office.

- Requests for home studies of foster parent, relative homes, or adoptive homes received in the Arkansas ICPC office will be forwarded to the appropriate County Office for a reply.
- The Arkansas ICPC Unit will forward the foster home study to the ICPC Field Liaison, Area Manager or DCFS Supervisor.

NOTE: The Arkansas ICPC Unit will forward the adoptive home study to the Adoption Field Service Manager, who will forward it to the Adoption Specialist.

PROCEDURE (VI-G7): Completion of a Home Study

The **Family Service Worker/Area ICPC Liaison** will:

- Complete a Central Registry Check and a thorough home study, including the results of the criminal record check; if available, with signed recommendation regarding placement within ninety (90) calendar days of a request. The DCFS Supervisor must also make a recommendation for or against placement. If the criminal record checks have not been received, a copy of the application/request must be included in the packet and the results sent when received.

NOTE: The Adoption Field Services Manager must sign and date the recommendation in an adoption home study.

- Notify the ICPC office if there is to be a delay.

 - (3) A crime against children, including child pornography; or
 - (4) A crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery.

- Send the home study to the Arkansas Administrator, Interstate Compact Unit, not directly to the other state.

PROCEDURE (VI-G8): Routing of a Home Study

ICPC approved home study packets are valid for six (6) months from the date the ICPC Office signed the ICPC-100A. The child must be placed within that 6-month period.

The **Arkansas ICPC Unit** (Receiving Office) will:

- Review the home study packet to determine whether or not it is appropriate to forward to the sending state ICPC Office.

The **Arkansas ICPC Unit** will:

- Forward the ICPC-100B to the appropriate DCFS field operative (i.e. ICPC Liaison, DCFS Supervisor or Area Manager) so that they will be notified of the placement and services can begin.

When an escort (state employee or non-state employee) is needed to assist with transporting an Arkansas foster child to or from an out-of-state placement, the **Family Service Worker/Area ICPC Liaison** will:

- Submit the same information as stated above for foster children travel.
- No travel shall commence until the DHHS-1010s are signed.

- Forward the DHHS-1010 to the Assistant Director of Community Services and the DCFS Director for signature.
- Attach the child’s court order giving authority to travel and written documentation from the Attorney Ad Litem.

NOTE: An out-of-state visit is 30 days or less and is not subject to ICPC. However, if it is greater than 30 days, it is a placement, which is subject to ICPC.

- Inform the Family Service Worker/Area ICPC Liaison of the decision.

PROCEDURE (VI-G15): Request for a Priority Placement (Regulation No. 7 in the Guide to the Interstate Compact on the Placement of Children)

A priority placement is when a court, upon request or on its own motion, or where court approval is required, determines that a proposed priority placement of a child from one state into another state is necessary because:

- The child is under two years of age;
- The child is in an emergency shelter; or
- The court finds that the child has spent a substantial amount of time in the home of the proposed placement recipient.

NOTE: Regulation No. 7 does not define “substantial amount of time”, consequently leaving its interpretation to the receiving state ICPC.

The receiving state agency has thirty (30) days to complete a request for a priority placement. Requests for placement shall not be expedited or given priority except as outlined below.

A request for a priority placement will be implemented as follows:

- The court shall send its order to DCFS within two (2) business days.
- The order shall include:
- The child’s name, address and phone number;
- The Fax number of the judge and the court, if available.
- The sending party will send the following to the state Central Office ICPC via overnight mail, or fax, within three (3) business days:
- The signed court order. (The court order must specify how the case qualifies as Regulation No. 7.);
- A completed form 100A (ICPC Placement Request);
- Supporting documentation according to policy.
- Within two (2) business days after the receipt of the ICPC priority placement request, the sending state ICPC office will overnight mail the priority request and its supporting documentation to the receiving state ICPC office with a notice that the request for placement is entitled to priority processing.
- The receiving state ICPC Office shall send all the documents to the receiving state’s local office within two (2) days. The receiving state’s local office has twenty (20) working days to send a determination back to the receiving state’s ICPC Office.

- The receiving ICPC office has two (2) days to overnight mail the determination to the sending state's ICPC office. The sending state ICPC office has two (2) days, through overnight mail, to send the determination to the local office.
- The foregoing shall not apply if:
- Within two (2) business days of receipt of the ICPC priority placement request, the sending state Compact Administrator determines that the ICPC request documentation is substantially insufficient, specifies that additional information is needed, and request the additional documentation from the FSW by FAX or telephone if FAX is not available, or
- Within two (2) business days of receipt of the ICPC priority placement request, the receiving state Compact Administrator notifies the sending state Compact Administrator that further information is necessary. Such notice shall specifically detail the information needed.

NOTE: For such a case in which either of the two prior dot points apply, the twenty (20) business day period for the receiving state Compact Administrator to complete action shall be calculated from the date of the receipt by the receiving state Compact Administrator of the additional information requested.

PROCEDURE (VI-G16): Juvenile, Mental Health, and Adoption and Medical Assistance Compacts

In addition to the ICPC, three other Interstate Compacts were enacted to coordinate the interstate placements of children and juveniles as follows:

- **Interstate Compact on Juveniles:** This compact is designed to serve those children needing an out-of-state placement who have been adjudicated delinquent and who have been placed on probation or parole. This compact also provides for the return of non-delinquent runaways, escapees, and absconders. The Interstate Compact on Juveniles is administered by the Division of Youth Services.
- **Interstate Compact on Mental Health:** This compact is designed to facilitate the transfer of resident patients (both children and adults) from a state-operated mental health facility in one state to a similar state-operated facility in another state. The Mental Health Compact is administered by the Division of Mental Health.
- **Interstate Compact on Adoption and Medical Assistance:** This compact is for adoption assistance for IV-E eligible children who are under an adoption subsidy agreement. The adoption worker should notify the Adoption Subsidy Coordinator as soon as it is known that an adoptive family/child is moving out of state or has moved. The Adoption Subsidy Coordinator will send information to the new state of residence and also to the adoptive parents advising them to contact the local Medicaid office in their new state of residence. This contact will be for the purpose of getting medical benefits for their child in the new state of residence.

POLICY (VI-H): INTERFERENCE WITH CUSTODY

The Division will provide a representative upon request to accompany the officer arresting an individual for Interference with Custody.

PROCEDURE (VI-H1): Interference with Custody

The Family Service Worker will:

POLICY (VI-I): FOSTER CHILD TRUST ACCOUNTS

The Department of Health & Human Services (DHHS) maintains Trust Accounts for children in foster care who receive Supplemental Security Insurance (SSI), Social Security (SSA), Child Support, Veterans Benefits (VA), Railroad Benefits (RR) or any type of income. These benefits will automatically be used to pay for the child's foster care expenses, which includes the monthly board payment. DHHS will become the payee for all benefits collected.

DCFS must ensure that changes in payee are made when a child receiving benefits initially enters foster care. The IV-E/Medicaid Eligibility Unit will screen all DCFS clients for potential SSI eligibility according to SSA disability criteria and make applications for those who meet minimum requirements.

The child's trust fund account must not exceed \$2,000 to maintain state Medicaid eligibility, not exceed \$2,000 to maintain Social Security benefits, and not exceed \$10,000 to maintain Title IV-E eligibility. DCFS will coordinate the monitoring of Trust Fund accounts with the Office of Fiscal Management - General Operations Section, IV-E/Medicaid Eligibility Unit and other pertinent agencies to ensure the timely and efficient management of these accounts.

Authorized uses of different funds vary according to their sources. However, any expenditure from a foster child's trust account must be for the direct care and/or needs of the child in receipt of the income. Funds cannot be used for siblings, parents, or other individuals in the initial removal home. Authorized uses are as follows:

- SSI Income in a Regular Account has no restrictions; spending must be appropriately prioritized according to the child's needs and disability.
- SSI Income in a Dedicated Account may be used for the following with approval from the Social Security Administration:
 - (1) medical treatment, education or job skills training or
 - (2) if they pertain to an impairment –
 - (a) personal needs assistance
 - (b) housing modifications
 - (c) special equipment
 - (d) therapy or rehabilitation or
 - (e) other items / services if approved by the SSA.
- SSA Income and Child Support Income have no spending restrictions.

PROCEDURE (VI-I-1): Opening a Trust Account

When the child enters foster care and is already receiving income, the Family Service Worker will:

- List the income source, amount and frequency on the application for Medicaid.
- Have the birth/legal parent(s) or guardian execute a CFS-491 (Consent for Use of Funds and Resources) and explain that without consent authorization, the child may accumulate excess funds which would make him ineligible for Medicaid. If permission is not given, obtain permission from the court to use conserved funds.

- Submit the change of payee forms to the appropriate agency(s) once the child is court ordered into foster care.
- Forward the CFS-376 (Authorization for Billing and Trust Account Action) and a memo containing the following information to the Trust Fund Coordinator:

POLICY (VI-J): OUT-OF-HOME (NON-DHHS CUSTODY)/RELATIVE PLACEMENTS

A.C.A. § 9-27-354 of the Juvenile Code states placement or custody of a juvenile in the home of a relative shall not relieve the Department of its responsibility to actively implement the goal of the case. If the relative meets all relevant child protection standards and it is in the juvenile's best interest to be placed with the relative caregiver, the Department shall discuss with the relative the following two (2) options for placement of the juvenile in the relative's home:

- (A) The relative becoming a DHHS relative foster home; or
- (B) The relative obtaining legal custody of the juvenile.

The juvenile shall remain in a licensed or approved foster home, shelter, or facility, or an exempt child welfare agency until the relative's home is opened as a regular foster home or the court grants custody of the juvenile to the relative after a written approved home study is presented to the court.

If the relative chooses to obtain legal custody of the juvenile a protective services case must be opened on the child and a case plan developed to establish permanency for the child. The Division must provide services similar to the services that would have been provided if the child was placed in foster care, and the case plan must address these services. For example, if there are health, education, or counseling needs of the child they should be addressed in the case plan.

Relatives have the option of obtaining permanent custody or guardianship if all efforts toward reunification are exhausted and/or to achieve case plan goals for permanency. If the court grants permanent custody, or guardianship is granted, the protective services case will be closed.

If Termination of Parental Rights (TPR) is an option for the case, the relative is eligible to adopt the child and can receive services identified in Procedure (VIII-H2) Subsidy Payments and Support for Non-Custody Adoptions (Out-Of-Home Placement Services, SSI Eligible Private Agency and Independent Adoptions), if the child is eligible.

PROCEDURE (VI-J1): Out-of-Home (Non-DHHS Custody)/Relative Placements

The Family Service Worker will:

- Complete the home study on the relative and submit the home study to the court with the recommendation to place or not to place the child with the relative.
- Complete the CFS-452 (Relative Placement Kinship Care/Relative Foster Care Verification) to ensure that the family has an understanding of their role in the case.
- Open a protective services case on the child if the court grants custody to the relative.
- Schedule a staffing within 30 days of opening the protective services case and invite the child's parents, relatives, the child, if age appropriate, and community providers as appropriate. The staffing needs to determine the permanency goal for the child: reunification, permanent custody with the relative, TPR or adoption.
- Complete or update the CFS-6009 (Family Strengths and Needs Assessment) within 30 days of opening the protective services case.
- Develop or update the case plan (CFS 6010) within 30 days of opening the protective services case.
- Complete the Permanency Planning Hearing Court Report (CFS-6024) and submit to the OCC attorney within fifteen (15) working days prior to any hearings scheduled for the case.

- Conduct a staffing to discuss closure when appropriate.

POLICY (VI-K) EDUCATIONAL SERVICES FOR CHILDREN IN OUT-OF-HOME PLACEMENT

It is the responsibility of DCFS to assure that foster children are afforded educational opportunities to help each foster child meet his/her full potential. The Division shall make every attempt to maintain the enrollment of a foster child in the school he was attending prior to placement into foster care. The Division shall coordinate transportation issues with the local school district. To ensure that children in the custody of the Department receive a quality education, it is the Division's policy to enroll foster children only in schools accredited by the Arkansas Department of Education. This requirement also applies to children placed in residential facilities. The local county office should be aware of educational resources in the community and across the state so that they can access these resources for foster children.

If a foster child is currently enrolled in a "School Improvement" school as determined by the Arkansas Department of Education (ADE), the child's case can be staffed to assess the child's progress at that school. If the child is progressing at the current school he can remain at that school, or the child can transfer to another school if it is in the child's best interest to do so. The Manager of the Foster Care Unit will review the ADE Website quarterly to determine the "School Improvement" schools and notify the appropriate County Supervisor of the information.

Due to the special education needs of many children who enter foster care it is necessary to assess and identify educational needs early in the casework process. A comprehensive health assessment must be completed on each foster child within 60 calendar days of removal from home. (See Policy VI-D Comprehensive Health Assessment and Health Plan for Children Receiving Out of Home Placement Services) The comprehensive health assessment includes assessments of cognition/achievement, speech/language development, hearing, vision, medical, emotional and behavioral development which can be used by the child's school in the process of determining the child's need for services. The University of Arkansas for Medical Sciences Project for Adolescent and Child Evaluation (UAMS PACE) Program is responsible for conducting the comprehensive health assessments and will make recommendations concerning the child's educational needs and referrals for Special Education Services.

Home Schooling is not allowed for foster children. However, the DCFS Director may grant an educational waiver allowing a child to be home schooled if a certified mental health professional presents documentation stating that home schooling is in the child's best interests. A foster child may receive Home Bound Instruction as part of their Individualized Education Program (IEP). Home Schooling and Home Bound Instruction are two different programs. Home Bound Instruction is a planned, time limited program that is established and provided by the child's school.

The Individuals with Disabilities Education Act (IDEA) states that ADE ensures that all children with disabilities ages 3 to 21 residing in the State have the right to and availability of a free appropriate public education including children with disabilities who have been suspended or expelled from school. Free Appropriate Public Education (FAPE) also requires that the services provided to a child with disabilities under this part must address all of the child's identified special education and related services needs. The services and the change of placement needed by each child with a disability to receive FAPE must be based on the child's unique needs and not on the child's disability. Each public education agency shall implement child-find requirements to identify, locate, and evaluate all children with disabilities.

Each public education agency shall ensure that the rights of a child are protected if no parent can be identified; the public agency, after reasonable efforts, cannot discover the whereabouts of a parent; or the child is a ward of the state of Arkansas under the laws of this state. The duty of the public education agency includes the assignment of an individual to act as a surrogate for the parents. This must include a method for determining whether a child needs a surrogate parent, and for assigning a surrogate parent to the child. If the goal for a foster child is reunification, the worker should encourage the child's parent to attend all scheduled school conferences and evaluations, and no surrogate parent is necessary. If DCFS is unable to locate the child's parent, the parent(s) are not involved in the case, or the parent's rights have been terminated, the Division shall request that the child's foster parent be assigned as the surrogate parent. If the foster parent has not received surrogate parent training, the LEA Special Education Supervisor or designee can assist in coordinating the surrogate parent training for the foster parent. Transition planning is a required component of the IEP for children age 16 and above.

PROCEDURE (VI-K1) Educational Services

The Family Service Worker will:

If the child is maintained in the same school after entry into foster care :

- Complete the CFS-362 (Medi-Alert) immediately when a child is removed and placed out of the home of the parent or legal guardian into foster care or adoptive home or moved to another foster care provider. Section IX of the Medi-Alert addresses the child's Academic Status and must be completed upon the child entering care or changing a placement. Complete Section IX in consultation with the child's parent upon initial placement. Update Section IX of the CFS-362 as information becomes available if the parent does not provide needed information at the time of placement.
- Accompany the child to school and notify the school counselor of the child's placement into foster care. Give the counselor authorization of who can pick the child up from school. Present the school counselor with the child's court order if you have it. If you do not have it when accompanying the child to school, present it to the school once it is received.
- Provide guidance to the school counselor on the role of the child's biological parent in the case (i.e. supervised visitation, unable to locate parent, working towards reunification or TPR, parent cannot have access to any foster parent information) and the role of the parent in the education process (i.e. parents will be attending school conferences as part of reunification services, TPR and parents will not be attending conferences).
- Obtain the child's school records from the school counselor for documentation in the child's case record. The child's school records will also be used to help address the child's educational needs in the case plan. Provide the University of Arkansas for Medical Sciences Project for Adolescent and Child Evaluation (UAMS PACE) Program copies of any school records available to assist in the Comprehensive Health Assessment.
- Ensure that the foster parents are given the names of the child's teacher and counselor. Ensure that the foster parents are involved in the child's education process. The foster parents must attend all scheduled parent/teacher conferences and school open house. The foster parent will encourage foster children in their home to participate in school extracurricular activity and provide transportation to those activities.
- Complete and update, as needed, the Medical Passport information related to the child's educational needs.

If the child is enrolled in a new school after entry into foster care :

- Complete each step outlined in the above section.
- Enroll the child in school and provide the school with copies of any documents that would assist in the child's educational program. Provide UAMS PACE Program with any school records that are available.
- Notify the child's old school of the child's transfer to a new school and request copies of the child's school records. Involve the child's current school in the transfer process if this is a planned move for the child.
- When conducting a request of change of placement staffing (see Procedure VII-DI Changes in Out-Of-Home Placement) discuss the impact of the child transferring to a new school if there is a change in placement.
- Notify the parents that a change in schools was necessary if their parental rights have not been terminated.

PROCEDURE VI-K2: Special Education Needs Service Delivery Process:

Service Delivery Process

- The FSW will enroll the child in school and provide the school with copies of any documents that would assist in the child's educational program. Provide UAMS PACE Program with any school records that are available.
- The DCFS Health Services Specialist will refer the foster child to UAMS PACE Program for a Comprehensive Health Assessment (CHA) within 3 working days of the child entering care.
- The FSW will notify the Health Specialist of all placement changes. The Health Services Specialist will forward all notifications to UAMS PACE Program.
- UAMS PACE Program will obtain a copy of the child's school records via a DHHS-81 (Consent for Release of Information) and DHHS-4000 Authorization to Disclose Health Information, if the records have not been received from the Family Service Worker. The child's parent and FSW must sign the DHHS-81 and DHHS-4000. The FSW will also send the court order to UAMS PACE Program indicating that the child is in DHHS custody.
- UAMS PACE Program will forward the results of the Comprehensive Health Assessment (CHA) to identified DCFS staff. UAMS PACE Program will key recommendations from the CHA into CHRIS for DCFS staff access.
- The FSW/Health Specialist will present recommendations for referrals for special education consideration to the school building principal and or Local Education Agency (LEA) Special Education Supervisor or Designee.
- The FSW will provide the school with the name and address of the child's biological parent(s), if available, so that the school can send notice of the conference to the parent. If not appropriate, DCFS will request the school to appoint a surrogate parent for the child.
- If DCFS is unable to locate the child's parent, the parent(s) are not involved in the case, or the parent's rights have been terminated, the FSW will request that the child's foster parent be appointed as the child's surrogate parent. The LEA Special Education Supervisor can assist in coordinating the surrogate parent training for the foster parent.
- A conference will be scheduled with the appropriate school personnel, the biological parent, and foster parents/ surrogate parent, to discuss the child's needs.
- The FSW will attend the referral conference.
- The foster parent will be actively involved in the child's educational process and must attend all scheduled conferences and meetings, upon notification by the school and or DCFS, for children placed in their home.

POLICY (VI- L): MENTAL HEALTH SERVICES FOR CHILDREN IN FOSTER CARE

The Division of Children and Family Services is dedicated to ensuring that all foster children receive a full range of health care services including mental health services (evaluation and treatment). School age children (5 to 18 years old) who need mental health services will be referred to a Community Mental Health Center (CMHC) within five days of entry into foster care. Children under five years of age will be referred for mental health services if the need is identified by a physician during the UAMS comprehensive health assessment or by the DCFS worker or foster parent.

Urgent (requiring immediate action) or emergent (appearing for the first time) mental health treatment needs identified by the Primary Care Physician (PCP) during the initial health screening (24-72 hours of entering foster care) shall be referred immediately by the DCFS worker to a CMHC.

Mental health problems can manifest themselves at any time during foster care. Therefore, DCFS workers will refer a foster child for mental health services at any time during the child's stay in foster care when they think it is appropriate, and immediately whenever a traumatic event takes place in the life of a foster child.

Continuity of care is extremely important. Consequently, if a child or any family members are already receiving mental health services when the child enters the foster care system, DCFS will continue mental health services clinically indicated by the current provider, unless there is a compelling reason to change providers. Other ways the DCFS worker can help promote continuity of care include encouraging cooperation and coordination between service providers. Additionally, the DCFS worker can encourage the PCP to act without delay. Finally, the DCFS worker will provide the CMHC with a copy of the court order whenever custody changes.

When possible, the DCFS worker will make every effort to expedite access to appropriate documents from previous treatment as this can be critical to successful authorization of services by the Division of Medical Services (DMS), as well as the quality and timeliness of services.

PROCEDURE (VI- L1): Referral for Mental Health Assessment

The Family Service Worker will:

- Refer foster children in need of mental health services, ages 5-18 years old, to a CMHC for routine mental health services within five (5) days of their entry into foster care. Need may be determined by a physician, mental health professional, FSW or the foster parent. The FSW should –
 - Contact the closest CMHC and follow their specific referral procedures;
 - Provide required referral documentation (See Procedure VI-M3).
- Refer children under 5 years old for mental health services when the need is identified by the physician during the UAMS comprehensive health assessment or by the DCFS worker or foster parent. Follow the CMHC's referral procedures and provide any necessary documentation.
- Refer foster children with urgent or emergent mental health needs identified by the Primary Care Physician during the initial health screening, immediately to a local CMHC. Follow the organization's referral procedures and provide any required documentation.

- Refer a foster child for mental health services immediately whenever a traumatic event occurs in the life of a foster child. Follow the referral procedures and provide any required documentation.
- Refer a foster child for mental health services anytime the FSW thinks appropriate. Follow the organization's referral procedures and provide any required documentation.
- Promote continuity of care by –
 - Continuing clinically indicated mental health services the foster child or family members were receiving prior to entering foster care.
 - Take timely action to ensure the continuity of the Primary Care Physician's referral.
 - DCFS will provide the CMHC a copy of the court order when custody changes.
- Whenever possible, expedite access to appropriate documents from previous treatment to reduce delay in the authorization of services by the Division of Medical Services.

PROCEDURE (VI- L2): Comprehensive Health Assessment by University Of Arkansas for Medical Sciences (UAMS)

The Family Service Worker will:

- Ensure that the foster child receives a comprehensive health assessment by UAMS within 60 days of the child's entry into foster care.
- Ensure that a hard copy of the Community Mental Health Center's mental health assessment is sent to UAMS with the child's medical records.
- Share the results of the comprehensive health assessment with the foster child's mental health professional.

PROCEDURE (VI- L3): Mental Health Assessment and Evaluation

The Family Service Worker will:

- Refer the foster child to the CMHC and document the referral in the Medical Services screen in CHRIS.
- Ensure the referral to the CMHC is accompanied by:
 - Authorization for treatment,
 - A copy of the current court order,
 - A copy of the medical history,
 - A copy of the case history information.

NOTE: If any of the above information is not available at the time of the initial referral, DCFS will forward those documents as soon as they become available. The CMHC needs this information for effective treatment and to obtain prior authorization from Medicaid.

- Assure adequate and appropriate participation in the assessment process by:
 - Attending the first appointment with the child to sign consents and facilitate treatment and treatment planning.
 - Ensuring that the adult(s) who have the most complete information about the child will accompany the child to the assessment/evaluation. This may mean the Family Service Worker, foster parent and/or parent(s), as appropriate.
- Ensure that the foster parent receives a copy of the child's mental health assessment.
- Establish a schedule regarding dates for evaluation and treatment sessions with the mental health provider.

DCFS understands the Community Mental Health Center will:

- Offer routine assessment or evaluation of the child within five (5) working days from receipt of the DCFS referral, receipt of authorization for treatment and a copy of the court order.
- If a complete psychiatric evaluation is needed, the CMHC has forty-five [45] working days to complete the evaluation.
- Immediately evaluate any client who presents as a psychiatric crisis or an outpatient mental health emergency (See Glossary for definitions) and offer triage/assessment by a Mental Health Professional to the level deemed appropriate.

NOTE: The CMHC will make a copy of the emergency assessment or evaluation available immediately through the Center's emergency services.

- Provide immediate verbal feedback regarding the child's mental health evaluation to the DCFS worker.
- Provide a copy of the child's written mental health assessment report to the DCFS worker as soon as possible, and in every case within five (5) business days.

NOTE: It is understood and agreed that prior authorization requests, diagnostic assessments, master treatment plans, progress notes and other documentation required by the Division of Medical Services may be utilized to impart information, in lieu of written reports to DCFS.

PROCEDURE (VI- L4): Outpatient Therapy and Treatment

If the assessment/evaluation indicates that mental health services are needed, the Family Service Worker can expect the Community Mental Health Center to:

- Offer counseling (individual, group and/or family) and/or other appropriate treatments suited to the individual child's needs.
- Treatment will be offered within five working days of the referral (or in emergency situations within twenty-four [24] hours).
- Assist DCFS in making appropriate referrals to other facilities if the CMHC does not have the specialized services required for the child.

If copies of the current court order and other information (e.g. case history), necessary for the CMHC to offer treatment services, are not initially available, the DCFS Family Service Worker will:

- Forward those documents to the CMHC as soon as they become available.

NOTE: The CMHC needs this information to provide effective treatment and to obtain prior authorization from Medicaid. The Medicaid prior authorization process may affect the deadlines mentioned above.

- Remain engaged in the counseling process and will determine with the Center's therapist at the beginning of counseling the degree and methods of the DCFS worker's engagement (e.g. phone conversations, written reports, conferences).

- Will determine, in coordination with the CMHC therapist, which adults, if any, need to accompany the child to treatment and/or be involved in the child's treatment.
- Will assure adequate and appropriate participation in the treatment process.
- Will, along with the foster parent, attend each appointment scheduled with the psychiatrist, if possible.
- Review and sign all master treatment plans and updates.
- Document the child's mental health services in the Medical Services screen in CHRIS.

PROCEDURE (VI- L5): Inpatient and Other Residential Treatment Programs

- DCFS understands the Community Mental Health Center will:
 - Immediately evaluate any client who presents as a psychiatric crisis or an outpatient emergency (see Glossary for definitions) and offer triage/assessment by a mental health professional to the level deemed appropriate.
 - Assist DCFS in making appropriate referrals to other facilities if the CMHC does not have the specialized services required for the child.
 - Assist in securing appropriate mental health services within its catchment area.
 - Assign a mental health clinician to coordinate mental health treatment for the child, including but not limited to coordination with other agencies, convening staffings, or assisting with the location of 24-hour mental health placement.
 - Work with DCFS to ensure that mental health services compliment case planning, management, and the Multi-Agency Plan of Services (MAPS) Plan. MAPS is a process in which the parent/caregiver and child meet with a multi-agency service team for individualized service planning. The child is assigned a MAPS case manager.
 - Share information about past treatment and coordinate treatment services/discharge plans with inpatient/residential provider, providing the appropriate consent forms have been signed.
 - NOTE: DCFS retains ultimate case planning and management responsibility for placement and permanency issues.

Every DCFS service area has a Placement Coordinator designated by the Area Manager. The Placement Coordinators will:

- Be familiar with all mental health placement resources available within Arkansas and become aware of new placement resources as they develop.
- Know what documentation is required in placement packets submitted to providers with whom placement is considered.
- Understand the Child Case Review Committee (CCRC) process and be able to articulate that information to the courts.

- Attend court hearings to:
 - Explain the current status of the case being addressed.
 - Identify which placements have been pursued.
 - Explain why specific placements have not been made.
 - Respond to any questions regarding the CCRC process and/or the state law requirements that must be met before a child in DHHS/DCFS custody may be sent out of state for treatment.
- Receive the placement packet from the Family Service Worker and use it to:
 - Check for completeness and coordinate with the Family Service Worker to acquire any missing information.
 - Ensure that a packet is complete before forwarding it to the Behavioral Treatment Unit (BTU). Incomplete packets will be returned immediately to the Placement Coordinator.
 - Review the child's needs and make recommendations for possible appropriate placements.
- Consult with the BTU Manager to determine which placement programs have slots and/or funds available.
- Act as a conduit for communication between the county staff and BTU.
- Keep a monthly log containing information about:
 - Which children were referred for placement,
 - The county staff member responsible for case management,
 - The current status of a case and pending actions,
 - The length of stay in a placement.
- Monitor the Medicaid Certificate of Need approval.
- Be involved in discharge planning, and assure discharge planning begins when the child is admitted.

The Family Service Worker will:

- Make a referral to the Community Mental Health Clinic's Clinical Director or his designee when a child needs intensive mental health services (including any 24-hour services).
- When a referral is made for Inpatient/Residential services the worker will assure adequate and appropriate participation in the Inpatient/Residential evaluation/intake process by:
 - Providing comprehensive and accurate information about the child during the assessment and admission phase to an inpatient or residential facility.
 - Attending the first appointment with the child to sign consents and facilitate treatment and treatment planning. Whenever possible, expedite access to appropriate documents from previous treatment to reduce delay in the authorization of services by the Division of Medical Services.
 - If copies of the current court order and other information (e.g., case history) necessary for the CMHC to offer treatment services are not initially available, the DCFS Family Service Worker will:
 - Forward those documents to the inpatient/residential provider as soon as they become available.

NOTE: The CMHC needs this information to provide effective treatment and to obtain prior authorization from Medicaid. The Medicaid prior authorization process may affect the deadlines mentioned above.

- Ensure that the adults who have the most complete information about the child will accompany the child to the assessment/evaluation. This may mean the Family Service Worker, foster parent, and/or parents, as appropriate.
- Update the treatment team on changes of custody status and/or discharge plans and availability.
- Take timely action to ensure the continuity of the Primary Care Physician's referral.
- Once the child has been admitted to a residential facility, the Worker will collaborate with the facility in the development of the Plan-of-Care by:
 - Establishing a schedule regarding dates for treatment sessions with the inpatient/residential provider.
 - Remaining engaged in the treatment process and will determine with the therapist at the beginning of treatment the degree and methods of the DCFS worker's engagement (phone, conversation, written reports, conferences).
 - Assure discharge planning begins on admission and the FSW is involved in that planning.
 - Assure contact by FSW and other appropriate adults with the child.
- Will determine in coordination with the therapist, which adults, if any, need to accompany the child to treatment and/or be involved in the child's treatment, including family therapy sessions.
- Will, along with the foster parent, attend each appointment scheduled with a psychiatrist.
- Review and sign all master treatment plans and updates.
- Ensure that he/she receives a copy of the child's records including evaluations, treatment plans, updates and discharge plan.
- Coordinate after care plans post discharge from the inpatient or residential facility by:
 - Facilitating a timely discharge by identifying specific placement plans as early as possible to promote a positive transition from one level of care to another.
 - Coordinating with the CMHC or other contracted outpatient provider before, during and immediately following discharge from an inpatient or residential facility.
 - Participating in a CASSP staffing to complete a MAPS (Multi-Agency Plan of Service).
 - Obtaining an outpatient appointment immediately following discharge from an inpatient facility.
 - Obtaining a PCP referral to an outpatient provider if needed.
 - Making sure of compliance with all scheduled outpatient appointments.

NOTE: If other DHHS agencies and/or their contracted providers are involved in the case, full coordination extends to them as well.

PROCEDURE (VI- L6): Responsible and Appropriate Adult Participation

The Family Service Worker will:

- Assure the adequate and appropriate participation in the assessment and treatment process by the adult(s) who knows the child best (e.g., family member(s) [unless reunification is not the plan or their involvement is contraindicated], the child's DCFS worker and/or foster parent(s)].
- Make all reasonable efforts to enable the child's parent(s) to comply with the court's orders and the approved case plan.
- Appropriately document if and when the mental health professional recommends a cessation of parental involvement in the child's assessment and/or treatment and share the recommendation with the court for final disposition.

NOTE: The main goal of foster care is to achieve a permanent plan for the child. However, in some cases, parental involvement in the child's treatment can be counter-therapeutic and not in the child's best interest.

The professional mental health provider will determine if it is appropriate for the family to participate in the child's treatment. This will protect the child from victimization by family members who are unable or unwilling to take an appropriate role in the child's treatment.

Whenever necessary or appropriate, the court of jurisdiction should be advised of the mental health professional's recommendations so it can enforce parental compliance.

PROCEDURE (VI- L7): Treatment Planning

The Family Service Worker will:

- Make a referral to the Community Mental Health Clinic's Clinical Director or his designee when a child needs mental health services (including any 24-hour services).
- Ensure the referral includes all the information necessary for treatment planning (e.g., authorization for treatment, current court order, case history and information about previous treatment) if the CMHC does not already have the information or if there is a change in mental health providers.
- Forward copies of all critical information that was not available at the time of the initial referral as it becomes available.
- Keep the mental health professional apprised of any changes in the child's case or placement.
- Coordinate all casework being done in the case with the mental health provider through phone calls, correspondence, email, meetings, joint staffing or case conferences, as discussed and agreed to with the mental health provider.
- Consult the mental health provider regarding permanency-planning decisions primarily to protect the child while engaging the family in a clinically appropriate manner.
- Invite the mental health professional serving the child to attend or otherwise participate in DCFS staffings.
- Provide a copy of the court order to the CMHC once the foster child has been discharged from DHHS custody.

- NOTE: If other DHHS agencies and/or their contracted providers are involved in the case, full coordination extends to them as well. Keep the child's school advised about the mental health treatment being received, as well as informed about the child's needs and progress. This coordination will help ensure the effectiveness of the treatment.
- Invite school personnel to attend staffings, case conferences, and family centered meetings, as appropriate.
- Document in the child's case plan if the child is receiving school-based mental health treatment. Also document details about any responsibilities the mental health provider has regarding coordination of services.

DCFS can expect the Community Mental Health Center to:

- Assign a mental health professional to coordinate mental health treatment for the child including but not limited to coordination with other agencies, convening staffings, or assisting with the location of 24-hour mental health placement, when needed.
- Work with DCFS to ensure that mental health services complement case planning and management.

NOTE: DCFS retains ultimate case planning and management responsibility for placement and permanency issues.

- Make coordination services available after regular work hours.
- Make the recommendation for the most appropriate disposition with regard to medical necessity.
- Assist in securing appropriate mental health services within its catchment area.
- Coordinate the mental health services being delivered by the mental health provider with the DCFS worker through phone calls, correspondence, email, meeting, joint staffing or case conferences as previously discussed and agreed to.

In accordance with Arkansas Code § 9-27-358 Placement – Staffing and planning (a)(1), the DCFS Family Service Worker will:

- Arrange a staff meeting within forty-eight (48) hours to discuss what services or assistance is needed to stabilize the foster placement when foster parents have requested that a foster child be removed from their home.
- Request that the licensed mental health professional from the CMHC or private mental health provider who is treating the child attend or otherwise participate in the required staffing to discuss removal of the foster child and options to supporting the placement.

PROCEDURE (VI- L8): Promote Continuity of Care

If a child is receiving mental health services upon entry into the foster care system, the Family Service Worker will:

- Continue clinically indicated mental health services with the provider who is already delivering those services, unless there is a compelling reason to change providers

If the current mental health provider must be changed (e.g., child placement in another part of the state) the FSW will request that the old and new mental health providers will:

- Share information about past treatment.
- Coordinate treatment services provided the appropriate consent forms have been signed and are in place.

PROCEDURE (VI- L9): Participation in the Child and Adolescence Service System Program (CASSP) at the Local, Regional and State Levels

When a child requires intensive mental health services and inter-agency involvement on service plans, the DCFS Family Service Worker will:

- Refer the child to the CASSP Service Team (after the initial mental health assessment is completed), in coordination with the CMHC therapist.

If the referral is appropriate, according to CASSP guidelines, the CASSP Service Team will:

- Develop and oversee the individual service plan.
- Define and develop an interagency individualized service plan to serve the child and family.

NOTE: The plan will reflect integrated service delivery and will specify services or programs with the funding to be provided by each agency.

NOTE: DCFS retains ultimate case planning and management responsibility for placement and permanency issues.

- Follow the Procedure VI-L12 (Resolution of Issues Encountered) if attempts to resolve disagreements locally are unsuccessful.
- Refer disagreements about case management for an individual child to the Regional CASSP Service Team to be addressed at its next regularly scheduled meeting.

NOTE: Identified systems issues such as gaps in services and services needed with no identified funding source will be addressed by the Regional CASSP Planning Team with regional recommendations forwarded to the State CASSP Coordinating Council.

PROCEDURE (VI- L10): Communication

If any party needs to cancel an appointment, that cancellation will be done at least twenty-four (24) hours in advance, except in genuine emergency situations such as illness.

PROCEDURE (VI- L11): Implementation of Agreements Monitoring

NOTE: DCFS has agreements (informal) and/or contracts (legally binding agreements) with most community mental health centers and with other mental health providers. The DCFS Area Manager is responsible for working with the Community Mental Health Center (CMHC) Directors to establish an oversight process and create a DCFS/CMHC Oversight Team. The Area-wide DCFS/CMHC Oversight Team will work closely with the CASSP Regional Team and community stakeholders to ensure the quality and effectiveness of the mental health services provided.

The Division of Children and Family Services will:

- Comply with all joint agreements/contracts with mental health service providers.
- Hold an initial joint meeting in each catchment area to:
 - Review the agreements,
 - Assess implementation of the agreements to date,
 - Identify barriers to implementation of the plan,
 - Develop a plan to address the identified barriers.
- Hold a biannual joint meeting (following the initial joint meeting) in each catchment area to review the four topics listed above and any other pertinent issues.

PROCEDURE (VI- L12): Resolution of Issues Encountered during Implementation of Agreements

If CMHC staff believes that DCFS staff is not following the terms of the provider agreement, they will:

- Attempt to resolve the issue with the appropriate DCFS County Supervisor.
- Contact the appropriate Area Manager if the issue cannot be resolved at the county level.

If DCFS staff believes that CMHC staff is not following the terms of the provider agreement, they will:

- Attempt to resolve the issue with the Children's Services Director or other designated staff at the CMHC.
- Contact the CMHC Director if the issue cannot be resolved at the lower level.

If an issue cannot be resolved through the above processes, the parties will contact the following senior staff to resolve the issue.

- The DCFS Assistant Director of Community Services,
- The Division of Mental Health Assistant Director for Children's Services.

NOTE: The Community Mental Health Centers and DCFS agree that neither shall have nor exercise any control or direction over the methods by which the other's employees perform their clinical functions and that no relationship of employer and employee or of joint venture between the parties is created by this agreement.

POLICY (VI- M): CHILD CASE REVIEW COMMITTEE (CCRC) – GUIDELINES FOR REFERRAL AND REVIEW

The CCRC ensures appropriate response to the service needs of multi-challenged children and their families. The committee also serves as the gatekeeper for out-of-state placements for children in DHHS custody.

The CCRC deals mainly with the following types of cases:

- Children in DHHS custody who have significant trouble being placed due to multiple, more serious and/or complex needs.
- Cases where out-of-state treatment is recommended.
- There are no available Arkansas resources that can meet the child's identified needs.
- All available in-state resources have been used, but have not been measurably effective.
- Coordination between DHHS divisions has not resolved which division will be responsible for the specific case.

The CCRC is comprised of the following members:

- Director of the Department of Health & Human Services (Chairman);
- The Directors of the following DHHS Divisions – Children and Family Services, Youth Services, Medical Services, Developmental Disabilities Services, Behavioral Health Services, and Office of Chief Counsel;
- A representative of the Department of Education;
- CCRC Coordinator (Manager, Behavioral Treatment Unit), whose responsibilities include:
 - Coordinating the CCRC meetings;
 - Managing contracts; and
 - Providing technical assistance.

NOTE: The CCRC Coordinator does NOT do case management or find placements for children.

- Additional committee members may include:
 - Division representatives who act as referral coordinators within their agencies;
 - The designated caseworker for the child and family;
 - Appropriate service providers;
 - Others needed to develop a suitable plan of service to meet the child's needs.

PROCEDURE (VI- M1): The Child Case Review Committee (CCRC) Referral Process

When any local Divisional staff member becomes aware of a child who meets the criteria for referral to the CCRC, he should contact both the County Supervisor and the designated Placement Specialist for the Area.

The Placement Specialist will discuss the child's needs with the caseworker and the County Supervisor to verify it is an appropriate referral for the CCRC.

NOTE: Children from counties with active "Together We Can" and/or CASSP teams should be referred to the appropriate team before the child is considered for referral to the CCRC. The County Administrator should facilitate referrals to "Together We Can".

A referral packet to CCRC should be submitted to the CCRC Coordinator (Manager, Behavioral Treatment Unit) and shall contain the following information:

- Presenting problem;
- Chronological summary of placements [include reasons for moves and a narrative description of the circumstances and behaviors that led to each move];

- Medical history;
- Permanency plan.

If the referral to the CCRC is determined to be inappropriate, the CCRC Coordinator will give the county office specific guidance on how to handle the case.

If the referral is determined to be appropriate for the CCRC, the CCRC Coordinator will:

- Place the case on the agenda for the next scheduled CCRC meeting (unless an emergency is indicated in the referral material).
- Advise the Division's contact person which people need to attend or be available by conference call for the CCRC meeting.

The referring county shall send key staff knowledgeable about all aspects of the case to the CCRC meeting to review details of the case.

When a referral is appropriate for the DHHS Child Case Review Committee (CCRC) process, the Family Service Worker will:

- Contact BTU only through the Placement Coordinator, except in cases of extreme urgency or when the Placement Coordinator is unavailable.
- Collect information for the placement packet.
- Create the packet consisting of the following items:
 - Cover memo which includes:
 - Family Service Worker's name and title, phone and fax numbers, and supervisor's name;
 - Child's name, age, legal status and current location;
 - Concise paragraph detailing the reasons for referring the child for placement and when the placement is needed;
 - Child's last/current placement and an explanation for the removal;
 - Placement history (give dates) and reason for discharge;
 - Clinical recommendation for placement from the last discharge and previous providers if applicable;
 - A copy of the MAPS from the CASSP staffing;
 - Letters of referral and/or denial;
 - Intelligence quotient (I.Q.) – Full Scale;

- Decisions will be made by majority vote with the Chairman breaking any tie votes.
- Dates will be established for the CCRC to be updated on the status of the plan implementation.
- Committee members and other participants will respect the confidentiality rights of each individual client.

PROCEDURE (VI-M3): Medicaid and Financial Issues

If a child in DHHS custody is placed in an out-of-state placement without proper documentation, as required by ACA §20-46-106 (See below), or CCRC authorization:

- Medicaid will not approve a Certificate of Need (CON).
- Authorization to pay the provider/facility for services will not be given.

ACA §20-46-106 Documentation Requirements for Out-of-State Placements:

- Before an emotionally disturbed child/youth is placed in an out-of-state treatment facility, the Office of Chief Counsel will make and document the following determinations, which will be reviewed with the CCRC Coordinator (Manager, Behavioral Treatment Unit).
 - Whether the emotionally disturbed child/youth has been appropriately and accurately diagnosed;
 - Whether an appropriate treatment facility exists within Arkansas;
 - Whether there is an appropriate treatment facility in a border state;
 - Whether the treatment facility being considered has the most appropriate program;
 - Whether the program requires payment of board, and if so, what is the amount;
 - Whether the total cost for treatment in the out-of-state facility exceeds the cost of treatment in Arkansas;
 - Where youth at the facility attend school, and whether the school is accredited;
 - What type of professional staff is available at the facility;
 - What mechanisms are in place to address problems that are not within the purview of the program;

 - What alternatives exist to out-of-state placement, and the benefits and detriments of each alternative?

NOTE: The information collected by the above determinations shall be included in the child's/youth's case file. The information shall be reviewed and considered by the juvenile judge.

PROCEDURE (VI- M4): Follow-up to CCRC Recommendations

The Placement Specialist or Caseworker will:

- Work with the CASSP Team to develop a plan to implement the CCRC recommendations; this will be a revision of the CASSP Plan.
 - Work to implement the CASSP Plan/CCRC recommendations.
 - Report to the CCRC Coordinator:
 - Progress on implementing the CASSP Plan/CCRC recommendations.
 - Problems and barriers encountered in trying to implement the CASSP Plan/CCRC recommendations.

If the CASSP Plan must be modified, the caseworker assigned to the case will contact the CCRC Coordinator to schedule the child's case for an update at the next scheduled CCRC meeting. The CCRC Coordinator will ensure that Divisions are made aware when they have a case update on the agenda.

VII. SERVICES TO SUPPORT FOSTER PARENTS

POLICY (VII-A): FOSTER PARENT RECRUITMENT, TRAINING, APPROVAL, RE-EVALUATION AND RETENTION

Foster care is a team effort involving DCFS, the family foster parents, the foster child, and the custodial/non-custodial parents. When all those directly involved in the situation understand their own and each others' roles and cooperate as team members in a team effort, the quality of the experience for all is increased, and the effect on the child's future well-being is greatly influenced. (See "Family Foster Parent Handbook" (PUB-30) for responsibilities of the Foster Care Team.)

For the purpose of Title IV-E eligibility, a foster family home means the home of an individual or family licensed or approved as meeting the standards established by the Child Welfare Agency Review Board that provides 24-hour out-of-home care for children. (With respect to foster family homes on or near Indian reservations, approval would rest with the tribal licensing or approval authority(ies). The term includes group homes, agency-operated boarding homes or other facilities licensed or approved for the purpose of providing foster care. Foster family homes that are approved must be held to the same standards as foster family homes that are licensed. Anything less than full licensure or approval is insufficient for meeting Title IV-E eligibility requirements.

In addition, the Child Welfare Agency Licensing Act defines a foster home as a private residence of one (1) or more family members that receives from a child welfare agency any minor child who is unattended by a parent or guardian in order to provide care, training, education, custody or supervision on a twenty-four (24) hour basis, not to include adoptive homes. The home must meet family foster home standards and the individual child's needs for the duration of the placement.

There are three types of DCFS foster homes referenced in the CHRIS System. Foster Family Home (Non Relative), Relative Foster Home (Kinship Only), and Relative Foster Home (Fostering and Kinship). There will be no distinction in approval requirements between kinship foster homes and all other approved foster homes in Arkansas.

Kinship foster homes are homes in which adult relatives within the first, second, or third degree of consanguinity to the parent or stepparent are recruited by the Family Service Worker to provide 24 hours per day care for children who are related through blood or marriage. These homes must meet all of the minimum licensing requirements for a family foster home. Relatives who are approved for placement of children in their home may choose to be a kinship foster home or a regular foster home. Kinship foster homes will be approved only for placement of relative children. If the relatives choose to be a regular foster home, they will have the responsibility of caring for relative and non-relative foster children.

Once permanency is achieved for the relative children placed in a kinship family foster home, relatives may choose to become a regular Family Foster Home if they remain in compliance with licensing standards. This will be a decision made by both the relatives and DCFS based on the best interest of the relative children.

The Division shall recruit a sufficient number of foster parents to ensure that all children are placed in the least restrictive, most family like setting that meets the child's individual needs. The Division shall diligently recruit potential foster families that reflect the ethnic and racial diversity of children in DHHS custody for whom a foster home is needed. Recruitment of new foster families is an ongoing activity for which Area and County staff are mainly responsible. Recruitment can be achieved by several means including participation from current foster parents, development of local and statewide media campaigns and through the use of contact with community organizations. The Division will employ the use of the Family Foster Home Needs Assessment to assist with specific county recruitment efforts. The Family Foster Home Needs Assessment will also be utilized in the development of the Foster Home Recruitment Plan. Targeted recruitment of specialized foster parents shall address the special needs of children needing placement.

The Division shall place children in approved foster homes where the foster parents have satisfactorily completed the Division's pre-service training curriculum, have been cleared through the Central Registry and through a local and state criminal records background check.

A FBI criminal records check shall be conducted on persons who have not resided in Arkansas continuously for the past five (5) years. The Division will provide documentation in the case record that the criminal record check was conducted on the prospective foster parent. DCFS will check the driving record (violation points) for each potential foster parent. The Arkansas State Vehicle Safety Program sets the maximum number of traffic violation points a foster parent may be allowed. The completion and approval for all foster home re-evaluations must be documented in CHRIS. The approval process shall concurrently educate foster parents on the characteristics of children in out-of-home placement and assess their capability to meet those needs and their compliance with the DCFS standards for approval of foster homes. The Division will not approve a foster home where any adult member living in the home is homosexual. An Individualized Training Plan for in-service training shall be developed for each foster parent. The plan shall take into consideration the age and characteristics of children for whom the foster parent is caring and the expressed preferences of the foster parent.

DCFS shall re-evaluate each foster home's ability to care for children at least annually and whenever there is a major life change in the lives of foster families. Foster parents who do not meet the in-service training requirement will be placed on probation for sixty (60) days. No new children receiving out-of-home placement services may be placed during the probation period. Foster parents shall complete their annual in-service training requirements before they receive any additional children receiving out-of-home placement services unless an exception is granted. The completion and approval of all foster home re-evaluations must be documented in CHRIS. If a foster family re-evaluation is not completed and documented annually in CHRIS, any IV-E eligible child placed in the home will lose his IV-E eligibility until the re-evaluation of the family is completed and documented.

DCFS employees are not permitted to be agency approved foster family homes. However, in situations where Division staff are relatives to children placed in DHHS custody, and it is in the best interest of the child to be placed with the relative, the DCFS Director may grant approval on a case-by-case basis.

DCFS will retain good foster homes by ensuring good communication with and support to those homes.

PROCEDURE (VII-A1): Foster Parent Recruitment

The purpose of foster parent recruitment is to increase the number of qualified, trained family foster parents in Arkansas through the recruitment process. Each Area will develop Recruiters to assist in the recruitment process, and Foster Home Evaluators to conduct the In-Home Consultation Visit and ensure that the family completes the approval process. These evaluators will be contracted or designated staff. Each Area will develop an annual recruitment plan to be initiated at the beginning of each fiscal year. The Family Foster Home Needs Assessment (CFS-445) will be utilized in the development of the recruitment plan. The CFS-445 will be conducted at least annually. The plan will outline ongoing recruitment efforts for the Area.

Some examples of recruitment are:

- Involvement of present foster parents. Foster parents can be encouraged to make:
 - One-to-one contacts;
 - Speaking engagements;
 - Active coordination with professional people and minority groups to create public interest.

- Contact with community organizations, faith-based organizations, the media (newspaper, radio, and television), dissemination of fliers and brochures, and manning booths at county fairs and other such community activities.
- One county, several counties or an Area may conduct a community outreach recruitment meeting to share information with the community on the requirements to become a foster family. Community orientation sessions are encouraged and can be used as a tool to promote foster family recruitment.
- Volunteer groups to create public awareness of county needs.

The Area Manager or designee will:

- Conduct an annual assessment of current foster homes and identify the need for additional foster homes by utilizing the CFS-445.
- Submit the CFS-445, referrals and inquiries to the Foster Home Evaluator.

INQUIRY

NOTE: The entire process from initiation of a foster parent inquiry to approval for training is processed through an automated tracking system in the Inquiry Screen. Only when the automated system (Internet/Intranet) is down will manual processing of information be necessary (i.e., use of the CFS-413 [Foster Care/Adoption Inquiry] or CFS-563 [Foster Parent/Adoptive Parent Recruitment Log]).

The DCFS County Supervisor will designate a staff person to accept all inquiry calls. It is imperative to acknowledge any inquiry that is made. When an inquiry is made, the staff person will give a brief explanation of the county foster care needs, correct any misinformation the caller may have and explain the Pre-Service training and assessment process. The designated staff person will log all inquiries on the DCFS Foster/Adoptive Home inquiry screen on DHHS Gold, hovering over the "Program, Policy and Procedures Manuals" icon and selecting "Inquiry to Become a Foster/Adoptive Parent". The CFS-413 (Foster Care/Adoption Inquiry) can be used to log the inquiry if the inquiry screen on the Internet cannot be accessed.

Prospective foster parents can log on to the State of Arkansas/DCFS/Foster Families Internet website page and make an inquiry. Notification of Internet inquiries made by prospective foster parents will go directly to the Area Manager. The Area Manager will assign the inquiry to the designated Foster Care Resource staff person. The Area Manager must assign a designated staff person when they are out of the office to ensure timely responses to inquiries.

After either a telephone inquiry received by staff, or an Internet inquiry made by a prospective foster parent, the designated staff person must make contact with the family within three (3) working days of the inquiry. Initial contact will be via telephone, mail or visit on all referrals and inquiries received. The designated staff person will document contact on the DCFS Foster/Adopt Home Inquiry screen located on DHHS Gold (hover on Program Policies and Procedures books). If the Internet is down, use the CFS-563 (Foster Parent/Adoptive Parent Recruitment Log) to document contact. Transfer information listed on the CFS-563 to the DCFS Foster/Adopt Home Inquiry screen when Internet use returns.

After initial contact is made, provide the family with an information packet. The information packet will consist of a letter identifying a contact person, a brochure titled "Foster Parenting A Little Goes a Long Way" and a copy of PUB-022 (Standards for Approval of Foster Family Homes). The initial contact letter is located on the Foster/Adoptive Home Inquiry screen. Copies of the brochure can be obtained from the DCFS Foster Care Unit. The information packet must be sent to the family within three (3) working days of the initial inquiry.

IN-HOME CONSULTATION VISIT

The Foster Home Evaluator will:

- Within ten (10) working days after initial contact, conduct an in-home consultation visit with the prospective foster parent for the following reasons:
 - Review and complete the In-Home Consultation Visit Report (CFS-446).
 - Discuss the standards for approval of foster parents as outlined in PUB-22.
 - Advise the prospective foster parent of his right to voluntarily withdraw his consideration to be a foster parent.
 - Inform the prospective foster parent of the possibility that he may not be approved to become a foster parent if he does not meet minimum qualifications.
 - Discuss training requirements including completion of CPR and First Aid Training and certification prior to approval; and inform the prospective foster parent of his responsibility to obtain the CPR and First Aid Training and certification prior to approval. Both heads of households must obtain certification. Advise the prospective foster parent that training and certification will only be accepted from a certified trainer associated with the American Heart Association, the National Safety Council or the American Red Cross. First Aid training provided through the National Safety Council must be the Standard First Aid, not Basic First Aid. All CPR classes must cover infant, child and adult methods. The prospective foster parent must obtain a certification card from the trainer representing the certifying national organization. In addition, advise the prospective foster parent that DCFS staff will coordinate the CPR and First Aid training with the national organization, instead of the prospective foster parent arranging their own training sessions. Document information on the inquiry screen.
- Distribute and review the Arkansas State Vehicle Safety Program (ASVSP) Foster Parents/Applicants with the family. Complete with the family the CFS-593 (Additional Requirements for DCFS Drivers), Form VSP-1 (Authorization to Operate State Vehicles and Private Vehicles on State Business) and Form VSP-2 (Authorization on Obtain Traffic Violation Record). Submit the signed forms along with a legible copy of the prospective foster family's driver licenses to the DCFS Office of Financial and Administrative Support Unit. The front and back of the driver's license must be copied. The county office must receive the results of the Arkansas State Vehicle Safety Program check before the family can be approved for training. Document on the inquiry screen.
- Per PUB-04 (Minimum Licensing Standards), foster parents shall allow foster children to be transported only by persons having a valid driver's license. Teenage drivers in the home will be subjected to the ASVSP and must be licensed if they will be allowed to transport foster children who are placed in the home. The result of the teenager's ASVSP report should not impact the decision to approve the home as long as the parent's ASVSP check is favorable. If the teenager's report is negative he will not be able to transport foster children.
- Unless the Foster Home Evaluator has already excluded the prospective foster parent applicant, distribute and complete with the family the CFS-316 (Request for CPS Central Registry Check), CFS-342A (Foster Care Criminal Record Check [requires a notary]), CFS-349B (Request for Local Criminal Record Check of Foster Parents), an FBI criminal record check, and CFS-450 (Family Foster Home Study Application), as appropriate. Obtain all appropriate signatures on each form. Document on the inquiry screen.

- The CFS-316 must be completed on each household member age ten (10) years and older. The Central Registry Check will be repeated every two (2) years. The CFS-316 must be submitted for checks by the designated DCFS staff person and routed to the DCFS Child Protective Services Unit. Document on the inquiry screen.
- The CFS-342A must be completed for each household member age fourteen (14) years and older. The Criminal Record Check will be repeated every five (5) years. The CFS-342A must be submitted for checks by the designated DCFS staff person and routed to the DCFS Foster Care Unit. Document on the inquiry screen.
- The CFS-349B must be completed for each household member age fourteen (14) years and older. The CFS-349B must be submitted for checks by the designated DCFS staff person.. Local background checks are to be repeated every two (2) years. Document on the inquiry screen.
- An FBI criminal record check must be requested for families who have not resided in Arkansas continuously for the past five (5) years. The state criminal record check must be completed prior to requesting the FBI criminal record check. Forward the FBI print card, with the results of the state criminal record check attached, to the Foster Care Unit for processing. The designated DCFS staff person will be responsible for submitting the FBI check. Inform the family that they are responsible for paying for the FBI check and ensure that the family completes the FBI print card with good, un-smudged prints. If the prints are not readable the family will have to re-submit and pay for a new check. Document on the inquiry screen.
- NOTE: You must have the results of the Motor Vehicle Safety program before you can recommend a family for pre-service training. The results of the criminal background checks or Central Registry checks are not required to recommend a prospective family for training. However, if the results of a check are received before the completion of the in-home consultation and the results include a negative finding, then the family cannot be recommended for training. See procedure VII-A5 (Denial of a Foster Home). Document on the inquiry screen.
- Within 30 calendar days of the initial contact and in-home consultation, submit the signed and completed CFS-446 (In Home Consultation Visit Report) to the DCFS County Supervisor with one of the following recommendations:
 - Invite the applicant to attend Pre-Service Training, or
 - Do not invite the applicant to Pre-Service Training and provide an explanation, i.e., the applicant fails to meet standards.

SELECTION FOR PRE-SERVICE TRAINING

The DCFS County Supervisor/or Designated Supervisor will:

- Log receipt of the CFS-446 on the DCFS Foster/Adopt Home Inquiry screen located on the Intranet. If the Intranet is down, use the CFS-563 (Foster Parent/Adoptive Parent Recruitment Log) to document contact. If the CFS-563 is used to document contact, then follow up and document the information on the inquiry screens on the Intranet for reporting and tracking purposes.
- Note approval or disapproval of recommendation within five (5) working days of submission of the CFS-446 by the Foster Home Evaluator.

- Either approve or disapprove the recommendation of the Foster Home Evaluator. Enter recommendation in the Inquiry screen. The system will automatically notify MidSouth of approval status.
- Sign and return the CFS-446 to the Foster Home Evaluator.
- Send letter to applicants who were not approved to attend Pre-Service Training, forward a copy of the letter to the Foster Home Evaluator, and log notice of non-selection on the DCFS Foster/Adopt Home Inquiry screen located on the Intranet. If the Intranet is down, use the CFS-563 (Foster Parent/Adoptive Parent Recruitment Log) to document contact. If the CFS-563 is used to document contact, then follow up and document the information on the inquiry screens on the Intranet for reporting and tracking purposes.
- Submit the completed CFS-316 (Request for CPS Central Registry Check), CFS-342A (Foster Care Criminal Record Check), CFS-349B (Request for Local Criminal Record Check) and FBI criminal record check to respective agencies responsible for the checks. Submit completed forms for checks on the same day that approval is sent to MidSouth. Document the date the forms were submitted in the "Inquiry" screen on the Intranet. File a copy of the results in the county office. (If a fee is charged for conducting the local criminal record check, forward the bill to the DCFS Chief Fiscal Officer, Slot S561.)

The Foster Home Evaluator/Designated Supervisor will, within five (5) working days of approval:

- Invite approved applicant to Pre-Service Training.
- Submit a copy of the following to the prospective foster parents with a copy to the foster parent trainer (MidSouth):
 - The CFS-446 approving the family to attend Pre-Service Training.
 - The family's completed and signed CFS-316, CFS-342A, and CFS-349B. The CFS-316, CFS-342A, CFS-349B and FBI check must be submitted for checks by the designated DCFS staff upon completion. The forms must be submitted prior to the family attending training, however, the results are NOT required before the family can attend training.
 - Cover letter to the prospective foster family that will:
 - Inform the prospective foster parent of approval to attend Pre-Service Training.
 - Inform the prospective foster parent that the trainer (MidSouth) will contact them to schedule the Pre-Service Training session.
 - If the CFS-450 (Family Foster Home Study Application) was not previously completed, instruct prospective foster parent to complete the CFS-450 and submit it at the first Pre-Service Training Session.
 - Remind prospective foster parent of their responsibility to secure CPR and First Aid Training and certification prior to approval.

Counties or Areas may conduct pre-orientation sessions to further clarify the foster parent application process, to collect paperwork from prospective families, and to notarize criminal background checks. If a pre-orientation session is held, the session will count as 1½ hours towards the 30 hours needed for pre-service training.

PROCEDURE (VII-A2): Foster Parent Training

Prospective foster families must complete a home evaluation as part of the process to become an approved foster family. A family can be evaluated by designated Division staff or by staff contracted through the MidSouth Training Academy. These staff are responsible for the following:

Transfer information listed on the CFS-563 to the Inquiry screen when Internet use returns.

DCFS County Supervisor or Designee will:

- Hold the Area or County Orientation Session. At the Orientation Session, County or Area staff will, at a minimum, provide each foster family with a new foster parent packet and review the packet content with the foster parents. The packet will include a Certificate of Approval, a Foster Parent Handbook (PUB-30), a foster parent journal, a supply of TR-1s and any other forms deemed necessary.

The **Placement Supervisor, DCFS County Supervisor or Area Manager** will:

- Enter the approved foster family into CHRIS by identifying them as a Foster Family in the Resource Category field and as one of the following three Resource Types on the General Information screen in the "Resource" section:

- Complete the Individual Training Needs Assessment in conjunction with the foster parent.
- Complete the CFS-475 (Checklist for Compliance).
- Complete the “Family Foster Parent Re-evaluation” (CFS-451).
- Re-evaluate the foster home annually. **Please note:** The completion and approval of all foster home re-evaluations must be documented in CHRIS. If a foster family re-evaluation is not completed and documented annually in CHRIS, any IV-E eligible child placed in the home will lose his IV-E eligibility until the re-evaluation of the family is completed and documented.
- Re-evaluate the foster home whenever there is a major life change in the life of the foster family such as:
 - Death or serious illness among the members of the foster family.

Procedure (VII-A5) Denial of a Foster Home

Non-Approval as a Result of the In-Home Consultation Visit Report:

- The Foster Home Evaluator will inform the family of their non-compliance with any identified standard. If there is a standard that the family can correct, a corrective action plan will be documented on the In-Home Consultation Visit Report (CFS-446) with identified time frames and persons responsible for achievement. The family cannot be approved to attend training until the corrective action is completed.
- The Foster Home Evaluator will recommend non-approval for training if the family cannot comply with all approval standards, including if they receive a negative result from the Vehicle Safety Program.
- The non-compliance will be shared with the family by the Foster Home Evaluator and documented on the CFS-446. The family will sign the In-Home-Consultation acknowledging non-compliance. The County Supervisor will disapprove the family and the family will be given a copy of the CFS-446 with all signatures.

Negative Results of a Background Check:

- If a negative result from a background check is received before a family starts training, the County Supervisor/Designee will share the results with the family and inform them of their ineligibility to attend training.

Procedure (VII-A6) Foster Parent Retention

The Family Service Worker will follow the guidelines below to ensure good casework practice to retain foster parents:

- Ensure good communication among all team members, as well as mutual respect, understanding, and honesty are essential elements of the team effort. All team members share the responsibility for ensuring the lines of communication are kept open and in use.
- Keep foster parents informed of DCFS programs, services, and policies that relate to foster family care.
- Discuss and assist with the completion of the Initial Foster Family Agreement (CFS-462) and Foster Home Agreement Addendum (CFS-462A) and compliance with the terms.
- Support foster homes as needed to adequately serve children.
- Provide foster parents with telephone numbers of the assigned Family Service Worker at the time of placement. Foster parents will be provided a list of after hours DCFS contacts and numbers.
- Inform foster parents of their access to a grievance procedure when differences arise with DCFS which have not been resolved to the foster parents satisfaction, as outlined in the Family Foster Parent Handbook (PUB-030).

POLICY (VII-B): PROVIDING INFORMATION TO FOSTER PARENTS

Foster parents shall be considered as team members working with other child welfare professionals for the family. Complete information, such as a child's health, education records, reasons for entering care, siblings, and probable length of placement, shall be provided to foster parents at the time of placement. The child's social security number may be given to the foster parents, only if the foster parent must have the number to obtain services, care or treatment for the child. Some examples would be to enroll the child in school or to obtain medical treatment for a child who is not Medicaid eligible, when treatment is needed. The foster parent must keep the child's social security number confidential and use the social security number only for an allowable purpose. Additional information shall be shared promptly with the foster parents.

The court shall allow foster parents an opportunity to be heard in any review or hearing held with respect to a child in their care. Foster parents shall not be made a party to such review or hearing solely on the basis that such persons are entitled to notice and the opportunity to be heard.

Foster parents are allowed to receive a copy of substantiated child maltreatment report for the child in their care.

PROCEDURE (VII-B1): Providing Information to Foster Parents

The **Family Service Worker** will:

- Provide foster parents with copies of the "Case Plan" (CFS-6010), "Health Services Plan" (CFS-368) and "Placement Plan-Placement Plan Provider Information Report" (CFS-6007) within five (5) calendar days of completion or revision.
- Provide the foster parent with the child's social security number, when it is required, to obtain services, care, or treatment for the child.
- Review and update the child's health and education records, and provide copies to the out-of-home care provider at the time of placement.
- Provide any additional information, as it becomes available.
- Submit the "Notification of Court Appearance" (CFS-343) to foster parents within ten (10) calendar days of any review hearing to be held with respect to a child in their care. Send the CFS-343 through certified mail for all Permanency Planning Hearings.
- Provide the foster parent with a copy of a substantiated child maltreatment report on the child in their care, if requested.

The **Foster Parents** will:

- Maintain the information shared as confidential.

POLICY (VII-C): SUPERVISION OF CHILDREN IN OUT-OF-HOME PLACEMENT

Children in out-of-home placement will be visited regularly and such visits will take place no less than weekly for the first month of placement into foster care or a new foster home. Visitation after the first month in care will occur monthly in the foster home, with the worker maintaining weekly contact with the child through the following settings: school, parental visits, during transportation to medical appointments, court hearings or via telephone.

The purpose of these visits shall be to:

- Keep open communication with the age-appropriate child;
- Engage the child and foster parents, as appropriate, in activities geared to accomplish case plan goals and to assure the child's needs are being met;
- Assess the quality of the care being provided;
- Determine the extent to which the child's developmental, medical, intellectual, and emotional needs are being met; and
- Assess the child's adjustment to the out-of-home placement, foster parents, other persons in the home, and school.

Weekly visits will occur in the foster home and include a private conversation with the age-appropriate child to assess the quality of care being provided.

The Division shall notify the child's family, the OCC Attorney, Child Abuse Hotline and the Attorney ad litem if the child is the subject of an allegation of child maltreatment. If the alleged child maltreatment occurred in the out-of-home placement, the Attorneys ad litem for all other children placed in the home shall be notified. The information obtained during the investigation /interview will determine whether the involved children or other children in the out-of-home placement will be removed pending a final outcome of the investigation. If the alleged child maltreatment occurred and the foster family can correct the problem, which resulted in the child maltreatment, a corrective action plan may be established with the foster family. However, the safety of the children will be the first consideration and the Division may close a foster home with a true determination of child maltreatment without a corrective action plan.

PROCEDURE (VII-C1): Supervision of Children in Out-of-Home Placement

The Family Service Worker will:

- Visit with the child at least once a week in the out-of-home placement for the first month of placement or placement in a new foster home. Visits by other DCFS staff (e.g., SSA, Supervisor) will count as a weekly visit after the case has been opened 30 days.
- Visit the child in the foster placement monthly and document visits in the contact screens in CHRIS. Visits by other DCFS staff will not count towards the worker's required monthly visit.
- Maintain weekly contact with the child in foster care. Weekly contact can be face-to-face in other settings (e.g., school, during parental visits, during transportation to medical visits, after a court hearing, or via telephone). Document weekly contacts in the contact screens in CHRIS.

- Report to the Child Abuse Hotline immediately if the child is the subject of an allegation of child maltreatment, and then immediately notify the child's custodial/non-custodial parent(s) parent, the OCC Attorney and Attorney Ad Litem.
- Follow up immediate notification by forwarding a copy of the CFS-310 (Notice of Child Maltreatment Allegation) immediately, but no later than five (5) business days, to the child's custodial/non-custodial parent(s), Attorney Ad Litem and OCC Attorney whenever the child is the victim or offender named in an allegation of child maltreatment.
- Notify Attorneys ad litem, via the CFS-310, immediately, but no later than five (5) business days, for all the children placed in the same out-of-home placement if the allegation is in connection with the foster home.
- If there is an allegation of sexual abuse perpetrated by a foster child, a public defender will be assigned to the child. The investigating agency (CACD) will provide notice of the investigative determination to the juvenile, the juvenile's parents and the public defender who represented the child during the investigation via the CFS-312 (Child Maltreatment Assessment Determination). The CFS-312 must be forwarded to the Juvenile Division of the Circuit Court if there is a true finding of sexual abuse perpetrated by a child under the jurisdiction of the court.

POLICY (VII-D): CHANGES IN OUT-OF-HOME PLACEMENT

The Division recognizes the importance of providing a stable placement for children in out-of-home placement. Family preservation services shall be utilized if necessary to address problems in the out-of-home placement in order to prevent disruption.

Changes in placement shall be made only after notification to the age-appropriate child, foster parent, the court, the OCC Attorney, Attorney Ad Litem, and the child's family. Notices shall be sent in writing two (2) weeks prior to the proposed change. The notice shall:

- Specify reasons for the proposed change,
- Provide to the Attorney Ad Litem the address of the proposed new out-of-home placement, and
- Provide to the child the name and telephone number of the Attorney Ad Litem.

The age-appropriate child will be notified of the right to appeal the change and to request assistance from the Attorney Ad Litem. Pre-placement visits shall be conducted when possible before a change in placement. Exceptions to the advance notice requirement shall be made if the child's health or safety would be endangered by delaying a change in placement. Within twenty-four (24) hours of the emergency change in placement, DHHS shall notify the custodial/non-custodial parent(s), the OCC Attorney and the child's Attorney Ad Litem of the change via the CFS-300 (Parent/Attorney Ad Litem Notification of Change). DHHS shall provide written notice to the Attorney Ad Litem with the name and address of the new out-of-home placement provider. Within seventy-two (72) hours of the emergency change in placement, DHHS shall provide written notice to the OCC Attorney and Attorney Ad Litem for the specific reasons justifying the change of placement without advance notice.

If an agent, employee, or contractor of DHHS fails to comply with the emergency notice of change in placement requirements, then an action for violation of the requirement may be filed by any party to the action against the person who failed to comply with the requirement. The court will determine the assessment of punishment with the most probable punishment being cited as contempt of court.

If the court finds the agent, employee, or contractor of DHHS failed to comply with the requirement, then the court may order DHHS or the agent, employee, or contractor to pay all of the costs of the proceedings brought under this requirement.

When a foster parent requests a foster child be removed from their home, excluding an emergency that places the child or a family member at risk of harm, the foster parent must attend a staffing to discuss what services or assistance may be needed to stabilize the placement. The staffing will be held within 48 hours of notification by the foster parent to remove the child from their home. The foster child, the child's Attorney Ad Litem and a CASA, if appointed to the case, shall be notified so that they can attend and participate in the staffing and planning for the child's placement. If the placement cannot be stabilized the foster parent will continue to provide for the foster child until an appropriate alternative placement is located, but this shall not be longer than five (5) business days. These efforts will serve to reduce the number of placements of children in foster care.

The DCFS Eligibility Unit will be notified concerning changes in the child's out-of-home placement. This includes situations wherein the child remains in foster care but is moved from one out-of-home placement to another; has returned home; been placed at a DYS facility, a juvenile detention center, placed with a relative (non-kinship care), on runaway status, or on a trial placement, etc. The child's Medicaid case will close the date the child's foster care case is closed.

Children who are in the custody of the Department shall be allowed trial placements with parents, for a period not to exceed thirty (30) days. At the end of the thirty (30) days, the court shall either place custody of the child with the parent or the Department shall return the child to a licensed or approved foster home, shelter, or facility, or an exempt child welfare agency as defined by A.C.A. §9-28-402. To comply with Title IV-E eligibility requirements, trial placement must occur in the home of the custodial/non-custodial parent(s) and may not exceed six (6) months in duration, unless a court orders a longer trial home visit. If a trial placement extends beyond six (6) months and has not been authorized by the court, or exceeds the time period the court has deemed appropriate, and the child is subsequently returned to foster care, that placement must then be considered a new placement, and Title IV-E must be newly established. Under these circumstances, judicial determinations regarding “contrary to the welfare” and reasonable efforts to prevent removal are required. Trial home visits will not exceed thirty (30) days for all children who are placed in the custody of the Department whether the child is IV-E eligible or not.

At the closure of all out-of-home placement cases discharge planning must be conducted to ensure the health and safety of the child at case closure. The health and safety assessment and risk assessment are tools to be used in determining case closure. Discharge planning must be done at the staffing to close the case. Minimum licensing standards require that a discharge summary be completed on each child and a copy given to the child’s parents if the Division has not been granted TPR (Termination of Parental Rights) by the court. A copy of the discharge summary must become a part of the child’s case file.

PROCEDURE (VII-D1): Changes in Out-of-Home Placement

The **Family Service Worker** will:

- Provide written notice via the CFS-300 (Parent/Attorney Ad Litem Notification of Change in Placement) to the age-appropriate child, the foster parents, OCC, the court, the Attorney Ad Litem, and the child’s family of any changes in placement two (2) weeks prior to the change. The CFS-300 must be given to all parties listed for all planned or emergency changes in placement.
- Select the Out-of-Home Placement that best fits the needs of the child. A child who has been identified as an EXEMPTED FROM FINDING UNDER AGE JUVENILE AGGRESSOR OR SEXUAL OFFENDER must not be placed in a foster home with other children, unless the child’s therapist feels that the child is no longer a danger to other children. Proper documentation of this will be contained in the child’s hard copy file. If the recommended placement is a facility, the facility must receive information regarding the allegations. This must be documented in the Recommend Placement screen in CHRIS.
- Arrange for a pre-placement visit.
- Provide new address to Attorney Ad Litem.
- Inform age-appropriate child of the right to appeal a change in placement.
- Request an exception to advance notice if an emergency exists.
- Notify the OCC Attorney, Attorney Ad Litem and the child’s parent by phone or in person within 24 hours of the change in placement, when a placement is an emergency. If the whereabouts of the parent are unknown, reasonable diligence to locate the parents must be made and documented.
- Complete and fax or hand deliver the CFS-300 to the Attorney Ad Litem within 72 hours of the move. The top portion of the CFS-300 is to be completed only for the child’s parent and the entire form must be completed for the notification to the Attorney Ad Litem.
- Submit the “Notification of Change” (CFS-495) to the Foster Care/Medicaid Eligibility Unit within 10 days of change in placement.

- Update child placement information in CHRIS. Updating the placement information will open a response window to notify the Eligibility Unit of the placement change.
- Document submission of the CFS-300 and CFS-495 in the CHRIS Document Tracking Screen.

If a request for removal is made by the foster parent:

The **Family Service Worker** will:

- Hold a staffing within 48 hours of notification of a request for removal from the foster parent. If the request is made on the weekend or a holiday, the staffing must be held by the close of business of the next working day.
- Remove the child immediately without holding a staffing if the request for removal from the foster parent meets the definition for “imminent harm”. Imminent harm is defined as an emergency that places the child or a family member at risk of harm.
- Prepare immediate notification of a staffing to be given to the OCC Attorney, Attorney Ad Litem, CASA, and the foster child if age appropriate. If appropriate, request that a licensed mental health professional or private mental health provider attend, or otherwise participate, in the staffing. The notification can be by phone, fax, or email. Ensure that you have a way of contacting the Attorney Ad Litem and CASA immediately. This staffing and notification does not impact required staffings and should only be conducted to help stabilize the placement and /or planning for the child’s placement.
- Make an appropriate alternative placement within five (5) business days from the request, if the placement cannot be stabilized.

These requirements do not apply to planned moves, or planned placements, or to respite care.

PROCEDURE (VII-D2): When A Foster Child Runs Away

Out-of-home placement providers (foster parents, shelters and residential facilities) need to be aware that there are instances when a child will leave a placement without authorization (runs away). If it is suspected that a child has run away, the out-of-home provider should begin an immediate search for the child. The search will entail the following actions: (1) searching the immediate premises (2) searching the community and (3) contacting the child’s friends and family members who may know of, or have clues about, the child’s whereabouts. If the child cannot be located within two (2) hours, the out-of-home provider shall notify their Family Service Worker or the DCFS County Supervisor. (If a foster child is placed in a facility or shelter outside of the initiating county, the Family Service Worker in the resident county shall be responsible for notifying the initiating county Family Service Worker of the child’s runaway status, in accordance with Procedure III-A4.)

After notification of the child’s disappearance by the foster parent, shelter or residential facility, the Family Service Worker or DCFS County Supervisor will:

- Notify the Area Manager.
- Notify the local police department, state police, sheriff’s office and the child’s Attorney ad litem, give a description of the child and contact OCC for a pick-up order. A picture of the child can be released to assist with identification provided that the child is not identified as a foster child.
- Contact OCC who will then notify the judge who has jurisdiction. If the child is from another county, the resident county Family Service Worker will notify the initiating county Family Service Worker to contact OCC.

- If the child's home is in another county, or if the custodial/non-custodial parent(s) or relatives live in another county, the Family Service Worker in the family's resident county should be notified to alert the local police and sheriff's department to look for the child.
- Notify the child's custodial/non-custodial parent(s) within two (2) hours, or sooner depending on the age of the child, of the discovery of the child's disappearance by phone or visit to the home. If the custodial/non-custodial parent(s) current or correct address or telephone number is unknown, a letter should be written to their last known address. If the custodial/non-custodial parent(s) are in another county the Family Service Worker in that county will assume responsibility for notifying the custodial/non-custodial parent(s).
- If the child has indicated a destination, the police in the designated area should be notified to look for the child and whom to notify if the child is picked up.
- Update the child's placement information in CHRIS. Updating the placement information will open a response window to notify the DCFS Eligibility Unit of the placement change.
- Complete and transmit the DHHS Incident Reporting Screen data fields in IRIS to the DCFS Director's office and the DHHS Director's office, via the Client Advocate, no later than the end of the second business day following the incident. (See DHHS Policy 1090 "Incident Reporting".)
- As soon as the child is found, call, or email, each person, and unit that has been alerted, and let them know the child has been located.
- When an Arkansas foster child has run away and is located in another state, the Administrator of the Interstate Compact on Juveniles (ICJ) should be notified. The Division of Youth Services administers the Interstate Compact on Juveniles.
- ICJ will process all out-of-state runaways (probationers, runaways, foster children).
- Foster children who are located after they run away from Interstate Compact on the Placement of Children (ICPC) approved placements are handled by the DCFS ICPC office. However, if a pick-up order is issued, ICJ is responsible.
- Neither ICJ nor ICPC are responsible for children that are kidnapped (by either a custodial or non-custodial parent) in one state and taken to another state. These situations are a matter between the legal custodian and law enforcement.
- If the child is not found, continue to call previously contacted parties and inquire for information, furnish further information that becomes available, and if appropriate, extend the search to other counties and states. Advise the court of jurisdiction of the status of the runaway foster child. Frequent contacts, not less than monthly, should be made with the custodial/non-custodial parent(s) to assure them that the search continues.
- Submit a follow-up or final report on the DHHS-1910, in IRIS, as warranted by the circumstances. The follow-up report should be submitted to the DCFS Director and DHHS Director's office as soon as additional information becomes available.
- Update the child's placement status in CHRIS.

POLICY (VII-E): FINANCIAL SUPPORT TO FOSTER PARENTS

Title IV-E foster care maintenance payments for a child in foster care may cover the costs of (and the cost of providing) food, clothing, shelter, daily supervision, school supplies, a child's personal incidentals, liability insurance with respect to the child, and reasonable travel to the child's home for visitation with family or other caretakers. Local travel associated with the preceding list of items are also an allowable expense.

Foster care maintenance payments made on behalf of a child placed in a family foster home or child care institution, who is the parent of a child in the same home or institution, include amounts which are necessary to cover costs incurred on behalf of the child's son or daughter. The costs are limited to funds expended on those items described above.

The Division shall provide foster parents with a monthly board payment as an aid to cover the items listed above for each child receiving out-of-home placement services. When foster parents are caring for a child with special needs and the child's needs cannot be met with the regular board payment, the Division may provide the foster parents with an additional payment to cover the extra expenses incurred. The amount of these higher, special board rates will be based on the nature and extent of the child's special needs. The amount of this additional monthly payment will not exceed \$460.00 above the standard board rate for the child's age group. However, if the child is SSI eligible, the rate can go up \$460.00 above the SSI rate.

Special board rates exceeding \$935.00 will be forwarded to the DCFS Assistant Director, Community Services, for approval. A special board rate is approved for a specific placement and need and will be periodically reviewed and adjusted. A change in placement will require a new request and review.

PROCEDURE (VII-E1): Financial Support to Foster Parents

Foster parents shall receive a monthly board rate according to the following chart:

Board and Care	345.00

The Family Service Worker will:

- Check documentation of the child's special need(s) and the additional activities required of the foster parents to meet the need(s).
- Complete the "Justification For Special Board Rate" (CFS-304) by determining the level of care needed in each of the three need categories, and adding the three levels.
- Submit the request for a special board rate with documentation attached to the County Supervisor for review and recommendation.
- Once approved, review the continuing need for the request on a quarterly basis and, if appropriate, resubmit for re-evaluation by the County Supervisor and the Area Manager.

- Once approved, review the continuing need for the request and, if appropriate, resubmit the request on a quarterly basis for re-evaluation by the Area Manager.
- Inform the foster parent in writing of the ultimate approval or disapproval of the request and the reason for that decision, noting that approval is only for 90 days and the documentation of continuing need must be reviewed quarterly.

The Area Manager will:

- Inform the requesting County Supervisor of the request's disposition and reasons for approval, disapproval, or referral to the Foster Care Unit Manager. A Special Board Rate becomes effective the day the Area Manager or Assistant Director, as appropriate, approves it. Retroactive payments will be determined on a case-by-case basis and must be approved by the Assistant Director, Community Services.
- Once approved, assure that the special board rate is reevaluated on a quarterly basis for continued appropriateness.
- Maintain a file for each approved special board rate. The file should contain the requesting memo, supporting documentation, Justification of Special Board Rate (CFS-304), Notification of Approval memo, and a printout of the computer entry of the special board rate.

- Maintain a log of special board rate approvals including the following column headings: Child's Name, Case Number, County, Effective Date, Termination Date, Rate, and Reason.

The Foster Care Unit Manager will:

- Provide only technical assistance when requested regarding special board rates.
- Return the request to the Area Manager or Assistant Director, as appropriate, for his decision and action.

If the special board rate is approved, the following CHRIS procedures will be taken by the Family Service Worker and Area Manager:

The Family Service Worker will:

- Request a special board rate (e.g., Level 4) on the Difficulty of Care screen and will write a brief justification in the comment field.
- Key the date the special board rate is to begin and enter the total specialized board amount into the Authorized Amount field.
- Make the request by pressing the add button, which will make approval available.
- Press "Request" and click "OK", which sends the request to the Area Manager's inbox for approval.

The Area Manager will click approval.

POLICY (VII-F): DAY CARE FOR CHILDREN IN OUT-OF- HOME PLACEMENT

Day care for children may be provided as a part of an out-of-home placement case to provide assistance to foster parents when circumstances exist for child care, e.g., training, transporting a foster child for medical purposes, etc., or if both foster parents work.

PROCEDURE (VII-F1): Day Care for Children in Out-of-Home Placement

The **Family Service Worker** will:

- Assist foster parents to obtain childcare when such help is needed, for instance, when the foster parents are required to obtain training, or for the foster parents' children when transporting the child in out-of-home placement to services is reimbursable. This transportation is payable via DHHS-1914. All other requests must receive prior approval from the Area Manager.
- See Procedure (V-D1): Day Care for Children. Notify the Division of Child Care and Early childhood Education (DCCECE) and the child care facility of changes in childcare, when payment is through DCC.

VIII. SERVICES TO PROVIDE OTHER PERMANENT LIVING SITUATIONS

POLICY (VIII-A): PREPARING THE CHILD IN OUT-OF-HOME PLACEMENT FOR INDEPENDENCE

The Division of Children and Family Services is responsible for administering the Chafee Foster Care Independence Program (CFCIP). Each child in DHHS custody, age fourteen or older, is eligible for the Chafee Foster Care Independence Program (CFCIP). CFCIP was created by federal legislation to provide services to youth in foster care that are normally unavailable through other program funds, such as Title IV-E Foster Care Maintenance Payments. Services provided are primarily educational and are intended to keep youth in school while they obtain life-skills that will assist them in transitioning to adulthood. The program coordinates age-appropriate life skills training for eligible youth who are likely to remain in foster care until age 18. CFCIP provides support for three groups of the foster care population. (A) CFCIP provides support for children in foster care ages 14-17. Services for this age group include the Ansell-Casey Life Skills Assessment, basic life skills training, and other services such as tutoring that can be approved on a case-by-case basis. (B) Children who remain in DHHS custody, between the ages of 18 and 21 and are engaged in post-secondary education, including vocational training, are eligible for CFCIP. (C) If a youth was in foster care on his 18th birthday, and his foster care case is closed, he will be eligible for CFCIP "After Care" and can receive assistance until age 21. After Care services include limited room and board, limited start-up assistance, staff services and life-skills training sessions to acquire needed skills. PUB-404 (Chafee Foster Care Independence Program Handbook) provides additional information concerning CFCIP and service availability and should be referenced when implementing these policies.

Youth entering foster care between the ages of 14 and 18 will be immediately referred to the CFCIP coordinator to determine eligibility and be immediately assessed for basic life- skills abilities. Assessments and age-appropriate services will begin at age 14 for youth already in foster care.

DCFS shall provide those services identified in the Ansell-Casey assessment that are necessary to help the child achieve independence, either directly or through contract. The case plan must identify and address the specific independent living skill needs of each child receiving CFCIP. Each child age 14-17 receiving Independent Living Services shall be assessed every six (6) months to determine the progress in acquiring basic life skills. Basic life skills will be assessed at each staffing held for a child in out-of-home placement receiving CFCIP.

If a youth was in foster care on or after his 14th birthday and was adopted before his 18th birthday, he will be eligible for CFCIP services until his 21st birthday.

According to federal interpretation, youth who are incarcerated are not in foster care and are, therefore, ineligible for CFCIP services.

In cases where the court orders CFCIP services for a child younger than 14 or a child is more mature and needs basic life skills training, the DCFS County Supervisor and/or Area Manager may grant a waiver for services.

Each foster parent caring for, or interested in caring for, a child age fourteen or older, and each Family Service Worker responsible for any children, age fourteen or older, shall receive training in helping children acquire basic life skills.

PROCEDURE (VIII-A1): Preparing the Child in Out-Of-Home Placement for Independence

The **Family Service Worker** will:

- Complete the Chafee Foster Care Independence Grant Program Referral Form (CFS- 001) on all youth entering foster care between the ages of 14 and 18. The CFS- 001 will be completed also on youth who turn 14 while in foster care. All teens must be assessed for Life-Skills within 30 days of entering care or within 30 days after their 14th birthday. The CFS-001 must be submitted 10 days after the youth enters care or 10 days after the 14th birthday.
- Forward the completed and signed CFS-001 to the CFCIP Coordinator for eligibility determination. The youth must sign the CFS-001 to be eligible for CFCIP.
- Document in CHRIS ILP screen youth's eligibility or ineligibility. If the youth is eligible, the worker will notify the County Supervisor who will e-mail the CFCIP Supervisor asking them to assign the CFCIP Coordinator as secondary worker.
- If the youth has been determined ineligible or unable to receive CFCIP services, send documentation to the CFCIP Coordinator along with the CFS-001.
- Assist the youth in completing the Ansell/Casey Life-Skills Assessment. (The CFCIP Coordinator is responsible for ensuring the completion of the initial assessment.)
- Conduct a staffing with the CFCIP Coordinator, the foster child, foster parents and child's parent(s) (if appropriate), to develop a case plan that will address the results of the assessment.
- Develop an initial CFCIP Participation Agreement with the youth. Use PUB-404 (Chafee Foster Care Independence Program Handbook) as a guide in developing the agreement. A sample agreement is in the PUB-404. The youth, foster parents, sponsor, CFCIP Coordinator, FSW, FSW Supervisor and the Attorney ad Litem must sign the contract.
- Complete the case plan and ILP screen after the staffing.
- Ensure that each youth age 14-17 is assessed every six (6) months to determine the level of basic life skills, and complete the Independent Living "IL" screen in the Case Plan section of CHRIS. Share the reassessment results with the CFCIP Coordinator and document the reasons for non-completion.
- Schedule a staffing when the youth is between the age of 17-17 ½ or the beginning of their final high school year whichever occurs last to determine the post-secondary education plans or plans to transition from foster care to independence. Complete the CFS-460 (Plan for Foster Child Attaining Majority).
- Update the child's CHRIS file for Independent Living Information and life-skills training sessions.
- Coordinate transportation to life skills training with the foster parent or caretaker.
- Discuss with the child the reasons the child is in Out-of-Home Placement and the child's plan for leaving Out-of-Home Placement and for maintaining relationships with family and social support systems.
- Key into CHRIS all pertinent information changes, including the change of address, any status changes and foster parent, sponsor or facility placement prior to or by the time of transfer so that current information is available in CHRIS. Information changes that occur after the transfer should be keyed by the FSW/Coordinator in the county of residence.

CHRIS instructions for FSW Caseworker/Supervisor:

- Document the date that the signed CFS-001 (CFCIP Referral) was routed to the CFCIP Coordinator in the document tracking screen.
- FSW Supervisor will request that the CFCIP Supervisor assign the CFCIP Coordinator secondary responsibility in the youth's case.
- Document the date that the CFCIP Contract/Agreement with the youth was signed and routed to all involved parties in the Document Tracking screen.
- Document the Chafee Foster Care Independence Grant Program as a Service in the youth's Services Offered/Delivered screen.
- Document the specific Life Skills in the youth's Placement Plan Child Information screen.
- Document the specific ILP needs/services in the youth's Treatment Plan Needs Based Services screen.
- Document the ILP services in the Independent Living Screen.

NOTE: If the client transfers to another county, the supervisor in the transferring county should immediately notify, by email, the supervisor and the CFCIP Supervisor in the receiving county that the client is transferring. The receiving supervisor should then make secondary caseload assignments to the Family Service Worker and the CFCIP Coordinator and directly notify the FSW and CFCIP Coordinator of the assignment. All workload assignments will go through the Coordinator's immediate supervisor and not the individual county supervisors.

If a client is transferred to another Area/County, the Family Service Worker in the residence Area/County should assist in obtaining an assessment/ reassessment if the date occurs while the client is in the other county.

- Transfer case files and all records of life-skills training sessions attended, skills acquired or mastered and copies of assessment results to the FSW and CFCIP Coordinator in the county of residence to ensure that training needs and goals will continue to be addressed.
- Use PUB-404 as a resource in conducting all CFCIP activities.

The **CFCIP Coordinator** will:

- Review all submitted CFS-001's to determine a youth's eligibility for CFCIP services.
- Forward the CFS-001 to the referring FSW with a determination of the youth's eligibility.
- Schedule a date and time with the youth's FSW for the youth to complete the initial Ansell/Casey Basic Life Skills Assessment. If a teen enters foster care at the age of 14 or older, they will be assessed within 30 days after entry. All teens age 14-17 should be re-assessed at 6-month intervals after the initial assessment to determine acquisition of transitional life-skills.
- Ensure that the youth complete the Ansell/Casey Life-Skills Assessment within 30 days of entering care.
- Receive results of completed Ansell-Casey Life Skills Assessment and forward results to the child, Family Service Worker, and foster parents.
- Update the Contact Screen in CHRIS each time contact is made with a teen on their caseload. Contacts include group training sessions, face-to-face contact or contact by phone, and/or the teens attendance in life-skills training. Indicate the title or content and information concerning the teen's participation.

- Develop life skills training resources.
- Complete the CFS-035 (Chafee Foster Care Independent Program (CFCIP) Statistical Summary) for monthly reporting of activities. Submit the CFS-035 to the Coordinator's supervisor and the Central Office CFCIP Statewide Coordinator by the sixth (6th) day of the month.
- Use PUB-404 (Chafee Foster Care Independence Program Handbook) as a resource in conducting all CFCIP activities.
- Coordinate CFCIP activities with the FSW when appropriate.

CHRIS Instructions for CFCIP Coordinator:

- Document the completion of the initial Ansell/Casey Basic Life Skills Assessment and any re-assessments in the ILP screen.
- Document that the results of the Ansell/Casey Basic Life Skills Assessment were routed to the youth, FSW and foster parents/provider in the Document Tracking screen.
- Complete the Contact screen for all contacts with child and complete Education and Employment screens when appropriate.
- Document all contacts with youth on the Contact Screen.
- Document all CFCIP activities/services on the youth's Services Offered/Delivered screen selecting Chafee Foster Care Independence Program (Resource 112416) as the Service Provider and complete the IL Subsidy Exceptional Amount field if ILP funds were authorized.

Please refer to Chafee Foster Care Independence Program Handbook (PUB-404), Appendix II, for a step by step outline of CHRIS Procedures when a youth is receiving ILP.

POLICY (VIII-B): CHAFEE FOSTER CARE INDEPENDENCE PROGRAM (CFCIP) POST SECONDARY AND AFTER CARE SERVICES

Ark. Code Ann. § 9-27-303 defines a juvenile as a person adjudicated dependent-neglected prior to age 18. The juvenile may request the court to retain jurisdiction beyond the juvenile's 18th birthday, and the court shall grant the request only if the juvenile is engaged and remains in a course of instruction or treatment. The court shall retain jurisdiction only if the juvenile remains in instruction or treatment and shall dismiss jurisdiction upon the request of the juvenile or when the juvenile completes, leaves or is dismissed from instruction or treatment. In no event shall the juvenile remain within the court's jurisdiction past the age of twenty-one (21) years.

Juveniles who request to remain in foster care and are enrolled in a post-secondary educational program such as public or private school, pursuit of a GED, vocational-technical school, rehabilitative training, trade or specialty school are eligible for CFCIP services. Post Secondary services are identified in PUB-404 (Chafee Foster Care Independence Program Handbook). Room and board expenses cannot be paid for with CFCIP funds for youth in foster care under the age 18 or for youth who choose to voluntarily remain in foster care after age 18. Board payments must be made through Title IV-E funds for teens under age 18. Board payments for youth age 18 and older remaining in care and not in a foster home must be paid using State General Revenue funds.

CFCIP funds can be used to provide assistance and services to children who have left foster care because they have attained 18 years of age and who have not attained 21 years of age. These services are called CFCIP After Care services. The youth must have been in foster care on their 18th birthday and currently is not in DHHS custody to be eligible for After Care services. PUB-404 outlines the available After Care services and must be used as a guide in providing all CFCIP services.

PROCEDURE (VIII-B1): CFCIP Post-Secondary Services

The Family Service Worker will:

- Conduct a staffing when the youth is between the age of 17-17 ½ to determine the youth's plans when age 18 is reached. Complete the CFS-460 (Plan for Foster Child Attaining Majority). A determination of continued services, post-secondary education, employment, emancipation, housing and other factors should be made. The staffing should be attended by the foster parent(s), FSW Supervisor, sponsor (if selected), CFCIP Coordinator, the Attorney ad Litem, youth, and parent, if appropriate. Refer to PUB-404 (Chafee Foster Care Independence Program Handbook) for a list of allowable expenditures for "Post-Secondary Educational Services."

Issues to be addressed in the staffing include the following:

- Living arrangements,
- Choosing a sponsor,
- Budgeted income/expenses,
- Amount of board payment,
- Start-up items (see PUB-404 for list of allowable start up items),

-
- Transportation needs,

 - Assist the youth in determining whether they will live with a foster family, CFCIP Sponsor or in a school dormitory for their first school year.
 - Revise the youth's CFCIP contract/agreement to include IL residence requirements once a youth has obtained upperclassman status. These decisions must be based on the maturity level of the youth. Examples of independent living residences include boarding houses, apartments or residences for men and women operated by church or civic groups. Independent living residence services can only be used for youth who choose to remain in foster care after they turn 18 and will not be living in a foster home. Expenses for the residence cannot be paid with CFCIP funds. Board payments for youth age 18 and older remaining in care and not in a foster home must be paid using State General Revenue Funds.
 - Choose a sponsor, subject to DCFS approval, who may be the youth's out-of-home provider, Attorney ad litem, apartment manager/owner or a volunteer from the community.
 - Approve the sponsor chosen by the youth.
 - Revise the youth's participation agreement to include IL residence requirements.
 - Determine who will serve as the payee for the youth.
 - Determine and document on the "Independent Youth's Residence Checklist" (CFS-370) that the independent living residence selected meets minimum requirements.

 - Develop a monthly budget with the youth.
 - Visit, or authorize the Family Support Specialist to visit, the youth at least twice monthly, or

- Send a copy of the CFS-001A to the ILP Supervisor.
- Upon receipt of the CFS-001A approving the youth for service, re-open the youth's closed child protective service case and assign the CFCIP Coordinator as the primary worker. If the youth is adopted, open a new case.
- Select Independent Living Program services as the case type.

Please note this information about the new Independent Living Program case type:

- Only a Supervisor can select this value in the Case Type field.
- Once an ILP case, always an ILP case (cannot be changed).
- Removal, Placement and Adoption buttons/screens are locked.
- No Ticklers in ILP case (no COR elements).

The **CFCIP Coordinator** will:

- If former foster youth, change the case type from Child Protective Services to Independent Living Program Services. If adoptive youth, leave case type as Independent Living Program and complete the Client General Information screen on youth.

POLICY (VIII-C): TERMINATION OF PARENTAL RIGHTS

All children have a right to a safe, permanent family. The Division of Children and Family Services shall develop and implement permanency plans for children. One option is to terminate parental rights to a child for adoptive placement, when it has been determined that reunification with the family is not a viable option.

The court may consider a petition to terminate parental rights if the court finds that there is an appropriate permanency placement plan for the child. It is not required that a permanency planning hearing be held as a prerequisite to the filing of a petition to terminate parental rights, or as a prerequisite to the court considering a petition to terminate parental rights.

The court shall authorize DHHS to file a petition to terminate parental rights unless: (a) The child is being cared for by a relative, including a minor foster child caring for his or her own child who is in foster care, and termination of parental rights is not in the best interest of the child; (b) DHHS has documented in the case plan a compelling reason why filing such a petition is not in the best interest of the child and the court approves the compelling reason as documented in the case plan; or (c) DHHS has not provided to the family of the child, consistent with the time period in the case plan, such services as DHHS deemed necessary for the safe return of the child to the child's home if reunification services were required to be made to the family.

The Division will file a petition to terminate parental rights in the following circumstances:

- A child (of any age) has been in an out-of-home placement for 15 of the most recent 22 months. A hearing shall be held to determine whether or not DHHS shall file a petition to terminate parental rights before the end of the fifteenth (15th) month if:
 - (a) The child has been in out-of-home placement for fifteen (15) continuous months; and
 - (b) At the permanency planning hearing, the court continued the goal of reunification or entered a goal of independence. Trial visits with the parents and time spent on runaway status shall not count in adding up fifteen (15) months.
- The child has been determined by a court of competent jurisdiction to be an abandoned infant. The petition to terminate parental rights will be made within thirty (30) days of the judicial determination that the child is an abandoned infant.
- The parent has been convicted of a felony and the court determines no reunification services are required. (See Policy VI-A). The petition to terminate parental rights will be made within thirty (30) days of a judicial determination that reasonable efforts to reunify the child and parent are not required.

If a juvenile is the subject of an open case filed under the Arkansas Juvenile Code, OCC will file all subsequent petitions (i.e., termination of parental rights, adoption, guardianship) in that same circuit court and case.

If the court adopts the goal of termination of parental rights, the Department shall file a petition to terminate parental rights within thirty (30) days from the date of the entry of the order establishing such goal.

If the court finds that the child should remain in an out-of-home placement, either long-term or otherwise, the child's case shall be reviewed every six (6) months, with an annual permanency planning hearing.

Additionally, if the child has been in an out-of-home placement 15 of the last 22 months, and a termination petition has been filed by another party, the Division will seek to join the petition. Concurrent with the filing of a termination petition, the Division will identify, recruit, process and approve a qualified family for adoption.

NOTE: For the purpose of Title IV-E compliance, the Division will file or seek to join a petition to terminate the parental rights of a parent(s) whose child has been in foster care under the responsibility of the state for 15 of the most recent 22 months. The petition must be filed by the end of the child's 15th month in foster care. In calculating when to file a petition for termination of parental rights, the Division:

- (1) Will calculate the 15 of the most recent 22 month period from the date the child entered foster care;
- (2) Will use a cumulative method of calculation when a child experiences multiple exits from and entries to foster care during the 22 month period;
- (3) Will not include trial placement or runaway episodes in calculating 15 months in foster care; and
- (4) Only apply the 15 of the most recent 22 month rule once if the state does not file a petition because of one of the following exceptions applies.

The state may elect not to file a petition or join a petition to terminate the parental rights of parent if:

- a. At the option of the state, the child is being cared for by a relative, including a minor foster child caring for his or her own child who is in foster care.
- b. DHHS has documented in the case plan (which must be available for court review) a compelling reason for determining that filing such a petition would not be in the best interests of the individual child.
- c. DHHS has not provided to the family, consistent with the time period in the case plan, services that DHHS deems necessary for the safe return of the child to the home, when reasonable efforts to reunify the family are not required.

The **Adoption Specialist** will:

- Carry out the same actions as those listed for the Adoption Specialist in Procedure VIII-E1.

**POLICY (VIII-F): FOSTER PARENT, KINSHIP FOSTER PARENT,
AND RELATIVE ADOPTION**

The Division supports adoption by a foster parent or kinship foster parent, who has a well established relationship with the child in their care and who expresses an interest in adoption, without regard to any racial or ethnic differences if such a placement is in the best interest of the child. The Division also supports adoption by a relative, who is not presently caring for the child and who expresses an interest in adoption if such a placement is in the best interest of the child. Each family and child will be carefully assessed and prepared for adoption. The Division provides pre-placement services for relative adoptions to move children into adoptive families in a timely manner. A foster child placed in an adoptive home continues status as a foster child until finalization of the adoption and the adoption subsidy is initiated. Prior to the finalization of the adoption, post-placement services are provided and services to preserve adoptive families are offered after the adoption is finalized.

Before placement of a child in the home of the adoptive parent, a home study will be conducted. The home study shall address whether the adoptive home is a suitable home, and shall include a recommendation as to the approval of the petitioner as an adoptive parent.

Before placement for adoption, the Division shall compile and provide to the prospective adoptive parents a detailed, written health history and genetic and social history of the child which excludes information which would identify custodial/non-custodial parent(s) or members of a custodial/non-custodial parent(s)' family. The information shall be set forth in a document that is separate from any document containing information identifying the custodial/non-custodial parent(s) or members of the custodial/non-custodial parent(s)'s family. The detailed, written health history and genetic and social history shall be identified as such, and shall be filed with the clerk before the entry of the adoption decree. The adoption summary shall serve as the detailed health history, genetic, and social history document. Upon order of the court for good cause shown, the clerk of the circuit court may tender to a person identified by the court a copy of the detailed, written health history and genetic and social history.

The Division shall provide to foster parents and pre-adoptive parents of a child in Department custody, notice of any review or hearing to be held with respect to the child. The original petitioner in the juvenile matter shall provide relative caregivers notice of any review or hearing. The court shall allow foster parents, pre-adoptive parents and relative caregivers an opportunity to be heard in any review or hearing held with respect to a child in their care. Foster parents, adoptive parents, and relative caregivers shall not be made a party to such review or hearing solely on the basis that such persons are entitled to notice and the opportunity to be heard. POLICY (VIII-G): DEVELOPMENT OF ADOPTIVE PLACEMENT

The Division provides adoption services to recruit, retain, assess, and prepare adoptive families. The services focus on finding families for children rather than finding children for families. Assessment and preparation of prospective adoptive families are completed according to the need for homes for children. A child is assessed and prepared for adoption. The child's health and safety shall be of paramount concern in the development of the adoptive placement.

Siblings shall be placed together in the same adoptive home. Siblings may be placed separately upon written documentation by a Mental Health Professional that placement of the siblings together would be detrimental to their best interests or is otherwise not possible at the time of placement.

Before placement of a child in the home of the adoptive parent, a home study will be conducted. The home study shall address whether the adoptive home is a suitable home, and shall include a recommendation as to the approval of the petitioner as an adoptive parent.

Before placement for adoption, the Division shall compile and provide to the prospective adoptive parents a detailed, written health history and genetic and social history of the child which excludes information which would identify custodial/non-custodial parent(s) or members of a custodial/non-custodial parent(s)'s family. The information shall be set forth in a document that is separate from any document containing information identifying the custodial/non-custodial parent(s) or members of the custodial/non-custodial parent(s)'s family. The detailed, written health history and genetic and social history shall be identified as such, and shall be filed with the clerk before the entry of the adoption decree. The adoption summary shall serve as the detailed health history, genetic, and social history document. Upon order of the court for good cause shown, the clerk of the circuit court may tender to a person identified by the court a copy of the detailed, written health history and genetic and social history.

The Division provides pre-placement services to move children into adoptive families in a timely manner and post-placement services to help the family adjust. After finalization, services are available to help preserve adoptive families.

The placement of a child for adoption will not be denied or delayed when an approved family is available outside the jurisdiction responsible for handling the child's case. A fair hearing will be granted to any individual who alleges denial of adoption approval as a result of residing outside the jurisdiction responsible for placing the child.

The Juvenile Division of Circuit Court shall retain jurisdiction to issue orders of adoption, interlocutory or final, when a juvenile is placed outside the state of Arkansas.

Adoptive parents, and each member of the household age ten (10) years and older, residing in Arkansas shall be checked with the Child Maltreatment Central Registry. Adoptive parents and each member of the household age ten (10) years and older residing out of state shall provide Child Maltreatment Central Registry Checks from their state of residence.

Adoptive parents and each member of the household age fourteen (14) years and older residing in Arkansas shall be checked with the Identification Bureau of the Arkansas State Police for convictions of offenses listed in ACA 9-28-409. Adoptive parents and each member of the household age fourteen (14) years and older residing out of the state shall provide State Police Criminal Record Checks from their state of residence. Out of state adoptive families do not need to do an Arkansas State Police Check if they have never resided in Arkansas. Adoptive parents and each member of the household age sixteen (16) years and older who have not resided in Arkansas continually for the past six (6) years, shall complete a record check with the Federal Bureau of Investigation (FBI).

The Division will provide documentation in the case record that a criminal record check was conducted on the prospective adoptive parent.

A prospective adoptive parent will not be approved or licensed if, based on a criminal record check, a court of competent jurisdiction has determined that the prospective adoptive parent has been convicted of a felony involving child abuse or neglect, spousal abuse, a crime against a child or children (including pornography), or a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery.

A prospective adoptive parent will not be approved or licensed if, based on a criminal record check, a court of competent jurisdiction has determined that the prospective adoptive parent has, within the last five (5) years, been convicted of a felony involving physical assault, battery, or a drug-related offense.

Legal risk adoptive placements may be considered for a newborn that is being relinquished for adoption or for a child whose custodial/non-custodial parent(s) has filed an appeal to the termination of parental rights.

POLICY (VIII-H): ADOPTION SUBSIDY

The Division provides a federal (Title IV-E) or state funded adoption subsidy as a service to assist in making adoption possible for a child, who, with special needs, might not otherwise be adopted and for whom a family is not readily available. A foster child placed in an adoptive home continues status as a foster child until finalization of the adoption and the adoption subsidy is initiated.

SPECIAL NEEDS CHILD

A special needs child is defined as a child who is free for adoption and belongs to a group of children for whom the Division does not have an adequate resource of approved applicants to provide a pool of available waiting adoptive families. Other children may be eligible for adoption assistance under this category if they have severe medical or psychological needs that require ongoing rehabilitation or treatment. These children include:

- a Caucasian child nine years or older,
- a healthy child of color who is two years or older,
- or a member of a sibling group of three or more children being placed together who share at least one biological parent and who have either lived together or otherwise developed a bond prior to adoptive placement, and the child is:
 - legally free for adoption with parental rights terminated,
 - under eighteen years old and whose adoption has not been finalized prior to approval of the subsidy,
 - (for the purposes of a State Subsidy only), in DHHS custody, or
 - a member of a Non-Custody/Out-of-Home Placement Services case, or
 - who is SSI eligible at the time the adoption petition is filed.

Children at high risk for the development of a serious physical, mental, developmental or emotional condition may be considered special needs if documentation of the risk is provided by a medical professional specializing in the area of the condition for which the child is considered at risk, but no subsidy payment will be made without documentation that the child has developed the actual condition. (See Procedure VIII-H1.)

Adoption subsidies can be funded through federal Title IV-E adoption assistance or state funds depending on the child's eligibility.

Adoption assistance payments may be made to parents who adopt a child with special needs. A child will not be considered special needs unless:

- The state has determined the child cannot or should not be returned to the home of his parents;
- The state has determined that a specific factor or condition exists with respect to the child (such as ethnic background, age or membership in a minority or sibling group; or the presence of factors such as medical conditions or physical, mental, or emotional disabilities) because of which it is reasonable to conclude that such a child cannot be placed for adoption without providing adoption assistance or medical assistance under Title XIX; and

- A reasonable, but unsuccessful, effort has been made to place the child without providing assistance except where it would be against the best interest of the child due to such factors as the existence of significant emotional ties with prospective adoptive parents while in the care of such parents as a foster child.

For the purpose of this policy, "AFDC" refers to the AFDC program as in effect 7-16-1996.

ELIGIBILITY

There are four ways that a child can be eligible for Title IV-E adoption assistance:

1. The child is AFDC-eligible and meets the definition of a child with special needs.

Adoption assistance eligibility that is based on a child's AFDC eligibility is predicated on a child meeting the criteria for such both at the time of removal and in the month the adoption petition is initiated. At the time adoption proceedings were initiated the child must have been removed from the home of a specified relative as a result of a judicial determination to the effect that continuation therein would be contrary to the welfare of the child. In addition, the special needs determination must be made prior to finalization of the adoption.

2. The child is eligible for Supplemental Security Income (SSI) benefits and meets the definition of a child with special needs.

A child is eligible for adoption assistance if, at the time the adoption petition is filed, the child meets the requirements for Title XVI SSI benefits, and prior to the finalization of the adoption is determined by the state to be a child with special needs. There are no additional criteria that a child must meet to be eligible for Title IV-E adoption assistance when eligibility is based on a special needs child meeting SSI requirements. Specifically, how a child is removed from his home or whether the state has responsibility for the child's placement and care is irrelevant in this situation. The child's eligibility for SSI benefits must be established no later than at the time the adoption petition is filed.

3. The child is eligible as a child of a minor parent and meets the definition of a child with special needs.

A child is eligible for Title IV-E adoption assistance in this circumstance if:

- The child's parent is in foster care and receiving Title IV-E foster care maintenance payments that cover both the minor parent and the child at the time the adoption petition is initiated, AND
- Prior to the finalization of the adoption, the child of the minor parent is determined by the state to meet the definition of a child with special needs.

There are no other additional criteria that must be met in order for the child to be eligible for Title IV-E adoption assistance if the child's eligibility is based on his minor parent's receipt of foster care while placed with the minor parent in foster care.

As with SSI, there is no requirement that a child must have been removed from the home as a result of a judicial determination. However, if the child and minor parent have been separated in foster care prior to the time of the adoption petition, the child's eligibility for Title IV-E adoption assistance must be determined based on the child's current and individual circumstances.

4. The child is eligible due to prior Title IV-E adoption assistance eligibility and meets the definition of a child with special needs.

In the situation where a child is adopted and receives Title IV-E adoption assistance, but the adoption later dissolves or the adoptive parents die, a child may continue to be eligible for Title IV-E adoption assistance in a subsequent adoption. The only determination that must be made by the state prior to the finalization of the subsequent adoption is whether the child is a child with special needs. Need and eligibility factors must not be re-determined when such a child is subsequently adopted because the child is to be treated as though his circumstances are the same as those prior to his previous adoption. Since Title IV-E adoption assistance eligibility need not be re-established in such subsequent adoptions, the manner of a child's removal from the adoptive home, including whether the child is voluntarily relinquished to an individual or private agency, is irrelevant.

If eligible, the Division will make adoption assistance payments to adoptive parents in amounts so determined through an adoption assistance agreement. The amount of such payment:

- Will take into account the circumstances of the adopting parents and the needs of the child being adopted;
- May be adjusted periodically with the concurrence of the adoptive parents to reflect changing circumstances; and
- May not exceed the foster care maintenance payment, which would have been paid during the period if the child with respect to whom the adoption assistance payment is made had been in a foster home.

In determining eligibility for state funded adoption assistance payments, there is an income eligibility requirement (means test) for the adoptive parents. There is no means test for determining eligibility for federal Title IV-E adoption assistance payments.

Adoption assistance payments may be terminated if it is determined that:

- The child has attained the age of 18 (or the age of 21, where the state determines that the child has a mental or physical disability which warrants the continuation of assistance), or
- The parents are no longer legally responsible for the support of the child, or
- The child is no longer receiving support from the adoptive parents.

The adoptive parents are required to inform the Division of circumstances that would make them ineligible for adoption assistance payments or eligible for adoption assistance payments in a different amount.

ADOPTION ASSISTANCE AGREEMENT

An Adoption Assistance Agreement, a written binding agreement between the adoptive parents, the Division, and other relevant agencies must be in place prior to the finalization of the adoption.

The Adoption Assistance Agreement must: (1) be signed by the adoptive parents and the Division and be in effect before adoption assistance payments are made under Title IV-E, but no later than the finalization of the adoption; (2) specify the duration of the agreement; (3) specify the amount of the adoption assistance payment (if any) and the nature and amount of any other payments, services and assistance to be provided (including non-recurring adoption expenses in agreements that became effective on or after January 1, 1987, for expenditures incurred by the parents on or after that date); (4) specify the child's eligibility for Title XIX and Title XX; (5) specify, with respect to agreements entered into on or after October 1, 1983, that the agreement remains in effect regardless of the state of residence of the adoptive parents; (6) contain provisions for the protection of the interests of the child in case the adoptive parents and child should move to another state while the agreement is in effect; and (7) for agreements entered into on or after October 1, 1983, if needed

service specified in the agreement is not available in the new state of residence, the state making the original assistance payment remains financially responsible for providing the specified service(s).

However, in cases of unknown medical and psychiatric conditions that surface after finalization, applications for federally funded assistance may be submitted. After the initial denial of this application occurs, in accordance with federal regulations, the adoptive family may appeal the decision.

The types of situations that would constitute grounds for an appeal include: (1) relevant facts regarding the child, the biological family or the child's background were known, but not presented to the adoptive parents prior to the adoption's finalization; (2) Any subsidy decision which the adoptive parents deem adverse to the child; (3) erroneous determination by the Division that a child is ineligible for adoption assistance, and (4) failure by the Division to advise adoptive parents of the availability of adoption assistance. If an appeal is upheld, the child may be eligible for a federal (Title IV-E) or state subsidized adoption. The effective date of a federal (Title IV-E) retroactive subsidy payment will be the date of finalization or a date subsequent to finalization.

Authorized retroactive state funded subsidy payments will be two (2) months prior to the date the subsidy was approved.

For foster parent and kinship adoptions, it is not necessary to determine that without subsidy the child would not otherwise be adopted.

Payments for a maintenance subsidy and special services subsidy are to meet the needs of the child. In addition, payments for one-time expenses, known as a non-recurring adoption subsidy, may be obtained in order to reimburse the family for out-of-pocket pre-adoptive/finalization expenditures.

MEDICAL COVERAGE

The Division will ensure health insurance coverage for any child determined to be a child with special needs for whom there is an adoption subsidy agreement in effect. Federal Title IV-E Medicaid will be utilized to provide medical coverage for a Title IV-E eligible child. Medical coverage, for a non-Title IV-E eligible child who has a special need for medical or rehabilitative care, may be provided under the Medicaid category *Non-Title IV-E Special Needs Adoptive Child* if the child is eligible for state maintenance subsidy and meets specified Medicaid eligibility requirements. (See Medical Services Policy 6590.2 Eligibility Requirements.) If the child does not qualify for Medicaid under federal Title IV-E or Non-Title IV-E Special Needs Adoptive coverage, the family may make application for Medicaid under a different category.

Any eligible child for whom there is an adoption assistance agreement in effect is deemed to be a dependent child and is deemed to be a recipient of AFDC (per AFDC requirements in effect 7-16-1996). Any child of such eligible child will be eligible for such services.

The Division shall access resources as necessary in Arkansas, the region and nation to find adoptive families for children with special needs.

PROCEDURE (VIII-H1): Initial Application for Adoption Subsidy

The **Adoption Specialist** will:

- Follow the same subsidy-related policy and procedures, including subsidies for non-recurring legal expenses, regardless if the adoption is being handled in-state or out-of-state.
- Ensure close coordination with the other state's adoption worker, if applicable.
- Determine that the child has a special need in relation to adoption planning, is between the age of birth to eighteen (18) years, is in the custody of DHHS (for state subsidy only), and is legally free for adoption.

NOTE: These procedures should be followed for federal IV-E adoption maintenance subsidy and state funded adoption maintenance subsidy. Determine if the child is eligible for federal IV-E adoption maintenance subsidy first. If ineligible for Title IV-E, determine if the child is eligible for state funded adoption maintenance subsidy.

- Determine that a reasonable, but unsuccessful, effort has been made to place the child without providing adoption subsidy. Such an effort might include the use of adoption exchanges, referral to appropriate specialized adoption agencies, or other such activities. **There are exceptions to this requirement when applying for a Title IV-E maintenance subsidy.** These exceptions are: (1) It would not be in the best interests of the child because of such factors as the existence of significant emotional ties with prospective adoptive parents while in the care of those parents as a foster child, (2) Another circumstance is adoption by a relative, in keeping with the statutory emphasis on the placement of children with relatives.

Exceptions for state maintenance subsidy: In the case of a child who has established significant emotional ties with prospective adoptive parents while in their care as a foster child, the Department may certify the child as eligible for a subsidy without searching for families willing to take the child without a subsidy.

- Review the adoption subsidy program with the adoptive parent, determine what type of adoption subsidies are needed, and complete all application procedures at the same time the adoption assessment is being completed for a foster parent, kinship foster parent, or relative adoption and within sixty (60) days of placement for all other adoptions
- Review and sign the "Application for Adoption Subsidy" (CFS-425) after the adoptive parent completes it.
- Request Title IV-E verification of eligibility from the DCFS Eligibility Unit.
- Assist the adoptive parents in completing the "Statement of Income and Resources for Adoption Subsidy" (CFS-426) Attach to the CFS-426 verification of family income when a state funded adoption special subsidy is requested. The CFS-426 is not required for a federal funded adoption maintenance subsidy.
- Review the adoptive parents' health insurance policy if a special subsidy is requested to determine if it will allow for any medical, dental, or psychological costs and, if so, to what extent. Document on the CFS-426.
- Be clear in their discussion with the family that they will only be screening for a determination of special needs, subsidy eligibility, and making a recommendation to the Adoption Services Unit. Under no circumstances will the Adoption Specialist give the adoptive family the subsidy determination prior to receipt of approval from the Adoption Services Unit. The Adoption Specialist must also explore other resources and assistance that may be available for the child and adoptive family when screening for a subsidy.

-
- Complete the “Determination of Eligibility for Adoption Subsidy” (CFS-427).
 - Attach the following to the CFS-427:
 - Verification of the costs for a private attorney to finalize an adoption whether in-state or out-of-state, if applicable.
 - Verification of court costs to finalize an adoption if applicable.
 - Complete the CFS-429 (Special Adoption Subsidy Needs Assessment) to verify the child’s medical, dental, psychological, etc. condition by a professional which includes the diagnosis, prognosis, and costs of treatment for one (1) year if a special subsidy is requested.
 - Statement, that lists the child’s financial resources (source and amount) other than foster care board payment, if applicable.
 - Special needs subsidy based on a **“high risk”** condition - Children at high risk for the development of a serious physical, mental, developmental, or emotional condition may be considered special needs if documentation of the risk is provided by a medical professional specializing in the area of the condition for which the child is considered at risk, but no subsidy payment will be made without documentation that the child has developed the actual condition. In order to be eligible for special needs subsidy based on developmental delay, documentation must be provided, current within 6 months, attesting to the fact that the child has a delay of 24% or more in two major developmental categories.
 - Verification from the appropriate agency which explains the child’s eligibility for financial benefits (SSI, other types of Social Security benefits, VA, etc.) once the adoption is finalized if applicable (provide the agency with the amount of the adoptive parent’s income in order that a statement can be prepared). Once a child has been determined eligible for a federal subsidy, the adoptive parents cannot be rejected for adoption assistance or have payments reduced without their agreement because of their income or resources or the child’s resources.
 - Verification from Children’s Medical Services (CMS) which explains the child’s eligibility for services once the adoption is finalized if applicable (provide CMS with the amount of the adoptive parent’s income in order that a statement can be prepared).
 - For state-funded subsidies, utilize the scale that is established and published annually by the Adoption Services Unit. The scale shall be 225% of the yearly published Federal Poverty Level for the state of Arkansas.
 - The adoptive parent’s income is an eligibility criterion for state funded adoption maintenance subsidy. The adoptive parent’s income is not an eligibility criterion for a federally funded adoption maintenance subsidy (i.e., a child who is Title IV-E or SSI eligible).
 - Special subsidies are state funded, and the Adoption Subsidy Coordinator, Adoption Services Unit, will consider the child’s eligibility on a case-by-case basis. The consideration will be based on the information developed during the Adoption Specialist’s determination of the child’s special needs in relation to adoption planning. The adoptive parent’s gross income will be considered as well as other financial resources and health insurance in determining eligibility for a special subsidy
 - Complete the CFS-426 (Statement of Income and Resources for Adoption Subsidy) for all special subsidy requests.

- Utilize the following scale to determine the amount of a full monthly adoption maintenance subsidy based upon the standard foster care board payment:

AGE of CHILD	Amount of MONTHLY Maintenance
Birth through 5 years	\$400.00
6 through 11 years	\$425.00
12 through 14 years	\$450.00
15 through 17 years	\$475.00

- Request a larger monthly adoption maintenance subsidy for the child who has received a higher than standard monthly foster care board payment. A monthly subsidy payment cannot exceed the child's foster care board rate which is in effect at the time a subsidy is approved.
- Note: Special Board Rate formulas and procedures will be used strictly as guides in determining an appropriate nonstandard rate to discuss with the family and to use in negotiating a lower rate (when appropriate). No subsidy will exceed \$460.00 above the standard board rate for the child's age group. However, if the child is SSI eligible, the rate can go up \$460.00 above the SSI rate.
- Provide the following documentation with the initial adoption subsidy application packet:
 - Emergency Petition
 - Emergency Order or other initial custody court order
 - Petition and Order for Termination of Parental Rights with Power to Consent to Adoption
 - "EMS 96 or DCO-93 ", or if applicable, award letter for SSI
 - A copy of the approved selection form for an adoption that is NOT a foster parent, kinship foster parent, or relative adoption that documents efforts to place the child without adoption subsidy. (Not required for a foster parent, kinship foster parent, or relative adoption.)
- Prepare a narrative entitled "Subsidy Family Profile" about the adoptive family to include:
 - Type of adoption (foster parent, kinship foster parent, non-foster parent, relative);
 - Type of subsidy (maintenance, special, non-recurring, non-IV-E Medicaid);
 - Funding source (federal or state);
 - Child to receive subsidy (first name, age, race, developmental information, description of special needs, problems, limitation, reasons for being in out-of-home placement, and brief description of out-of-home placement history);
 - Adoptive father (name, age, education, employment and health);
 - Adoptive mother (name, age, education, employment and health);

-
- Other children in family (adopted, birth, custody, out-of-home placement, name, age, education, and health);
 - Others in household (explain if applicable);
 - Marriage (length and comments about the quality of the relationship);
 - Housing (brief description);
 - Income/resources (sources and amounts, health insurance coverage, etc.);
 - Exploration of other resources and assistance that may be available for the child and adoptive family when screening for a subsidy.
 - Family and adoptive child relationship (description to include strengths and challenges);
 - Reason for adoption subsidy (explain reason child needs adoption subsidy and reason for the adoptive parent requesting it);
 - Subsidy request (maintenance costs per month and for not more than a year), special subsidy type of service and costs for not more than a year, legal assistance, if the OCC Attorney is requested to finalize the adoption, court costs, etc., other subsidy requests and costs;
 - Recommendation to approve or deny.
- Submit the completed packet to the Adoption Field Services Supervisor for review and comment. (The Adoption Field Services Supervisor has three (3) days to review and sign-off on the packet before returning the packet to the Adoption Specialist.)
 - Upon completion of supervisory review, send completed forms, narrative, documents, and other attachments to the Adoption Subsidy Coordinator, Adoption Services Unit for a decision to approve or deny the initial adoption subsidy application prior to finalization of the adoption.
 - Upon receipt of approval of the adoption subsidy, meet with the adoptive parent to explain an approval, to review the "Adoption Assistance Agreement" (CFS-428), and to secure the adoptive parent's signature on the CFS-428 within ten working days from receipt of the agreement. Advise the adoptive parent to notify the local adoption specialist if they decide to add the child to their medical insurance policy.
 - Send the Adoption Subsidy Coordinator and adoptive parent a copy of the signed CFS-428 within three (3) working days upon receipt.
 - Contact the Adoption Subsidy Coordinator in writing within three (3) working days from the meeting if the adoptive parent has a disagreement with the contents of the CFS-428.
 - Meet with the adoptive parent to explain a denial, review the decision, and explain internal review procedures within ten (10) working days from receipt of written notification to deny.
 - Send a copy of the Adoption Petition for and Final Decree of Adoption to the Adoption Subsidy Coordinator within five (5) working days upon receipt.
 - In CHRIS:
 - Open a new adoption case on adoptive family entering the adoptive parents and adoptive child as clients. If child was in the custody of DHHS, you must retrieve the child's eligibility, medical and characteristics screens from the closed child protective service case by entering the child's protective service case and client numbers in the child's General Information screen. If child

was not in foster care prior to being adopted, the adoptive child's Characteristic and Medical screens must be completed to identify the special needs.

- Complete the Adoption screens: General Information screen, Affidavit of Disclosure screen, and Subsidy screen. Request for Approval on subsidy.

The **Adoptive Subsidy Coordinator** will:

- Assess all submitted forms and documentation, approve or deny the adoption subsidy application, and provide written notification to the Adoption Specialist of the decision within fifteen (15) working days of receiving the initial application packet from the Adoption Specialist. Contact the Adoption Specialist if additional information/forms are needed.
- Prepare the CFS-428 (Adoption Assistance Agreement) if the adoption subsidy application is approved, and route the CFS-428 to the Manager of the Adoption Services Unit and Community Support Section Administrator for approval, then send the CFS-428 to the DCFS Director or designee for signature.
- Send signed CFS-428 to the Adoption Specialist with written instructions.
- Notify the adoptive parent in writing if the application is denied and explain the reason and the internal review procedures and Administrative Fair Hearing procedures.
- Send a copy of the notification of denial to the Adoption Specialist.

NOTE ON RE-DETERMINATIONS/RE-EVALUATIONS:

TITLE IV-E RE-DETERMINATION

The federal Title IV-E adoption assistance program does not require re-determinations of a child's eligibility. Although, the Title XIX Medicaid Program and the programs that, in part, may qualify a child initially for adoption assistance, such as AFDC and SSI, require re-determinations, they are unnecessary for the purpose of maintaining a child's eligibility for Title IV-E adoption assistance. Once a child has been determined eligible and is receiving Title IV-E adoption assistance, a state may terminate the assistance only under three circumstances:

1. The child has attained the age of 18 (or if the State determines that the child has a mental or physical disability which would warrant continuation of assistance up to the 21st birthday).
2. The State determines that the adoptive parents are no longer legally responsible for support of the child.
3. The State determines that the adoptive parents are no longer providing any support to the child.
 - The Central Office Adoption Support Specialist must immediately notify the Adoption Specialist at the time the adoption subsidy is terminated. (See Procedure VIII-H7 [Termination of Adoption Subsidy].)

STATE SUBSIDY RE-EVALUATION

Re-evaluations for state adoption maintenance subsidies are not required. However, when state funded subsidies extend beyond one (1) year, or for federally funded subsidies, verification of circumstances to continue the subsidy must be documented annually. To verify a continued need for subsidy in out of

state cases the child's school, therapist, physician or clergy can provide verification by submitting a letter which states that the adoptive parent(s) still has the care and responsibility for the child.

- The Central Office Adoption Support Specialist will forward a cover letter along with the CFS-431 (Certification of Adoption Subsidy Eligibility) to the adoptive parents annually. The cover letter will inform the adoptive parents that the local Adoption Specialist will contact them to schedule a visit.
- The Central Office Adoption Support Specialist will forward a copy of the cover letter to the local Adoption Specialist concurrently with notice to the adoptive parents.
- The adoptive parents will complete and submit the CFS-431 to the DCFS Adoptions Services Unit within ten (10) working days of the date of the accompanying cover letter. The Central Office Adoption Support Specialist will forward a copy of the completed CFS-431 to the Adoption Specialist for their records.
- The Adoption Specialist will have annual face-to-face contact with the child or otherwise verify that the child is still with the adoptive family and/or the adoptive family continues to maintain legal responsibility and provides support to the child. The Adoption Specialist should make the face-to-face contact a positive experience by exploring any needs for post adoption services. The Adoption Specialist should also inquire as whether the adoptive parents have added the adoptive child to their medical insurance and if so the family must complete a DCO-662 (Third Party Resource). The Adoption Specialist is responsible for submitting the completed form to the Medical Services Section of the Division of Medical Services.
- In CHRIS:
 - Complete the Contact screen documenting all activities with the adoptive family.
 - Print the Contact screen information and send the Adoption Support Specialist a copy of the documented contact (CHRIS screen) for the subsidy file.

PROCEDURE (VIII-H2): Subsidy Payments And Support For Non-Custody Adoptions (Out-Of-Home Placement Services, SSI Eligible Private Agency And Independent Adoptions)

ELIGIBILITY CRITERIA FOR NON-CUSTODY/OUT-OF-HOME PLACEMENT SERVICES:

If in the month of initiation for court proceedings leading to removal, the language of "contrary to the child's welfare to remain in the home" is included in the first court order, a child not currently in DHHS custody can be eligible for a federal subsidy or a state legal subsidy.

Services shall be offered to families on whom the Department has filed a dependency-neglect petition when the court has placed the child(ren) in the custody of a relative or other person. Adoption services shall be offered to families who have custody of children due to a dependency/ neglect order, if the family requests such services.

Sections 406 and 407 of the Social Security Act allow for Title IV-E subsidy eligibility, if certain criteria are met, in regards to the method of removal of a child from a home. These criteria are:

- If the child is removed from the home pursuant to a judicial determination, such determination must indicate that it was contrary to the child's welfare to remain in the home;
- In the month the court proceedings were initiated to remove the child, the child must have been AFDC eligible in the removal home;
- The child must be AFDC eligible in the month in which the adoption proceedings were initiated;
- The state must determine that the child meets the definition of a child with special needs; and

- The adoption assistance agreement is signed prior to the finalization of the adoption.

The **Adoption Specialist** will:

- Accept and review referrals for non-custody adoptions.
- Forward a request to the DCFS Eligibility Unit to determine if the child is eligible for Title IV-E adoption assistance. The request consists of a cover letter indicating that this is a Non-Custody/Out-of-Home Placement Services case needing AFDC determination for the initiation of an adoption petition. The request must be submitted within the first five (5) working days of the month. The request must be mailed or faxed to the DCFS Eligibility Unit.

The request must include the following information:

- The cover letter requesting the AFDC determination.
- A completed CFS-487. The application must include everyone in the adoptive home at the time the form is signed and all the income and resources for each family member. Include the relationship of the adoptive child to everyone in the adoptive home.

The following is a list of the eligibility factors that must be satisfied for AFDC determinations. Listed for each factor is the information needed to make the determination.

Complete the CFS-487 (Application for Title IV-E Payments/Medicaid) by listing everyone in the adoptive home at the time the form is signed. This includes individuals who may be temporarily absent from the home such as individuals on vacation, away at school, etc. Provide a birth certificate or some other legal document that verifies the custodial blood relatives' relationship to the child.

1. **Age Requirement.**
Children must be under 18 years of age. The child's birth certificate must be submitted to verify age.
2. **Citizenship or Alienage Requirement.**
Eligible members must be US citizens or lawfully admitted aliens intending to permanently reside in the US. Since this will be child-only AFDC determination, the birth certificate should verify citizenship.
3. **Residence Requirements.**
The individual(s) must presently reside in Arkansas and intend to make it his home. No specific duration of residence is required. If the applicant has the present intention to make the state his home, his eligibility will not be affected by the fact that he intends to leave the state at some future time. Residence is not affected by temporary absence from the state.
4. **Deprivation of Parental Care and Support Requirement.**
Submit the Termination of Parental Rights (TPR) court order to satisfy this eligibility requirement.
5. **Assignment of Rights to Support to the State.**
Since there has been TPR, there is no assignment of rights as there are no custodial/non-custodial parent(s) of the child at this time.
6. **Cooperation in Child Support Enforcement Activities.**
Since there has been TPR, there is no cooperation requirement with OCSE as there are no custodial/non-custodial parent(s) of the child at this time.
7. **Relationship Requirement and Living with Specified Relative.**
TPR has not changed the relationship of the adoptive parent to the child. The relationship does no change until the adoption is finalized.

Degrees of Relationship

The child must be living with a relative who is in one of the following degrees of relationship to the child.

1st degree - Parent.

2nd degree - Grandparent, sibling.

3rd degree - Great-grandparent, uncle, aunt, nephew, niece.

4th degree - Great-great-grandparent, great-uncle, great-aunt, first cousin.

5th degree - Great-great-great-grandparent, great-great-uncle, great-great-aunt, first cousin once removed (i.e., the child of one's first cousin).

Half relationships will be considered the same as full relationships.

Step father, step mother, step brother, step sister.

Spouses of any persons named in the above groups. Such relatives may be considered within the scope of this provision though the marriage is terminated by death or divorce.

Relationship must be verified by birth certificates, baptismal records, Bureau of Vital Statistics Records, other authentic documents, or by written statement of a collateral which provides conclusive evidence that the relative is so related to the dependent child.

Persons Who Must be Included in the Standard of Need - Standard Filing Unit

The following relatives of an AFDC dependent child or a child for whom application is made must be included in the assistance unit with the child if they are living in the home with the child and are otherwise AFDC eligible:

The income and resources of these individuals must be reported and verified as part of the determination.

- The natural or adoptive parent of the child, including an unemancipated minor parent.
 - All brothers and sisters of the child who are under age 18, unemancipated, and meet the deprivation of parental care or support requirement. This includes brothers and sisters of half-blood relationships but not step-brothers or step-sisters.
8. Non-Participation in a strike.
No additional documentation needed.
9. Social Security Enumeration Requirement.
Submit a copy of the child's Social Security card if available. If the card is not available ensure that the Social Security number is documented on the CFS-487.
10. Need Requirement.
In completing the CFS-487, carefully read and answer appropriately each question about the type of income and assets of the child. Since you are the authorized representative for the family's AFDC determination it is critical that these questions are answered as accurately and completely as possible.
- The DCFS Eligibility Unit will make the AFDC eligibility determination within five (5) working days of receipt of the completed application and fax the determination to the Adoption Specialist.

NOTE: If the CFS-487 is not completed, and all supporting documentation needed is not submitted in a timely manner, the eligibility determination cannot be made.

- Notify OCC immediately of the child's eligibility status. If the child is determined Title IV-E eligible OCC must file the petition for adoption in the same month of the eligibility determination. Therefore give OCC 10 working days notice to allow enough time to file the petition in the same month.
- Follow Policy and Procedure VIII-F (Foster Parent, Kinship Foster Parent and Relative Adoption) in approving the family for adoption.
- Refer the family for "Foster Pride/Adopt Pride" training. The family must complete the training prior to approval.
- For state legal subsidy: Complete the CFS-425 (Application for Special Subsidy) and specify "Use of Agency Attorney" to receive legal services from OCC for those children in a Non-Custody/Out-of-Home Placement Services case who do not meet the criteria for special needs. Children in a Non-Custody/Out-of-Home Placement Services case who do not meet the special needs criteria are eligible for "Use of Agency Attorney" to finalize an adoption.
- Document in the "Subsidy Family Profile" that the children are in a Non-Custody/Out-of-Home Placement Services case and state, "But for the child's placement with a relative or other person, the child would still be in foster care."

CRITERIA FOR SSI ELIGIBLE PRIVATE AGENCY AND INDEPENDENT ADOPTIONS

A child who is SSI eligible and is part of an independent adoption (i.e., not in the custody of a public or private agency) is eligible for a Title IV-E subsidy. Cases in which a child is subsequently adopted who received Title IV-E adoption assistance in a previous adoption that dissolved or in which that adoptive parents died are eligible for Title IV-E adoption subsidy. (See FSPP Policy VIII-H.)

The **Adoption Subsidy Coordinator** will:

- Accept and review referrals for independent adoption and private agency subsidy applications.
- Assess all submitted forms and documentation, approve or deny the adoption subsidy application, and provide written notification to the applicant, the person who arranged the independent adoption or the private agency representative of the decision within fifteen (15) working days of receiving the initial application packet from the Adoption Specialist. Contact the applicant, the person who arranged the independent adoption or private agency representative if additional information/forms are needed.
- Prepare the CFS-428 (Adoption Assistance Agreement) if the adoption subsidy application is approved, and route the CFS-428 to the Manager of the Adoption Services Unit and Community Support Section Administrator for approval, then send the CFS-428 to the DCFS Director or designee for signature.
- Send signed CFS-428 (Adoption Assistance Agreement) to the Applicant and Private Agency representative, if applicable, with written instructions.
- Notify the adoptive parent in writing if the application is denied and explain the reason for denial and the internal review and Administrative Fair Hearing procedures.
- In CHRIS:
 - Open a new Adoption Case on adoptive family entering the adoptive parents and adoptive child as clients.

- Complete the adoptive child's Characteristic and Medical screens to identify the special needs.
- Complete the Adoption screens: General Information screen, Affidavit of Disclosure screen, and Subsidy screen. Request the Approval for the adoption subsidy.

PROCEDURE (VIII-H3): Amendment to an Adoption Subsidy

The **Adoption Specialist** will:

- Follow the same subsidy-related policy and procedures, regardless if the adoption is being handled in-state or out-of-state.
- Ensure close coordination with the other state's adoption worker, if applicable.
- Amend a subsidy if there is documentation that an "at risk" child has developed a serious physical, mental or emotional condition.
- Determine with adoptive parent if an amendment to the existing adoption subsidy is needed. (An amendment may be requested at any time.) The adoptive family must consent to any subsidy amendment (Title IV-E only).
- Determine if there has been a material change in circumstances in the adoptive family to amend a federally funded subsidy. Material changes in circumstances include, but are not limited to, a different medical problem or a change in the type of condition of the child or a significant change in household. A state may renegotiate an adoption assistance agreement if the adoptive parents request an increase in payment due to a change in their circumstances and a higher foster care rate would have been paid on behalf of the child if the child had still been in foster care. Alternatively, a state may negotiate an adoption assistance agreement that automatically allows for adjustments to the adoption assistance payment when there is an increase in the foster care board rate.
- Determine with adoptive parent what type of adoption subsidy is needed.
- Review and sign the "Application for Adoption" (CFS-425) after the adoptive parent completes it.
- Assist the adoptive parents in completing the "Statement of Income and Resources for Adoption Subsidy" (CFS-426). **Attach verification of family income to the CFS-426 when a state funded adoption special subsidy is requested. The CFS-426 is not required for a federal adoption maintenance subsidy.** Note that an amendment for an increase of a state subsidy will not exceed the amount the child would have received for a special board rate if in foster care. The amount of any amendment will not exceed \$460.00 above the standard board rate for the child's age group. However, if the child is SSI eligible, the rate can go up \$460.00 above the SSI rate.
- Carefully review all requests for increases in payment for state funded subsidies and special subsidies. As state dollars are limited, an exploration of other resources is required and must be documented in the narrative when submitting an amendment request. The Division Director can review extraordinary circumstances at his discretion.
- Review the adoptive parent's health insurance policy if a special subsidy is requested to determine if it will allow for any medical, dental, or psychological costs and, if so, to what extent. Document the information on the CFS-426.
- Complete the "Determination of Eligibility for Adoption Assistance" (CFS-427) if a special subsidy is requested.

-
- Complete a narrative to address the type of subsidy needed, the source of funding, the reason for the subsidy, the costs, and recommendation.
 - Send all requests, the forms, narrative, and any other documents to the Adoption Field Services Supervisor within twenty (20) working days from the initial contact with the adoptive parent. The Adoption Field Services Supervisor must submit all requests, except for special board rate increases, to the Adoption Subsidy Coordinator within five (5) working days of receipt.
 - For requests of special board rate increases, forward completed packets to the Adoption Field Services Supervisor for review and comment. Upon completion of the review, the Adoption Field Services Supervisor will forward within three (3) working days the packet to the Adoption Field Services Manager. The Adoption Field Services Manager will review and make recommendations and submit the packet to the Subsidy Coordinator within five (5) working days of receipt.
 - Meet with the adoptive parent to explain an approval, to review the CFS-428 (Adoption Assistance), and to secure the adoptive parent's signature on the CFS-428 within ten (10) working days from receipt of the agreement.
 - Send the Adoption Subsidy Coordinator and adoptive parent a copy of the signed CFS-428.
 - Send the Adoption Subsidy Coordinator a written notification within three (3) working days from the meeting with the adoptive parent to explain a disagreement with the contents of the CFS-428.
 - Meet with the adoptive parent(s) to explain a denial, review the decision, and explain internal review procedures within ten (10) working days from receipt of the written notification to deny.

In CHRIS:

- If subsidy amendment is approved, change the Subsidy Ending Date on the Adoption Subsidy screen to stop the existing adoption subsidy. Then, click Clear and enter the new amended subsidy with the new Beginning and Ending dates and the subsidy amount. Request the Approval for the amended subsidy amount.

The Adoption Subsidy Coordinator will:

- Assess all submitted forms and documentation, approve or deny the amendment and notify the Adoption Specialist of the decision within fifteen (15) working day of receiving the application packet from the Adoption Specialist.
- Contact the Adoption Specialist if additional information/forms are needed.
- Prepare the CFS-428 (Adoption Assistance Agreement) if the adoption subsidy application is approved, and route the CFS-428 to the Manager of the Adoption Services Unit and Community Support Section Administrator for approval, then send the CFS-428 to the DCFS Director or designee for signature.
- Send the completed CFS-428 to the Adoption Specialist with written instructions.
- Notify the adoptive parent in writing if the application is denied and explain the reason and the internal review and Administrative Fair Hearing procedures.
- Send a copy of the notification of denial to the Adoption Specialist.

PROCEDURE (VIII-H4): Reinstatement of Adoption Subsidy

If a child's adoption subsidy has been closed, it may be re-opened if eligibility requirements are met. Refer to Procedure VIII-H1.

PROCEDURE (VIII-H5): Request for Continuation of Federal and State Funded Adoption Maintenance Subsidy after Age Eighteen

In some cases a federal adoption maintenance subsidy or state funded maintenance subsidy may be continued for adoptees eighteen (18) to twenty-one (21) years old. Medicaid, however, cannot be extended past age 18 for state funded subsidies. While the foster care Medicaid cannot be extended beyond the month the child turns eighteen (18), the family may apply for another type of Medicaid.

If the adoptive parent requests that the adoption subsidy be continued past the child's eighteenth birthday, the following criteria must be met:

- The adoptive parent must be receiving a federal or state funded adoption maintenance subsidy prior to the child's eighteenth birthday.
- The child must have applied for and been denied SSI.
- A psychologist, psychiatrist or physician must certify that the child has a mental or physical disability that prevents the child from becoming independent from the adoptive home.

The **Central Office Adoption Support Specialist** will

- Include the above documentation and recommend whether the adoption subsidy should be continued past the child's eighteenth birthday.
- Approve or deny the request for adoption subsidies after age eighteen.
- Prepare the CFS-428 (Adoption Assistance Agreement) if the adoption subsidy application is approved, and route the CFS-428 to the Manager of the Adoption Services Unit and Community Support Section Administrator for approval, then send the CFS-428 to the DCFS Director or designee for signature.
- Notify the adoptive parent in writing if the request is denied and explain the reason for denial and procedures for the internal review and Administrative Fair Hearing.
- In CHRIS:
 - If subsidy has been extended, change the Subsidy Ending Date on the Adoption Subsidy screen to continue subsidy past child's eighteenth birthday.

PROCEDURE (VIII-H6): Interstate Compact on Adoption and Medical Assistance (ICAMA)

A child who is receiving Medicaid as a result of an adoption subsidy may continue to receive the subsidy if the child moves to or from another state.

The **Adoption Specialist** will:

- Contact the ICAMA Coordinator or refer an adoptive parent to the ICAMA Coordinator in the DCFS Adoption Services Unit.
- Provide the ICAMA Coordinator with the adoptive family's new address, phone number, and the effective date of the move.

The **ICAMA Coordinator** will:

- Complete the ICAMA forms in relation to a child who is moving from the state and forward the forms to the new state of residence. Forward the following: (1) Form 6.01 (Notice of Medicaid Eligibility/Case Activation), (2) Form 6.02 (Notice of Action), and (3) Form 6.03 (Change in Child/Family Status), if applicable.
- Forward completed ICAMA forms to the Eligibility Unit in relation to a child who moves into the state. Forward the following: (1) Form 6.01 OR a COBRA Letter and (2) a copy of the Adoption Subsidy Agreement.
- Notify the Eligibility Unit via the CFS-495 when an ICAMA child leaves the state of Arkansas, and make documentation in CHRIS.

PROCEDURE (VIII-H7): Termination of Adoption Subsidy

Termination of an adoption subsidy will occur:

- Upon the adoptive parent(s)' request.
- When the child reaches the age of 18. Adoption assistance will be provided until the child is 21 years of age if the child has a mental or physical disability which warrants continuation, and a federal funded subsidy or state maintenance is received. (See VIII-H5.)
- Upon the child's death.
- Upon the death of the adoptive parent(s) of the child (one parent if a single parent family and both in a two-parent family).
- At the cessation of legal responsibility of the adoptive parent(s) for the child.
- If the Division determines that the child is no longer receiving support from the adoptive parent(s).

The **Adoption Specialist** will:

- Notify the Central Office Adoption Support Specialist of any change in the adoptive family's circumstances, which would warrant termination of the adoption subsidy.
- In CHRIS:
 - If adoption subsidy is terminated, change the Subsidy Ending Date on the Adoption Subsidy screen to stop the existing adoption subsidy.
 - If there are other adoptive siblings with existing adoption subsidies:
 - End-Date the adoptive child's Involvement in Case selecting the appropriate reason on the Child's General Information screen.
 - If there are no other adoptive siblings with existing adoption subsidies:
 - Close the adoption case on the Case Summary screen selecting the appropriate reason.

The **Central Office Adoption Support Specialist** will:

- Determine if termination of the adoption subsidy is necessary.
- Conduct a staffing with the Manager, Adoption Services Unit.
- Provide written notification to the adoptive parent to explain the reason for the termination of the adoption subsidy and the internal review procedures.
- Provide a copy of the notification to the Adoption Specialist.
- Enter computer data to terminate the adoption subsidy.

PROCEDURE (VIII-H8): Payment for Non-recurring Adoption Expenses and Special Subsidy

The **Adoption Specialist** will:

- Submit a billing packet to the Adoption Subsidy Coordinator for non-recurring adoption expenses within sixty (60) days after the finalization of the adoption.
 - For non-travel related expenses, the packet will include the DHHS-1914, W-9, original invoice, a copy of the CFS-428 and final adoption decree.
 - For travel related expenses the packet will include the TR-1, receipts, a copy of the CFS-428 and the final adoption decree.
 - For payment of a special subsidy, the packet will include: DHHS-1914, W-9, original invoice, copy of the CFS-428 and the final adoption decree.

The **Adoption Subsidy Coordinator** will:

- Review, code and forward each completed billing packet within ten (10) working days and forward to the manager of the Adoption Services Unit for approval. The Manager of the Adoption Services Unit will forward approved packet to the office of finance for payment within ten (10) working days of receipt from the subsidy coordinator.

IX. SERVICES ACCOUNTABILITY

POLICY (IX-A): INTERNAL REVIEW AND ADMINISTRATIVE HEARING PROCESS

Determination of ineligibility, reduction of services or other adverse actions shall be subject to an Internal Review process. Individuals and families who disagree with the decision of the Division may further appeal through the Appeals and Hearing process conducted by the Office of Chief Counsel.

PROCEDURE (IX-A1): Internal Review of Adverse Action

The following steps are to be followed during the internal review process:

- The applicant who is the subject of an adverse action may request verbally or in writing an Internal Review from the appropriate Administrator or Manager.
- The Administrator or Manager will review the request and forward it with a recommendation to the appropriate Assistant Director for a final disposition.
- The Assistant Director will notify the applicant of the decision to the review within ten (10) working days of receiving the request.
- If the decision is unfavorable to the applicant, the Assistant Director will inform the applicant that the applicant has fifteen (15) working days in which to submit a written appeal to the Director, Division of Children and Family Services, P.O. Box 1437, Slot S560, Little Rock, AR 72203-1437.
- The DCFS Director will notify the applicant within ten (10) working days of the appeal decision.

PROCEDURE (IX-A2): Appeals and Hearings of Adverse Action

A request for an Administrative Hearing must be made within thirty (30) calendar days of receiving a notice of adverse action from DCFS.

When a family who is the subject to an adverse action wishes to request a hearing, they may do so by sending the request in writing to the Department of Health & Human Services, Office of Chief Counsel, Appeals and Hearings Administration Section, P.O. Box 1437, Slot N401, Little Rock, AR 72203-1437.

The Appeals and Hearing Section will notify DCFS that an appeal has been filed. An Investigative File will be prepared immediately and made available to the petitioner, any representative, the OCC Attorney and the Appeals and Hearings Section. (See Procedure IX-A4.)

The Appeals and Hearings section will send out a notice of hearing which contains the time, date, and place of the hearing and the name of the hearing officer who will conduct the hearing.

In the event a true child maltreatment determination is the subject of an appeal, consultation will occur between the Family Service Worker, County Supervisor, OCC Attorney and the Area Manager. The purpose of the consultation will be to review the evidence used to establish the true determination and ascertain the impact of any subsequent events of the case after the determination was made. If the consultation reveals no merit for defending the true finding, then the Area Manager will be responsible for

completing the CFS-346 (Approval Not to Defend a True Child Maltreatment Determination). A copy of the CFS-346 will be retained by the Area Manager, and one copy each given to the County Supervisor and OCC attorney. The OCC attorney will inform Appeals and Hearing of the decision not to defend. The CFS-346 will be included in the investigative file. (See Procedure IX-A4.)

The hearing will normally take place in the county of residence of the child, not the individual requesting the hearing. However, the hearing may be held in another location if the child will not be detrimentally affected.

If the petitioner fails to appear for the hearing and does not contact the Appeals and Hearing Section prior to the date of the hearing, the appeal will be abandoned.

It is the responsibility of the appropriate office/unit to designate a representative prior to the time of the hearing. The representative must be familiar with the circumstances leading to the adverse decision and must be able to summarize the pertinent aspects of the situation and present the documentation to support the basis for the findings. The representative will be able to answer questions posed by the petitioner or the hearing officer relative to the issue and should be prepared to cross examine witnesses.

The representative may request an Office of Chief Counsel Attorney for representation at the hearing only if the petitioner has an attorney. Send a request for an attorney to the Office of Chief Counsel in the Central Office. The Attorney assigned to the county of residence of the petitioner may be contacted for assistance.

The representative also is responsible for making arrangements for an appropriate place to conduct the hearing.

PROCEDURE (IX-A3): Conduct of the Hearing

- The hearing is conducted by a Hearing Officer from the Appeals and Hearings Section.
- The petitioner may be accompanied by friends or other persons and may be represented by a friend, legal counsel, or other designated representative. The hearing officer may not review material prior to the hearing unless such material is made available to the petitioner or his representative.
- The hearing is conducted in an informal but orderly manner. The Hearing Officer will explain the hearing procedure. The Administrative Hearing Statement will be read by the representative who will then present the Department's case which includes introducing evidence and questioning witnesses subpoenaed to the hearing as well as cross-examining the petitioner's witnesses. After completion of DCFS' case, the petitioner's case will be presented. This includes the opportunity to present witnesses, advance arguments, offer additional evidence, question the agency representative, and confront and cross-examine witnesses.
- Questioning of all parties will be confined to the issues involved.
- In all cases, the petitioner will be advised of the right to judicial review in the event of an adverse ruling.
- The hearing officer will prepare a hearing decision based on a comprehensive report of the proceedings. The format will consist of an Introduction, Findings of Fact, Conclusions of Law, and a Decision. Final administrative action must be completed within 180 calendar days from the receipt of the appeal by the Appeals and Hearings Section provided that:
 - Delays in completing the hearing that are attributable to the petitioner shall not count against the 180 day limit.

- Failure to complete the hearing process in a timely fashion shall not deprive the department or a court reviewing the child maltreatment determination of jurisdiction to make a final agency determination or review a final agency determination pursuant to the Administrative Procedures Act.
- The 180-day limit shall not apply if there is an ongoing criminal investigation or criminal charges have or will be filed regarding the occurrence that is the subject of the child maltreatment report.
- In those cases, the administrative hearing shall be stayed pending final disposition of the criminal proceedings.
- It shall be the duty of the petitioner to report the final disposition of the criminal proceeding to the Department.
- Each report shall include a file-marked copy of the criminal disposition.
- The request for an administrative hearing shall be deemed waived if the petitioner fails to report the disposition of the criminal proceedings within thirty (30) days of the entry of a dispositive judgment or order.
- If the criminal proceedings have reached no final outcome within twelve (12) months of the filing of the administrative appeal, the administrative appeal will be deemed waived if the petitioner fails to provide a written statement of the status of the criminal proceedings every sixty (60) days and a disposition report within thirty (30) days of the entry of a dispositive judgment or order.
- The decision becomes final action unless appealed and subsequently overturned in a court of law.
- If a true finding of child maltreatment is overturned by Appeals and Hearings, the county which made the original determination will send out an amended "Child Maltreatment Assessment Determination Notification" (CFS-312) within 15 days, advising that the report is now unsubstantiated. These notifications will be sent to all parties who received an original notification of the true finding. Upon request by the petitioner, DCFS shall provide a list of persons who were told previously that the report was "True".
- The Family Service Worker will provide a copy of the administrative hearing order upon request by a subject of the report.

PROCEDURE (IX-A4): Investigative File for the Administrative Hearing

- The file prepared for the hearing will contain all information obtained during the course of the investigation.
- The office that prepares the investigative file will present evidence to support the decision that is the subject of disagreement. For a hearing being requested based on a child maltreatment investigation report, the file will contain a copy of the "Referral Information Report" (CFS-6001), "Notice of Child Maltreatment Allegation" (CFS-310), "Notice to LEA of Child Maltreatment" (CFS-311), "Administrative Hearing Statement" (CFS-320), and the "Child Maltreatment Assessment Determination Notification" (CFS-312). A copy of the return_receipt verification (green card) must also be attached to the file.
- The CFS-346 (Approval Not to Defend a True Child Maltreatment Determination) will be included with the investigative file if the agency has decided that the true child maltreatment determination will not be defended.
- The "Administrative Hearing Statement" (CFS-320) will summarize the nature of the complaint, a summary of the Child Maltreatment Investigation, and the decision. The CFS-320, however, is not evidence. Complete documentation will be required in the investigative file to support the Administrative Hearing Statement.
- County staff or Crimes Against Children Division staff will have ten (10) calendar days to respond to a request from Central Registry for a copy of the investigative file.
- County staff or Crimes Against Children Division staff must complete the CFS-320 upon request by Central Registry for the investigative file. Staff will route the CFS-320 directly to Appeals and Hearings. A copy also will be forwarded to the OCC attorney, if an attorney is assigned. If the name of the assigned OCC attorney is not known, forward the copy of the CFS-320 to the County Legal Operations Coordinator.
- The individual requesting the hearing (the petitioner) will be advised by the Appeals and Hearings Section that the petitioner has ten (10) calendar days to provide a witness list.
- An OCC attorney may provide assistance in case preparation even if the attorney will not be at the hearing.
- Department employees will be expected to attend hearings and present testimony without the benefit of a subpoena and will be notified by the Appeals and Hearings Section of their required presence at the hearing.
- If the agency fails to provide a file to the Appeals and Hearing Section, the DCFS representative will not be allowed to testify or call any witnesses. The DCFS representative will be notified of any witness requested by the petitioner requesting the hearing. The DCFS representative will have five (5) calendar days from receipt of this notice to request a for rebuttal witness list.
- The Department of Health & Human Services, Office of Chief Counsel, will issue the subpoenas under the authority of Ark. Code Ann. § 20-76-201 and 12-12-513. The Chief Counsel of DHHS may designate someone to sign subpoenas issued for administrative hearings on child maltreatment.
- Administrative hearing decisions and all exhibits submitted at the hearing are confidential and may be used or disclosed only as provided in §12-12-506(a)(2)(A).

POLICY (IX-B): CHILD DEATH

The Division of Children and Family Services County Office will notify appropriate parties and initiate action to insure the safety of other children in the home when DCFS becomes aware of a child death that occurs on an active case or that may be the result of maltreatment.

The Division will follow established Department of Health & Human Services policy and procedures governing the reporting of incidents (see DHHS Administrative Policy 1090 "Incident Reporting"). The Division will not automatically issue press releases on cases of child fatality or near fatality, but will respond to requests for information as they are received. Per A.C.A. § 12-12-503 a near fatality means an act that, as certified by a physician, places a child in serious or critical condition. As such, the Division will rely on the involved medical facility's designation of the child's condition in determining if a particular incident meets the criteria of near fatality as defined by law.

The Division will assist the parents in making funeral arrangements or take other actions deemed necessary by the Area Manager.

PROCEDURE (IX-B1): Child Death Protocol

All DCFS employees must report an incident that may effect the health and safety of DHHS clients, employees, volunteers, and others on DHHS premises or while receiving DHHS services, and occurrences that interrupt or prevent the delivery of services, to the DCFS Division Director and the DHHS Director's office. An incident includes the death of a child who was in DHHS custody, in a Protective Services or Supportive Services case, or who died under conditions believed to have been caused by child maltreatment. The death of a child, or the sibling, who was the subject of a maltreatment report within the proceeding twelve (12) months must also be reported.

The **Employee** will:

 - The child or sibling was a client in an open, out-of-home placement, or supportive services case.

The **State Police Crimes Against Children Division** will:

- Investigate child maltreatment allegations according to established procedures.
- Coordinate with law enforcement and relinquish their case to them if possible criminal charges are involved and law enforcement prefers to assume responsibility.
- Initiate needed affidavits for legal action.

- the name of the child;

- the location of the child at the time of the incident;
- the current condition of the child if the incident was a near fatality (as determined by the medical facility);

- Pay expenses by routing the "Foster Care Authorization for Billing" (CFS-334) if child has savings, or use a DHHS Requisition obtained through the DHHS-1914 process otherwise.

POLICY (IX-C): CHILD DEATH REVIEW COMMITTEE

The Division of Children and Family Services shall convene a Child Death Review Committee for the purpose of reviewing DCFS actions and previous involvement when a child has died under one of the following circumstances:

- The child or sibling was a client in a protective service case during the previous twelve months.

In order to formalize an employee's participation in the DCFS MSW Educational Leave Program, a contract between the Division and the employee is required, according to the following guidelines:

- A. All stipend recipients must complete a "State of Arkansas Employment Application" and send it to the DCFS Professional Development Unit six (6) weeks prior to the expected date of graduation.
- B. DCFS reserves the right to designate counties where staff are needed and require students to apply in those counties identified by DCFS.
- C. DCFS reserves the right to specify the minimum number of counties in which students must state on the "State of Arkansas Employment Application" that they will accept employment.
- D. On the State employment application, the student will list the job title as "Family Service Worker Trainee" and designate the minimum number of counties required by DCFS in which the student is willing to accept employment.
- E. Students must accept interviews, answer questions, and otherwise actively participate in the hiring process in an ethical manner. The university designee will coordinate with the DCFS Professional Development Unit to keep students abreast of employment opportunities with the Division and help them follow-through with their commitment to the Division.
- F. F If the student is not offered a Family Service Worker Trainee position within sixty (60) days following graduation, the student no longer is obligated to accept employment or repay the stipend.

VIII. PROTOCOL FOR FAMILY SERVICE WORKERS - Responding To Methamphetamine And Meth Lab Exposure Of Children

1. If you discover a meth lab or suspect that you have come across chemicals being used to make methamphetamine during a home visit or child maltreatment investigation, leave the house, depart the immediate area, contact law enforcement and call the Hotline to report the child maltreatment.
2. Remain away from the house until after law enforcement has responded to your call and secured the house and the people inside.
3. Advise the law enforcement officers about any children that are in the house.
4. Do not enter the house as you may risk contaminating yourself.
5. If you are called to a meth lab site by law enforcement, respond to the call, but do not enter the house.
6. Be sure to put on a pair of disposable Nitrile gloves.
7. When the child(ren) are brought out of the house, touch them only with your gloved hands. Discuss with law enforcement the children's estimated level of contamination and what degree of decontamination is needed.
8. If the law enforcement officers or other personnel at the scene have decontamination equipment, allow them to decontaminate the children. If there is no decontamination equipment on site, drape a non-contaminated material (e.g., blanket or plastic) around the child(ren) like a cape, head to foot before placing the children in any vehicle. (You will need to keep a blanket or plastic sheeting in your car for use in these cases.) Ensure that the children have something on which to rest their feet.
9. Transport the child(ren) to an appropriate medical facility previously identified in the city/county where they can be medically examined, tested for exposure and decontaminated, if still necessary. Remember that part of the reason for the medical examination is to collect evidence that the children have been exposed to methamphetamine and/or the chemicals used in a meth lab.
10. When decontamination, medical testing and medical examination have been completed, follow the appropriate DCFS policies and procedures for placing the child(ren) in out-of-home care.
11. If the children have not yet been decontaminated, be sure to advise the foster parents of the immediate need to shower or bathe the children with soap and water. Also instruct the foster parents to clean their shower or bathtub with dishwashing liquid and water afterward. Advise the foster parents to dispose of the children's contaminated clothes. Do not try to wash the clothes, as this will spread the contamination.
12. Advise the foster parents of the immediate need for some new clothes since the child(ren) were not allowed to bring anything (clothes, toys, etc.) from the meth lab sight. In accordance with the Family Foster Parent Handbook (PUB-30, page 29 Initial Clothing Order) the Family Service Worker (FSW) will assess, with the foster parent, which items of clothing are needed and issue the authorized amount of clothing allowance. Purchases will be made using the DHHS-1914 process. The FSW will accompany the foster parent to the store to approve the purchase.

Introduction

“The Child Welfare Licensing Act,” Ark. Code Ann. **9-28-401** et. seq., (the Act) is the legal authority under which the Child Welfare Agency Review Board prescribes minimum licensing standards for child welfare agencies, as defined under the statute.

Child Welfare Agency Review Board

The Child Welfare Agency Review Board shall promulgate and publish rules and regulations setting minimum standards governing the granting, revocation, refusal, and suspension of licenses for a child welfare agency and the operation of a child welfare agency.

The board may consult with such other agencies, organizations, or individuals as it shall deem proper.

The board shall take any action necessary to prohibit any person, partnership, group, corporation, organization, or association not licensed or exempted from licensure pursuant to this chapter from advertising, placing, planning for, or assisting in the placement of any unrelated minor for purposes of adoption or for care in a foster home. The prohibition against advertising shall not apply to persons who are seeking to add to their own family by adoption.

The board may amend the rules and regulations promulgated pursuant to this section from time to time, in accordance with the rule promulgation procedures in the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

The board shall promulgate rules and regulations that:

- (1) Promote the health, safety, and welfare of children in the care of a child welfare agency;
- (2) Promote safe and healthy physical facilities;
- (3) Ensure adequate supervision of the children by capable, qualified, and healthy individuals;
- (4) Ensure appropriate educational programs and activities for children in the care of a child welfare agency;
- (5) Ensure adequate and healthy food service;
- (6) Include procedures for the receipt, recordation, and disposition of complaints regarding allegations of violations of this subchapter, of the rules promulgated under the Child Welfare Agency Licensing Act, or of child maltreatment laws;
- (7) Include procedures for the assessment of child and family needs and for the delivery of services designed to enable each child to grow and develop in a permanent family setting;

(8) Ensure that criminal record checks and central registry checks are completed on owners, operators, and employees of a child welfare agency as set forth in this subchapter;

(9) Require the compilation of reports and making those reports available to the division when the board determines it is necessary for compliance determination or data compilation;

(10) Ensure that a child placement agency:

(a) Treats clients seeking or receiving services in a professional manner, as defined by regulations promulgated pursuant to this act; and

(b) Provides clients seeking or receiving services from a child placement agency that provides adoption services with the phone number and address of the Child Welfare Agency Licensing Unit of the Department of Health and Human Services where complaints can be lodged.

(11) Require that all child welfare agencies that provide adoption services fully apprise in writing all clients involved in the process of adopting a child of the agency's adoption program or services, including all possible costs associated with the adoption program.

The Arkansas Administrative Procedure Act, Ark. Code Ann. **25-15-201** et seq., shall apply to all proceedings brought to the Board pursuant to this Act. The Arkansas Rules of Civil Procedure and the Arkansas Rules of Evidence shall also apply to adverse action hearings.

The Department of Health and Human Services, Division of Children and Family Services is designated as the governmental agency charged with the enforcement of the provisions of the Act. Only the Division, licensees, and applicants for a license shall have standing before the Board, except where otherwise provided by law.

The Department of Health and Human Services shall maintain a website accessible to the general public that contains information on child placement agencies. The website shall contain:

1. The name, phone number and address of all child placement agencies licensed by the board;
2. Information on each child placement agency, specifically if the license is in good standing, and if the license has ever been revoked or suspended, or if any letters of caution or reprimand have been issued by the Child Welfare Agency Review Board; and
3. The name and contact information for a person in the Child Welfare Agency Licensing Unit of the Department of Health and Human Services who handles complaints about child placement agencies.

Agencies Requiring Licensing

Any person, organization, corporation, partnership, voluntary association or other entity which provides care, training, education, custody, or supervision for a total of six (6) or more unrelated minors on a twenty-four (24) hour basis, and is not otherwise exempt by the Act, requires a license.

Any person, organization, corporation, partnership, voluntary association, or other entity which places, plans for or assists in the placement of any unrelated minor for care in a foster home, adoptive home, or residential facility, and is not otherwise exempt by the Act, requires a license.

The Board shall take any action necessary to prohibit any person, partnership, group, corporation, organization or association not licensed or exempted from licensure from advertising, placing, planning for, or assisting in the placement of any unrelated minor for the purposes of adoption or for care in a foster home. The prohibition against advertising shall not apply to persons who are seeking to add to their own family by adoption.

The Board may impose a civil penalty upon any person, partnership, group, corporation, organization or association not licensed or exempt from licensure as a child welfare agency in the State of Arkansas that advertises, places, plans for or assists in the placement of any unrelated minor for purposes of adoption or for care in a foster home. The prohibition against advertising does not apply to persons who are seeking to add to their own family by adoption.

Types of Licenses

RESIDENTIAL CHILD CARE FACILITY

Any child welfare agency that provides care, training, education, custody or supervision on a twenty-four (24) hour basis for six (6) or more unrelated minors.

EMERGENCY RESIDENTIAL CHILD CARE FACILITY

Any child welfare agency that provides twenty-four (24) hour custodial care for six (6) or more unrelated children on an emergency basis, not to exceed ninety (90) days. All regular residential agencies qualify as emergency shelters. Any child admitted as an emergency placement shall be designated as such and must be discharged within ninety (90) days. The child may be discharged to the same facility, but the child's record must reflect the date the child was admitted into regular residential care.

PSYCHIATRIC RESIDENTIAL TREATMENT FACILITY

A residential child care facility in a non-hospital setting that provides a structured, systematic, therapeutic program of treatment under the supervision of a physician licensed by the Arkansas State Medical Board who has experience in the practice of psychiatry. It is for children who are emotionally disturbed and in need of daily nursing services, physician's supervision and residential care, but who are not in an acute phase of illness requiring the services of an inpatient psychiatric hospital.

SEXUAL OFFENDER PROGRAM

A treatment program that offers a specific and specialized therapeutic program for juvenile sexual offenders. A licensed sexual offender program may be in a residential childcare facility, a therapeutic foster care home, or a psychiatric residential treatment facility. A sexual offender is described as a person who has committed one or more confirmed acts of sexual abuse/misconduct, which constitutes the predominant need for specialized treatment services.

CHILD PLACEMENT AGENCY - ADOPTION

A child welfare agency which places, plans for or assists in the placement of an unrelated minor in a household of one (1) or more persons which has been approved to accept a child for adoption.

CHILD PLACEMENT AGENCY – FOSTER CARE

A child welfare agency which places, plans for or assists in the placement of an unrelated minor in a private residence of one (1) or more family members for care and supervision on a twenty-four (24) hour basis.

CHILD PLACEMENT AGENCY – THERAPEUTIC FOSTER CARE

Any child welfare agency that places, plans for or assists in the placement of an unrelated minor in a therapeutic foster home. Therapeutic foster care is intensive therapeutic care for children provided in specially trained family homes supported by licensed mental health professionals. A therapeutic foster care program is a family-based services delivery approach providing individualized treatment for children, youth, and their families. Treatment is delivered through an integrated constellation of services with key interventions and supports provided by therapeutic foster parents who are trained, supervised, and supported by qualified program staff. Therapeutic foster care services shall be provided in a separately identified program of a larger agency or be provided by an independent agency.

An agency may be licensed for any or all types of licenses, depending on the types of services it provides.

License Status

The Board shall issue all licenses to child welfare agencies upon majority vote of members present during each properly called board meeting at which a quorum is present when the meeting is called to order. The Board shall have the power to deny an application to operate a child welfare agency or to revoke or suspend a previously issued license to operate a child welfare agency. The Board may also issue letters of reprimand or caution to a child welfare agency. Any denial of application or revocation or suspension of a license shall be effective when made.

NEW PROVISIONAL

Issued to a newly licensed agency for a one (1) year period, to give the agency time to demonstrate substantial compliance with minimum licensing standards.

PROVISIONAL

Issued to an agency that has failed to maintain compliance with minimum licensing standards, but the Board believes that compliance can be restored and subsequently maintained. This license may be issued for up to one (1) year, at the discretion of the Board.

REGULAR

Issued either to a previously licensed agency that continues to meet all minimum licensing standards, or issued to an agency that meets all essential standards and has a favorable compliance history, which predicts full compliance with all standards within a reasonable time. A regular license shall remain open and effective until closed at the request of the agency or Board action.

SUSPENDED

Board action taken when an agency has failed to maintain compliance with minimum licensing standards, but the deficiencies do not warrant revocation. A license may not be suspended for longer than one (1) year at a time. The Board may issue a provisional or regular license when compliance is restored.

CLOSED

Board action taken when the agency requests that the license be closed.

REVOKED

Board action taken when an agency has failed to maintain compliance with minimum licensing standards. The agency may not apply for a new license for at least one (1) year from the date of revocation.

STATUS CHANGE

An altered license will be issued any time there is a change in the agency's program that affects the license type, status, capacity, or a name change.

A license to operate a child welfare agency shall apply only to the address and location stated on the application and license issued, and it shall be transferable from one holder of the license to another or from one place to another.

Whenever ownership of a controlling interest in the operation of a child welfare agency is sold, the following procedures must be followed:

(1) The seller shall notify the division of the sale at least thirty days prior to the completed sale

(2) The seller shall remain responsible for the operation of the child welfare agency until such time as the agency is closed or a license is issued to the buyer.

(3) The seller shall remain liable for all penalties assessed against the child welfare agency which are imposed for violations or deficiencies occurring before the transfer of a license to the buyer

(4) The buyer shall be subject to any corrective action notices to which the seller was subject; and

(5) The provisions of subsection (a) of this section, including those provisions regarding obtaining licenses or permits from the Office of Long-Term Care of the Division of Medical Services of the Department of Health and Human Services and regarding obtaining any permits from the Health Services Permit Agency or the Health Services Permit Commission shall apply in their entirety to the new owner of the Child Welfare Agency.

INFORMING CLIENTS OF LICENSE STATUS CHANGES – Child Placement Agencies

The Child Placement Agency shall inform current and potential clients if their license has been suspended or revoked, or if they have voluntarily surrendered their license.

How To Apply The Standards

Section 100 of the Minimum Licensing Standards for Child Welfare Agencies applies to all agencies that engage in residential care or placement of children into residential facilities, foster homes, or adoptive homes. Subsequent sections apply to specific types of residential facilities or child placement agencies. Not all sections of the Minimum Licensing Standards for Child Welfare Agencies apply to a specific license. Each agency must meet the license requirements of its agency category.

Alternative Compliance

The Board may grant an agency's request for alternative compliance upon a finding that the child welfare agency does not meet the letter of a regulation promulgated under the Child Welfare Agency Licensing Act, but that the child welfare agency meets or exceeds the intent of that rule through alternative means.

If the board grants a request for alternative compliance, the child welfare agency's practice as described in the request for alternative compliance shall be the compliance terms under which the child welfare agency will be held responsible and violations of those terms shall constitute a rule violation.

The standards in Section 100 apply to all agencies.

The division must respond to the request in writing within twenty (20) business days of receiving the request. If the division's response is that the subject of the request would not comply with published standards, the division shall suggest an

alternative practice which in its opinion would comply with published standards when it is possible to do so; and

(B) A written opinion required in subdivision (d)(2)(A) of this section is binding on the division as a declaratory order if the applicant or licensee has acted in reliance on the opinion. Notwithstanding the foregoing, in no event shall the advisory opinion be binding on the board if the compliance issue that is the subject of the advisory opinion is presented to the board for review.

(e)(1) The division shall issue corrective action notices following inspections of child welfare agencies as provided in subdivision (e)(1) of this section.

(2) If the division finds that a child welfare agency has failed to comply with an applicable law or rule and this failure does not imminently endanger the health, safety, or welfare of the persons served by the program, the division shall issue a corrective action notice to the child welfare agency. The request for reconsideration must be in writing, delivered by certified mail, specify the parts of the corrective action notice that are alleged to be in error, explain why they are in error, and include documentation to support the allegation of error.

If upon reinspection, the division finds that the licensee has not corrected the violations specified in the corrective action order within the required time frame, the division may in its discretion petition the board to impose appropriate adverse action against the licensee. In the case of an applicant for a license, if the applicant has not corrected the violations in a previously issued corrective action notice, the division may recommend denial of the application for a child welfare agency license.

History. Acts 1997, No. 1041, § 6.

§ 9-28-407. Licenses required and issued.

Statute text

(a)(1) It shall be unlawful for any person, partnership, group, corporation, association, or other entity or identifiable group of entities having a coordinated ownership of controlling interest to operate or assist in the operation of a child welfare agency that has not been licensed by the Child Welfare Agency Review Board from licensing pursuant to this subchapter.

(2) This license shall be required in addition to any other license required by law for all entities that fit the definition of a child welfare agency and are not specifically exempted, except that no nonpsychiatric residential treatment facility or agency licensed or exempted pursuant to this subchapter shall be deemed to fall within the meaning of § 20-10-101 for any purpose.

(3) Any child welfare agency capacity licensed or permitted by the board as of March 1, 2003, whether held by the original licensee or by a successor in interest to the original licensee, is exempted from:

(A) Obtaining any license or permit from the Office of Long-Term Care of the Division of Medical Services of the Department of Health and Human Services;

(B) Obtaining any permit from the Health Services Permit Agency or the Health Services Permit Commission to operate at the capacity licensed by the board as of March 1, 2003; and

(C) Obtaining any permit from the agency or the commission to operate at any future expanded capacity serving only non-Arkansas residents unless a permit is required by federal law or regulation.

(4) Any further expansion of capacity by a licensee of the board shall require a license or permit from the office and the agency unless the bed expansion is exempted under subdivisions (a)(3)(A)-(C) of this section.

(5)(A) Subdivisions (a)(3) and (4) of this section shall be construed to include a child welfare agency that is licensed or permitted by the Child Welfare Agency Review Board as a residential facility as of March 1, 2003, if the licensee then met and continues to meet the following criteria:

(i) The licensee is a nonhospital-based residential facility that specializes in providing treatment and care for seriously emotionally disturbed children under eighteen (18) years of age who have co-occurring substance abuse and psychiatric disorders;

(ii) The licensee possesses accreditation from at least one (1) of the following national accreditation entities:

(a) The Commission on Accreditation of Rehabilitation Facilities;

(b) The Council on Accreditation of Services for Families and Children; or

(c) The Joint Commission on Accreditation of Healthcare Organizations;

(iii) The licensee is licensed by the Bureau of Alcohol and Drug Abuse Prevention or its successor; and

(iv) The licensee is operating a nontraditional program that is approved by the Department of Education.

(B)(i) Licensees described in subdivision (a)(5)(A) of this section shall be eligible for reimbursement by the Arkansas Medicaid Program under the same methodology and at the same reimbursement rates as residential treatment

facilities that do not specialize in treating children with co-occurring substance abuse and psychiatric disorders.

(ii) However, Medicaid payments shall be reduced by payments received from other payers in connection with Medicaid-covered care and treatment furnished to Medicaid recipients.

(b)(1) It shall be unlawful for any person to falsify an application for licensure, to knowingly circumvent the authority of this subchapter, to knowingly violate the orders issued by the board, or to advertise the provision of child care or child placement when not licensed under this subchapter to provide those services, unless determined by the board to be exempt from licensure under this subchapter.

(2) Any violation of this section shall constitute a Class D felony.

(c)(1) Any person, partnership, group, corporation, organization, association, or other entity or identifiable group of entities having a coordinated ownership of controlling interest, desiring to operate a child welfare agency shall first make application for a license or a church-operated exemption for the facility to the board on the application forms furnished for this purpose by the board.

(2) The division shall also furnish the applicant with a copy of this subchapter and the policies and procedures of the board at the time the person requests an application form. The child welfare agency shall submit a separate application for license for each separate physical location of a child welfare agency.

(d)(1) The division shall review, inspect, and investigate each applicant to operate a child welfare agency and shall present a recommendation to the board whether the board should issue a license and what the terms and conditions of the license should be.

(2) The division shall complete its recommendation within ninety (90) days after receiving a complete application from the applicant. A complete application shall consist of:

(A) A completed application form prepared and furnished by the board;

(B) A copy of the articles of incorporation, bylaws, and current board roster, if applicable, including names and addresses of the officers;

(C) A complete personnel list with verifications of qualifications and experience;

(D) Substantiation of the financial soundness of the agency's operation; and

(E) A written description of the agency's program of care, including intake policies, types of services offered, and a written plan for providing health care services to children in care.

(e)(1) The board shall issue a regular license which shall be effective until adverse action is taken on the license if the board finds that:

(A) The applicant for a child welfare agency license meets all licensing requirements; or

(B) The applicant for a child welfare agency license meets all essential standards, has a favorable compliance history, and has the ability and willingness to comply with all standards within a reasonable time.

(2) The board may issue a provisional license which shall be effective for up to one (1) year if the board finds that the applicant meets all essential standards

but the applicant requires more frequent monitoring because the applicant's ability or willingness to meet all standards within a reasonable time has not been favorably determined. The board shall at no time issue a regular or provisional license to any agency or facility that does not meet all essential standards.

(f)(1) A license to operate a child welfare agency shall apply only to the address and location stated on the application and license issued, and it shall be transferable from one (1) holder of the license to another or from one (1) place to another.

(2) Whenever ownership of a controlling interest in the operation of a child welfare agency is sold, the following procedures must be followed:

(A) The seller shall notify the division of the sale at least thirty (30) days prior to the completed sale;

(B) The seller shall remain responsible for the operation of the child welfare agency until such time as the agency is closed or a license is issued to the buyer;

(C) The seller shall remain liable for all penalties assessed against the child welfare agency that are imposed for violations or deficiencies occurring before the transfer of a license to the buyer;

(D) The buyer shall be subject to any corrective action notices to which the seller was subject; and

(E) The provisions of subsection (a) of this section, including those provisions regarding obtaining licenses or permits from the office and regarding obtaining any permits from the Health Services Permit Agency or the commission shall apply in their entirety to the new owner of the child welfare agency.

(g) If the board votes to issue a license to operate a child welfare agency, the license must be posted in a conspicuous place in the child welfare agency and must state at a minimum:

(1) The full legal name of the entity holding the license, including the business name, if different;

(2) The address of the child welfare agency;

(3) The effective date and expiration date of the license;

(4) The type of child welfare agency the licensee is authorized to operate;

(5) The maximum number and ages of children that may receive services from the agency, if the agency is not a child placement agency; and

(6) The status of the license, whether regular or provisional; and

(7) Any special conditions or limitations of the license.

(h)(1) Reports, correspondence, memoranda, case histories, or other materials compiled or received by a licensee or a state agency engaged in placing a child, including both foster care and protective services records, shall be confidential and shall not be released or otherwise made available except to the extent permitted by federal law and only:

§ 9-28-408. Church-related exemption.

Statutes

(a) Any church or group of churches exempt from the state income tax levied by § 26-51-101 et seq. when operating a child welfare agency shall be exempt from

obtaining a license to operate the facility by the receipt by the Child Welfare Agency Review Board of written request therefor, together with the written verifications required in subsection (b) of this section. A written request shall be made by those churches desiring exemption to the board, which is mandated under the authority of this subchapter to license all child welfare agencies.

(b)(1) In order to maintain an exempt status, the child welfare agency shall state every two (2) years in written form signed by the persons in charge that the agency has met the fire, safety, and health inspections and is in substantial compliance with published standards that similar nonexempt child welfare agencies are required to meet.

(2) Visits to review and advise exempt agencies shall be made as deemed necessary by the board to verify and maintain substantial compliance with all published standards for nonexempt agencies.

(3) Standards for substantial compliance shall not include those of a religious or curriculum nature so long as the health, safety, and welfare of the child are not endangered.

(c)(1) Any questions of substantial compliance with the published standards shall be reviewed by the board.

(2) Final administrative actions of the board shall be pursued by either party in the court of competent jurisdiction in the resident county of the facility under review.

(3) Challenge to the constitutionality or reasonableness of any regulation or statute may be made prior to any appeal under the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(d) As used in this section, the term "substantial compliance" and the term "is being operated in accordance with this subchapter" shall each mean that a church-operated exempt or a nonexempt child welfare agency is being operated within the minimum requirements for substantial compliance as promulgated by the board. It is the intent and purpose of this section that the term "substantial compliance" be applicable to all child welfare agencies.

§ 9-28-409. Criminal record and child maltreatment checks.

Statute text

(a)(1) Each of the following persons in a child welfare agency shall be checked with the child maltreatment central registry in his or her state of residence and any state of residence in which the person has lived for the past six (6) years and in the person's state of employment, if different, for reports of child maltreatment in compliance with policy and procedures promulgated by the Child Welfare Agency Review Board:

- (A) An employee having direct and unsupervised contact with children;
- (B) A volunteer having direct and unsupervised contact with children;

(2) The board shall have the authority to deny a license or church-operated exemption to any applicant found to have any record of founded child maltreatment in the official record of the registry.

(3)(A) Any person required to be checked under this section who is found to have any record of child maltreatment in the official record of the registry shall be reviewed by the owner or operator of the facility in consultation with the board to determine appropriate corrective action measures which would indicate, but are not limited to, training, probationary employment, or nonselection for employment.

(B) The board shall also have the authority to deny a license or church-operated exemption to an applicant who continues to employ a person with any record of founded child maltreatment.

(4) All persons required to be checked with the registry under this subsection shall repeat the check every two (2) years, except that adoptive parents who reside in Arkansas shall repeat the check every year pending court issuance of a final decree of adoption, at which point repeat checks shall no longer be required.

(b)(1) Each of the following persons in a child welfare agency who has lived in Arkansas continuously for six (6) years or more shall be checked with the Identification Bureau of the Department of Arkansas State Police for convictions of the offenses listed in this subchapter in compliance with policy and procedures promulgated by the board:

(2)(A) The owner or operator of a child welfare agency shall maintain on file, subject to inspection by the board, evidence that Department of Arkansas State Police criminal records checks have been initiated on all persons required to be checked and the results of the checks.

(B) Failure to maintain that evidence on file will be prima facie grounds to revoke the license or church-operated exemption of the owner or operator of the child welfare agency.

(3) All persons required to be checked with the Department of Arkansas State Police under this subsection shall repeat the check every five (5) years, except that adoptive parents shall not repeat the check after court issuance of a final decree of adoption in the adoption case for which the check was obtained.

(4) Adoptive parents shall complete background checks as required by law.

(c)(1) In compliance with federal law and regulations and with policy and procedures promulgated by the board, each of the following persons in a child welfare agency who has not lived in Arkansas continuously for the past six (6) years shall be checked with the Federal Bureau of Investigation for convictions of the offenses listed in this subchapter:

(B) Failure to maintain that evidence on file will be prima facie grounds to revoke the license or church-operated exemption of the owner or operator of the child welfare agency.

(d)(1) Each person required to have a criminal records check under this subchapter shall complete a criminal records check form developed by the Department of Health and Human Services and shall sign the form that contains the following under oath before a notary public:

(A) Certification that the subject of the check consents to the completion of the check;

(B) Certification that the subject of the check has not been convicted of a crime and if the subject of the check has been convicted of a crime, contains a description of the crime and the particulars of the conviction;

(C) Notification that the subject of the check may challenge the accuracy and completeness of any information in any report and obtain a prompt determination as to the validity of the challenge before a final determination is made by the board with respect to his or her employment status or licensing status;

(D) Notification that the subject of the check may be denied a license or exemption to operate a child welfare agency or may be denied unsupervised access to children in the care of a child welfare agency due to information obtained by the check which indicates that the subject of the check has been convicted of, or is under pending indictment for, a crime listed in this subchapter; and

(E) Notification that any background check and the results thereof shall be handled in accordance with the requirements of Pub. L. 92-544.

(2) The owner or operator of the child welfare agency shall submit the criminal records check form to the Identification Bureau for processing within ten (10) days of hiring the employee, who shall remain under conditional employment until the registry check and criminal records checks required under this subchapter are completed.

(3) Nothing in this section shall be construed to prevent the board from denying a license or exemption to an owner or preventing an operator or

employee in a child welfare agency from having unsupervised access to children by reason of the pending appeal of a criminal conviction or child maltreatment determination.

(4) In the event a legible set of fingerprints as determined by the Department of Arkansas State Police and the Federal Bureau of Investigation cannot be obtained after a minimum of three (3) attempts by qualified law enforcement personnel, the board shall determine eligibility based upon a name check by the Department of Arkansas State Police and the Federal Bureau of Investigation.

(5)(A) An owner or operator of a child welfare agency shall not be liable during a conditional period of service for hiring any person required to have a background check pursuant to this subchapter who may be subject to a charge of false swearing upon completion of central registry and criminal records check.

(B)(i) Pursuant to this subchapter, false swearing shall occur when a person while under oath provides false information or omits information that the person knew or reasonably should have known was material.

(ii) Lack of knowledge that information is material is not a defense to a charge of false swearing.

(C) For purposes of this subchapter, false swearing is a Class A misdemeanor.

(e)(1) Except as provided in subdivisions (d)(2) or (h)(1) of this section, no person who is required to have a criminal check under subdivision (b)(1) or (c)(1) of this section shall be eligible to have direct and unsupervised contact with a child in the care of a child welfare agency if that person has pleaded guilty or nolo contendere to, or has been found guilty of, any of the following offenses by any court in the State of Arkansas or of any similar offense by a court in another state or of any similar offense by a federal court unless the conviction was vacated or reversed:
