

**ARKANSAS DEVELOPMENT
FINANCE AUTHORITY**

**HOUSING CREDIT PROGRAM
QUALIFIED ALLOCATION PLAN**

I. DEVELOPMENT OF THE PLAN.

The Arkansas Development Finance Authority (“ADFA” or the “Authority”) is charged with the responsibility of administering federal low-income housing tax credits (“Housing Credits”) for the State of Arkansas (the “State”). ADFA is also charged with the responsibility of promulgating rules and regulations concerning the allocation of the Arkansas low-income housing tax credit (the “State Housing Credits”) pursuant to ARK. CODE ANN. § 26-51-1701 et seq. The Tax Reform Act of 1986 created the Housing Credit to encourage the private sector to invest in the construction and rehabilitation of rental housing for low and moderate-income individuals and families (IRC Section 42). The Revenue Reconciliation Act of 1989 amended IRC Section 42(m) that requires allocating agencies to allocate low income housing tax credits pursuant to a Qualified allocation Plan (“QAP”). Low-income housing tax credits shall be allocated in accordance with this plan and any amendments thereto and are set forth below.

(1) (A) QUALIFIED ALLOCATION PLAN

For purposes of this paragraph, the term ‘qualified allocation plan’ means any plan--

- (i) which sets forth selection criteria to be used to determine housing priorities of the housing credit agency which are appropriate to local conditions,
- (ii) which also gives preference in allocating housing credit dollar amounts among, selected projects to-
 - (I) projects serving the lowest income tenants,
 - (II) projects obligated to serve qualified tenants for the longest periods, and
 - (III) projects which are located in qualified census tracts (as defined in subsection (d)(5)(C) (IRC Section 42)) and the development of which contributes to a concerted community revitalization plan, and
- (iii) which provides a procedure that the agency (or an agent or other private contractor of such agency) will follow in monitoring for noncompliance with the provision of this section and in notifying the Internal Revenue Service of such noncompliance which such agency becomes aware of and

in monitoring for noncompliance with habitability standards through regular site visits.

(B) CERTAIN SELECTION CRITERIA MUST BE USED

The selection criteria set forth in a qualified allocation plan must include--

- (i) project location,
- (ii) housing needs characteristics,
- (iii) project characteristics, including whether the project includes the use of existing housing as part of a community revitalization plan,
- (iv) sponsor characteristics,
- (v) tenant populations with special housing needs,
- (vi) public housing waiting lists,
- (vii) tenant populations of individuals with children,
- (viii) projects intended for eventual tenant ownership,
- (ix) the energy efficiency of the project, and
- (x) the historic nature of the project.

(C) APPLICATION TO BOND FINANCED PROJECTS

Subsection (h)(4) (IRC Section 42) shall not apply to any project unless the project satisfies the requirements for allocation of a housing credit dollar amount under the qualified allocation plan applicable to the area in which the project is located.

(2) Credit allocated to building not to exceed amount necessary to assure project feasibility--

(A) In general, the housing credit dollar amount allocated to a project shall not exceed the amount the housing credit agency determines is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the credit period.

(B) Agency evaluation--In making the determination under subparagraph (A), the housing credit agency shall consider--

- (i) the sources and uses of funds and the total financing planned for the project,
- (ii) any proceeds or receipts expected to be generated by reason of tax benefits,
- (iii) the percentage of the housing credit dollar amount used for project costs other than the cost of intermediaries, and
- (iv) the reasonableness of the developmental and operational costs of the project.

Clause (iii) shall not be applied so as to impede the development of projects in hard-to-develop areas. Such a determination shall not be

construed to be a representation or warranty as to the feasibility or viability of the project.

- (C) Determination made when credit amount applied for and when building placed service--
 - (i) In general, a determination under subparagraph (A) shall be made as of each of the following times:
 - (I) The application for the housing credit dollar amount.
 - (II) The allocation of the housing credit dollar amount.
 - (III) The date the building is placed in service.
 - (ii) Certification as to amount of other subsidies--Prior to each determination under clause (i), the taxpayer shall certify to the housing credit agency the full extent of all Federal, State, and local subsidies which apply (or which the taxpayer expects to apply) with respect to the building.
- (D) Application to bond financed projects--
Subsection (h)(4) (IRC Section 42) shall not apply to any project unless the governmental unit which issued the bonds (or on behalf of which the bonds were issued) makes a determination under rules similar to the rules of subparagraphs (A) and (B).

II. MULTI-FAMILY HOUSING APPLICATION ("MFHA").

The ADFA MFHA shall set forth all other requirements, instructions, clarifications and definitions for the year in which the application for LIHTC is submitted. The MFHA and all other documents necessary for a complete application are available at ADFA's website (www.arkansas.gov/adfa). The terms and conditions of the MFHA will be incorporated into the Carryover Allocation documentation. The MFHA will be used at final cost certification to ensure continued compliance with all requirements for the development.

Any material change to the original application, and all subsequent material changes, shall be submitted to ADFA in writing at least thirty (30) days prior to the desired effective date of the change. All changes shall be reviewed and approved by ADFA's Multi-Family Housing Staff, ADFA's Board Housing Review Committee and/or ADFA's Board of Directors, as appropriate. Any change to the original application made without approval from ADFA will be null and void and may result in remedial action by ADFA, including but not limited to penalties on future applications or suspension from the tax credit program in Arkansas for a set period of time. A \$500.00 fee per change item submitted shall be submitted to ADFA with all change requests. \$500.00 shall be submitted for all such change requests, including but not limited to change in unit size, configuration, location, requests for approval of change of management company, change in development team, and **transfer of ownership interest**.

III. LIMITS ON ALLOCATION OF CREDITS.

The Code requires that ADFA determine “the [Housing Credit] dollar amount allocated to the development will not exceed the amount the housing credit agency determines is necessary for the financial feasibility of the development and its viability as a qualified low-income housing development throughout the credit period.” Housing Credits will be limited to the amount the Authority, in its sole discretion, deems necessary. Housing Credits are not intended to provide the primary or principal source of financing for a development, but are intended to provide financial incentives sufficient to fill “gaps” which would otherwise exist in developing affordable rental housing for low-income households.

IV. HOUSING CREDIT ALLOCATION STANDARDS.

A. AMOUNT

The base amount of annual credit authority is based upon population estimates released each year by the Internal Revenue Service.

The maximum amount of Housing Credits that may be reserved for allocation to one individual development shall be no more than **\$600,000** of the annual Housing Credits available in the calendar year. **HOWEVER**, the maximum amount of Housing Credits that may be reserved for allocation to one individual development: 1) that is located in a Designated Low-Income County as defined in the currently applicable State Consolidated Plan; 2) whose structure(s) are individually listed in the National Register of Historic Places or have been determined to contribute to a Registered Historic District; 3) that is a qualified Assisted Living development; or shall be no more than **\$625,000** of the annual Housing Credits available in the calendar year.

Pursuant to Section 42(d)(5)(B)(v) of the IRC, the Authority designates that the eligible basis of any qualified low-income new building will be increased by thirty (30%) if:

1. it is a building within a qualified Assisted Living development;
2. it is located in any low-income county designated in the currently applicable State Consolidated Plan;
3. it is located in a county in which a tax credit award has not been made in the past three (3) years;
4. it is funded in part by Rural Development; or
5. it is a building that ADFA determines needs the boost to be economically feasible. However, it is not available to any building that would already qualify for boost under 1, 2, 3 or 4 above. This boost will not apply to any noncompetitive 4% application.

B. SET-ASIDE.

1. Non-Profit Set-Aside. Not less than ten percent (10%) of the Housing Credits will be set aside for developments involving any qualified non-profit organization that meets the standards set forth in IRC § 42(h)(5)(C). The organization shall be a qualified non-profit organization, as defined in IRC § 501(c)(3) or § 501(c)(4), which is not affiliated with or controlled by a for-profit organization and has included in its Articles of Incorporation, as one of its tax-exempt purposes, the fostering of low-income housing. **The appropriate section of the MFHA (NON-PROFIT DETERMINATION)** shall be completed and copies of the non-profit organization's Articles of Incorporation and Internal Revenue Service ("IRS") documentation determining the organization exempt from federal income tax under IRC § 501(a) shall be included with the MFHA.

V. ALLOCATION OF STATE HOUSING CREDITS.

Ark. Code Ann. § 26-51-1702 provides that a taxpayer owning an interest in a low-income development qualifying for Housing Credits will be eligible for State Housing Credits equal to twenty percent (20%) of the allocated federal amount. The State statute limits the allocation of State Housing Credits to \$250,000 in any one taxable year. Recognizing the limited availability of the State Housing Credits and with a desire to assign those credits where they are most needed, the applicant shall demonstrate need in the MFHA. Based on demonstrated need in the MFHA, the Authority will give an allocation of State Housing Credits to those developments as prioritized below:

1. Developments receiving an allocation of Housing Credits that are to be located entirely in any one of the low-income counties designated in the State Consolidated Plan will be awarded State Housing Credits equal to twenty percent (20%) of the applicable Federal Housing Credits.
2. In the event of a shortage of eligible developments in low-income counties designated in the Consolidated Plan, priority for State Housing Credits, equal to twenty percent (20%) of the applicable Federal Housing Credits, will be awarded to those qualified developments located within Qualified Census Tracts, beginning with the highest score under the scoring system set forth in the MFHA.
3. In the event of a shortage of eligible developments in low-income counties designated in the Consolidated Plan and eligible developments located within Qualified Census Tracts, priority for State Housing Credits, equal to twenty percent (20%) of the applicable Federal Housing Credits, will be awarded to developments located within counties identified herein as not having received an award of tax credits in the previous three (3) years, beginning with the highest score under the scoring system set forth in the MFHA.
4. To the extent that there are remaining State Housing Credits, the State Housing Credits will be allocated, equal to twenty percent (20%) of the applicable Federal Housing Credits, to remaining qualified developments until such time as

the available State Housing Credits are exhausted, with priority given to those developments with the highest scores under the scoring system set forth in the MFHA.

5. The Authority expects to allocate no less than ten percent (10%) of State Housing Credits to non-profit organizations.

The Authority will annually notify the Arkansas Department of Finance and Administration of those developments that have been allocated State Housing Credits. The Arkansas Department of Finance and Administration will be notified of any revocation of State Housing Credits.

VI. ALLOCATION OF AFFORDABLE NEIGHBORHOOD HOUSING TAX CREDITS.

The Affordable Neighborhood Housing Tax Credit Act of 1997, (the "ANHTC Act"), codified at Ark. Code Ann. § 15-5-1301 *et seq.*, provides that any business firm engaging in the provision of affordable housing assistance activities in the State of Arkansas may be entitled to receive Affordable Neighborhood Housing Tax Credits ("ANHTCs"). "Affordable housing assistance activities" is defined to include any "money, real, or personal property expended or devoted to the construction or rehabilitation of affordable housing units developed by or in conjunction with any governmental unit or not-for-profit corporation." The ANHTC Act limits the total allocation of ANHTCs to \$750,000 in any taxable year.

The Authority and the Arkansas Department of Finance and Administration have determined that, in the best interest of affordable housing in Arkansas, "affordable housing assistance activities" must be devoted to those low-income housing developments which qualify for Housing Tax Credits pursuant to Section 42 of the Internal Revenue Code through the Authority's federal low-income housing tax credit or tax-exempt bond programs for residential rental housing. Thus, any business firm seeking allocation of ANHTCs must do so in conjunction with an MFHA for federal low-income housing tax credits or tax-exempt bonds to develop affordable housing units by or in conjunction with any governmental unit or not-for-profit corporation.

A proposal for ANHTCs must be submitted with the MFHA for federal low-income housing tax credits. In its MFHA for federal low-income housing tax credits, the applicant will include a commitment from each business firm providing "affordable housing assistance activities" to the proposed low-income housing development. Each such commitment must:

1. Be in writing and executed by an authorized representative of the business firm;
2. Identify the governmental unit or not-for-profit corporation to which the "affordable housing assistance activities" are committed;

3. Describe in detail the nature of the "affordable housing assistance activities" to be provided, *i.e.*, whether money, real or personal property, and how it will be devoted to the construction or rehabilitation of affordable housing units.

* The ANHTC Act limits the amount of tax credits allowable to a business firm to thirty percent (30%) of the total amount invested. If the affordable housing assistance activity is other than money, the business firm must provide an appraisal certifying the value of the property invested.

If the business firm commits its "affordable housing assistance activities" to a governmental unit, a not-for-profit organization, or a "neighborhood organization", as defined within the ANHTC Act, which is not the applicant on the MFHA, the applicant must submit with its MFHA the following from such governmental unit, not-for-profit organization or "neighborhood organization":

1. Organizational documents including: a) Arkansas Articles of Incorporation; and b) Tax Exempt Status Determination Letter from the Internal Revenue Service;
2. A written statement describing its relationship with the applicant, *i.e.*, any ownership interest in the applicant or other relationship with the applicant;
3. A written statement describing in detail its commitment of the "affordable housing assistance activities" received from each business firm to the construction or rehabilitation of affordable housing units within the development proposed.

For each proposal of "affordable housing assistance activities" submitted with the MFHA, the applicant must certify in writing that it will expend or devote the "affordable housing assistance activities" committed to the construction or rehabilitation of affordable housing units within the development.

Based on demonstrated need in the MFHA, the Authority will give a priority allocation of ANHTCs to those developments that are in designated low-income counties under the State's Consolidated Plan submitted to the federal Department of Housing and Urban Development. The list of these counties is contained in the MFHA. The allocation of ANHTCs will be as follows:

1. Developments receiving an allocation of federal low-income housing tax credits that are to be located in any one of the low-income counties designated in the State Consolidated Plan, beginning with the highest score under the scoring system set forth in the MFHA;
2. In the event of a shortage of eligible developments in low-income counties designated in the Consolidated Plan, priority for ANHTCs will be given to those developments within Qualified Census Tracts, beginning with the highest score under the scoring system set forth in the MFHA;

3. To the extent that there are remaining ANHTCs, the remaining ANHTCs will be allocated to remaining qualified developments until such time as exhausted, beginning with the highest score under the scoring system set forth in the MFHA.

The Authority will reserve and allocate ANHTCs in conjunction with its reservation and allocation or issuance of federal low-income housing tax credits. With its issuance of IRS Forms 8609 for federal low-income housing tax credits, the Authority will issue a Certificate of Allocation certifying the amount of ANHTCs allocated to the business firm entitled to such allocation. The Authority will annually provide the Arkansas Department of Finance and Administration with a copy of each Certificate of Allocation for ANHTCs allocated that year. The Arkansas Department of Finance and Administration will be notified of any revocation of ANHTCs.

VI. COMPLIANCE.

Applicants shall comply with all applicable federal, state and local laws, including but not limited to Section 42 of the Code. ADFA's Compliance Monitoring Policies and Procedures Manual for the Low-Income Housing Tax Credit Program may be obtained from ADFA's office, and may also be accessed at ADFA's website (www.arkansas.gov/adfa). Fair Housing manuals may be obtained from HUD's Little Rock office, and the Fair Housing Accessibility Guidelines may be accessed at HUD's website (www.hud.gov).

The owner will be required to prepare and submit to the Authority, no later than February 1 of each year following the first taxable year of the owner's credit period, an Owner's Certificate of Continuing Program Compliance which, among other certifications, certifies that for the preceding 12-month period no tenants in low-income units were evicted or had their tenancies terminated other than for good cause and that no tenants had an increase in the gross rent with respect to a low-income unit other than as permitted under Section 42 of the Internal Revenue Code. The owner will also be required to prepare and submit to the Authority, no later than February 1 of each year following the first taxable year of the owner's credit period, the LIHTC Compliance Monitoring Status Report. Both the Certificate of Continuing Program Compliance and the LIHTC Status Report shall be submitted under penalty of perjury to the Authority in accordance with Internal Revenue Service procedures for monitoring compliance. The compliance monitoring procedures apply to all buildings placed in service in Arkansas that have received an allocation of Housing Credits as determined by Section 42 of the Code. Regular site inspections to monitor compliance with habitability standards, according to the Uniform Physical Conditions Standards established by the United States Department of Housing and Urban Development and ADFA design standards, will be carried out by the Authority at least once every three (3) years.

In the event the Authority becomes aware of non-compliance or upon the failure to submit a Certificate of Continuing Program Compliance, the Authority will notify the owner of the areas of non-compliance and the required timeframe to correct the deficiencies. There is a maximum of sixty (60) days to correct such non-compliance. Additionally, the Authority will

notify the IRS, as required, of any non-compliance or failure to certify no later than forty-five (45) days after the end of the allowed time for correction.

Frequent or consistent non-compliance of Applicant or any member of the development team in regard to the operation of any development may result in points reduction in the scoring of applications and/or suspension of the Applicant or development team member from applying for tax credits for a set term of time and/or compliance with conditions set forth by ADFA. Frequent or consistent non-compliance shall be determined in the sole discretion of ADFA and will include but not be limited to reports from ADFA's Compliance Department and IRS Form(s) 8823.

VII. MISCELLANEOUS MATTERS.

A. Closing Requirements. The ADFA Board of Directors has delegated to the President of ADFA the authority to implement closing requirements that are financially prudent for each development awarded ADFA resources. Recipients will be notified of closing requirements as promptly as possible after notice of award(s). The standard list of information and documents required prior to closing is available on the ADFA website. The President has the authority and discretion to add, modify or waive requirements.

B. Partnership Documentation. Tax credit recipients must provide ADFA with a copy of the executed partnership agreements, including, but not limited to, the Initial Partnership Agreement, the Amended and Restated Limited Partnership Agreement or Operating Agreement promptly upon its execution.

VIII. CLARIFICATIONS.

The Authority is charged with allocating no more Housing Credits to any given development than is required to make that development economically feasible. This decision shall be made solely at the discretion of the Authority, but in no way represents or warrants to any sponsor, investor, lender or anyone else that the project is, in fact, feasible or viable.

ADFA's review of documents submitted in connection with the allocation is for its own purposes. ADFA makes no representations to the owner or anyone else as to compliance with the Code, Treasury regulations, or any other laws or regulations governing Housing Credits. The applicant and owner of the development are responsible for understanding and following all applicable tax law requirements for the development.

No director, officer, agent or employee of ADFA shall be personally liable concerning any matters arising out of, or in relation to, the award or allocation of Housing Credits, the rejection of any MFHA for housing credits, the award or lack of award of any other ADFA-administered resource whether federal or state in origin, the closing of any awarded funds or lack of closing, or the failure of a development to comply with federal, state or local laws, regulations, or other governing instruments, or the recapture of any credits or funds from any

development, or the failure of any development to remain financially feasible, or the failure of any development to meet federal, state, or local deadlines.

ADFA reserves the right to amend this Qualified Allocation Plan as necessary to prudently administer ADFA-administered funds or to comply with state or federal law. ADFA reserves the right to adopt rules ancillary to this Qualified Allocation Plan as necessary to prudently administer ADFA-administered funds. ADFA reserves the right to make any and all necessary technical changes to this Qualified Allocation Plan as circumstances may warrant. ADFA reserves the right to do or require all things necessary or convenient to carry out its purposes, pursuant to Ark. Code Ann. Section 15-5-207(b)(20)(A) and Ark. Code Ann. Section 15-5-207(b)(26).

It is the policy of ADFA to prohibit applicants from contacting ADFA staff in any manner regarding any application after submission of application and during the ADFA review period, unless ADFA staff has initiated contact for clarification of material or questions pertinent to application underwriting. ADFA review period concludes when the ADFA Board of Directors approve successful applicants. Violations of this policy will be brought to the attention of the Board Housing Review Committee and could result in a downgrade to the final scoring, rejection of the application from consideration for an award of federal or state housing credits, or suspension or disqualification from the ADFA housing tax credit program.

The provision of these policies and procedures shall apply to any multi-family housing program administered or multi-family housing transaction funded by ADFA. ADFA retains the right to suspend for good cause any entity who does not exhibit the capacity to effectively administer, manage, and/or utilize resources provided by ADFA to further affordable housing in Arkansas. By action of ADFA's Board of Directors dated August 21, 2003, the President of ADFA shall have full authority to suspend for good cause persons or organizations from participation in ADFA housing programs. Any appeal of such suspension shall be presented in writing to the ADFA President for possible consideration. The appeal shall provide written justification for the appeal request. The President of ADFA shall review the written appeal request and make a recommendation to the ADFA Board Housing Review Committee as to the merits of the justification provided in the appeal request. The decision to allow any appeal of suspension shall reside with the Board Housing Review Committee, which will set the time, date, terms, and requirements associated with any appeal process granted by the ADFA Board Housing Review Committee.

ARKANSAS DEVELOPMENT FINANCE AUTHORITY GUIDELINES FOR MULTI-FAMILY HOUSING APPLICATION

INTRODUCTION AND PURPOSE

The Multi-Family Housing Application (MFHA) can be used for multiple housing funding sources available from Arkansas Development Finance Authority. However the primary use is for developments applying for the Low Income Housing Tax Credit.

The Low Income Housing Tax Credit (“Housing Credit” or “LIHTC”) program is the most successful affordable housing program in our nation’s history, producing and preserving close to 100,000 affordable rental homes annually through **public-private partnerships**. As the fundamental housing resource used to transform communities, the program creates quality affordable housing for working families and people with special needs (such as the elderly, the disabled, veterans and the homeless) in urban, suburban and rural communities throughout the country.

Since its creation as a provision in the Tax Reform Act of 1986, the Housing Credit has provided critical financing for the development of 29,783 affordable homes, \$2.6 billion of local income, \$256.1 million in state and local revenue and \$741.6 million in federal revenue **in Arkansas** alone.

The Housing Credit program encourages and promotes investment in affordable rental housing for low-income households. Through these investments, the number of housing units is increased and the quality of existing housing units is significantly upgraded in Arkansas. As a true public-private partnership, the award and deployment of credit is based on ability to complete housing on time and on budget and ensures professional management for the life of the development.

The Arkansas Development Finance Authority (“ADFA” or the “Authority”) is charged by the Federal Government and the State of Arkansas with the responsibility of administering the federal housing credits and the state housing credits for the State of Arkansas (the “State”). The Tax Reform Act of 1986 created the Housing Credit to encourage the private sector to invest in the construction and rehabilitation of rental housing for low and moderate-income individuals and families (IRC Section 42). The Revenue Reconciliation Act of 1989 amended IRC Section 42(m) that requires allocating agencies, such as ADFA, to allocate the housing credit according to IRC 42 and local needs and priorities. As such, the Housing Credit program is based on Federal regulations which supersede State regulations unless Federal Law provides ADFA the discretion to choose otherwise. As stated in the State of Arkansas’s Qualified Allocation Plan (QAP), the MFHA Guidelines below set forth details and regulations beyond those listed in the QAP.

Because the Housing Credit is such an important limited resource under ADFA’s stewardship, it is paramount that only the best and most qualified developments meeting selection criteria in the Qualified Action Plan and Multifamily Guidelines are awarded LIHTC. Only applications that are “shovel ready” and able to close in a relatively short time frame will be recommended for Housing Credits.

It is ADFA's intent is to work pro-actively in a transparent and positive manner with developers and applicants in a private/public partnership that ultimately creates the best and most cost-effective housing for low-income households in Arkansas. ADFA will endeavor to fully deploy the annual allocation of the Arkansas Housing Credits to the most qualified developments.

The applicant’s response to the initial document review must be in writing in hardcopy and electronically transmitted. **If ADFA determines applicants failed to meet threshold document requirements after the Initial Review, they will be notified and the application will be rejected and neither underwritten nor scored.**

NOTE: Financial Feasibility of the Project (a threshold item as defined in Section C. below) will NOT be reviewed during the Initial Review. It is possible for an applicant to fail threshold after passing initial review if ADFA determines application fails financial feasibility criteria when underwriting the application.

Once documentation is initially reviewed, ADFA will further underwrite the applications. If ADFA has questions or needs further clarification regarding discrepancies or documentation in an application when underwriting ADFA will contact applicant prior to Final Response Period on as-needed basis. Once underwritten any subsequent list of deficiencies not identified at Initial Review will be sent to Applicant in Final Response period. The applicant must submit the deficient documentation during the Final Response Period.

NOTE: If any Threshold Items or Additional Requirements are marked “N/A” on the application, the respective tab insert must provide the reason said item is not applicable.

During the Final Response Period, the applicant may contact ADFA staff regarding the written Notification. During the Final Response Period, the applicant will have an opportunity to submit: 1) additional documentation to meet the documentation requirements for complete application; 2) written comment on what the applicant considers a discrepancy in the Preliminary Score awarded by ADFA from the Scoring Criteria (Section II.A) based upon the application and the information and documentation submitted by the application deadline; and 3) any information or documentation requested by ADFA staff. **Under no circumstance will additional material be allowed that would affect scoring criteria (Section IIA).**

Failure to submit all necessary documentation during the either Initial or Final Response Period will terminate the application from consideration for federal low-income housing tax credits.

In order to receive credit for the federal rental subsidy, the applicant will be required to submit a commitment letter from the federal agency stating the federal rental subsidy has been awarded to the applicant.

The purchase price must be equal to or less than the appraised value of the land and buildings.

5. Site Control Information. The applicant must have site control. Evidence of site control in **one** of the following forms shall be included:

The Option, Contract, or Agreement must indicate that the existing entity or person is in a position of control over applicant, and that such entity or person has the exclusive right to purchase or lease the property for a period not to expire prior to **December 6 of the year of MFHA.** *The option or contract cannot be subject to extension fees in order for contract to reach required expiration date.*

NOTE: if one of the above, the applicant must also submit a copy of the recorded deed evidencing the Seller's or Lessor's ownership if site control is evidenced by any of the above.

b. Verification of Arm's Length Transactions shall be included.

If the seller of land or buildings included in the application is an entity, applicant must obtain knowledge of and disclose the identity of all members, partners, or shareholders of the entity. Applicant is responsible for obtaining the consent of the seller entity to disclose this information in the application for housing tax credits.

- ii. Provides the seller's certification that the 10-year hold rule in IRC Section 42(d)(2)(B)(ii) has been satisfied for each building (including both placed in service and most recent nonqualified substantial improvement), or alternatively, applicant may provide sufficient documentation and information to support a finding that the requirement is not applicable under IRC Section 42; and
- iii. Provides the applicant's certification that each building was not previously placed in service by the applicant or by any person related to the applicant in accordance with IRC Section 42(d)(2)(B)(iii).

c. The applicant must produce evidence of site ownership or a 99-year leasehold on the site at the earlier of:

Planning commission approval documentation must be dated within six (6) months of the Application Deadline.

7. Independent Market Study. A comprehensive market feasibility study demonstrating that sufficient need for the affordable housing as proposed exists in the proposed geographic market area. The application will be rejected if the market study fails to show need for any bedroom size proposed based upon the targeted income group for that bedroom size. The market study shall be dated within six (6) months of the Application Deadline. The market feasibility study shall be conducted at the applicant's expense by a disinterested third party approved by ADFA. The market analyst shall be on ADFA's Approved Market Study Firm List and shall follow ADFA's "Market Study Guidelines for Affordable Rental Housing Programs". Market studies that: (a) do not meet the requirements of the Market Study Guidelines; (b) do not provide an index or table of contents indicating the page within the market study each requirement can be found; or (c) are performed by firms not approved by ADFA, will not be accepted.

NOTE: All applications with rehabilitation projects shall include as an appendix to Market Study, a complete, detailed Tenant Income Audit that identifies all existing tenant households and their income. The audit must separately identify those tenant households whose income exceeds applicable income limits.

ADFA reserves the right, for good cause, to independently evaluate the need for additional affordable rental housing in the proposed geographic market area and to not award credits to any development if, in ADFA's sole determination, the proposed location's market is weak, the proposed development will detrimentally affect other affordable housing in the area, or the proposed location is or nearly is saturated, or other negative impact or projection, even if the proposed development is otherwise eligible and even if the market study's conclusions do not indicate any negative impact or projection. If ADFA utilizes its right to independently evaluate the market area need, the Applicant will be notified at Final Response period.

ADFA shall have no liability for determinations of the presence or absence of a sufficient market. An award of tax credits by ADFA does not constitute a determination by ADFA that a sufficient market exists for the proposed units so as to provide financial feasibility. ADFA shall not be liable for any costs incurred, profits lost, or other damages that may result from ADFA's determination of market conditions, award of tax credits or denial of tax credits.

8. Letter from highest elected local official supporting proposed development.

Applicant must submit evidence that it has provided notification of the application to the highest elected official in the jurisdiction where the development is or will be located.

Applicant must also submit a letter, or cause a letter to be submitted; from either the highest elected local official in the jurisdiction where the development is or will be located or from the majority of the jurisdiction's governing body. A development located within a city's limits shall have a letter from its Mayor or the City Council. A development located outside of a city's limits shall have a letter from the County Judge or the county's Quorum Court. The letter shall be dated within six (6) months of the Application Deadline.

The letter of support, at a minimum, shall address the need for affordable housing in the area and support for the specific development. The letter of support is required as of the time the application is submitted. Rescission of the letter after the tax credit application is submitted will not automatically disqualify a development from eligibility for tax credit award if otherwise eligible and recommended.

ADFA will provide written notification to the State Representative and Senator who represent the area where the development is or will be located.

9. Articles of Incorporation, IRS documentation, and Non-Profit Determination Statement. To be considered for the "Non-Profit Set-Aside", the development shall involve a qualified non-profit organization that:

- a. Owns an interest in the development;
- b. Materially participates in the development;
- c. Is not affiliated with or controlled by a for-profit organization; and
- d. Has as one of its exempt purposes, in its Articles of Incorporation, the fostering of low-income housing.

In addition, to be considered for the "Non-Profit Set-Aside":

- a. the non-profit organization's Articles of Incorporation and IRS documentation of its exemption from federal income tax must be included (pending requests with the IRS for exemption will not be accepted);
- b. the Applicant must provide proof in form of signed statements that all four (4) criteria listed above have been met.
- c. the development must comply with Internal Revenue Service Revenue Procedure 96-32 in that at least seventy-five percent (75%) of the total number of residential units are designated for low-income residents.

10. Capital Needs Assessment. All rehabilitation developments shall include a capital needs assessment conducted by a firm on ADFA's "Capital Needs Assessment Firms – Approved List". The assessment shall include a physical inspection of the interior and exterior of each unit and structure, as well as, an interview with the development manager and maintenance personnel. At a minimum, the following components must be examined and analyzed in the assessment:

- a. Site, including topography, drainage, pavement, curbing, sidewalks, parking, landscaping, amenities, water, sewer, storm drainage, gas and electric utility lines;

- d. Mechanical systems, including plumbing and domestic hot water, HVAC, electrical, lighting fixtures, fire protection and elevators; and
- e. Buildings, facilities, common use areas, residential units, parking areas, curbs, ramps, railings to ensure compliance with applicable federal, state and local laws regarding accessibility for persons with disabilities.

A report, dated within six (6) months of the Application Deadline, of all components examined and analyzed in the assessment must be submitted with the application.

The report must include a physical inspection of the interior and exterior of EACH UNIT AND EACH BUILDING and must specifically identify the scope of work and estimated costs necessary to:

- a. Rehabilitate all components examined and analyzed in the development to a new or "like-new" condition;
- b. Correct all deficiencies in order for the development to comply with applicable federal, state and local laws and requirements regarding accessibility for persons with disabilities; and
- c. Correct all deficiencies to ensure compliance with ADFA's Multi-Family Minimum Design Standards.

Failure by the report to meet the requirements set forth herein will result in a rejection of the Capital Needs Assessment submitted, thereby terminating the application from further consideration for federal low-income housing tax credits.

All rehabilitation development applicants must submit a statement that the scope of rehabilitation will include all capital needs of the development as set forth in the Capital Needs Assessment.

11. Financial Feasibility. All applications through the competitive allocation cycle will be underwritten using the same criteria regardless of project type or location. At a minimum ADFA determines that a development is financially feasible based on the following criteria: a) the extent to which the development's sources of funds equals the development's uses of funds; b) the extent to which any proposed developer fee deferral can be paid within the time frame allowed by the Internal Revenue Service c) the reasonableness of total development costs, inclusive of ADFA predetermined cost caps; and d) repayment terms (including interest rates, total debt and loan terms) for all proposed debt in connection with the proposed development.

ADFA may incorporate terms and conditions required by the equity investor(s) and lender(s) into its underwriting of an application if ADFA determines it necessary to provide an accurate, complete analysis of the financial feasibility of a proposed development.

Operating Deficit Reserve and Replacement Reserve Funds. The total development budget shall include:

a. Operating Deficit Reserve Fund equal to the greater of:

For all rehabilitation developments that do not receive project based rental assistance and all new construction developments:

(i) Six (6) months of: (a) projected annual operating expenses, (b) annual debt service payments and (c) annual replacement reserve deposits;

OR

(ii) The amount of operating reserves required by applicant's lender(s) or equity investor(s)

For all rehabilitation developments that receive or will receive project based rental assistance:

(i) Three (3) months of: (a) projected annual operating expenses, (b) annual debt service payments and (c) annual replacement reserve deposits;

OR

(ii) The amount of operating reserves required by applicant's lender(s) or equity investor(s), and

b. The funding and maintenance of a Replacement Reserve Fund equal to the greater of:

(i) \$250.00 per unit per year;

OR

(ii) The amount of replacement reserves required by applicant's lender(s) or equity investor(s).

The operating and replacement reserve accounts shall be incorporated into the MFHA. These amounts must be funded by the date the development is placed in service and evidenced in the final cost certification.

The Replacement Reserve shall be maintained, and yearly deposits shall be made equal to the above requirement, for the entirety of the affordability period. The applicant shall identify the name of the financial institution where each reserve will be held. A copy of the December bank statement for the operating reserve account and the replacement reserve account must be submitted by the Owner to ADFA's Compliance Department by February 1 of each year. If the December bank statements do not evidence a year-end summary of each month's balance, copies of bank statements for all twelve (12) months, for the operating reserve and the replacement reserve, shall be submitted to ADFA's Compliance Department by February 1 of each year. The ending balance of each reserve account must total the amounts required under (a) and (b), whether the accounts are replenished from operating income or by the general partner of owner or member, shareholder or partner of general partner, as deemed appropriate by ADFA.

ALL WITHDRAWALS FROM THE OPERATING DEFICIT RESERVES MUST BE APPROVED, IN WRITING, BY ADFA PRIOR TO WITHDRAWAL. Owner must submit with the withdrawal request supporting documentation evidencing the need for the funds, written evidence that insufficient funds exist in the primary operating account, and a written guaranty by the general partner of owner or member, shareholder or partner of general partner, as deemed appropriate by ADFA, will deposit sufficient funds into the operating deficit reserve account so that at the end of the year the total funds in the operating deficit reserve account equal the amount required under (a) as modified herein for Rural Development developments. ADFA will require notification from owner on any replacement reserve withdraw and notice of approval from development's lender or investor as applicable.

Rural Development-funded developments:

In the event that Rural Development requires a capital outlay reserve in an amount greater than ADFA's operating deficit reserve, ADFA's required operating deficit reserve under (a) above must be funded. In the event that RD requires a capital outlay reserve in an amount less than ADFA's operating deficit reserve required under (a) above, ADFA will credit the amount of reserves required by Rural Development to the total amount of reserves required under (a) and (b) above, but in no event shall the **total** amount of reserves be less than that required under (a) above. (For example, if under (a) \$50,000 is required and under (b), \$10,000, and Rural Development requires \$20,000 of capital outlay reserve, the owner must fund a separate operating deficit reserve account, withdrawals from which must be approved by ADFA, in the amount of \$30,000. Using the same amounts except that RD requires a \$70,000 capital outlay reserve, the owner must fund a separate \$50,000 operating deficit reserve.)

A copy of the December bank statement for the operating reserve account and the replacement reserve account must be submitted by the Owner to ADFA's Compliance Department by February 1 of each year. If the December bank statements do not evidence a year-end summary of each month's balance, copies of bank statements for all twelve (12) months, for the operating reserve and the replacement reserve, shall be submitted to ADFA by February 1 of each year. The ending balance of the operating deficit reserve account plus the

development's ending cash balance per RD Form 3560-7, plus the balance of RD's capital outlay reserve must total the amounts required under (a) and (b); thus, general partner of owner or member, shareholder or partner of general partner of owner may have to deposit funds into the separate operating deficit reserve account to total this amount.

ADFA acknowledges that RD shall have authority over the capital outlay reserve account and that RD will review and approve or deny all withdrawal requests by owner from such account. ADFA shall have approval authority over the separate operating deficit reserve account. Owner shall not make any withdrawals from the operating deficit reserve account without providing the following items to ADFA. 1) Owner must submit with the withdrawal request supporting documentation evidencing the need for the funds. 2) Owner must provide written evidence from RD that the use of reserve funds is not an eligible expense from RD capital outlay reserve account or that insufficient funds exist in the account., and a 3) A written guaranty by the owner or general partner of owner, as deemed appropriate by ADFA, will deposit sufficient funds into the ADFA operating deficit reserve account so that at the end of the year the total funds in the operating deficit reserve account equal the amount required under (a) as modified herein for Rural Development developments.

Pro Forma. Each application must complete the Pro Forma document set forth in or as an exhibit to the MFHA. The pro forma for all applicants must be based on reasonable projections of increases in expenses and incomes. NOTE: Provide an **additional** pro forma and alternative list of sources if applying for State Housing Credits showing the alternative financing proposed.

Developer Fee.

- a. Developer Fee Standard. The developer's fee, which is defined to include the developer fee plus developer's overhead and profit plus consultant's fee, must meet the following standards:
 - (i) New Construction. The developer fee cannot exceed fifteen percent (15%) of the "Net Development Costs".
 - (ii) Acquisition/Rehabilitation. The developer fee for acquisition/rehabilitation will be limited to ten percent (10%) of the cost of the land and building plus no more than fifteen percent (15%) of the remaining "Net Development Costs".
- b. Developer Fee – Deferral. Any portion of the developer's fee that is deferred and included as a source of funds will be underwritten to ensure payment by the end of the 15-year compliance period. Eligible basis will be reduced by that amount of deferred developer fee that is not payable within the 15-year compliance period. If any portion of the developer's fee is deferred in the form of a loan, then ADFA will consider any interest payable on such loan to the developer as part of the developer's fee for computing compliance with the developer fee standard(s) set forth above.

"Net Development Costs" is defined as the total uses of funds, less syndication-related costs, developer's fee and development reserves.

For purposes of applying the developer's fee to eligible basis, eligible basis must be proportioned separately reflecting that amount of the developer's fee attributed to the acquisition of existing property from that amount attributed to the rehabilitation costs. The amount attributed to the acquisition of existing property must be equal to or greater than the percentage that the total acquisition costs of existing property is to the total development costs.

Applicant must disclose in its application or an attachment thereto all persons and entities that will receive any portion of the developer fee proposed in the application. For all such entities, all members, partners and shareholders of such entities shall be disclosed and the respective portion of the amount of developer fee to be received by the entities shall be identified. If after time of application, there is any proposed change in the person(s) or entity/entities that shall receive any portion of the developer fee, all revised parties and amounts must be disclosed in writing to ADFA.

General Requirements, Contractor's Overhead and Contractor's Profit. The amount allocated to General Requirements of the development cannot exceed seven percent (7%) of its construction hard costs. General requirements include items that are required for the contractor to provide for the specific project including, but are not limited to, the following: Field supervision; field engineering such as field office, sheds, toilets, phone; performance and payment or latent defects bonds; building permits; site security; temporary utilities; property insurance; and cleaning or rubbish removal. Such items should not be accounted for as separate line items in the development budget.

ADFA will limit the contractor's profit to ten percent (10%) of the development's hard costs plus its general requirements' costs. ADFA will limit the contractor's overhead to four percent (4%) of the development's hard costs plus its general requirements' costs. ADFA reserves the right to determine whether costs included in the contractor's overhead and contractor's profit calculations are appropriate and reasonable.

Applicant must disclose in its application or an attachment thereto all persons and entities that will receive any portion of the contractor's profit proposed in the application. For all such entities, all members, partners and shareholders of such entities shall be disclosed and the respective portion of the amount of contractor's profit to be received by the entities shall be identified. If after time of application, there is any proposed change in the person(s) or entity/entities that shall receive any portion of the contractor's profit, all revised parties and amounts must be disclosed in writing to ADFA.

Per Unit Cost Cap. ADFA limits the per unit cost for developments to:

Assisted Living	\$179,000
Historic Rehabilitation	\$179,000
Single family – New construction	\$162,000
All other new multi-family	\$151,000
Acquisition/Rehabilitation	\$131,000

“Per unit cost” is calculated by dividing the total development cost by the total number of units. Applications that represent on the face of the application a higher cost per unit than the allowable cost per unit stated herein may be rejected from further consideration for an award of federal or state housing tax credits. Applications that represent costs within the allowable costs stated herein but which ADFA reasonably determines to inaccurately reflect actual costs per unit are subject to rejection from further consideration for an award of federal or state housing tax credits.

ADFA shall have the discretion to determine reasonableness of all costs stated in the proposed development budget regardless of whether the costs per unit comply with the maximum costs per unit limitation set forth above. ADFA may, within its discretion, deny applications based upon failure to meet threshold due to unreasonableness of costs, regardless of whether the costs per unit comply with the maximum costs per unit limitation set forth above. Upon request by ADFA staff, applicants may provide justification and supporting documentation of costs. ADFA will review the items submitted and make a final determination. ADFA’s determination will be set forth in writing as to whether the application will be further considered or rejected for threshold failure.

Minimum Debt Coverage Ratio. The development will be required to establish a minimum debt coverage ratio ("DCR") that is the greater of: (1) 1.15 or (2) the minimum debt coverage ratio required by any lender or investor providing a financial commitment to the applicant.

"Debt coverage ratio" is defined as the ratio of a development’s net operating income (rental income less operating expenses and reserve payments) to total debt service obligations (“DCR”). **Rural Development (RD) developments shall use the income, expenses and reserves as approved in the most recently executed Form 3560-7.** The applicable minimum debt coverage ratio must be evidenced by the MFHA and supporting documentation.

A development’s DCR may not be projected to be below the DCR required herein at any time during the compliance period. If the application or ADFA’s underwriting, evidences that the development will fail to meet the requisite DCR at any time during the compliance period, the application will be rejected from further consideration for an award of housing tax credits.

After a development is placed in service, the DCR will be monitored by ADFA’s Compliance Department and/or ADFA’s Multi-Family Programs Department.

12. Rehabilitation Standard. Rehabilitation hard costs (labor and materials) on any rehabilitation development will be no less than \$15,000 per unit and no less than twenty percent (20%) of the development's total costs.

*Developments financed with 4% LIHTC / Tax-exempt bonds: Applicants for tax-exempt bond financing subject to private activity volume cap **MUST** elect to meet the Rehabilitation Standard set forth above.

13. Rental Assistance Contract. All applicants proposing a development that has been approved for project-based rental assistance shall submit with its application a copy of the executed rental assistance contract **and if applicable Form RD 3560-7**; if a rental assistance contract has not been executed at time of application submission, a commitment letter from the agency providing the rental assistance must be submitted. All such applicants must also submit documentation, if not set forth in the rental assistance contract or the commitment letter of the most recently approved amount of rent to be charged. If an application proposing a development represented to have project-based rental assistance does not submit this required information, and complete all portions of the application relevant to project-based rental assistance, ADFA will underwrite on the assumption of no rental assistance. If such underwriting results in a determination that the development is not financially feasible, the application will be rejected from further consideration for an award of housing tax credits.

HUD Section 8 supported developments: In the event that the Department of Housing and Urban Development ("HUD") anticipates granting a waiver, or other process whereby HUD has agreed to underwrite an existing HUD-assisted development based on rents and rental assistance it has agreed to provide after rehabilitation, ADFA may also underwrite such proposed developments based upon such rent and rental assistance if substantiated by a letter from HUD and supported by the market study and/or appraisal. It is within ADFA's sole discretion, on an application by application basis, to determine whether utilization of such future rents and rental assistance in its underwriting is reasonable and appropriate.

Any award of tax credits under such circumstance is conditioned upon the development obtaining the waiver or approval. If the waiver or approval is not obtained by the carryover allocation Application Deadline, ADFA may terminate the tax credit award and no carryover allocation will be issued by ADFA for the development.

14. Fair Housing Training. Applicant must include with its application a copy of the certification evidencing completion of the Arkansas Fair Housing Commission training by a principal of the following members of the development team, or manager dealing with day-to-day operations, as appropriate under the circumstances: (a) Owner; (b) Developer; (c) Management Company; (d) Consultant, if applicable; and (e) Architect. This requirement shall be a threshold requirement. Failure to submit the requisite evidence of completion by all required development team members shall result in rejection of the application from consideration for an award of housing tax credits. The certification is valid for the purpose herein for two (2) years from date of certification. Each development team member should attend the class most relevant to his or her development team role.

15. Identification of Applicant. Applicant must identify within its application the General Partner and Limited Partner(s), or all members as applicable, of the applicant entity. Applicant must also identify all members, partners, or shareholders of the General Partner; if any such members, partners, or shareholders are entities, Applicant must identify all members, partners, or shareholders of such entities.

16. Assisted Living Developments. Assisted Living development applicants shall submit an approved Certificate of Need or Permit of Approval from the State of Arkansas. *See*, definition of "Assisted Living" herein.

All assisted living development applications must submit the following representations from the applicant:

- a. All low-income housing units within the assisted living development contain separate and complete facilities for living, sleeping, eating, cooking and sanitation (*See 26 C.F.R. § 1.103-8(b)(8)*);
- b. All low-income housing units within the assisted living development are available for use by the general public (*See 26 C.F.R. § 1.42-9*);
- c. Supportive services available to tenants in low-income housing units within the assisted living development are optional (*See 26 C.F.R. § 1.42-11*); and
- d. Supportive services available for tenants in low-income housing units within the assisted living development do not include continual or frequent nursing, medical, or psychiatric services (*See 26 C.F.R. § 1.42-11 and IRS Revenue Ruling 98-47*).

17. Minimum Required Experience. If the applicant does not meet the minimum experience requirement, a developer or consultant with the minimum required experience shall be on the development team. "Minimum required experience" is met when either the developer held a development team position as developer or consultant on a previous development that received a reservation of Housing Credits from ADFA and whose owner was issued IRS Forms 8609 **in the past five (5) years.**

Minimum required experience does not encompass persons employed or previously employed by an entity that meets the minimum required experience unless a request for a determination of whether such person shall be considered by ADFA to meet the intent of this requirement. This request must be submitted in writing to ADFA at least sixty (60) days prior to submission of an application for which the minimum required experience is dependent upon such waiver. However, ADFA will also accept such requests before such sixty (60) day period. The request must detail the position held by the person, the duties performed by the person in association with housing tax credit developments, the names and locations of all developments on which the person performed such duties, the year of allocation and placement in service of all such developments, and all other information requested to be considered by ADFA in making its determination.

The consultant or developer’s participation letter, resume and summary page specifically describing its role in the development shall be included.

It is within ADFA’s sole discretion to evaluate the capacity of any development team member to undertake performance on any development. A determination by ADFA that any development team member does not have the capacity to undertake performance on any development may result in a disqualification of the application and suspension of any development team member from future funding rounds.

Any development team member, including the applicant, consultant, management agent or developer may be considered ineligible for an award of Tax Credits in scenarios whereby the documentation supports instances of nonperformance. Instances of poor or nonperformance may occur during construction, lease up, the Compliance Period, or the Extended Use Period. Below is a list of some possible performance issues. This is not an exclusive list.

- Failure to meet and maintain minimum property standards;
- Failure to meet and maintain any material aspect of a Development as represented in an Application;
- Excessive late or incomplete reports to ADFA
- Failure to obtain prior approvals from ADFA
- Having been involved in uncured financing defaults, foreclosures, or placement on HUD’s list of debarred contractors;

- Events of material uncorrected noncompliance with any Federal or State assisted housing programs within the prior seven (7) year period.
- Failure to comply with ADFA’s request for information or documentation on any Development funded or administered by ADFA; or
- Removal as a general partner.

6. Statement of Previous Performance. Utilizing the Criminal Background and Disclosure Form – Housing, Attachment A, the applicant, its consultant, and each development team member shall inform ADFA whether or not it has any existing contract or indebtedness with ADFA and identify any prior or currently delinquent, defaulted, or foreclosed upon contract, loan or other indebtedness of the applicant, consultant, or development team member with ADFA, or any judgments, proceedings or investigations or any pending or threatened litigation.

In addition, ADFA will review the previous performance of the applicant, its consultant and each development team member under all affordable housing programs with ADFA or other State Housing Finance Authorities, including the HOME Program, the Housing Credit program, Tax-Exempt Bond program, and any other affordable housing loan program, including disbursements, payment history, compliance history and any findings. Unsatisfactory performance, as determined by ADFA’s Staff Housing Review Committee, on previous developments or delinquencies in payments will result in disqualification of an application by the ADFA Staff Housing Review Committee, regardless of scoring.

7. Criminal Background and Disclosure. Each applicant, developer, consultant, and other development team member on the application, and all principals of development team members as well as any public official affiliated with a tax credit, tax credit/HOME or bond program application, shall complete a Criminal Background and Disclosure Form – Housing, Attachment A to the Application. Failure to submit, or correctly complete the Criminal Background and Disclosure Form – Housing by each applicant, developer, consultant and development team member on the application or affiliated public official on a HOME program application may disqualify the Application for reservation of LIHTCs, Tax-Exempt Bonds subject to Private Activity Volume Cap (“Bonds”) or HOME funds, or other ADFA Housing resources.

Each applicant or recipient of LIHTCs, Bonds, or HOME funds or other ADFA Housing resources and any principal of such applicant or recipient, is subject to ADFA’s Criminal Background Check Policies and Procedures and their requirements. Each consultant, developer, or other development team member or any principal of such consultant, developer, or other development team member, is subject to ADFA’s Criminal Background Check Policies and Procedures and their requirements.

ADFA, in its sole discretion, shall determine whether the criminal background of an applicant, developer, consultant or other development team member or of a partner, member, or shareholder of the applicant, developer, consultant or other development team member disqualifies such person(s) or entity or entities. If such person(s) or entity or entities are determined to be disqualified to participate on the development team of the proposed development, the application may be rejected from further consideration for housing tax credits,

which may necessarily result in rejection from further consideration for other ADFA resources. ADFA may allow, in its discretion, applicant to provide, after notice of such determination to applicant, a replacement development team member subject to approval of such replacement member by ADFA.

An application may be disqualified based upon the Criminal Background and Disclosure, within the discretion of the ADFA's Staff Housing Review Committee.

8. Environmental Checklist. The Environmental Checklist included in the Application as Attachment B must be completed and signed.

9. Conflict of Interest Acknowledgment and Contract and Grant Disclosure and Certification Form. Each member of the development team as listed in the Development Team tab of the MFHA must complete the "Conflict of Interest Acknowledgment" and "Contract and Grant Disclosure and Certification Form", which will be available on ADFA's website as an attachment to the MFHA.

10. Attachment C – Identity of Interest. as appropriate for the entity Prepare an organizational chart for each member of the Development Team listing the entity, and all applicable stockholders, directors, officers, members, managers, trusts, trustees, etc. including full names and addresses and percentage of ownership and voting rights. If a sole proprietorship, state the same. Reference Attachment C.

11. Tax Abatement. ADFA will not consider the effect of lowered, abated, or deferred real estate taxes in its underwriting of the proposed development unless documentary evidence of the development's entitlement to tax abatement, reduction or deferral is submitted by Applicant with its application.

12. Plans and Specifications. One set of preliminary site and floor plans that conform to ADFA's "Multi-Family Housing Minimum Design Standards" must be submitted with the application.

Multi-Family Housing Minimum Design Standards: Construction of the development must be in accordance with ADFA's "Multi-Family Housing Minimum Design Standards", as well as all applicable local, state and national building codes. The applicant's architect must complete and execute the "Multi-Family Housing Minimum Design Standards Checklist", Attachment G of the MFHA. Applicant must certify that all features, standards and specifications acknowledged in Attachment G, certified by the architect, will be incorporated and complied with in the construction or rehabilitation of the proposed development. The general contractor must execute an acknowledgment of Attachment G before a Notice to Proceed will be issued.

When plans and specifications conflict with the "Multi-Family Housing Minimum Design Standards Checklist", Attachment G of the MFHA, the certification by the architect or licensed engineer reflected on Attachment G shall control and applicant shall be held to the representations set forth in Attachment G.

For rehabilitation developments: If structural constraints prohibit adherence to ADFA's "Multi-Family Housing Minimum Design Standards", applicant may seek a waiver from ADFA for the standard concerned. Such waiver request must be in writing, must be included with the application (separate from Attachment G), but Attachment G must evidence the waiver request, and include the following:

Certification by the design architect or licensed engineer that the standard concerned cannot be met due to structural constraints and a description of the structural constraint:

- a. Description of alternative design which will achieve the benefit of the required standard; or certification by the design architect or licensed engineer that no alternative design can be undertaken to achieve the benefit of the required standard due to structural constraints; and
- b. Statement by applicant that it will implement any alternative identified by the design architect or licensed engineer.

A certification from the design architect or licensed engineer will be required to be submitted confirming compliance with ADFA's "Multi-Family Housing Minimum Design Standards", as amended for the development by any approved waivers, prior to the issuance of IRS Form 8609.

13. Application Limit. No more than three (3) applications for housing tax credits will be approved by the ADFA Board of Directors for any one applicant or developer. The ADFA Board of Directors shall have the discretion to limit the number of developments under development at any one time by any developer.

14. Effect of Economic Interest on Application Limit. Parties may have an economic interest in a maximum of three (3) developments for which tax credits may be awarded and allocated in any one year.

This section is not intended to prohibit an independent third-party professional from rendering services on behalf of more than three (3) proposed developments. However, this section will apply to such service provider if the service provider has an economic interest as defined below in addition to its provision of services to the proposed development.

ADFA retains the discretion to determine when this rule regarding economic interest should apply in circumstances other than those specifically referenced above. In addition to the limitation of three (3) funded applications for any Applicant or General Partner or Developer or Contractor among which ADFA determines an economic interest to exist, ADFA may impose special conditions and limitations upon applications, applicants and development team members.

Applicant must identify all members, partners and shareholders of the applicant, contractor, architect, management company, consultant and developer of the proposed development. If any such identified members, partners or shareholders are entities, then all members, partners and shareholders of such entities must be identified. All development team members must be identified at time of application.

No changes can be made in the composition of the development team without ADFA's approval. Applicant must identify to ADFA all members, partners and shareholders of the proposed replacement member. If any such identified members, partners or shareholders are entities, all members, partners and shareholders of such entities must be identified. All policies regarding economic interest shall be applicable to the proposed replacement member. If the proposed replacement would cause a development team member or related person or entity to have an economic interest in more than three (3) applications funded in one year's cycle, such proposed replacement will be denied, or if the economic interest becomes known to ADFA at a later time, ADFA may terminate the award, terminate the carryover allocation, deny issuance of credits via IRS Form(s) 8609, suspend all responsible persons and entities from the tax credit program for a period of time determined by the ADFA Board of Directors, or take other action reasonable under the circumstances as determined by ADFA.

An economic interest exists in the context of tax credit applications and developments when:

- a. There is any financial interest in the development, including but not limited to the lending of funds to a development team member or the owner of the development for the construction or operation of the development, the guaranteeing of a note on behalf of a development team member or owner of the development, or the making of any other guarantee that is contingent upon the construction or performance of the development
- b. A development team member also has an economic interest in a development if the ownership entity or any portion thereof should be stated on the financial statements of the development team member or related entity according to Generally Accepted Accounting Standards.

Economic interest shall not include a contractual relationship whereby a development team member provides services that are within its ordinary course of business and receives reasonable payment for such services. For example, an architect contracting with a development owner to prepare plans and specifications for the rehabilitation of a development in exchange for a contractual sum shall not constitute an economic interest. Or, for example, an independent contractor providing a payment or performance bond or guarantee and warranty pertaining to their construction work and budget as outlined in an AIA A series contract shall not constitute an economic interest.

For the purposes stated herein, "development team member" shall include but not be limited to all persons and entities stated in the tax credit application as members of the development team.

Applicant must disclose all identities of interest that exist among all persons or entities acting as a development team member whether or not expressly named as a development team member.

Applicant shall include with its tax credit application a verified statement from all development team members in which each discloses all economic interests in the development.

ADFA may deem a person or entity as a development team member if ADFA reasonably determines that such person or entity is acting as a development team member.

15. Multiple Phase Developments. ADFA will typically not consider for an award of federal or state housing tax credits an application for a proposed development that is a phase of another proposed development for which an application has been submitted in the same funding cycle. However, ADFA and Board will consider waiver requests on a case-by-case basis for rehabilitation developments that would require a multi-phase development in a single funding round. **Waiver requests must be submitted to ADFA staff and heard by the ADFA Board prior to the February application submission deadline.**

A senior development located, or proposed to be located, adjacent to a family development, or proposed development, shall not be considered phases of the same development.

II. PROCEDURES FOR AWARDING POINTS AND RANKING APPLICATIONS.

A. POINTS CRITERIA

Each application will be awarded points based upon the Points Criteria outlined below. **To be awarded points, the applicant must submit the information and documentation EXACTLY as stated below by the Application Deadline.** Failure to submit the information exactly as required will result in no points for the point category. In the evaluation of the five (5) points, the leverage of other private and public sources will be considered.

ADFA recognizes there could be a need for workforce housing developments in other Arkansas communities where economic development initiatives are underway. We recommend our partners in development outreach and continue to educate local elected officials and local economic development professionals about the positive impacts that a Housing Tax Credit development will bring to their communities.

At this time, ADFA is not incentivizing other locations except the ones described for poultry operations.

POSSIBLE POINT DEDUCTIONS		
17	<p>PAST PERFORMANCE POINT DEDUCTION</p> <p>ADFA will reduce a project’s score (no more than five (5) points will be taken away) if the applicant or any related party or development team member failed to meet program or ADFA requirements on a prior ADFA project. These points will be assessed and evaluated on a round-by-round basis, and applicants will be notified at Final Response period when a situation necessitating the assessment of these points occurs.</p> <p>Some examples that will result in point reduction include:</p> <ul style="list-style-type: none"> • Failure to follow through with representations made at the time of application on previous developments where points were awarded that resulted in the project being funded. • Repeated and documented poor response or slow response in providing follow-up documentation or clarification requests made by ADFA staff. • Failure to meet one or multiple deadlines on previous developments – including Form 8609/Cost Certification Packages. • Failure to submit Final Cost Certification with Total Development Costs at or below applicable Cost Cap. • Failure to submit inspection reports and draw requests on monthly basis during construction. B. RANKING AND AWARD DETERMINATION.

Each application will be ranked according to the score awarded. In the event that some applicants score the same and are ranked the same, ADFA will employ a tie-breaker methodology to determine the final ranking. All final staff recommendations are subject to ADFA Board of Director’s final decision.

In the event there is a tie in the scoring amount for two or more applications, then a funding recommendation will be made for the application based on one of the following criteria. The following are probable tie breaker criteria ADFA would use, but not meant to be exclusive of others:

- Funding recommendation will be based on maximum number of affordable rental units produced.
- OR
- Funding recommendation will be based on application who requested least amount of housing credits per unit.
- OR
- Funding recommendations will be based on application that has the least amount of aggregate participation by any one owner or development team member.

Aggregate participation is defined as the total of all LIHTC and HOME applications recommended for funding in the current round.

- Funding recommendations will be based on equitable geographic distribution of awarded tax credits.

ADFA reserves the right to disapprove any development for an allocation of Housing Credits, regardless of the ranking under the priorities and point ranking outlined above. ADFA reserves the right, in its sole and absolute discretion, to suspend or bar any applicant from the Housing Credit program, which ADFA determines has acted improperly, illegally or inappropriately in the applicant's dealings with ADFA or in any way relative to the Housing Credit Program. ADFA reserves the right to reject any application from consideration for an award of federal or state housing tax credits if any member of its development team is determined by ADFA to be out of compliance in regard to any existing development financed with ADFA-awarded resources.

III. MISCELLANEOUS.

A. EQUAL OPPORTUNITY.

ADFA requires that occupancy of all housing financed or otherwise assisted by ADFA be open to all persons regardless of race, color, religion, sex, handicap, familial status or national origin. Contractors and subcontractors engaged in the construction or rehabilitation of such housing must provide equal opportunity for employment without discrimination as to race, color, religion, sex, handicap, familial status or national origin.

IV. ADFA FEES.

A. APPLICATION FEE.

The appropriate application fee (determined from the list below) shall be included with the application and be in the form of a check payable to the Arkansas Development Finance Authority. All fees are non-refundable. Overpayments will not be refunded.

For-profit applicants – developments with 50 units or less	\$1,000
For-profit applicants – developments with 51-100 units	\$2,000
For-profit applicants – developments with 101+ units	\$3,000
Non-profit applicants	\$300

B. RESERVATION FEE.

A non-refundable reservation fee of \$150.00 per low-income unit will be required to secure the reservation of Housing Credits. Overpayments will not be refunded.

C. ISSUANCE OF IRS FORM 8609 FEE.

A fee equal to \$150.00 per low-income unit will be required at the time the owner submits the final development cost certification requesting issuance of IRS Form 8609(s). Overpayments will not be refunded.

D. MONITORING FEE.

A monitoring fee equal to eight percent (8%) of the total annual Housing Credits allocation, or total original housing credit allocation prior to return of such credits and award of Section 1602 Exchange funds, as applicable, will be required at the time the owner submits the final development cost certification requesting issuance of IRS Form 8609(s). Overpayments will not be refunded.

V. FINANCING WITH TAX-EXEMPT BONDS AND HOUSING CREDITS.

Developments financed with tax-exempt bonds must apply to receive Housing Credits not allocated as part of the State's annual Housing Credit ceiling. Section 42(m)(1)(D) of the Code requires such developments to satisfy the "requirements for allocation of a housing credit dollar amount under the qualified allocation plan applicable to the area in which the project is located". Although these developments need not compete for an award through the competitive process, they will be evaluated for compliance with the Threshold Requirements and the Additional Requirements for a Complete Application.

In addition, each development financed with tax-exempt bonds shall be in compliance with the monitoring provisions of ADFA. Applicants shall comply with ADFA's Guidelines for Reserving Volume Cap for Tax-Exempt Private Activity Bonds for Residential Rental Housing and ADFA's Rules and Regulations Implementing the Law on the Allocation of the State Volume Cap for Private Activity Bonds Pursuant to Act 1004 of 2001 in effect at the time of the filing of the application.
