5.07.4 The superintendent of each school district shall develop procedures to ensure the security and confidential integrity of all assessment instruments and test items. The superintendent shall be responsible for immediately notifying the Department in writing of conduct that violates the security or confidential integrity of an examination or assessment.

## 6.0 Student Performance Levels

- 6.01 The Board shall establish four (4) performance levels for each criterion-referenced assessment administered as part of ACTAAP. The Board shall establish five (5) performance levels for the Alternate Assessment for Students with Disabilities as part of ACTAAP. Those performance levels shall be: (1) Not Evident; (2) Emergent; (3) Supported Independence; (4) Functional Independence; and (5) Independent. Performance levels shall be established for mathematics, reading/language arts and science independently. Additionally, the Board shall establish a pass/proficiency rate for each end-of-course assessment.
- 6.02 The Board shall establish four (4) performance levels for Grades K-2 for the norm-referenced assessment administered as part of the Arkansas Comprehensive Assessment Program for reading and mathematics. The following numerical scores define those performance levels.

## 7.0 Student Accountability

- 7.01 By the year 2013-2014 all students are expected to perform at the proficient level or above.
- 7.02 Students identified as failing to achieve at the proficient level on a) the state mandated CRT (as referenced in Section 6.04 tables: Mathematics Criterion Referenced Assessments, Science Criterion Referenced Assessments, Literacy Criterion Referenced Assessments), b) students in grade K scoring delayed on either written language or oral communications and scoring delayed in mathematics on the state mandated uniform readiness screening (as referenced in Section 3.46 Uniform School Readiness Screening); and c) students in grades 1 and 2 not scoring proficient on the state mandated NRT(as referenced in Section 6.02 tables, Mathematics Norm Referenced Assessment standard score cut scores and Reading Norm-Referenced Assessment standard score cut scores), shall be evaluated by school personnel, who shall jointly develop a remediation plan with the student's parents. The remediation plan (AIP or if appropriate IRI) will assist the student in achieving the expected standard and will describe the parent's role and responsibilities as well as the consequences for the student's failure to participate in the plan.
- 7.02.1 The AIP shall be prepared using the format designed by the Department of Education. However, the local school may adjust the format as deemed necessary.
- 7.02.2 The AIP shall be developed cooperatively by appropriate teachers and/or other school personnel knowledgeable about the student's performance or responsible for the remediation in consultation with the student's parents. An analysis of student strengths and

deficiencies based on test data and previous student records shall be available for use in developing the plan. The plan shall be signed by the appropriate school administrator and the parent/guardian.

- 7.02.3 The AIP should be flexible, should contain multiple remediation methods and strategies, and should include an intensive instructional program different from the previous year's regular classroom instructional program. Examples of strategies and methods include, but are not limited to, computer assisted instruction, tutorial, extended year, learning labs within the school day, Saturday school, double blocking instruction in deficient areas during the school day, extended day etc.
  - 7.02.4 The AIP shall include formative assessment strategies and shall be revised periodically based on results from the formative assessment.
  - 7.02.5 The AIP shall include standards-based supplemental/remedial strategies aligned with the child's deficiencies.
  - 7.02.6 A highly qualified teacher and/or a highly qualified paraprofessional under the guidance of a highly qualified teacher shall provide instructional delivery under the AIP.
  - 7.02.7 The AIP should contain an implementation timeline that assures the maximum time for remedial instruction.
  - 7.02.8 AIPs should be individualized; however, similar deficiencies based on test data, may be remediated through group instruction.
  - 7.02.9 In any instance where a student with disabilities identified under the Individuals with Disabilities Education Act has an Individualized Education Program (IEP) that already addresses any academic area or areas in which the student is not proficient on state-mandated augmented, criterion-referenced, or norm-referenced assessments, the individualized education program shall serve to meet the requirement of an AIP.
- 7.03 Retention for failure to participate in the Academic Improvement Plan
- 7.03.1 The public school district where the student is enrolled shall notify the student's parent, guardian, or caregiver of the parent's role and responsibilities as well as the consequences for the student's failure to participate in the plan. This notice may be provided via student handbooks issued to students.
  - 7.03.2 A student in grades three (3) through eight (8), identified as not meeting the requisite scale score on the criterion-referenced assessment and failing to participate in the subsequent AIP shall be retained and shall not be promoted to the next appropriate

grade until the student is deemed to have participated in the AIP or the student passes the benchmark assessment for the current grade level in which the student is retained. The local district shall determine the extent of the required participation in remediation as set forth in the student academic improvement plan.

7.03.3 Any student required to take an end-of-course assessment who is identified as not meeting the requisite scale score for a particular assessment shall participate in the remediation activities as required by the student's individualized AIP in the school year that the assessment results are reported in order to receive academic credit on his or her transcript for the course related to the end-of-course assessment.

7.03.3.1 The individualized AIP shall include remediation activities focused on those areas in which a student failed to meet the requisite scale score of an end-of-course assessment.

7.03.3.2 A student who is identified as not meeting the requisite scale score for an end-of-course assessment shall not receive academic credit on his or her transcript for the courses related to the end-of-course assessment until the student is identified as having participated in remediation through an individualized AIP.

7.03.4 Remedial activities and instruction provided during high school shall not be in lieu of English language arts, mathematics, science, history or other core courses required for graduation.

7.03.5 Any student who does not score at the Proficient level on the criterion-referenced assessments in English language arts and mathematics shall continue to be provided with remedial or supplemental instruction until the expectations are met or the student is not subject to compulsory school attendance.

7.03.6 Any student that has an AIP and fails to remediate, but scores at the Proficient level on the criterion-referenced assessments, shall not be retained.

7.03.7 Students not proficient on the High School Literacy Test shall participate in a remediation program.

7.03.8 The State Board may require remediation activities and an individualized academic improvement plan for a student in grade eleven (11) or below who does not meet the requisite scale score for a particular college and career readiness measurement.

7.03.8.1 The State Board may require that the individualized academic improvement plan include one (1) or more opportunities for a student to retake the measurement.

7.03.8.2 For the purpose of a college and career readiness measurement, remediation shall not require that a student pass a subsequent college and career readiness measurement in order to graduate from an Arkansas high school.

- 7.04 The results of end-of-course assessments shall become a part of each student's transcript or permanent record. Each course for which a student completes the ~~general~~ end-of-course assessment shall be recorded with the performance level (advanced, proficient, basic or below-basic).
- 7.05 Each year the ADE shall make public item and task prototypes for the English language arts and mathematical assessments required by these rules or a selection of actual items and tasks from the most recent assessments.
- 7.06 The Department shall implement a statistical system that shall provide the best analysis of classroom, school, and school district effects on student progress based on established, value-added longitudinal calculations, which shall measure the difference in a student's previous year's achievement compared to the current year achievement for the purposes of improving student achievement, accountability, and recognition.
- 7.07 The approach used by the Department shall be in alignment with federal statutes and developed in 2004-2005 to collect data to allow research and evaluation of student achievement growth models.
- 7.08 The approach shall include value-added longitudinal calculations with sufficient transparency in the model's conception and operation to allow others in the field to validate or replicate the results and an assessment of the model's accurateness in relation to other models.
- 7.09 Reading Deficiency for Students in Kindergarten through Grade Two
- 7.09.1 Any student who exhibits a substantial deficiency in reading, based upon statewide assessments conducted in grades kindergarten through two (K-2), or through teacher observations, shall be provided intensive reading instruction utilizing a scientifically-based reading program. The intensive instruction shall systematically, explicitly, and coherently provide instruction in the five essential elements of reading as defined in Section 3.23. The student shall continue to be provided with intensive reading instruction until the reading deficiency is corrected.
- 7.09.2 The State Board of Education established performance levels for kindergarten, grade 1 and grade 2 that define substantial difficulties in reading based on the state-mandated, developmentally appropriate assessment. The state-mandated Uniform Screening Readiness (USR) instrument shall be used to determine substantial reading difficulty for kindergarten students.

- 7.09.3 All kindergarten students exhibiting substantial difficulties in reading will be evaluated by school personnel for the purpose of diagnosing specific reading difficulties. This evaluation will occur within 30 days of receiving the USR results.
- 7.09.4 Within 30 days of the beginning of school, grade 1 and grade 2 students exhibiting substantial difficulties in reading will be evaluated by school personnel for the purpose of diagnosing specific reading difficulties. However, in those school years in which the State Board of Education shall revise the performance levels schools shall be allowed 30 days from the date of the final approval to conduct the evaluation.
- 7.09.5 The evaluation shall include the Dynamic Indicators of Basic Early Literacy Skills (DIBELS).
- 7.09.6 School personnel shall develop an Intensive Reading Improvement plan (IRI) that describes the intervention program for any student identified with substantial reading difficulty. The IRI shall be developed cooperatively by appropriate teachers and/or other school personnel knowledgeable about the student's performance or responsible for remediation.
- 7.09.7 The IRI shall contain an implementation timeline that assures the maximum time for remedial instruction. The intervention shall occur during the regular school day whenever possible, but may include extended day when appropriate. The intervention shall supplement, and not supplant, core classroom instruction.
- 7.09.8 The IRI shall include valid and reliable progress monitoring assessments to measure student growth toward the grade level benchmarks in each essential element of reading.
- 7.09.9 The intensive reading instruction provided under the IRI shall utilize strategies that are aligned with scientifically-based reading research.
- 7.09.9.1 The intensive instruction shall systematically, explicitly and coherently provide instruction in the five essential areas of reading. The intensity and focus of the instruction shall be based on the evaluation results, teacher observation, and data from progress monitoring assessments. The intervention plan shall be revised periodically to reflect student needs as indicated on progress monitoring assessments.
- 7.09.9.2 The IRI should be individualized; however, similar deficiencies may be remediated through group instruction.

7.09.9.3 A highly qualified teacher and/or a highly qualified paraprofessional under the guidance of a highly qualified teacher shall provide instruction under the IRI.

7.09.9.4 The intervention shall continue until the child has reached grade level benchmarks in all essential areas of reading.

7.09.10 Student achievement in each of the essential elements shall be monitored monthly after students complete the intervention. Students who are not meeting current expectations shall be provided additional interventions.

7.09.11 In any instance where a student with disabilities identified under the Individuals with Disabilities Act has an IEP that already addresses reading deficiencies, the individual education program shall serve to meet the requirements of the IRI.

7.10 The parent or guardian of any student identified with a substantial reading deficiency shall be notified in writing to include the following:

7.10.1 That the child has been identified as having a substantial deficiency in reading;

7.09.2 A description of the current services that are provided to the child; and,

7.09.3 A description of the proposed supplemental instructional services and supports that will be provided to the child that are designed to remediate the identified area of reading deficiency.

## 8.0 School Accountability

NOTE: Consult Section 13.00 of these Rules for applicable ESEA flexibility provisions as approved by the US Ed on June 29, 2012.

8.01 The Department of Education shall provide analyses of data produced by the Arkansas Comprehensive Assessment Program and other reliable measures of student learning to determine classroom, school, and school district academic performance.

8.02 Student performance trend data shall be included in the components used in developing objectives of the school improvement plan, internal evaluations of instructional and administrative personnel, assignment of staff, allocation of resources, acquisition of instructional materials and technology, performance-based budgeting, and assignment of students into educational programs of the local school program.

8.03 Each school shall develop one (1) Arkansas Comprehensive, School Improvement Plan (ACSIP) focused on student achievement. This requirement is intended to focus the school and school district annually on the school's performance rate data for the purposes of improving

student performance based on data and the performance of students on the state assessment system.

- 8.04 The purpose of ACSIP is to provide equal opportunity for all students, including identifiable subgroups, to meet the expected performance rate levels established by the Board on all State assessments.
- 8.05 Consistent with the No Child Left Behind Act, each school must make adequate yearly progress (AYP), based primarily on the administration of the criterion-referenced assessments described in Section 5.02. In order to make AYP, a school or school district must—
- Demonstrate that at least 95 percent of all students and of students in each applicable subgroup, as provided in Section 8.06, at the tested grade levels, participated in the assessments;
  - Meet or exceed the annual measurable performance levels described in Section 9.0, based on the percentages of students scoring proficient or above on the assessments, overall and for each applicable subgroup; or alternatively, if the total group or any subgroup does not meet the annual measurable performance levels, demonstrate that the percentage of students in that subgroup who did not meet the proficient level for that year decreased by 10 percent of that percentage from the preceding school year and that the subgroup made progress on one additional academic indicator; and
  - Show progress for all students on an additional academic indicator, which shall be graduation rate for high schools and percent attendance for elementary and middle schools.
- 8.06 The following subgroups must be included in the school/school district data disaggregation:
- 8.06.1 Students with Disabilities;
  - 8.06.2 Students who are English Language Learners;
  - 8.06.3 Economically Disadvantaged Students; and
  - 8.06.4 Ethnic Subgroups;
    - 8.06.4.1 Caucasian
    - 8.06.4.2 African American
    - 8.06.4.3 Hispanic
- 8.07 A school must meet AYP criteria overall and for each of these subgroups that meets the minimum group size as determined by the Department of Education and approved by the U.S. Department of Education.

- 8.08 The Department will determine AYP separately for mathematics and literacy, using appropriate statistical treatments. Based on the single statewide starting point described in this section, annual performance levels assure that ALL students will reach proficient by school year 2013-2014.
- 8.09 The Department will determine for each school in the state the percent of students performing at the proficient or advanced levels. This percentage will be determined by computing the sum of students proficient or advanced for the current year or the most recent three years across each grade for which there is a criterion-referenced assessment. That sum is divided by the total number of students assessed for that year or across those three years and grades. This number shall include students taking alternate assessments. The percentage shall be determined separately for mathematics and reading/literacy.
- 8.10 The AYP starting point regarding percent proficient on state assessments will be determined for grade-level clusters K- 5; 6 – 8; and 9 – 12 and separately for mathematics and reading/literacy.
- 8.11 The AYP starting point will be determined by ranking each school within the grade-level by the percent proficient. Additionally, the ranking will include the total student enrollment for those grades using October 1, 2002, data or October 1 of a subsequent year for which there is a recalculation.
- 8.12 The goal of NCLB is for all students to be proficient in language arts and math by 2014. Therefore, the Department of Education will determine the “starting point” for AYP as set forth in Section 3.44 above.
- 8.13 The following table establishes the starting point and projected performance level for each year of the twelve years addressed by the No Child Left Behind Act.

#### **Calculating AYP and Annual Expected Performance Levels**

	K-5 Math	K-5 Literacy	6-8 Math	6-8 Literacy	9-12 Math	9-12 Literacy
Year 05-06	40.00	42.40	29.10	35.20	29.20	35.50
Year 06-07	47.50	49.60	37.96	43.30	38.05	43.56

Year 08-09	62.50	64.00	55.69	59.50	55.75	59.69
Year 09-10	70.00	71.20	64.55	67.60	64.60	67.75
Year 10-11	77.50	78.40	73.41	75.70	73.45	75.81
Year 11-12	85.00	85.60	82.28	83.80	82.30	83.88

Year 13-14	100.00	100.00	100.00	100.00	100.00	100.00

- 8.14 Each year, in determining whether a school has met the target of percent proficient for that school year as listed on the chart, the Department shall compare the school's percent proficient in the appropriate grade-level cluster and content area with the statewide projected goal for that year. A school shall be deemed to have met AYP for a particular year for a particular grade-level cluster and content area as long as the school attains at least the statewide projected goal.
- 8.15 Individual Schools identified by the Department as failing to meet established levels of academic achievement shall be subject to sanctions as specified in school improvement or academic distress.
- 8.16 Schools/School Districts exemplifying exceptional performance levels and/or growth patterns shall be recognized for exemplary performance and will be eligible to participate in the rewards program.

## 9.0 Accountability

NOTE: Consult Section 13.00 of these Rules for applicable ESEA flexibility provisions as approved by the US Ed on June 29, 2012. Sections 9.13 and 9.14 of these Rules continue to apply along with Section 13.00 of these Rules.

Schools failing to meet Adequate Yearly Progress as determined under these Rules shall be classified subject to the following consequences.

- 9.01 A school will be identified in alert status if it has not made AYP in the same subject (Mathematics or Literacy) for one year.
- 9.02 A school will be identified as in Improvement Status if it has not made AYP in the same subject (Mathematics or Literacy) for two consecutive years.
- 9.03 A school in Alert Status or Improvement Status that fails to make AYP, but does not fail to make AYP in the same subject for two consecutive years, will remain in its existing status for the following school year.

- 9.04 The first year a school fails to meet expected performance levels, that school shall be classified as on Alert Status. Any school classified on Alert Status shall be required to review and/or revise the school's ACSIP Plan with special attention given to State designated subgroup(s) which failed to meet expected performance levels.
- 9.05 The local school board president and the superintendent of a public school or school district identified by the Department in school improvement shall be notified in writing by the Department, via certified mail, return receipt requested, and the school district shall have a right to appeal to the Commissioner of the Department. The written appeal must be received in the Office of the Commissioner of Education within thirty (30) calendar days of the receipt of notice.
- 9.06 The second year a school fails to make Adequate Yearly Progress, that school shall be classified as Year 1 of School Improvement. Any school classified in Year 1 of School Improvement shall offer eligible students choice options to another school in the district not in school improvement.
- 9.07 The third year a school fails to make Adequate Yearly Progress, that school shall be classified as Year 2 of School Improvement. Any school classified in Year 2 of School Improvement shall offer eligible students supplementary educational services in keeping with federal guidelines in addition to continued consequences from Year 1 of School Improvement.
- 9.08 Should a school fail to make Adequate Yearly Progress in the fourth year, the Board shall advance that school into corrective action. Schools in corrective action must continue to offer consequences from School Improvement Year 2, and the school must implement a plan, with the approval of the Department, having specified corrective actions.
- 9.09 Should a school fail to make Adequate Yearly Progress in the fifth year, the Board shall advance that school into restructuring. In restructuring the Department may require the school to dismiss staff and administrators, annex the school to another school that is not in school improvement, and/or take other such action as deemed necessary by the Department and the Board.
- 9.10 Once a school has been identified in school improvement, that school must meet the standard(s) for which it failed to meet for two consecutive years to be considered for removal.
- 9.11 Schools that receive Title I funds must meet all funding requirements as specified by federal guidelines. Schools that do not receive Title I funds must implement programming in keeping with the school's ACSIP Plan as revised.
- 9.12 Schools designated in year two or greater of school improvement shall participate in a scholastic audit conducted by the Department of Education (or its designees).

- 9.12.1 Results of the scholastic audit shall be presented to the superintendent within four (4) weeks of completing the scholastic audit. The audit shall make recommendations to improve teaching and learning for inclusion in the comprehensive school improvement plan.

### 9.13 Recognition Awards

- 9.13.1 Pursuant to Ark. Code Ann. § 6-15-2107, public schools that experience high student performance and those with high student academic growth, which includes high school graduation rate comparisons for secondary schools, shall be eligible for the Arkansas School Recognition Program.

9.13.1.1 For the purpose of the Arkansas School Recognition program, student academic growth will be calculated using the Value-Added Model (VAM).

9.13.1.2 Stakeholders were consulted through a series of meetings over several years to learn about and evaluate the use of a student-level growth model during the transition from Arkansas Benchmark Exams to the new exams that assess students' college and career readiness. Simply stated, a student growth model describes the change in student achievement over time. A student growth model becomes value-added when students' growth is attributed to a particular entity such as a classroom, a program, or a school, for example. There are many different VAMs. The VAM used for 2015 Rewards is a simple longitudinal student growth model that uses a students' score history (as many years of prior achievement as are available) to predict how that student will perform. The student's actual performance is compared to hi/hers predicted performance to provide a difference score (residual). The difference score, averaged at the school level, is considered the value added by the school.

### 9.14 Sanctions

- 9.14.1 Any school or district that is involved in substantiated test security violations will not be eligible to receive the "school of excellence" performance rating.

## 13.00 Elementary and Secondary Education Act (ESEA) Flexibility Provisions

On June 29, 2012, the United States Department of Education (US Ed) approved the Arkansas Department of Education's (ADE) request for flexibility from certain provisions of the ESEA. The approved ESEA flexibility request can be found at:

[http://www.arkansased.org/public/userfiles/ESEA/AR\\_ESEA\\_Flexibility\\_Amended\\_10252012.pdf](http://www.arkansased.org/public/userfiles/ESEA/AR_ESEA_Flexibility_Amended_10252012.pdf)

The ADE's ESEA flexibility request, as it existed on July 9, 2012, is hereby incorporated into these Rules by reference. Key components of the ESEA flexibility requirements are noted below.

13.01 The US Ed approved the following waivers of ESEA for the State of Arkansas:

- 13.01.1 The requirements in ESEA section 1111(b)(2)(E)-(H) that prescribe how an SEA must establish annual measurable objectives (AMOs) for determining adequate yearly progress (AYP) to ensure that all students meet or exceed the State's proficient level of academic achievement on the State's assessments in reading/language arts and mathematics no later than the end of the 2013–2014 school year. Arkansas requested this waiver to develop new ambitious but achievable AMOs in reading/language arts and mathematics in order to provide meaningful goals that are used to guide support and improvement efforts for the State, LEAs, schools, and student subgroups.
- 13.01.2 The requirements in ESEA section 1116(b) for an LEA to identify for improvement, corrective action, or restructuring, as appropriate, a Title I school that fails, for two consecutive years or more, to make AYP, and for a school so identified and its LEA to take certain improvement actions. Arkansas requested this waiver so that an LEA and its Title I schools need not comply with these requirements.
- 13.01.3 The requirements in ESEA section 1116(c) for an SEA to identify for improvement or corrective action, as appropriate, an LEA that, for two consecutive years or more, fails to make AYP, and for an LEA so identified and its SEA to take certain improvement actions. Arkansas requested this waiver so that it need not comply with these requirements with respect to its LEAs.
- 13.01.4 The requirements in ESEA sections 6213(b) and 6224(e) that limit participation in, and use of funds under the Small, Rural School Achievement (SRSA) and Rural and Low-Income School (RLIS) programs based on whether an LEA has made AYP and is complying with the requirements in ESEA section 1116. Arkansas requested this waiver so that an LEA that receives SRSA or RLIS funds may use those funds for any authorized purpose regardless of whether the LEA makes AYP.
- 13.01.5 The requirement in ESEA section 1114(a)(1) that a school have a poverty percentage of 40 percent or more in order to operate a schoolwide program. Arkansas requested this waiver so that an LEA may implement interventions consistent with the turnaround principles or interventions that are based on the needs of the students in the school and designed to enhance the entire educational program in a school in any of its priority and focus schools that meet the definitions of "priority schools" and "focus schools," respectively, set forth in the document titled ESEA

Flexibility, as appropriate, even if those schools do not have a poverty percentage of 40 percent or more.

- 13.01.6 The requirement in ESEA section 1003(a) for an SEA to distribute funds reserved under that section only to LEAs with schools identified for improvement, corrective action, or restructuring. Arkansas requested this waiver so that it may allocate section 1003(a) funds to its LEAs in order to serve any of the State’s priority and focus schools that meet the definitions of “priority schools” and “focus schools,” respectively, set forth in the document titled *ESEA Flexibility*.
- 13.01.7 The provision in ESEA section 1117(c)(2)(A) that authorizes an SEA to reserve Title I, Part A funds to reward a Title I school that (1) significantly closed the achievement gap between subgroups in the school; or (2) has exceeded AYP for two or more consecutive years. Arkansas requested this waiver so that it may use funds reserved under ESEA section 1117(c)(2)(A) for any of the State’s reward schools that meet the definition of “reward schools” set forth in the document titled *ESEA Flexibility*.
- 13.01.8 The requirements in ESEA section 2141(a), (b), and (c) for an LEA and SEA to comply with certain requirements for improvement plans regarding highly qualified teachers. Arkansas requested this waiver to allow the SEA and its LEAs to focus on developing and implementing more meaningful evaluation and support systems.
- 13.01.9 The limitations in ESEA section 6123 that limit the amount of funds an SEA or LEA may transfer from certain ESEA programs to other ESEA programs. Arkansas requested this waiver so that it and its LEAs may transfer up to 100 percent of the funds it receives under the authorized programs among those programs and into Title I, Part A.
- 13.01.10 The requirements in ESEA section 1003(g)(4) and the definition of a Tier I school in Section I.A.3 of the School Improvement Grants (SIG) final requirements. Arkansas requested this waiver so that it may award SIG funds to an LEA to implement one of the four SIG models in any of the State’s priority schools that meet the definition of “priority schools” set forth in the document titled *ESEA Flexibility*.
- 13.02 US Ed Flexibility Principle 1: College and Career-Ready Expectations for All Students
- 13.02.1 Definition of College and Career Ready: The acquisition of the knowledge and skills a student needs to be successful in all future endeavors including credit-bearing, first-year courses at a postsecondary institution (such as a two- or four-year college, trade school, or technical school) or to embark successfully on a

chosen career. The State Board will make its determination of the requisite scale score of student performance on college and career readiness measurements used for college placement in conjunction with the Arkansas Higher Education Coordinating Board.

- 13.02.1 The State Board voted to participate in the Common Core State Standards for English Language Arts (ELA) and Mathematics in July 2010.
- 13.02.2 The following timeline will lead to full implementation of the Common Core State Standards during the 2013-2014 school year:
  - 13.02.2.1 Grades K-2 implemented the Common Core State Standards during the 2011-2012 school year.
  - 13.02.2.2 Grades 3-8 will implement the Common Core State Standards during the 2012-2013 school year.
  - 13.02.2.3 Grades 9-12 will implement the Common Core State Standards during the 2013-2014 school year.
- 13.03 US Ed Flexibility Principle 2: State-Developed Differentiated Recognition, Accountability and Support
  - 13.03.1 The requirements contained within Section 13.03 of these rules shall comprise the Arkansas Differentiated Accountability, Recognition and Tiered-Support System (DARTSS).
  - 13.03.2 The goals of DARTSS are, without limitation:
    - 13.03.2.1 To move toward a unified federal and state accountability system beginning in 2012-2013; and
    - 13.03.2.2 To establish the flexibility and opportunity to direct additional resources to schools with the lowest achieving students.
  - 13.03.3 DARTSS differs from the current ESEA accountability system in the following ways:
    - 13.03.3.1 The ESEA goal of 100 percent (100%) proficient by 2013-2014 is hereby replaced with a new goal of reducing proficiency gaps by half by the 2016-2017 school year.
    - 13.03.3.2 Traditional ESEA accountability status labels are replaced by accountability and assistance levels for all schools.

- 13.03.3.3 Adequate Yearly Progress (AYP) is replaced with accountability levels based upon Annual Measurable Objectives (AMOs) for public schools and school districts.
  - 13.03.3.4 Performance (proficiency), growth and graduation rate indicators will now use a minimum N, or sample size, of 25 students for accountability purposes.
  - 13.03.3.5 DARTSS will place enhanced focus on subgroups through the Targeted Achievement Gap Group (TAGG).
  - 13.03.3.6 Federal SES and school choice requirements are replaced by supports and interventions responsive to identified needs of students and schools.
- 13.04 The following groups of students will be included in DARTSS for the purposes of determining accountability status for school districts and schools:
- 13.04.1 All Students Group: All students in the school and school district.
  - 13.04.2 Targeted Achievement Gap Group (TAGG), which includes the following students:
    - 13.04.2.1 Economically Disadvantaged;
    - 13.04.2.2 English Learners (EL); and
    - 13.04.2.3 Students with Disabilities (SWD).
- 13.05 The following groups of students will be included in DARTSS for the purposes of ACSIP and ESEA reporting:
- 13.05.1 African-American;
  - 13.05.2 Hispanic;
  - 13.05.3 White;
  - 13.05.4 Economically Disadvantaged;
  - 13.05.5 English Learners; and
  - 13.05.6 Students with Disabilities.
- 13.06 Each group of students shall be measured according to the following Annual Measurable Objectives (AMOs):

- 13.06.1 Math Proficiency;
- 13.06.2 Math Growth (Grades 4-8);
- 13.06.3 Literacy Proficiency;
- 13.06.4 Literacy Growth (Grades 4-8); and
- 13.06.5 Graduation Rate (High School).

#### 13.07 AMO Calculations

- 13.07.1 The ADE shall give schools and school districts full credit for meeting a particular AMO when the growth, performance or graduation rate meets or exceeds ninety-four percent (94%).
- 13.07.2 The ADE shall initially calculate performance (proficiency) and growth AMOs based upon 2011 test results.
- 13.07.3 The ADE shall use a lagging graduation rate in its annual accountability determination.
  - 13.07.3.1 The ADE shall calculate graduation rate AMOs using 2010 four-year cohort graduation rates in accordance with its flexibility proposal.
- 13.07.4 AMO calculations will be based upon a minimum N of 25. For schools with too few students to calculate the AMO in 2011, the AMO calculations shall be based on a two (2)-year weighted average.
- 13.07.5 In order to be eligible to be classified as Achieving or Exemplary, schools and school districts must test ninety-five percent (95%) of students in the All Students and TAGG groups.

#### 13.08 DARTSS Accountability Labels

- 13.08.1 School districts shall be broadly classified as either:
  - 13.08.1.1 Achieving; or
  - 13.08.1.2 Needs Improvement.
  - 13.08.1.3 School districts will be broadly classified based upon criteria similar to that used for the classification of individual schools. To be classified as "Achieving," a school district must meet performance or growth AMOs for math and literacy for All Students and the TAGG, as well as graduation rate AMOs for All Students and the TAGG.

13.08.2 ADE engagement and school district autonomy shall be determined by the extent of the needs identified within the district. The extent of needs will be identified based upon the presence of identified Needs Improvement Focus and Needs Improvement Priority schools in the district, the number and type of AMOs not met for performance, growth, and graduation rate, and the number of district AMOs not met for performance, growth and graduation rate.

13.08.3 Individual schools within school districts shall be classified as one of the following:

13.08.3.1 Exemplary;

13.08.3.2 Achieving;

13.08.3.3 Needs Improvement;

13.08.3.4 Needs Improvement (Focus); or

13.08.3.5 Needs Improvement (Priority).

13.08.3.5.1 Within a time period determined by the ADE, a school classified as a Needs Improvement (Priority) school must develop and file with the ADE a Priority Improvement Plan (PIP) that is integrated into the school's ACSIP plan.

13.08.3.5.2 A school district with a Needs Improvement (Priority) school that has not made the progress required under the school's Priority Improvement Plan (PIP) may be identified by the ADE as a school district in academic distress.

13.08.4 The following table lists the ADE engagement and district autonomy associated with school accountability status:

Status	Description	ADE Engagement/District Autonomy
